'Yes; he has proposed by letter,' she explained. 'Now, do you think I ought to mail my answer immediately, or keep him in suspense for a while?' 'Mail it!' exclaimed her dearest friend in a tone that had a trace of spitefulness in it. 'If I were you I'd telegraph it, and there was an emphasis put on 'if I were you' that came near breaking a friendship that had extended over several years.'

'How do I know,' demanded the woman whom he had asked for charity, 'that you're not a thievish vagabond instead of a poor man out of work? How do I know you've got a clear title even to those old dirty clothes you have on?'

'Ma'am,' mournfully asked Tufford Knutt, 'don't these clothes look as if I'd had 21 years' undisputed possession of 'em?'

A clergyman while catechizing his Sunday school had occasion to ask the children the meaning of the word "epistle." A little girl in the youngest class was so certain that she knew, that she did not hesitate a minute, but, with the greatest of confidence, answered, "An epistle is the wife of an apostle."

'I tell you,' exclaimed the woman excitedly, 'one doesn't feel the sting of poverty until one has the brightest baby in town and can spare only a beggarly \$5 a month from his salary with which to buy drinks to get people to stand still while he tells about its sayings and doings!'

'What does it mean, Tommy,' the Sunday-school teacher asked, 'where it says they rent their clothes?' 'I suppose they couldn't afford to buy them,' replied Tommy.

### Some Won't Believe It.

Many people who have suffered the acute misery of itching or bleeding piles for years in spite of medicines and operations won't believe that Dr. Chase's Ointment is an actual cure. There has never yet been a person to doubt the efficacy of this great preparation after using one box. It acts like magic in stopping the pain and itching, and is positively guaranteed to cure any case of bleeding or protruding piles. Ask your neighbors about it. Your dealer has it.

Miss Youngthing (reassuringly)—You needn't be afraid of father, Mr. Midwood. He isn't a pirate.

### What Month Were You Born?

The following is of Irish authority and you can judge if there's anything in it:—

A man born in January will be a hard worker; capable of great things; fond of wine; a good singer. A woman will be affable; of domestic tastes, and can endure much.

In February—A man will love money very much, but women more; stingy at home, a spendthrift abroad. Women: affectionate wife and good mother.

In March—A man: handsome, honest and prudent, but will die poor. Woman: witty, tall and stout.

In April—A man will be anything but a fool. A woman will be a chatterbox and have advanced ideas, be a "new woman."

In May—A man: amiable and a good husband. A woman: the same qualities.

In June—A man: of small stature; very fond of men and children. The woman: flighty and a high liver, but will sober down at forty.

In July—A man: a good fellow, but pompous and of military ideas. A woman: ambitious and courageous.

In August—A man: Ambitious and a good manager. Woman: Very capable, can run a farm or edit a paper.

In September—A man will be strong and wise, make few mistakes and die rich. A woman will be much loved, have many admirers and die an old maid.

In October—A man: write poetry in youth, dabble in politics, and end as a reformer. A woman will be pretty, and, late in life, a prohibitionist.

In November—A man will be good looking, fine address, and very fond of women. Woman: liberal minded, fond of novels and novelty.

In December—A man will be passionate yet forgiving. Woman: charitable, but a terror to tramps and the underserving.

### The Wife's Pocketbook.

The average American husband does not seem to be able to get it through his well-meaning but halting mind that nothing on God's earth humiliates a wife more than to be compelled to ask her husband for money. She instinctively hesitates to do it, and oft-time she goes without rather than ask.

Every wife should be given all that it is possible for the husband to allow for household expenses, and it should not be doled out to her in dribbles nor given to her as a favor, but as her right and without question. Over such a share she should have independent sway to do what she sees fit for the wisest interests of her home and children. That is one rightful step.

But there is still another. She should have an allowance of her own apart from the family share of her income. I should have no hesitation in saying that if the truth were known it is just this humiliating dependence upon a man for every little trifle that a woman needs that is making thousands of women restless and anxious for outside careers. This is the only fair excuse I have ever been able to see for the hysterical rantings of the modern advanced woman. In that particular she is right and absolutely justified in filing a protest. A wife is too great and important a factor in the life of her husband to be made a financial dependent. —Ladies' Home Journal.

### Hat for Horses.

The American truck driver who, some years ago, took an old wide-brim straw hat, cut two holes in the brim and then with it humely protected his horse's head from the fierce rays of a summer sun, little thought that his idea would be adopted later in England and become the foundation of a lucrative business. That there was evidently a market for such a device is shown in the fact that over 8,000 of them were sold last season alone, and the trade next summer is expected to go far ahead of last year. The firm making them is understood to do quite a large export business as well as domestic trade.

