favorite, and better to-day than ever.

Besides the above we have a number of other makes.

The World Famed **Mason & Hamlin**.
Also other Organs.

DOCTORS BAFFLED

BY THE CASE OF MRS. HARRISON,
OF ORANGEVILLE.

SHE WAS COMPLETELY RUN DOWN—
RACKED WITH PAINS IN THE BACK,
HEAD AND LIMBS—AGAIN REJOIC-
ING IN GOOD HEALTH.

From the Sun, Orangeville, Ont.

Many cases are being constantly
brought to light of persons being
cured by that wonderful remedy—
Dr. Williams' Pink Pills—after doc-
tors have failed to be of benefit.
Among them may be noted the case
of Mrs. Benjamin Harrison, a well-
known lady who resides in the near
vicinity of Orangeville, Ont. A re-
porter of the Sun, hearing of Mrs.
Harrison's wonderful cure, called at
her home to inquire into the facts of
the case. Mrs. Harrison said she was
pleased to be able to testify to the
great curative powers of these pills.
She said: "For some years I have
been a constant sufferer. Just what
to call my disease I do not know;
even the doctors were unable to di-
agnose it. I had racking pains in
my head, back and limbs. I was un-
able to secure sound sleep, and on
arising in the morning would feel as
tired as before going to bed. My
stomach was in a bad condition and
the least movement caused my heart
to palpitate violently. Doctors
treatment failed to be of benefit to
me and I was in a very discouraged
state when a friend advised me to
try Dr. Williams' Pink Pills. Think-
ing that they might relieve me a lit-
tle I procured a supply and began
taking them according to directions.
From the first I could see that they
were helping me, and by the time I
had taken half a dozen boxes I was
free from the ailments that had
made my life miserable. It is now
several years since I took the pills
and not the least sign of my old
trouble has since shown itself. I
would strongly urge the use of Dr.
Williams' Pink Pills for any person
who has a weak or run down system
and I am sure they will not fail to be
beneficial."

To those who are weak, easily
tired, nervous or whose blood is out
of condition, Dr. Williams' Pink Pills
come as a blessing, curing when all
other medicines fail and restoring
those who give them a fair trial to a
full measure of health and strength.
Sold by all dealers in medicine or
sent by mail, post paid, at 50 cents a
box, or six boxes for \$2.50, by ad-
dressing the Dr. Williams' Medicine
Co., Brockville, Ont.

Pneumonia Does not Prevent Marriage.

GETS UP FROM A SICK BED TO BE MAR-
RIED, AND FAINTS AT THE CON-
CLUSION OF THE CEREMONY.

New York, June 20.—On account of
the illness of the bridegroom, a wed-
ding was transferred last evening
from Stamford, Conn., to Brooklyn.
The bride went to the Brooklyn home
of the bridegroom, who was suffering
from pneumonia, and the marriage
ceremony was performed.

Miss Ella Mae Herring, the daugh-
ter of Mr. and Mrs. James M. Herring
of Stamford, and Mr. Alfred J. Lar-
will, son of Mr. and Mrs. Alfred L.
Larwill, of Brooklyn, were to have
been married at 6 o'clock last even-
ing at the home of the bride's par-
ents. The Rev. Dr. Sorobridge, a
Methodist clergyman, was to have
been the officiating clergyman.

Mr. Larwill, who is employed in the
offices of the Pennsylvania Railroad
Company, in this city, went home
last Monday evening complaining
that he was ill. He was unable to go
to his office the next day, and the
family physician, Dr. Baldwin, found
that he had pneumonia.

Some anxiety was felt in Stamford,
Conn., yesterday afternoon, when Mr.
Larwill did not arrive, for it was
feared that some accident had befallen
him. His brother, George Larwill,
appeared, however, and told of the
illness of the bridegroom. He said it
would be necessary to postpone the
wedding.

Miss Herring then suggested that
if her parents had no objection she
would go to Brooklyn at once and
marry Larwill. Mr. and Mrs. Herring
assented and accompanied their
daughter.

George Larwill had not telegraphed
the change of plans and conse-
quently the Larwill household was
taken by surprise. Dr. Baldwin was
immediately acquainted with the
circumstances and administered a
stimulant to his patient, who was
thus able to rise from his bed. He
was helped into his wedding suit and
managed to stand while a brief mar-
riage service was read by the Rev. J.
P. Allen, a Baptist minister.

After the ceremony the bridegroom
was taken in a fainting condition to
his room. The wedding took place
at about 9.30 o'clock last night.

Mrs. Alfred J. Larwill will remain
at the Larwill home in Brooklyn,
where she will help nurse her hus-
band back to health.

Brave Little Finland.

Finland is a little country, and
there is not much to tell about it.
But it is the focus of some brave
ideas, and its short story has no soiled
page. A desolate and water
logged land, in a hard Northern
climate, three-quarters of its surface
deserted of population, possessing
no natural wealth except its water-
falls, where the ripening crops race
against the descending frost for their
harvest goal, and are often out-
stripped, and where the peasant for
half the year lives like an Arctic ex-
plorer—how should it have any
story? Yet the very hardness of
the struggle has made the Finn our
sturdiest specimens of humanity—
only the sturdy could survive; in-
dustry was the condition of his ex-
istence; his loneliness has bred self-
reliance and his long solitudes have
awakened faith. He has developed
in this dark, wintry corner of Europe
a civilization curiously his own—
quaintly original—on the one side
and transcendently progressive on
the other. He has a natural bent
for science, especially in its practical
application; art has been born to
him—not much in quantity, but
vigorous and independent in quality;
while literature has by nature deep
roots in the hearts of men whose
chilly, infertile homeland is the
richest of all the world in folk-song
and lyric proverb, in legend and
magic spell, in epic saga and chant-
ed rune.

Yes it is a little country, but it is
big in character, big in the material
and moral progress it has made
under severe conditions, and it
raises a big political question. No
review of Russia today could be
complete that did not take Finland
into account, though even in its
short story there is much that can-
not, with discretion, be discussed
just now.—From 'Russia of Today' by
Henry Norman, M. P., in the June
Scribner's.

The Great Northwest's First White Child.

One of the most remarkable proofs
of the amazing growth of that vast
region of our country commonly
called the Northwest, with its nu-
merous sisterhood of States and its
population of more than seven mil-
lion people, is the fact that it is only
a little more than eighty years since
the first white baby was born there.
The child was a girl, the daughter
of a regular army officer, and she is
still living. A fascinating account of
her eventful life, the early years of
which were spent among soldiers
and savages, will appear in an early
issue of the Ladies' Home Journal.

DEERING MOWERS.

The Deering Company received more and Greater Honors at Paris than any other
Harvesting Machine makers on earth, viz.:

29 AWARDS.

The highest competitor claims only 25 awards.

The Deering Works are the largest Harvesting Machine Works in the world.
The Deering Company build more Harvesting Machines than any other factory.
The Deering people sell more Harvesting Machines than any competitor.

We have Four Car Loads of these great
Machines in stock ready for a big harvest.

Now, Mr. Buyer, do you want a Machine
that will work under any and all conditions
to your entire satisfaction? We warrant
the Deering to do it.

The Deering has Roller and Ball Bearings.
The Deering Hauls Easiest.
The Deering Handles Easiest.
The Deering has no side draft.
The Deering does not sore horses necks.
The Deering runs smoothest.
The Deering costs least for repairs.
Deerings are Ideal Machines.

We believe there are no Machines built that can approach them for actual work in the field.

Will you call at our Show-rooms on Connell Street and look them over? Our Agents, as under, have them too.
