The Carleton Sentinel.

FRIDAY, JULY 19, 1901.

Published by THE CARLETON SENTINEL PUBLISHING CO., at their Office, in VANWART'S BRICK BUILDING, King Street, Woodstock, up stairs.

At Jefferson City, Mo., on Sunday last, in all the churches, prayers were offered up for rain.

THE Grand Trunk Railway Station, freight shed and twenty-two dwelling houses at Warwick, twenty miles from Richmond, Quebec, were destroyed by fire on Sunday. Loss estimated at \$75,000, with scarcely any insurance.

M. SIBILLIOT, a French inventor, has invented an air ship which he claims can carry a crew of twelve men and can stay in the air continuously for three months. The French government has appropriated \$125,000 toward the expense of equipment of the invention.

NEW YORK city had a death rate of 40.32 last week, almost double the usual summer rate. This large increase was due to the excessive heat that prevailed in the early part of the week. There were 2,678 deaths from all causes, against 1,524 for the corresponding week in 1900.

We have received the calendar of the Mount Allison Academy and Commercial College, for 1901-1902. Last year 116 students attended this institution, at which the equipments for imparting instruction in the several departments are more complete than ever. The education gained here is of the most progressive and practical character, and the commercial department imparts an instruction which fits the student to fill any position in the business avenues of life. See advt. in another column.

York County Liberal Convention.

Notwithstanding it is the busy season of the year with farmers, the Liberal Convention held at Fredericton, on Tuesday, was very largely attended, only one Parish in the County, McAdam, was unrepresented, and the proceedings were characterized by the utmost harmony and greatest enthusiasm. A noteworthy feature of the Convention was the presence of John Kilburn, the "big" lumberman, and John Palmer, the extensive manufacturer, previously active Conservatives. John Mowatt was appointed chairman, when on motion of G. W. Allen, M. P. P., seconded by W. T. Whitehead, the following resolution was unanimously passed:

"Whereas, by a decision of the election court, a vacancy has been declared in the representation of the county of York, in the federal parliament; and

"Whereas, There is a probability of another election contest being held in this county in the near future; and

"Whereas, This meeting and the Liberal party of the county at large have every reason to approve of the action of our late representative, Mr. Alexander Gibson, jr., both in parliament and in reference to the protest filed against him.

"Be it therefore resolved, that in the opinion of this meeting the conduct of the affairs of this county by the present Liberal government has been such as to commend itself to us and, further

"Resolved, That our late representative, Mr. Alexander Gibson, jr., has deservedly won the approval of this meeting, and we believe, of the whole Liberal party throughout the county."

Z. R. Everett moved, seconded by Coun. McManiman, that Alexander Gibson, jr., be the candidate of the Liberal party for the vacancy in the representation of York. The motion was put to the meeting and carried, amidst great enthusiasm.

Mr. Gibson, who was received with great applause, made a neat speech, accepting the nomination, and promising, if elected, to do his best to advance the interests of York county and the province.

Tuesday afternoon a severe storm of wind accompanied by a torrent of rain, with thunder and lightning, prevailed here for about an hour; during the storm the wind played the mischief with the trees in this vicinity. Trees on Orange street, Connell street, Main street, etc., were uprooted and large branches blown off them. Wm. McDonald's young fruit orchard was badly affected, many of the trees being uprooted or broken off, and others having their branches broken. For its short duration, it was a violent storm.

A number of new letter boxes are being placed in the post office, to meet the increased demand.

JOTTINGS

Diphtheria prevails to some extent in Woodstock, but of a light character.

On Wednesday afternoon Willie Brown was severely bitten on the leg by a dog owned by Tine Walker.

As will be seen by our Andover correspondence, Tuesday night's storm in that section was very destructive.

The contract for building the Plaster Rock bridge, over the Tobique river, has been awarded to A. F. Smye, of Hampton.

Frank Gallagher, of Newburg, on Monday morning, paid the usual fine to the Police Magistrate for drunkenness on the street Sunday evening.

The Free Baptists, of Aroostook County, will hold their annual camp meeting, at Robinson's Mills, Me., beginning August 2nd and continuing over two Sundays.

Rev. J. C. Berrie, the new Methodist minister in the Woodstock circuit, has entered upon his pastorate here, and on Sunday preached two very acceptable sermons.

John A. Graham, of River de Chute, was in town Friday last; while here he purchased of C. R. Watson, one of the handsomest six octave, piano case, organs, ever sold in Carleton County.

Mrs. T. S. Duncan has a "Crimson Rambler" rose, running up a pillar of the veranda, which just now presents a handsome appearance. The bush shows between 500 and 600 blooms. It is a beauty.

