Thus an extra amount of useless work is thrown upon the glands and makes them less active. If a person uses alcohol It is reported that Russia has borrowed for days, weeks, and even for years, the coats; the walls of the stomach become chicker and harded, and traces of ulceration

Liver-When alcohol is taken up by the blood vessels of the stomach it is carried firectly to the liver. The blood vessels of Fatty decay, due to alcohol, tak-s place in This pamphles will be sent free to anyone the liver—this makes organs of great size.

Writing to UA Saow & Oo, Washington, DC Blood—If a sufficient quantity of alcohol ens the tiny corpuscles, rendering them no should be burned up by the oxygen to keep the body warm, circulate in the blood, makin ing it impure. The blood of a beer drinker becomes unduly thin, and has no material to

Circulation-Alcohol deadeus the nerves which regulates the flow of blood. The walls of the blood vessels stretch, thus allowing more blood to pass through them. The arteries are relaxed, the capillaries are engorged with blood, and the undue amount of blood shows through the skin, making it look

Heart-The paralyzing effect of alcohol on the nerves which regulate the flow of blood in the arteries causes them to loss their grip on the arteries, and hence the heart has less resistance to meet, consequently it is forced to beat faster, and work harder, to fill the dilated vessels with blood. But here is the whole story : Aicohol causes an increase of action by putting the nerves which regulate

the heart under its (alcoholic) influence. Skin-The skin depends for its nourish. itality. At first the skin has a peculiar, trembled so that I could not carry a soft, sating feeling, and perspiration is easily sleep, and unable to do work of any kind.

I have been completely restored. I can Nervous system-Tae first symptom showwalk a mile without any inconvenience. In the state of the disturbed by alcohol though 76 years old, and quite fleshy. is the quickened assion of the heart, and with I do my own housework, and considerable sewing, knitting, and reading besides. Dr. Chase's Nerve Food has proved of inestimable value to me." Dr. Chase's Nerve Food is the world's trol the action of the heart, and those that greatest restorative for pale, weak, ner- regulate the size of the blood vessels, are

The tiny blood vessels of the brain are overcharged, and the brain becomes more active, but this activity is only an unhealthy excitement. The power of right thinking is diminished. The use of alcohol, even in what Of all kinds can be had at the is called moderate quantities, tends through
