## Without a Parallel.

To the Editor of Carleton Sentinel:

An occurrence took place in the church at East Florenceville, on Sunday, of which the citizens are heartily ashamed, and which I would like explained. On that occasion the Free Masons had the church and during the service a stranger appeared at the door, and there being no ushers and the church filled to its utmost capacity, one of the trustees showed the gentleman to an unoccupied seat, at the end of a seat occupied by the Masons. The Master of Ceremonies directed one of the members of the order to ask the gentleman to leave the seat, which he did, but without trying to provide another seat for him. The gentleman had no other alternative but to take his hat and go to his boarding house. To show that the gentleman was a person that no one should feel ashamed to sit alongside of, I have it from good authority that he is an ex-M. P. P., a member in good standing of the Masons and also a member of the church. I must say, in justice to the Masons, that I believe that nine out of every ten of those present are just as indignant about the matter as are the citizens. I will warrant that gentleman that if he ever comes to East Florenceville again he will get a hearty welcome to the church and village.

Yours truly,

A CITIZEN OF  
EAST FLORENCEVILLE.

The above comes to the SENTINEL from one of the most respected citizens of East Florenceville. Any explanation of the affair will find room in the columns of this paper.—ED. SENTINEL.

A fire broke out in the boiler room of the Woodstock Manufacturing Co., on Friday afternoon, that looked threatening at first, but fortunately was extinguished with comparative little damage. The wind was blowing off the main building, and the speedy arrival of the firemen soon conquered the flames. The boiler house was thoroughly demolished and the boiler damaged. Insurance on building \$200.

British Pass Through A Severe but Successful Engagement with the Boers.

CAPE TOWN, June 25.—Details of the engagement between General Elliot's column and DeWet's force near Reitz, June 6, show that the British surprised the Boer convoy. The burghers fled, but seeing that the captors were not in strong force returned and charged with great determination and after desperate fighting re-captured the convoy. Meanwhile Colonel Delisle arrived with reinforcements and the fighting was renewed. The Boers lay beneath their wagons and unflinchingly fired volleys between the wheels while their comrades were engaged in in-spanning and driving off that portion of the convoy furthest from the British. The latter pushed in among the wagons, using the bayonet freely. General Delarey was present and personally used a rifle. His right hand neighbor was killed and the comrade on his left was wounded. The affair ended in a series of hand to hand encounters and fierce melees the Boers eventually being driven off. One of General DeWet's staff officers was wounded and taken prisoner.

THE BIG STORM.

DAMAGE OF MUCH EXTENT DONE BY THE VERY HEAVY RAIN.

(Telegraph.)

The rain storm, which started Sunday night, did not finish until yesterday afternoon. It was one of the heaviest ever experienced in this vicinity. From 10 o'clock Sunday night until 8 o'clock yesterday morning, the rainfall measured four and one-third inches.

The damage done was quite bad; farm lands were in some cases almost ruined for this year, while about the city many basements of buildings were flooded and streets had large holes made by the rush of water.

At Rockwood Park the gardens were almost destroyed and practically the whole work of the spring has been undone. Flowers and shrubs were washed out and the gardens yesterday morning looked in a wretched state. There were two small washouts on the C. P. R. near Grand Bay, which delayed traffic for a couple of hours. In the North End the new fire range was flooded and it was feared that considerable damage will be the result. The partly constructed road on Douglas avenue was also considerably damaged.

The cellar in the I. C. R. depot was flooded and had to be pumped out. Many other buildings on low ground had to be looked after in the same manner.

Three washouts were made in the Shore Line track within a few miles of the city.

Now is the time and the SENTINEL Office is the place to get all kinds of Printing done, at lowest prices.

## Beautiful Swiss and Italian Views

From the earliest times Switzerland has been famed for the majestic grandeur of its mountain scenery, and Italy for the ravishing beauty of its many picturesque lakes. The very names of the Bernina Hospice, St. Moritz the Jungfrau, Lake Como, Lake Maggiore, the Lake of Lucerne call up entrancing visions of marvelous valleys, peaks and glaciers, frowning mountain-passes, castled shores, and gleaming stretches of glassy water under soft azure skies. To see these enchanting sights even in pictured form is to introduce an influence and a wider outlook into one's life. In a forthcoming issue of The Ladies' Home Journal a vivid idea of the Engadine Valley and of some of the Swiss and Italian lakes will be given in a double-page of the most remarkable views ever secured of the more wonderful and lovelier portions of these world-renowned regions.

## News from the Country.

Kirkland.

June 24th, 1901.

The occasional showers during the past week have been very helpful for the growing crops.

Mrs W. J. Fowler left today to attend the Annual Meeting of the Presbyterian Society at Chipman, N. B.

Mr. Manuel, teacher at Ivey's Corner School House, who through illness had been laid aside from work for a few days, was able to resume work on Tuesday.

The holiday season in the public schools is drawing near, and teachers and scholars will no doubt enjoy a few weeks' rest and recreation.

We are pleased to note that a Government Grant has been made for the "Ryan Road" this year; and that some of the worst portions of the road are receiving much needed repairs.

Rockland.

June 26, 1901.

A few happenings since my last irrespective of dates:

In the various districts statute labor is being performed, and as usual the long wearisome hours of toil are hard to endure.

