No cold is so hard to care as the summer cold. It hangs on in spite of all ordinary treat meats and frequently develops into consumption It matters not what means have failed you can rely absolutely on Dr Chase's Syrup of L need and Turpeatine to promptly and thoroughly our every kind of cough and cold. It is universally need in the best families all over this council for the support of the new will for versally used in the best families all over this council for the support of the poor will for great continent. 25 cents a bottle. Family the next five years be as much and no more than was voted last January, and the cost of

It seems that the superintendent of the poor farm at Caribou gets only a dollar a day and found, but a man with qualifications such as I have outlined could not be obtained for so small a wage, and it would be cost-The experience of O A Saow & Co. in ob At Caribou the farm is visited by "selectmen saining more than 20,000 patence for inven- of the town" who not only supervise the tors has enabled them to heipfully answer working of the farm, but give directions as many questions relating to the protection of the plowing of this or that field or whatintellectual property. This they have done
in a pamphlet treating briefly of United
States and foreign patents, with cost of same,
and how to produce them; trade marks, designs, caveate, intringements, decisions in most advantage? The Caribou farm, I un This pamphlet will be sent free to anyone derstand, had a surplus at the end of the last writing to UA Show & Co, Washington, D C year. The poor property at St John is so A swindler worked a jewelry house in run I am told as to command the admiration Portland, Or, to the amount of \$300. He of a visitor. What is done by St John is STEAM FITTERS.

Stating that he would return after the firm had ascertained if the check was good. The firm indereed the check and put it through the bank with the could most honor our the bank with the could the check and put it through the bank with the could be check and put it through the bank with the could be check and put it through the bank with the could be check and put it through the bank with the could be check and put it through the bank with the could be check and put it through the bank with the could be check and put it through the check are check and put it through the check are check as the check are check are check as the check are check as the check are check as the check are check are check are check as the check are check are check are check are c the bank, with the result that it was return. Christian intelligence? Compare the comed. The swindler came for the ring at the forte and privileges of the beneficiary of appointed time and when told his check was not good discovered that he had drawn or pension in pocket on the search for a home a good one possible as also a poor one. Then think of the facilities and certainty for supreision furnished by the farm, as compared with the difficulties and uncertainty of the supervisor visiting every isolated one of our poor scattered through our county. Think too, of the provisions that can be made for medical attendance; telephonic communicaion with the home of a physician can be had from the farm. Think of the home comforts and mental fornishing, and last, and what is of so great importance, the provision that can be made for the religious welfare of the beneticiaries Ine superintendent should be one who could and gradiy would conduct family worship for the metitudion, and arrangements or regular services being made, no person would need to be without such a bleesing. D FISKE.

the council following might be confronted

with extra bills

Florenceville, Aug 25, 1900.

Growth of Christianity.

The number of converts on the Day of in the afteenth century, and we find only one hundred millions. But begin with 1800 "Hearing of Dr. Chase's Nerve Food, and for every year of this century we have atted an increase of over two millions, until to day butes her recovery to the use of Dr. At the height of her greatness Imperial Chase's Nerve Food."

As a blood builder and nerve restorative, Dr. Chase's Nerve Food is of inestimable value. It makes the blood red, the nerves strong, and the whole system healthy and vigorous. 500 a box at all dealers, or Edmanson, Bates of Co. Forento. Rome roled one hundred and twenty million obstacle to its steady and inevitable con-Of all kinds can be had as the quest of the entire world. Never was it more vigorous than to-day.
