#### N. B. Baptist S. S. Convention.

The 8th annual convention of the New Brunswick Baptist S. S. convention was held at Hartland last week, the following clergymen being in attendance: Revs. J. H. Hughes, R. Barry Smith, R. M. Bynon, R. W. Demmings, C. N. Barton, J. D. Wetmore, W. E. McIntyre, S. D. Ervin, W. S. Martin, George Howard, A. H. Hayward. There was a good number of lay delegates present. After a few words of welcome by Rev. J. D. Wetmore and response by Rev. A. Barry Smith, the usual committees were appointed, and reports from several county and parish conventions were given. The election of officers resulted as follows: President, R. Barry Smith; vice-presidents, Rev. C. N. Barton and M. Addison; secretary, Rev. R. M. Bynon; treasurer, L. H. Thorne.

In the closing evening session, after a devotional service, led by Rev. C. N. Barton, Rev. R. Barry Smith addressed the meeting on "Where we stand on the temperance question," Rev. W. S. Martin on "Why temperance should be taught in the Sunday School," Rev. J. H. Hughes on "Why we should have Normal School work," and Rev. R. M. Bynon on "Shall we adopt Decision day?"

The committee on Normal work submitted a report recommending a certain course of study, which report was adopted. Rev. Mr. Bynon read a highly interesting paper on education, which elicited a warm discussion.

Notice was given of amendment of Article 4 of the constitution so as to enable the convention to change the date of meeting after next year.

The following resolution was unanimously passed:—

Whereas—It has come to be expedient for the best interests of the churches connected with this, the New Brunswick Baptist Convention, that it should control all funds contributed to its benevolent enterprises; and

Whereas—Our churches desire a closer bond of union in methods of work and the development of their benevolence; therefore

Resolved—That in future all moneys received for the various purposes, from whatever source, by collections, donations, bequests, etc., be paid over to the treasurer of the convention and disbursed by him as designated by the donors to the respective objects.

It was decided that the next convention be held early in July next, time and place to be decided upon by the president and secretary.

The papers of the Summer School of Theology were taken up and reviewed by the convention. The secretary read a paper on "The Bible and the State." Rev. J. H. Hughes gave an address on "The Two Covenants," both of which addresses drew out a lively discussion.

The report on obituaries, presented by the secretary, made reference to the deaths of Revs. Young, Kierstead, Springer and Todd.

Three explosions occurred in the works of the American Schultz Powder Co., in Oakland, N. J., Thursday. Five persons were killed and several others fatally injured.

Mrs. Will McLeod met with what might have proved a serious accident while she and Mrs. Will Page were driving home from the church on Wednesday. A weak spot in the harness gave way when coming down the Savage hill, and the wagon striking the horse, he kicked, throwing both ladies violently from the carriage. Both were badly bruised, Mrs. McLeod being rendered unconscious for some time. She is some better and we are very glad as she has cheerfully rendered medical assistance both in our Sunday School and Missionary Meetings. We can ill afford to have her away.

The boys turned out in fine shape, last Tuesday night, to serenade Mr. and Mrs. Ward Burpee, on the evening of their brilliant wedding; and after doing justice to the refreshments, to which they were treated, proceeded to work. When Mr. and Mrs. Burpee return it will take some time to clean the place of the debris which the mischievous lads saw fit to strew around, such as taking down the fence which the boys erected around the house, the trees out of the chimney, etc. The boys retired about 3 o'clock.

#### Centerville.

Sept. 17, 1901.

A good many of our people attended the fair at Presque Isle; they speak highly of the exhibition and especially the races. This county ought to be proud of Jerry D., starting a short time ago as a green horse and now has a track record of 2.30.

Also we might speak of Dora 2.21 and Gertrude Glen; horses to be proud of. We have many horses in this county that would do us credit if they were brought forward by the press of the county. Your correspondent thinks that the SENTINEL would do its readers a good turn to devote a little more space to the horse.

Mr. Charles Wilkinson and wife have gone to Fredericton to attend the exhibition there. We hear of a good many more going.

Parish politics in the parish of Wicklow are becoming warm. Meetings are being called to place their men in the field, that is the proper way of getting good men to represent the people. The parish of Wilnot should do the same.

We understand that requisitions are being circulated, asking J. F. Williams, of Lakeville, to be a candidate to represent the parish of Wilnot at the Council board. We hope he will accept the nomination.

Universal regret and sympathy, the leading feelings expressed respecting the fearfully wicked and dastardly act which caused the death of a good president and citizen of the neighboring republic. Shame! Shame!

Partly a matter of favor that a Woodstock gent obtained from our neighbor, Stephen Orser, a pair of heavy horses for the sum of \$320.00.

It is quite well understood that the Duke and Duchess of Cornwall and York will not visit Rockland during their present trip; a disappointment of course, still all our folks hope and pray that they may have a pleasant time in the Dominion; be preserved from all harm and unpleasantness to return to their home favorably impressed with our country and its people.
