The Carleton Sentinel.

FRIDAY, JULY 5, 1901.

Published by THE CARLETON SENTINEL PUBLISHING CO., at their Office, in VANWART'S BRICK BUILDING, King Street, Woodstock, up stairs.

The Strike.

We have nothing new to chronicle regarding the strike of the C. P. R. section men. The public are becoming uneasy over the unsettled state of affairs, and a climax must be reached soon. The men put on by the Railway Company to supply the place of the strikers, have been interfered with to that degree that many of them were forced to quit work. Some arrests have been made of those accused of interfering with these substitute section men.

Building of New Gaol.

THE CONTRACT GOES TO A ST. JOHN MAN.

R. Maxwell, of St. John, has secured the contract for building the new jail. The contract price is \$11,567. This does not include the cost of the doors, which are to be purchased by the County; this will bring the total cost up to \$12,097, which, we understand, is some \$400 less than the lowest tender of our local mechanics.

A Heavy Storm.

One of the heaviest storms of thunder, lightning and rain in the history of the town, occurred here on Friday evening of last week. The thunder was something terrifying, the lightning was frightfully grand and the rain was a perfect downpour. The storm lasted some four hours, and during its continuance many of the citizens feared to go to bed. Fortunately there was comparatively little damage done. Di Walker's house, near the stand pipe, was struck by lightning, but not very much damaged. Albert Fields was sitting on his verandah watching the flashes of lightning and was prostrated; he crawled into the house on his hands and knees, and it required much rubbing to bring feeling to his arm. Chester Carpenter's house, Richmond, was struck, but no great damage was done.

Death of Mrs. L. A. Vanwart.

This community received a sudden and severe shock on Wednesday morning, when it was announced that, at 3 a. m. that day, Mrs. L. A. Vanwart had passed away to the spirit land. The deceased, under the direction of the family doctor, was preparing her system for undergoing an operation. On Tuesday the operation of removing an abscess was successfully performed, and the patient appeared to have stood the shock so well as to give encouragement to the hope that she would rally from the strain put upon her system as rapidly as could be expected. This hope proved false and at the time named above death came to relieve her of all earthly pains. The deceased had a large circle of relatives, friends and acquaintances by whom she was greatly beloved and highly respected. Mrs. Vanwart was a daughter of the late Alanson Payson, was about 39 years of age, and, besides her husband, she is survived by two sisters, Mrs. W. D. Camber and Mrs. J. T. Collins, and by three brothers, H. N., George and Fen Payson. Universal sympathy is expressed for the suddenly bereaved husband, sisters and brothers.

The funeral takes place to-day (Friday) at 2.30 p. m., from her late residence.

DOMINION DAY.

Celebrations at Andover.

Loyal demonstrations were apparent on every hand at Andover on Dominion Day; doors, windows, lawns and hedges were alive with flags and bunting, and the citizens united in making it a day of recreation from labor and abandonment to pleasure. In the morning a polymorphous procession paraded the streets headed by a capital band composed of young lads, with Harry Tibbitts leader; for so young members and little practice had, the music of this band was quite creditable.

Then field sports were indulged in in Beveridge's field; the sports and prize winners were as follows:

100 yds. Dash—1st, Percy Murphy; 2nd, Gilbert Peat. Running Broad Jump—1st, Harold Perley; 2nd, Gilbert Peat. Throwing Hammer—1st, C. P. Cameron; 2nd, H. Perley. Pole Vault—1st, H. Perley; 2nd, E. Miles. 3 Standing Jump—1st, C. Everett; 2nd, G. Peat. Putting Shot—1st, H. Perley; 2nd, Asa Aitken. Lazy Stick—1st, Abram Dionne; 2nd, Ben Finmore. Running High Jump—1st, C. Everett; 2nd, White. Hop, Step and Jump—1st, C. Everett; 2nd, Tom Moulton. Three-legged Race—1st, Petite and Murphy; 2nd, Moulton and Peter.

