The Carleton Sentinel.

FRIDAY, AUGUST 30, 1901.

Published by THE CARLETON SENTINEL PUBLISHING CO., at their Office, in VANWART'S BRICK BUILDING, King Street, Woodstock, up stairs.

At the Knights Templars parade, at Louisville, Kentucky, on the 26th inst., 39,000 knights in full uniform were in line. It is estimated that 300,000 people witnessed the parade.

THE TOWN SCHOOLS opened on Monday after their summer vacation with a good attendance of pupils. In the ten schools in the College building there are 364 scholars and in the four Broadway schools there are 212—making total number of scholars enrolled at the opening 576.

MRS. CARRIE NATION of continental "little hatchet" fame, arrived at Toronto on Tuesday from Buffalo by steamer and disappeared when she reached the wharf. She did not register at any of the downtown hotels, and refused to be interviewed. Just what her mission is nobody knows, but it is surmised she is on her way to Ottawa.

THE Upper Canadian press party reached Fredericton on Tuesday and met with a most hearty reception at the hands of the local press, the civic officials, representatives of the Board of Trade and Tourist Association, and of the people generally.

They were driven in carriages about the city, the citizens generally placing their carriages and themselves at the disposal of the visitors, for the purpose.

They visited Marysville where a genuine welcome and hospitable treatment at the hands of the Messrs Gibson were accorded them.

J. A. Edwards was chairman of the local reception committee and most admirably did he perform his duty.

THE EXHIBITION.

At the adjourned meeting of the Carleton Co. Agricultural Society, held at the Record Office, on Saturday afternoon of last week, at which were present the president, Rankin Brown; W. S. Saunders, Mayor Belyea, C. L. Smith, R. B. Jones, Jos. Spear, J. S. Leighton, Sr. Chas. P. Bull, John Connor, W. B. Nicholson, Robt. Brown, H. E. Gallagher, A. Henderson, Chas. W. Connell, S. Peabody, Allan Bull, Chas. Perkins, B. B. Manzer, J. J. Rodgers, the resolution laid on the table at the last meeting, namely that the Exhibition be held as first proposed, on the 25th, 26th and 27th of September, was taken up, discussed and unanimously adopted.

H. E. Gallagher was added to the printing committee.

The president appointed the following committees:

Finance—W. S. Saunders, C. L. Smith, John Connor.

Transportation—R. B. Jones, B. B. Manzer and the Mayor.

Building and Grounds—H. B. Smith, Chas. L. Perkins, W. B. Nicholson and S. Peabody.

The building committee was authorized to have erected a suitable building for poultry.

EVERYBODY TAKE HOLD AND HELP MAKE IT A SUCCESS.

It is a good augury for the success of the Exhibition the fact that our leading business men are showing equal interest with our farmers in making it a grand success. It is a simple matter to determine upon holding an exhibition, but the carrying of the same out in all the details involved, means an expenditure of time and plenty of hard work on the part of some individuals, and as a rule, the number is confined to comparatively few. It is satisfactory to find in the present instance so many prepared to lend a helping hand. There never was a time when Carleton County, in agricultural products or in stock, could make a better showing than the present. Let everybody then unite in making the coming fair such a one as shall maintain the reputation of Carleton for being the banner agricultural county of the province.

Opening Services of Northampton Methodist Church.

The Methodist Church in Northampton has lately undergone extensive repairs and will be re-opened on Sunday September 8th. There will be three services:—Morning at 10.30 Rev. W. H. Spargo; Afternoon 2.30 Rev. J. C. Berrie; Evening 7.00 Rev. G. A. Ross.

Collections at each service in aid of the building fund. All are cordially invited.

Councillor John Mowatt, of Harvey Station, York Co., died suddenly of heart disease, last week. He was 55 years of age and leaves a widow and several children.

