moon, its rays reflected on the  
waters, while on the surrounding  
ocean are seen vessels in the dis-  
tance.

### News from the Country.

Kirkland.

Dec. 8th, 1902.

For the last few days the weather  
has been cold with snow storms.

Mrs. C. Bell, who has been in poor  
health, is somewhat improved.

There are still some cases of  
"measles" in this community.

The grain crop in general is said to  
be good this season.

iliary of the W. F. M. Society, Lake-  
side, was held on Tuesday last at  
the home of Mrs. Andrew McIntyre.

By the sound of the merry laughter  
from the concert makers the enter-  
tainment Xmas night will not be a  
whit behind its predecessors.

The merry skaters had a good  
week's fun and we were pleased, but  
there was no mother's heart but was  
glad when it was over. There is al-

we escape sorrow year after year.

Miss Bessie Carvell has closed her  
school at Good's Corner for the pre-  
sent term, or rather the Trustees of  
the district have. Probably that  
school never had a more successful  
and painstaking teacher and yet they  
lose the harvest months of the sum-  
mer term. Is the idea economy? Of  
one thing we are sure it is not be-  
cause they were dissatisfied with  
their teacher. Good's Corner con-  
tains a large number of bright, in-  
telligent, well-to-do farmers, so  
again we revolve the question in our  
mind and again we query "why?"

## I Coughed

"I had a most stubborn cough  
for many years. It deprived me  
of sleep and I grew very thin. I  
then tried Ayer's Cherry Pectoral,  
and was quickly cured."  
R. N. Mann, Fall Mills, Tenn.

Sixty years of cures  
and such testimony as the  
above have taught us what  
Ayer's Cherry Pectoral  
will do.

We know it's the great-  
est cough remedy ever  
made. And you will say  
so, too, after you try it.  
There's cure in every drop.