Shaw & Dibblee, Hartland, have a fine large assortment of screen doors and windows, also wire cloth, spring hinges and fly killers of all kinds, which they desire to sell, and are therefore offering at very reasonable rates.

Pastor W. B. Wiggins arrived home Wednesday evening and will occupy his pulpit as usual on Sunday. He reports most excellent services, splendid weather and a general good time at Beulah this year.

Noble & Trafton have the choicest brands of tea; flavors to suit every palate; prices to suit every pocket. Do you enjoy a cup of really delicious coffee; then try their "Carleton Brand" coffee; it makes a drink, fit for a king.

The present week has been characterized by unusually warm—no hot, —weather. The thermometer Sunday Monday and Tuesday, ranged from 72 at 8 in the morning to 96 in the evening. The heat has equalled if not surpassed any previous record in this section.

To realize what it is to be perfectly satisfied with work from a laundry, just place an order with Queen's Laundry, where you will be delighted with the character of the work done, and be perfectly satisfied that Queen's Laundry is well worth patronizing.

An alarm of fire was caused on Monday by a fire which broke out in the furnace room of Hayden's mill. Mr. Hayden has efficient fire protection of his own, and the fire was nearly extinguished when the hose cart arrived. The firemen did not have to wet their hose.

The intense heat of this week has been almost too much for flesh and blood, but R. E. Holyoke has been able to assist people over the hot spell by the cooling effect of his Ice Cream. Have you tried it? It is excellent.

Haying is being very generally prosecuted this week; the weather on the whole has been propitious, notwithstanding the frequent showers which have fallen. It is agreed on all hands now that the grass crop will be more than an average one. As for all the other crops, they are fairly jumping.

The advertisement of the Houlton Business College, O. A. Hodgins, principal, appears in this issue. This educational institution bears a good reputation; has turned out many successful students, and is, we believe, every way worthy the attention of those desirous of taking a shorthand or commercial course.

Every preparation had been made by Rev. Father Bradley to make his picnic, held on Wednesday of last week, a very enjoyable one, but the weather unfortunately was very unfavorable, heavy showers falling during the day. The picnic was held on the grounds near Newburg Junction, and was largely attended, quite a fair number going from Woodstock. The usual amusements, including a merry-go-round, bowling alley and dancing platform were indulged in to some extent. Notwithstanding the bad weather, \$150 was cleared.

C. B. Snow wishes to call attention to the fact that he is prepared to attend to the wants of picnickers and can supply them with anything in the line of Pickles, Cheese, Fancy Biscuits, Fruit Syrups, Canned Salmon, Lunch Tongue, Devilled Ham, Chicken or Ham Loaf, Lobsters, Corn Beef or Potted Tongue, also a good variety of Fresh Fruit, always on hand.

Miss Hartt is in charge of the Ladies' Emporium, during the illness of Miss Boyer.

Just received at Carr's, Hartland, 10 bbls. and 70 casks of the best Lime made in the province; for sale low.

Work on the new jail is being pushed rapidly; the excavation is well along, and the foundation wall is being laid at a good pace.

Donald W. Foster has the contract to carry the mail between Woodstock and Simonds, in place of H. C. Shaw, whose term had expired.

We don't know much about golf, but we are told that B. M. Macleod went around the long course, on Friday, in 44, which is called an excellent score.

C. M. Sherwood has just unloaded a car of Ryan's superior hard brick. For the convenience of some of his eastern customers, he has left part of this lot with Mr. John Jamieson, East Florenceville.

The lawn party, by the ladies of Christ Church, held on the fine grounds of J. J. Bedell, last week, was a great success socially and financially; \$100 was netted towards an organ for the Parish Church.

Lieut. Vince, who has been with his regiment stationed in Ireland, has received a commission on a special South African mounted corps. We believe the lieutenant is much pleased with the change and promotion, we presume, as he has long desired to be sent to South Africa.

The more than notorious Mrs. Aboud, was before the police court again on Friday, this time on the charge of abstracting the sum of \$40, from the pocket of George Gallagher of Newburg, while asleep at her fashionable hostelry. The evidence was sufficient to warrant the magistrate in committing her for trial.

Owen A. Smiley, the well known humorist, who has delighted Woodstock audiences before, will give an entertainment in the Opera House, on the evening of July 26th, under the auspices of the Woodstock Band, which assumes all liability in connection therewith and who will benefit by a good patronage. The Band will give a concert during the evening.

The Police Magistrate was engaged on Wednesday in investigating a case of libel brought by G. L. Freeman against F. H. Stevens. The investigation resulted in the commitment of Stevens for trial. We understand that a warrant has been issued for the arrest of W. H. DeAlva for perjury. If all the police court cases go on, the next court will have quite a lengthy criminal docket.