### The Horse's Mouth.

There is no such diseased condition of the horse's mouth as lampro. Sometimes, when they are changing their temporary teeth for permanent ones, there is a slight inflammation around the root of the tooth, but this only lasts a few days and never extends to the bars of the mouth. Do not allow any one to cut or burn your horse's mouth under any circumstances, as there is no disease that such treatment will benefit.

According to Great Britain's new naval programme there will be 154,000 men held ready to man the fleet in case of war, 118,000 on the active list, and 35,000 in the reserves. And to the greatest fleet in the world which they will serve, there will be added, as the result of the coming year's appropriations, thirty-three vessels, varying from battleships to submarines. The new schemes will involve a special expenditure of \$45,000,000, in addition to the ordinary annual appropriations.

### OF SAINT-JOACHIM

Suffered for years from Female Weakness, Bad Digestion, Palpitation of the Heart, Etc., Etc., but cured by

## Dr. Ed. Morin's Cardinal Pills

In the height of her joy, she mingles her grateful voice with the praiseful concert from all parts, in honor of this GRAND TONIC.

MRS. SIMEON RENAUD, of St. JOACHIM, writes us:

DR. ED. MORIN'S "CARDINAL PILLS" are unrivalled for the diseases of pale, weak women. I have tried them myself with the greatest success. I had suffered for years from female weakness; my digestion was bad; I had palpitation of the heart, was often sleepless and lacked courage and confidence in my recovery.

I often saw the advertisement of DR. ED. MORIN'S "CARDINAL PILLS" and often asked myself if such reports were not exaggerated, so extraordinary were the facts stated.

I was one day puzzling myself in this way, when I suddenly resolved to try these Pills. I sent for a box, and, after using them for a few weeks, I felt a great deal better, my weakness had disappeared, my blood was richer and my strength was returning and I could still enjoy life.

A thousand thanks,

MRS. SIMEON RENAUD.

**DO NOT FORGET** DR. ED. MORIN'S "CARDINAL PILLS" are a scientific product, the fruit of long vigils and hard, conscientious work, the happy crowning of careful and sustained experiments. In this admirable compound, pale, anemic women and young girls will find strength and color; the weak, exhausted man health and well-being; all, vigor and long life.

**DO NOT BE DECEIVED** Always ask for DR. ED. MORIN'S "CARDINAL PILLS" and insist upon getting them, accepting no other sort in their stead. Any substitute will be worthless, perhaps dangerous. There are so many of these counterfeits in the market; so many of these dishonest products, that people cannot be too much on their guard.

50c. a box or \$2.50 for six boxes. Mailed postpaid to any address on receipt of the money. If they can not be found at your druggist or dealer, write to

'Young man,' said the young lady's father, 'you have boasted several times that you possess an honoured name.' 'Yes, sir,' replied the suitor haughtily. 'Well, may I inquire what bank it will be honoured at, and for how much?'

### Humors

Comes to the surface in the spring as in no other season. It's a pity they don't run themselves all off that way, but in spite of pimples and other eruptions, they mostly remain in the system. That's bad.

Hood's Sarsaparilla removes them and cures all the painful and disgusting troubles they cause. Nothing else cleanses the system and clears the complexion like Hood's.

'Are you suffering from cold?'

'No. My trouble started with a cold, but I took all the remedies my friends prescribed, and they are what I am suffering from now.'

### How to obtain a Rich Color

By the use of Dr. Ed. Morin's CARDINAL PILLS.

Dykerheights—I wonder if Prof. Stargazer recognized any of the stars he saw when he fell on the ice just now? Miss Bensonhuast—I guess he did. I heard him exclaim 'Jupiter!'

'Old Mr. Titefist couldn't be persuaded to walk the quarter deck, notwithstanding the fact that the captain gave him a personal invitation to do so.'

'Why not?'

'Somebody told him that the deck got its name from the fact that every time a passenger uses it he has to give a quarter to the steward.'

'I see beef is firm,' remarked the landlady, looking up from the morning paper. 'Very firm, indeed,' grunted the thin boarder, continuing his efforts to dismember the steak.

## Every Form of Piles

Mr. George Thompson, a leading merchant of Blenheim, Ont., states:— "I was troubled with itching piles for fifteen years, and at times they were so bad I could scarcely walk. I tried a great many remedies, but never found anything like Dr. Chase's Ointment. It cured me."

Mr. Jas. Jackson of the Laurie Spool Company, St. Alexis des Monts, Que., writes:—"I was troubled for two years with that cruel disease, bleeding piles, and after using Dr. Chase's Ointment I can say I am entirely rid of it. It is a treasure to all suffering from piles."

Mr. W. D. Thornton, Blacksmith, Calgary, N.W.T., states:—"For fifteen years I suffered untold agony from blind, itching piles, and have been under treatment with well-known physicians. I had 15 tumors removed, but obtained no positive cure. I have suffered more than I can tell, but can now say that, thanks to Dr. Chase's Ointment, I am positively cured, and by one and a half boxes. 60c a box."
