Terrible Typhoon. MANILA, Nov 29-The transport Sherman, which has arrived here, brings news of a terrible typhoon, which swept over the island of Guamon, Nov 13th, demolishing thousands of dwellings, including the headquarters of Lieut Commander Seaton Shroeder, he governor of the Island. The boy. 'Did you count 100 as I told you towns of Inoranian and Tarraoro were when you felt your angry passions ri obliterated. It is estimated that hundre ds ing?' .Oh, sure,' returned the boy. of natives were killed. The cocoanut crops | counted 100 all right, but I knocked th for four years have been ruined, and the other boy down first. It's the only safe vegetation of the island has been killed by the salt water. The storm burst with terrific rapidity about ten o'clock in the morning. The cruiser Yosemite which was in a berth near the collier Justin, dragged her anchors and was driven aground 100 yards ARD'S LINIMENT. from the reef. Her bows were crushed in

A launch, with a crew of five men, had previously left the ship to endeavor to find a safe anchorage for the cruiser, indications being that the anchors would not hold where she was. The men were not seen after they left the ship, and it is practically certain that the heavy sea which the storm knocked up swamped the launch. The bodies of coxwain of the Swanson, and seaman George Anhel were recovered after the typhoon sub Yosemite grounded, and she was driven off was classic. What did he mean? and carried on to the Somaye Oliffe, where

her rudder and propellor were broken. Bostewain Sweeny and twelve of the crew volunteered to take a life line ashore. A boat was lowered for this purpose, but it was immediately swamped by a big sea that writes:—I was once a sufferer from catarrh and broke over it. All its occupants were carried while using Dr. Chase's Catarrh Cure I was way from the boat, but they miraculously acceeded in reaching the land after an Food to build up the system. My nerves were exhausted and I was too weak to do a day's hour's struggle with the waves.

Meanwhile the atmosphere had become inky b'ackness and the Yosemite, which had again been blown off the land, was drifting helplessly before the gale, which was blowing at the rate of 100 miles an hour. All ope of saving the cruiser was abandoned and the officers and crew prepared for the death they thought was staring them in the face. A majority of the boats had been either smashed or carried out of davits and friend. 'Doubtless he realizes the truth Go ng on December 21st to January 1st, 1901.
