The Carleton Sentinel.

FRIDAY, SEPTEMBER 26, 1902.

Published by THE CARLETON SENTINEL PUBLISHING CO., at their Office, in VANWAERT'S BRICK BUILDING, King Street, Woodstock, upstairs.

THE EXHIBITION.

(Continued from First Page.)

THE OPENING.

The exhibition was duly opened on Wednesday afternoon by Lieut Governor Snowball. His Honor, accompanied by his private secretary, arrived at the grounds shortly after two o'clock. The band of the 67th preceded him playing appropriate airs. Col Vince, Capt Bull and Lieut McLean were a guard of honor. The governor wore his Windsor uniform. The Mayor, the Warden, the president of the agricultural society, the American consul, members of the Town Council, Hon Mr Farris, and and Dr Twitchell, editor of the *Maine Farmer*, came to the grounds with the governor's party. They took their places on a platform just outside the main building. There was a representative gathering of people, but not many ladies.

Mr C H L Perkins, the president of the society, presided and in a few words introduced the governor who made a pleasing and practical speech. He began by saying that this was the first time he had ever visited Carleton county. The scenery he had already seen was certainly such to inspire one. As an agricultural county, Carleton claimed to take first place, and no doubt deserved that honor. He hoped he was speaking to farmers as it was to them he wished to address his remarks. In many ways the province of New Brunswick had great advantages over the more western parts of the Dominion. He found on reference to statistics that one third of the oats raised in New Brunswick, were raised in this county. That was good, but the county was not making the progress in raising wheat that it should. He thought this was a mistake, and he could speak with experience as he was a farmer himself. From the Province \$7000 was sent out a day to buy flour, and statistics showed that Carleton sent away on an average, every day, \$690 to purchase flour. He thought also that this county should do more in raising fruit. Proceeding the Governor spoke of the mistake in his judgment of farmers raising trotting horses and Jersey cattle, and urged the farmers of Carleton county to go in for more profitable stock. When it was recognized that three quarters of the people of this Province were engaged in agriculture it was easily to be seen how very important it was that this industry should be fostered and in every way encouraged by the government. In his drive around town this morning he had noticed what a grand privilege the people of the town enjoyed in the water power. In these days of electricity, this was an almost invaluable franchise. Concluding the governor again expressed the great pleasure it gave him to be present, and said he would examine the exhibits with interest and report his opinion to his own people when he went home.

Mayor Belyea was next called on. He welcomed the governor to the town on behalf of the people. His name had long been known as a prominent New Brunswicker and the people of Woodstock were glad when they learned that such a worthy son of New Brunswick was elevated to the highest honor that could be enjoyed in the province. Warden Saunders for the county also extended a warm welcome to the governor on behalf of the people of the county. Carleton county was equal to most counties in the raising of natural products, but, he amusingly remarked, it could not equal the county from which his honor came in the production of deals. He considered the county had a great honor conferred on it, in the presence of his Honor to open this exhibition, and he trusted he would be impressed with the possibilities of Carleton county when he had seen the live stock and other exhibits.

Hon. Mr Farris was given a cordial reception. He spoke much to the point as to the mistake farmers were making in selling the hay off their farms, instead of raising beef and thus enriching their farms. The present policy of selling the hay must in the end have the same result if not changed as if a farmer drew his capital from the bank and did not replace it. Carleton County could always look to him to do anything in reason to promote its interests, while he held his present position. U. S. Consul Dennison made a brief speech just to the point. His office gave him the opportunity of

judging somewhat of the progress of the county in the butter industry and he could say from the figures at his command that the county was making wonderful strides, and there seemed no limit to which it could not develop.

Dr. Twitchell made a very eloquent speech of a few moments duration. He had been in and out with the people of this county and he could say that he could congratulate the farmers of this county on the progress they had made. This was very noticeable in comparing the exhibit he was at in this town 6 years ago, with the magnificent display that he saw around him to-day. The future of the province industrially, socially and financially depended on the progress that was made along the lines of agricultural development. The problem was to keep the sons and daughters in the East, and the only solution of the problem lay in showing to these young people that they had as good opportunities on the farm as in any other walk of life.

This ended the speechmaking and the Governor formally declared the Exhibition open. A large number of people came to the front and were introduced to His Honor. Every one was delighted with his hearty and agreeable manner.

MAIN BUILDING—FIRST FLOOR.

Herbert Harper, Jacksonville—Mr Harper, who is the agent for Carleton county,—shows, in operation, a Sharpless Tubular Dairy Cream Separator, hand, belt power and steam turbine. No discs or bowl complications whatever. Suspended bowl, bottom feed, low-down supply can. He claims that it is the closest skimming and easiest turning Separator in existence, and can be thoroughly and completely washed inside of five minutes, as there are only three pieces to the bowl.