S. S. Convention.

The County Sunday School convention held at Hartland, on Tuesday, a partial record of which will be found on our first page, was an interesting and important meeting of this very valuable organization. One most important item of the convention was overlooked when the hurriedly prepared records were being transcribed for the printer and that was the capital and exhaustive report of the superintendent of the Home Class department, Mr. E. B. Ross. The committee to whom it was referred failed to hand it back to the convention, and hence we cannot make that use of it which we would like.

The people of the pretty village of Hartland were lavish in their courtesies and hospitality to the delegates.

The minutes of the evening session have not yet come to hand, but we are told the meeting was a good one.

Premier Laurier on the Census.

At the opening of the Toronto Exhibition, on the 27th, Sir Wilfrid Laurier, in his opening address, thus referred to the census:—

"We have all been disappointed with the figures. We have not done half enough. I had believed that since our trade had been greatly increased it must take six millions of people to make such large trade. But we are not six millions, only about five millions and one-third. Our neighbors to the south tell us we have not done well, that we cannot do better until we throw in our lot with them. It is amongst nations as amongst individuals. If you have a good friend and he sees you are in trouble he will commiserate with you but his commiseration will be tinged with joy if he himself is suffering from the same troubles."

So it is with the American people. They got commiserating us because they say the Dominion has not grown so rapidly as they have done. But I look on the figures of our trade and on the figures of their trade and find in their last fiscal year they exported and imported \$2,125,000,000; that means, with a population of 75,000,000, a trade of about \$75 per head.

Canada exported and imported to the extent of \$380,000,000 which, with a population of five and one third millions, means a per capita trade of about \$78. Even with our limited resources we can trade man for man about two thirds more than our American neighbors, so we are not disposed to take much of their commiseration, but we shall say to them, "You try to do better and then come and tell us where we fail."

Grand Masonic Lodge.

Tee Grand Lodge of Free Masons met in annual session, at St. John, on Tuesday. There was a fair attendance of grand officers and members.

The report of J. Twining Hart, grand secretary, showed receipts during the year, \$1,937.85, were paid to the grand treasurer; there had been a gain of 170 members and a loss of 108. The total membership is 1,894.

The accounts of Edwin J. Everitt, grand treasurer, showed balance on hand last year \$1,228.45; receipts during the year were \$2,079.01, a total of \$3,307.46. Expenditures were \$1,856.67, leaving a balance of \$1,450.79, deposited in the savings banks and in the Bank of New Brunswick. Included in the expenditure was \$500 redemption of debt. The total amount to the credit of the fund of benevolence was \$2,926.61.

The following officers were elected:

A. I. Trueman, St. John, grand master.

D. C. Firth, Campbellton, deputy grand master.

W. A. Dougherty, St. John (west), senior grand warden.

J. W. Carter, Salisbury, junior grand warden.

Rev. Scovil Neales, Sussex, grand chaplain.

Edwin J. Everitt, St. John, grand treasurer.

Twining Hart, St. John, grand secretary; E. L. Hagerman, Woodstock, senior grand deacon; J. B. M. Baxter, St. John, junior grand deacon; Ora B. King, Sussex, grand director of ceremonies; Robert S. Barker, Fredericton, asst. grand director of ceremonies; Robert Murray, Chatham, grand sword bearer; W. E. Erving, St. John, grand organist; B. Leavitt, St. John, grand pursuivant.

Hopkins Bros, of Fort Fairfield, will exhibit their four years old bull, Nelson, at the great Show and Fair in Houlton September 4th, 5th and 6th. This bull weighs 2,700 pounds, girls 8½ feet and cost \$500.

You are probably beginning to think of purchasing your fall clothing. Whether it be a suit for a gentleman or a dress for a lady, go to Carr's, Hartland. He keeps the largest stock in the village and prices are right.

Mr. John Burpee, Vancouver, B. C., sends us papers containing graphic account of the foundering of the steamer Islander, caused by running on an unseen iceberg, and causing the death by drowning of forty persons.

Don't forget the important meeting of the directors of the Carleton Co. Agricultural Society, at the Record Office at 3 p. m. Saturday, 31st inst. Be sure and put in an appearance, as Exhibition matters will be considered.

