very painful and red. Kidneys-Alcohol excites the kidneys over action by a chronic dilatation of the blood vessels, thus irritating the delicate excreting tubes of these organs. It changes the structure of the kidneys also.

Throat-Alcohol makes the voice harsh, and weakens the vocal efforts. Alcoholic liquors inflame and irritate the delicate lin ing of the throat and of the vocal cords. Thus, taking all these organs together, we see how alcohol injures the human si stem. the human system : Tobacco, whether snuff. the following recommendations :ed, chewed or snoked, is a parcetic and a That an official organizer be appoint- good condition, but small numerically.

itself a narcotic poison. Tobacco is hurtful to young people, and by no means free of harm to adults . It produces an artificial exhaustion of the nerve officially visiting the subordinate lodges centres.