Woodstock Carriage Company—Fred Moores, representing the company, showed a handsome Canopy Top Surrey, trimmed in blue; a two seated Piano Box, stick seat, trimmed in light cloth; a Bangor Buggy, rubber tired, trimmed in light cloth, carmine gear; a Piano Box, top; Open Piano Box, rubber tired, trimmed in light cloth; and a very handsome Pung, neatly trimmed.

John Loane showed a Carriage, Cornish body, cloth trimmings, wrought box axle which is the best axle made, Palmer spring; a light Driving Wagon, same axle and spring. These are hand made, home manufactured articles, by the well known firm of Loane Bros.

H E Burt had a handsome display of the McClary make of stoves. The Acme is sold for \$48; Kootenay Range, \$38; Yukon, \$28; Blast Heater, \$11. In the fancy goods department, Miss Burt had a handsome embroidered centre piece.

The Baird Company's display was arranged in pyramid form, handsomely decorated with bunting. It consisted chiefly of preparations for horses and cattle: The celebrated Granger's Condition Powders; Leeming's Spavin Liniment, a new preparation recently placed on the market; Lotisine Gall Cure, for horses and cattle; Kendrick's White Liniment, which is a standard liniment, known everywhere; the Axle Grease, crystalline, has a large sale.

Tea Rose Blend—C T Morton, representing J J McGaffigan, St John, had three charming young ladies busily engaged in dispensing that favorite blend of the "cup that cheers but not inebriates," to the hundreds of thirsty visitors; the reporter partook of a cupful, with cream and sugar, and pronounces it all right. John Connor is the local agent.

Ernest Plummer, Waterville, had a cream separator in working order, with dog power.

Governor Snowball and G. E. Fisher, Northumberland County, had a splendid exhibit that deserves mention. It included a mammoth squash that weighed 100 lbs, potatoes, ripe and green tomatoes, turnips, very large cucumbers and carrots, bag of oats, bag of wheat, corn, onions, and a new vegetable by the name of kahl.

Small & Fisher had on exhibition eight stoves. These were highly admired by visitors as the very best that could be manufactured, far superior to stoves imported from outside the county.

Woodstock Woodworking Company's exhibit consisted of five newel posts, a section of balcony, three front doors, three cymon doors, a section of hardwood flooring, panel work and wainscoting.

R. E. Holyoke had a stand, showing the goods he has in his popular grocery store, and the sales, at his stand, during the exhibition, were large.

Chesley Estey had a very handsome Dexter Pung of his own manufacture.

W. F. Dibblee & Son—Harry Saunders, representing the company, said they had five stoves, three of which he found customers for the first afternoon. The Triple Heater was the firm's specialty; Royal Grand Range oven thermometer, manufactured by

the Enterprise Foundry Co, Sackville, the greatest wood range manufactured; Grand Jewel Cook Stove; Little Giant Parlor Stove; Premium Souvenir, a range; two Royal Canadian Wringers; Columbia and Universal Wringers, ball bearing; a Gem Chopper, advertised by a cook book, for chopping meat, taking seeds from raisins, etc; Tin Mats.

MAIN BUILDING—SECOND FLOOR.

Carleton Woolen Mills Co—A. Myles, manager of the company, had a splendid display of the goods of the company, artistically arranged in the annex. It consisted of tweeds, homespun flannels, yarns, blanketting, horse blankets, bed blankets, ready made men's jumpers and pants, ladies' skirts and coats, and stock-ette. There were 20 lines of tweeds. The whole was a creditable exhibit, all made from native wool, comparing favorably with the imported Scotch tweed.

Atherton Bros showed a double harness; double driving harness, oride mounting; set rubber mounted driving harness; set solid nickel mounted driving harness; robe, blankets and mats of the firm's manufacture, and a half dozen of the celebrated Saskatchewan robes.

Hugh Hay & Sons—Fred Stephenson representing the firm, was really eloquent in describing the handsome display of furs shown and sold by the firm. It consisted of robes, jackets, ruffs and dressed skin. Special notice was attracted to the jackets of Alaska Seal, Persian Lamb, and Musk ox robes. The proprietor of the firm has invented and applied for a patent for "Hay's Curtain Seller," an ingenious cabinet for wholesalers and retailers, holding 30 curtains. By pulling a lever the desired curtain appears, and, when through with examination it returns on the carriers; when not in use, the cabinet occupies a space of 40x30 inches.