Frank Olmstead, Grafton, while at work in the Woodworking Factory, Wednesday afternoon, met with a painful accident; the planer came in contact with his thumb and severed that member. Dr. Rankin dressed the wound.

Instead of the usual sermon in the Methodist Church, Sunday evening, Mr. Henigar, a Sackville student, who is preparing himself for the mission field, made an interesting address on the "Forward Movement" among the young people.

The approach of fall reminds one of the necessity for fires. Shaw & Diblee, Hartland, have provided for the contingency and can furnish you with the most desirable stoves, of the latest and most approved patterns. All kinds from cook to parlor.

J. D. Dickinson & Son are making large additions to their tannery from time to time. Just now they are erecting a large building that will contain twenty-four additional pits. This will involve the regular employment of a larger crew of men at the tannery.

Oysters. The first fresh oysters received in Woodstock this season was at Troy's Restaurant, on Friday Aug. 23rd., and lovers of the toothsome bivalves were on deck on that evening. Oysters will arrive fresh during the season on Tuesday and Friday of each week.

The Band boys deserve to have a generous patronage at their picnic on Labor day. They are making every preparation for a fine program of sports, and the occasion will be one of enjoyment for the guests, added to which will be the consciousness of giving a helping hand to so worthy an organization as our band.

C. B. Snow wishes to call attention to the fact that he is prepared to attend to the wants of picnickers and can supply them with anything in the line of Pickles, Cheese, Fancy Biscuits, Fruit Syrups, Canned Salmon, Lunch Tongue, Devilled Ham, Chicken or Ham Loaf, Lobsters, Corn Beef or Potted Tongue, also a good variety of Fresh Fruit, always on hand.

On Saturday evening, in the square, a first class entertainment was given by local talent before an immense multitude. The tumbling and athletic performance by Thomas Kennedy were really clever; some of the most difficult feats in that line were successfully performed. The other performers were George Baker and Fred Buck, whose songs were received with great applause.

In the process of pickling nothing is more necessary than a pure vinegar. Noble & Trafton has a fresh lot of pure cider vinegar, the same, if not better, quality as has given so much satisfaction in previous seasons.

Monday next, Labor Day. Remember Band picnic.

All the drives on the St John river are again hung up for want of water, which is unusually low.

Congratulations to Rev. Geo. A. Ross, Benton, over the addition to his family—'tis a daughter.

Leave your orders for preserving Peaches, Pears and Plums at R. E. Holyoke's. Pickling spices and vinegars in abundance.

Dr. Hannay, who is preparing a hand book of New Brunswick for the government, was in town Saturday and Sunday. He is collecting facts and figures for his book.

For anything in the line of furniture go to Carr's, Hartland. He has been in the business longer than anyone there, knows where and how to buy, and his prices are reasonable.

In putting up your Jellies, Preserves, etc, try some of the Refined Paraffine Wax, the best sealing material out; easy to use, makes your vessel perfectly air tight, and is the housekeeper's delight.

Canning apples is the work which is now engrossing the attention of the canning factory. We believe they pay 50 cents a barrel for New Brunswick apples and are canning at the rate of 70 barrels per day.

We believe that quarantine of nearly all the roads leading to the districts affected by small pox, has been removed, but that the houses in which the disease exists will continue to be strictly quarantined and closely guarded.

The basket picnic, followed by a concert in the evening, at Lower Woodstock, Wednesday afternoon, was well attended we learn, and proved an exceedingly pleasant time. A number from Woodstock drove down on a buckboard and rendered assistance at the concert. We have no further particulars, save that the proceeds went towards the repairing of the Methodist church.

Mr. Whitney, of St John, addressed a public meeting in the Methodist Church, Tuesday evening, on the subject of Boys' Missions. A union meeting of the Young Peoples' organizations in connection with the several churches of the town will be held in the vestry of the Methodist Church, on the evening of Sept 9, at 8 o'clock, for the purpose of further considering the question.