C. M. Sherwood is offering a most delightful assortment of plated ware suitable for wedding gifts.

A perfect stranger here, giving his name as Wallace Betts, and evidently under the influence of strong drink, in attempting to board the afternoon express, Tuesday, as it was hauling out from Queen street station, missed his hold or slipped and fell, the wheel of one truck passing over his right foot. The train hands carried him into the station waiting room, and Dr. Hand was telephoned for. The doctor found a portion of the foot would have to come off and so after binding up the wound, Supt. Newcomb who throughout gave the wounded man every attention, had him conveyed to Victoria Hotel and had him properly cared for. Dr. Hand, assisted by Dr. Saunders, removed a portion of the man's right foot, including the toes, and Mr. Betts is now resting quite easy.

Horsemen are greatly interested in the trot which is to take place on the Calais Trotting Park, Tuesday and Wednesday, 23rd and 24th inst. To give everyone an opportunity to witness the contests an Excursion from Woodstock and Houlton to Calais and St. Stephen will, on Tuesday 23rd, leave Woodstock at 6.00 a. m., and Houlton at 6.10 a. m., standard time, for the great trot. Excursionists can return Tuesday or Wednesday night. On Tuesday the 2.25 and 2.35 classes will be called, and the following day will have for its attractions the 2.19 and 2.30 classes.

In the 2.19 class two horses very popular in Woodstock and formerly owned here will compete, Lady Glen and Nominee Prince; this will be the first race called on Wednesday, so that excursionists can see it before the train leaves on its return. The favorite Dora will also take part in these races. Fare from Woodstock and Houlton and return:—Adults, \$1.25; Children, 65 cents.

Seven Hundred Lives Lost. Tacoma, Wn., July 15.—Oriental advisers give details of a terrible devastation of human life which occurred in Northern Java last month, by a sudden and terrific outburst of the volcano Klot. For fifty miles around, all the coffee plantations and other estates were destroyed by a shower of ashes and stones, together with great streams of lava and hot mud. Seven hundred natives and a number of Europeans perished.

A Fine Filly.

Abner Hamilton is educating a very fine looking bay filly, 3 years old the 24th of May last. This colt is by Red Glen and out of a Dufferin mare, and is owned by Hamilton Bros., our popular tinsmiths of the city. The youngster, hooked to a road cart, on Dominion Day, stepped a quarter in 40 seconds. This is the right kind of stuff, and Red Glen is bound to get there when mated with any and all kinds of mares, who have little or much producing blood flowing through their veins. Most every well informed horseman knows that Red Glen has in Lady Glen, 2.19, the greatest racer that was ever bred in the east or in the U. S. Lady Glen's dam, has been mated with the best stallions that have stood here. Now is there one of her get that has any business with Lady Glen, 2.19? It is a well known fact that Nelly Bright has produced speed from most every horse she has been mated with, but how many Lady Glen's has she got. Gertie Glen, 2.31, is another one of her get; keep your eye on her also. C. A. Atherton of Houlton owns a colt by Red Glen and out of Annie Rooney, and she by a son of John Bright, which David Atherton has been handling since last fall. Mr. Atherton has stated that this fellow is the fastest colt in Aroostook, and that a mile in 2.20 would be no limit for this fellow this fall, had he not met with an accident in April.—While this colt was under Mr. Atherton's care and training he improved very fast. We all know that as Mr. Atherton is one of our most expert reinsmen he had to use great care and judgment in hanging out and balancing this colt, as he was mixed gaited, but now is one of the sweetest pacers on earth. July 4, Lady Glen worked a mile in 2.19, last quarter in 31 1/2 seconds, a 2.06 clip; two watches gave her the quarter in 30 seconds.—Com.

Canadian Pacific Railway.

ON ATLANTIC EXPRESS.

July 10th, 1901.

To those interested:

Having this day reached St. John, on our return from Buffalo, we desire to say, for the information of patrons of the Canadian Pacific Railway, that the Pan-American Exposition is now in full running order. It is the best Exposition ever held in North America. The Electrical Illumination of the forty odd buildings in the evening is alone worth crossing a continent to see.

What we desire most particularly to note is the moderate charges that prevail in the Exposition City. Good rooms can be had at one dollar per day and meals at reasonable rates. The Electric Street Railway has supplanted the extortionate hackman.

The trip to Buffalo is an educator to Maritime Province people, because it includes a visit to Niagara Falls, one of the world's greatest wonders, that no Canadian should fail to see.

The trip, we may add, can be made under the C. P. R.'s personally conducted tours, with the same of comfort at a very low figure, \$5 to \$75 covering every legitimate expense incident to the journey.