The late very heavy frost cut down beans and tender plants and did material injury to potatoes and buckwheat.

At a meeting recently convened at Henderson Corner, Windsor, every encouragement was adduced for the establishment of a telephone line from Hartland, via Rockland and Windsor, to Gillmore's Mill, Esdracelon.

Large groups of men are in the woods surrounding us, engaged in peeling bark.

Forest animals numerous; a large moose was seen crossing fields on John Sewell's farm, while deer appeared not far from the residence of S. S. Page.

At the regular school meeting in this district, No. 5, Mr. Stephen Bubar was elected trustee in place of W. A. Hayward whose term expired. S. M. Nevers elected auditor and A. W. Estabrooks, secretary; other and ordinary school matters received due attention.

Parties of all political classes express the opinion that M. P. proved their liberal principles in advancing their own wages prior to leaving Ottawa.

Rev John Hughes, Baptist, during his late visit obtained a full house of eager listeners to one of the most interesting and instructive sermons of the season. He was also working in connection with his paper, "Home Missionary Journal," published in St. John; he succeeded in obtaining a number of new subscribers; universal invitation, "call again, Bro Hughes, we have an esteemed pastor who never becomes jealous.

Congratulations extended to the home of Enoch B. Estabrooks, on arrival of an innocent little boy, possessed of very babylike manners and customs.

Mr S. S. Page is making extensive improvements in his outbuildings and when completed will have the finest and most convenient stack of barns in the community, and with a storage capacity sufficient for the product of his fields and farming machinery, of which latter he is in possession of the latest improved for all purposes. The present appearance of his place, compared with a few years ago, evinces that he possesses what labor, skill and enterprise will accomplish in what is known abroad as a cold frozen climate, where the seasons are too short for farming to advantage; let us have more Pages, and the life will be given to such unjust criticism.

An anonymous letter which appeared in semi-weekly Telegraph, St. John, June 19th inst, referring to "Hartland Scandal," is largely denounced, uncalled for, as well as cast aside; certainly an unusual if not unwarranted liberty is taken in giving names of prominent citizens who may seek redress. The young lady is to some extent injured by false representation, while the unprincipled main actor in the tragedy traverses regions westward and may strike some locality where deserters and deceivers "conjugate their last verb speedily."

We regret to learn of financial difficulties with a merchant in New Brunswick. Experience says settle honestly and try it again.

ANON.

Lorne.

June 25, 1901.

This month has had some very hot days and heavy thunder storms; followed by severe frost. Some have planted their buckwheat over again; beans, cucumbers and such were all killed.

The lightning struck Mr Harris' house, but with the exception of tearing off the plaster, laths and clabboards, where it went out, and

setting fire to some things in the attic, it did no harm.

Several farmers have lost their best horses this spring: C. Williams, Wm E. Everett, J. Stranger, being the losers in this vicinity.

The well drillers are making a success in getting water for the farmers, several have already got water at their doors and more have engaged them. Ridgwell, McNair, and Johnson have fine water.

Mrs James Jenkins and daughter, Ida, have returned from Burlington, Maine.

Miss Sadie Everitt has come home from Caribou, Maine, to spend the summer with her sister, Mrs J. Wilson Johnson.

Mr and Mrs Wm Johnson have returned from their visit to Chatham.

Mr Wm Johnson, jr., is preparing his house for the reception of his family. It will be a welcome addition to our little village.

Mrs G. Hathaway of Dow Flat is very ill; Dr. Coffin, of Arthurette is in attendance.

Riley Brook.

June 24th 1901.

Some few weeks have passed since this small hamlet has been heard from, still it is alive—that is the natives.

A large part of the crops was killed with the frost, also clover and some grass in places badly hurt, some of the farmers put in the second crop of buckwheat and beans.

We have had some beautiful showers since the frost that was much needed, some days the weather has been extremely hot and some very cold; very changeable.

There has been quite a number of fishing sports up this way this season but the salmon are not very plentiful.

We had a very pleasant visit from Rev J. T. Parsons last week; it has been 14 years since he visited this place before. He held services at the Nictau School house on the 20th, the first services ever held in that building. He also had two services in the F. B. Church here on the following Sabbath.

Our teacher, Rev Manser, intends going home on the 28th for his vacation; we shall miss him especially in our Sabbath School, in which he has taken great interest.

There is to be a barn raising, quilting and dance in the evening, Friday 28th, at Mr. Neil McAskel's.

Concert, pie social and dance at Dow Flat on the 27th all are anticipating a grand time.

Mrs W. Tapley has gone to Foster Cove to visit her parents for a few days.

Miss Jessie Wilson and Miss Wilda Howard are spending a few weeks at Dow Flat. Miss Rena Ross is visiting friends at Port Fairfield and other places. W. L. Ross and Miss Mabel Howard drove to Dow Flat yesterday.

James Bridges of B. L. Brook is finishing a house at Rocky Brook for James Watters.

Frank Whitehead was here the 22nd, a guest of H. G. Howard.

Mrs Barker does not improve much. Mrs Vanderbeck has been quite miserable, but is mending slowly.

Everything seems very quiet at present; an old saying, "a calm before a storm."

Mr J. Hall is the only peddler here at present; last week there was 4 here at one time.
