Tremulous

Hands,

When the nervous system is weakened, the body gen-

erally shows the symptom

of tremulousness in some of

its members. The hands shake, the lips twitch at the

corners, or the eyelids quiver involuntarily. Such a condition calls for medicine

which feeds the nerves. Dr.

Discovery, acting directly

on the stomach and organs of digestion and nutrition, has a won-derful influence in restoring nerv-

ous force. It quiets the nerves

not by drugging them into stupor but by feeding them into strength.

The "Discovery" has restored the health of thousands of those

who were utterly hopeless, giving

them back natural appetite, physical vigor, healthful sleep and

mental strength. There is no alcohol in "Golden Medical Dis-

covery" and it contains no opium,

David Duggins, Esq., of Jones, Ohio Co., Kentucky, writes: "When 4

began taking Dr. Plerce's Golden Medical Discovery I think I had nervous or general debility of three years' duration. I took three bottles of the 'Discovery.' During the time I was taking it my sleep became more refreshing and I gained fifteen pounds weight, and also gained strength every day."

Barefoot Bliss.

Ah, could I but bare my feet

To the grasses, cold and sweet, Where the purple violets grew, Nodding in the morning's dew;

Could I do but that to-day, As I used to do in May! Could I tread along the lane,

Pooled in places by the rain; Stopping oft my toes to view

Splashin merry on my way, As I used to do in May!

As the cooling mud oozed thro'

Could I wade the creek once more,

Where the willows line the shore,

And the water, purling on, Kiss'd my bare feet and was gone;

Could I but wade there to-day As I used to do in May!

Care nor sorrow I knew then;

Stubb'd toes always healed again;

Earth and sky and air were mine-