Then followed a match game of base ball between a Fort Fairfield club, and Andover nine. The game enlisted a great deal of interest, from the fact that while the Fort Fairfield club is called a strong one, the Andover club was composed of many members who have not been playing this season and others who had never played at all. Under the circumstances Andover need not be ashamed of the result, although the score was 18 to 12 in favor of Fort Fairfield.

In the evening a dance was held in Beveridge's hall where beauty and chivalry combined, in generous numbers, to trip the light fantastic to the strains of the organ, manipulated by Harry Beveridge, and the violin played by Allan Murphy. Ice cream, etc. was dispensed during the evening, and the dance very pleasantly terminated a day full of enjoyment.

Municipality of Victoria.

MIDSUMMER SESSION CO. COUNCIL.

THE FINANCIAL CONDITION EXCELLENT.

The midsummer session of Victoria County Council was held at Andover Tuesday and Wednesday of this week. Warden Warnock was in the chair and all the Councillors were present.

The report of the Secretary-Treasurer showed that the financial state of the County was in excellent condition, comparing favorably with that of any County in the Province. There was a substantial cash balance on hand. The most important item of business transacted was the accepting a tender for building of stone for the Registrar's office. Full official minutes of proceedings and discussions will be published at an early day. In the evening the Councillors and officials were entertained at a banquet given by Councillor W. E. Spike, who, owing to his appointment on the Customs staff, will not again be a candidate for Councillor. Andover will miss his services at the Council board, as Councillor Spike proved an able, careful and painstaking member.

Andover Creamery Company.

The first annual meeting of the above company was held at Andover, Tuesday afternoon, when the following board of directors was elected for the ensuing year: J. C. Manzer, Charles LeBaron Miles, A. J. Perley, T. H. Manzer and J. H. Peat. These directors held a meeting on Wednesday, and important matters connected with the creamery were considered. This summer, business is proving very satisfactory, the company handling 12000 lbs of milk daily—7000 lbs at Andover and 5000 lbs at Bath. W. L. Emach is manager at Andover, and he has 90 patrons; Hubert Holmes is manager at Bath, with 60 patrons. At Andover the same patrons supply one-third more milk than they did last year; this is the first year for the Bath branch. Alex Ogilvy at Andover and Moses Brennan at Bath supply the largest quantity of milk at their branches, each averaging about 300 lbs daily. The butter is being exported through Montreal dealers, who pronounce it A1. Three tons were shipped on Tuesday.

The following officers, non-commissioned officers and men of the 10th Woodstock Field Battery started on Monday morning for Deseronto for artillery practice. Major Good, Capt. Carvell, Lieuts. Alfred Fields and G. R. Good; sergeants Vanwart, Kimball, Jones, Peabody, Brysdale and Johnston, and gunners Ketch, Carvell, Vandine, M. Anderson. Lieut. Gray is already at Deseronto.

THE BRISTOL RACES.

The races held at Bristol, on Monday, were very successful. The attendance did not fall short of 2,000. Every part of the county was represented. Woodstock turned out in large numbers, and the adjoining county of Artoostock also contributed to the crowd. Gallagher Bros., the lessees of the track, are to be complimented on their successful efforts to make the races well worth witnessing. The weather was fine. W. B. Belyea made a capital starter and the other judges were Ed Burnham, Houlton; R. J. McGee, Fort Fairfield; E. R. Teed, St. Stephen; John S. Leighton, Jr., Woodstock, acted as clerk. The following is the summary:

CONDOLENCE.

To Mr. and Mrs. Allen McLellan:

We the members of Oakville Sabbath School do desire to express our sincere sympathy with you in the loss of your beloved daughter, Helena. We assure you that we feel deeply the severe blow you have been called upon to bear. We pray that our Heavenly Father may comfort you in your hour of trouble. May the same God who sends both joy and sorrow guide you in the pathway of life, and do not forget that He has prepared a bright and beautiful home beyond the grave, and we trust that we may all meet her in that Heavenly Mansion that God has prepared for all that love Him. We shall miss her in our school, but not so deeply as you will in the home circle; the vacant place will never be forgotten; but may we look to Him who doeth all things well and be able to say not our will, but Thine be done. May God bless you and the rest of the family in your hour of sorrow.