Samuel Nason, a young man well known here, as a brakeman on the C. P. R., died at the residence of Mr. Glew here last week of typhoid fever. His parents live at Debec and the remains were taken to South Richmond for interment. The deceased was about 24 years of age and was generally respected.

On Monday evening, Sept 9th, in the Opera House, J. Hollis Lindsay, the youthful pianist, assisted by Mrs. Adney of New York and Miss Margaret Ross of this town, will give a recital, which will be no doubt largely patronized and patrons may expect a treat, for the performers are well-known in musical circles. Hollis Lindsay graduated in music, last June, at the Halifax School for the Blind, with an average of 983 out of a possible 1000, which is sufficient testimony as to his abilities as a musician.

THE SENTINEL neglected to note last week that Gallagher Bros. are now occupying their new livery stable on Emerald street. Since our description of the fine stable, two weeks since, the building has been neatly painted in three harmonizing colors, adding very materially to its imposing and pleasing appearance. The stable, in its various appointments, is not, probably, excelled in this province. With the new horses added to their already large stud, and a large addition to their first-class carriages, the Gallagher Bros. will be able to cater to the wants of the public in their line, in a manner to ensure a continuation of their present popularity. Their telephone number is 18-2.

All parties who intend building will find it to their advantage to call and inspect our large stock of door sashes and house finish of every variety. Latest designs, best material and workmanship. The Woodstock Woodworking Co., Ltd., Woodstock, N. B.

The Globe:—Rev. J. Nobles, of Woodstock, the oldest Free Baptist clergyman in the Maritime Provinces, if not in Canada, preached eloquently and impressively on Sunday morning last at the Seventh District meeting at Campobello. He is 88 years of age, but is yet able to expound Gospel truths with all his old-time vigor and lucidity. Mr. Nobles' grandfather organized the first Congregational church in Canada, at Sheffield, Sarnby County, in the old Loyalist days.

Dr. Washburn on the Small Pox Scare.

Having seen those who are affected with small pox within the quarantined district of Carleton County through the courtesy of the local health officers it certainly seems to me that no one except through ignorance or prejudice could call this malady anything else other than small pox. The people of Woodstock and Carleton County should congratulate themselves on having such efficient health officers, whose efforts to isolate the infected area have been successful, and should certainly be highly appreciated and justly rewarded.

GEO. WASHBURN, M. D., Augusta, Maine.

Attempt to Assassinate the Pope.

New York, Aug. 28.—The Evening World prints the following despatch from Rome:

The arrest of an armed man in the Vatican gardens through which Pope Leo passes on his way to and from his private apartments, has exposed an Anarchist plot to kill the pontiff.

The prisoner carried a large cavalry revolver and a dagger. He has admitted that his purpose was to assassinate the Pope, whom he denounced as "a spiritual giant, keeping millions of men in thrall."

The identity of the prisoner has been kept secret, and the holy father has not been informed of his narrow escape.

The Ecumenical Conference.

London, Aug. 23.—The American delegates to the Methodist Ecumenical conference have begun to arrive and registered their names in the conference book at their home in City road. At least eighty-six American bishops are expected, and a large number of ministers. Bishop Hartall, who takes a strong pro-English view of the Boer war, has returned from Africa to attend the conference, and Bishops Hurst, Vincent and Hamilton will also be present. The first meeting is held early in September. The Wesleyan chapel in City road will be the chief centres of conference work, but several meetings will be held at St. James Hall. The discussion will run on practical lines of work characteristic of Methodism, such as liquor traffic, gambling, effective reading missions, education and modern infidelity, and there will be special debates on Biblical criticism and Protestantism vs. Sacrodotism.

Rev. Hugh Price Hughes, the most eloquent Wesleyan preacher in England, will be kept away by ill health. Mr. R. W. Perks, M. P., Mr. Yerkes' associate in the reformation of underground London, will take an active part in the organization conference, and Sir Henry Fowler will preside over ten of the most important meetings of the series. Supplemental meetings will be held in several provincial towns after the close of the conference.