Signed on behalf of Oakville Union Sabbath School.

Give Our Side a Chance.

In our article, last week, taken from the New York Herald, headed "Business Men in Theatricals," we notice that "A Wise Woman" is going to make a few stops before starting a run in San Francisco. Now why can't we have this company stay one night with us? They surely must have a first class company to contemplate an extended run in the western metropolis. Such a company would be a relief from the No. 2, 3 and sometimes 4 companies that we generally get. Give us a chance.

Diocesan Synod.

At the Diocesan Synod, in session at Fredericton this week, the statistical report submitted shows an increase of communicants from 8,314 in 1899 to 8,357 in 1900. The number confirmed in same period was 638 to 641. The baptisms in 1899 were 1,099, and in 1900 1,033. The funds raised for church purposes in 1899 amounted to \$87,870, and in 1900 \$96,158.

Memorials on deceased members were presented. They included tributes to Mr. Geo. A. Schofield, of St. John; Col. Raymond, of Wood-

stock; Mr. E. A. Lee Street, of Newcastle, and Mrs. William Clements, of Douglas. Glowing eulogies were made upon Mr. Schofield and Col. Raymond by several members of the Synod.

John McLauchlan.

The thunder and lightning storm, Tuesday night, considerably damaged the residence of John Pickle at Lower Corner. The bolt entered by the kitchen chimney and, demolishing that, proceeded to create damage throughout the house.

The death of Richard Alexander took place at his residence, Jackson-town, on June 21st, aged 62 years. The deceased was a well known and highly respected citizen being a deacon of the Baptist Church for many years and an active worker in the Church and Sunday School.

Noble & Trafton are running a new line of fancy biscuits. They are the manufacture of the National Biscuit Co.; they are put up in bulk or package, embrace a large variety, and the SENTINEL can, from actual test, vouch for their excellence. Try them and be convinced.

The Queen Laundry is noted for the excellent character of the work it turns out. The ladies are delighted with the appearance of their skirts, laces, etc, when returned from this laundry. If you have not done so, give "Clark" a trial, you will not be disappointed.

The Catholic congregation of Newburg will hold their always popular picnic at Newburg Junction, on Wednesday, July 10th. The usual good time may be expected. One fare by C. P. R. from points east and west. Should the weather be unfavorable the picnic will be postponed to next fine day.

In the evening a good attendance was present; Rev. Mr. Crisp presided and a highly interesting address, illustrated with maps, was given by Rev. Mr. Hartwell, returned missionary.

GOSPEL TO EMPLOYERS.

Faithfulness is not an uncommon virtue in business; there are more employees doing conscientious work than shirks and loafers. If it were not so hardly any business could stand.

The great trouble with many a business is the failure on the part of employers to recognize and appreciate faithfulness; it is so common that employers take it for granted. An employee is expected to do his work as well as he can, to work constantly for the interests of his house to employ his time and his best brains to promote the welfare of his employer. Certainly, that's what he is paid for. But isn't it just as much the duty of the employer to give some thought to the welfare of his employees? Is it fair to expect unselfish devotion to the general welfare of the business and the interests of the employer only on the part of the men below and none of it on the part of the man at the top? The head of the business is working for himself; it's a selfish proposition mostly, and he expects the men below to work for him, not for themselves, which is an unselfish proposition mostly.—British Columbia Trade Budget.

The recent heavy rains have brought the water in the river up to driving pitch again. Kilburn and others who had discharged their men have again put crews on and are pushing their drives along.

A recent number of the *Scientific American* contains an article from the pen of Prof. W. F. Watson, well known to our readers as the son of Geo. C. Watson, Hartland, on "The Amateur in Photomicrography." The article is calculated to be of great assistance to the Amateur. The fact that it finds a place in the columns of the *Scientific American*, is at once a guarantee of the worth of the communication; it has also received favorable notice from some of the leading American papers.