A Henderson's Manufacturing Co's exhibit was a large one, a credit to the exhibition, the county and Mr. Henderson. The goods were not made for the exhibition, but merely taken out of the stock on hand. There were 58 different samples of carpets—10 velvet pile, 25 Brussels, 5 Axminster, 10 tapestry, 5 wools, 3 art squares; 20 samples of rugs and mats. Of their own make—One three piece suit in birch, natural color; iron and brass bed; onyx table; one three piece suit in ash, finished in golden oak; one three suit birdseye maple, finished in natural color; large side board, quarter oak. Imported goods—quarter oak, golden finish; round extension table, do, do; dining chair, leather seat, do, do; oval centre table, do, do; new style ladies Davenport, do, do; Duke of York chair, do, do; Morris' self-acting chair, with lion's head, do, do; ladies' dressing glass, oval mirror; large self rocker, upholstered in maroon, morocco leather, worth \$40; spare piece of parlor goods in mahogany, inlaid with maple, covered in Duke of York brockite; assortment of wood mats.

Balmair Bros had a fine display of furs, sleigh robes, ladies and gents fur coats.

On this floor also was the cabinet, in the centre of the room, with a large display of butter. Here, too, were the tables containing the large and handsome exhibit of fancy work.

THE YARD EXHIBIT.

Balmair Bros—This firm showed the Perrin Plow, Wilkinson Plow, Moody Threshing Machine, Carriages, Harness, Robes and Furs. The firm is also agent for the Page Wire Fence Co., Walkerville, Ont., the merits of which were explained by C F McLean, who is connected with the firm.

Small & Fisher Co—This firm showed very extensively its manufactures. There were: Little Giant Threshers, Sawing and Shingle Machines, Rotary Mills, Horse Hoes, Plows, Stoves, Hot Air Furnaces, Farmers' Boilers, etc. A fine show, testifying to the ability of our local manufacturers to compete with the imported work.

Massey-Harris Co—Wm McDonald, the agent, showed the Bain Wagon, with hay and stock rack attached; Grain Grinder, Wheel Barrows, Side Hill Plows, Two Furrow Gang Plows and Sulky Riding Plows, Turnip Pulper, Straw and Hay Cutters, Mowing Machine; Grain Drill, broadcast and drill combined; Riding Cultivators.

Connell Bros—One of the best displays the firm has ever shown, was on exhibit, in care of Harry McKinley. It included a Threshing Machine, Cider Mill, Pulper, Spring Tooth Harrow, New Land Harrow, Lever Tooth Harrow, Drag Sawing Machine, Circular Sawing Machine, long and short; Farmers' Hog Boilers, Wooden Beam and Nos. 31, 32 and 33 Plows.

A. F. Lockhart had on exhibition and for sale a patent Grinder.

To-day, Thursday the weather is cool, bracing and bright, with the prospect of a fine day to-morrow. The attendance is far above that of Wednesday, the races are largely attended and proving of interest.

The attendance to-morrow will probably reach high water mark. Next week we will refer to the cattle and horses, which are by far the largest in number and finest in quality ever shown here, as also the vegetable and crops.

Gov Snowball says it is a wonderful show. He is proud of Car. Co.

Dr. Twitchell says some of the classes of horses were the best he had seen for 10 years.

Dairy cattle were all judged except the Guernseys. Horses all judged except the driving classes. Sheep and swine judged. Trafford's team sent from Centreville society captured the big prize for hauling.

Entries ahead of any year yet.

Attendance all that could be desired.

HIGGINS FOUND GUILTY.

The case of Frank Higgins for the murder of Wm Donerty, before the Circuit Court St. John terminated Wednesday. After eloquent addresses by the counsel for the prisoner and the Crown prosecutor, and a most careful and analytical charge by the Judge the Jury retired, and after a period of two hours and 35 minutes, returned with a verdict of guilty accompanied by a recommendation to mercy.

HYMENEAL.

KINNEY—SHAW.

A very pretty wedding took place at the home of L. W. Kinney 381 North Washington Street, Sept first, 1902, when Norton W. Kinney, of Wilkesbarre, Pennsylvania, and Jennie Wilson Shaw, were united in marriage by the Rev. B. F. G. McGee. The bride was attired in white and carried white carnations. The bridesmaid, Miss Ethel Edwards was gowned in pink and carried pink carnations. Horace Edwards acted as the best man.

PRICE—SHREWSBURY.

At high noon, on Wednesday, the 24th inst., at the residence of A W Hay, Lower Woodstock, R B Price and G Gertrude Shrewsbury, were united in marriage by Rev G A Ross. Both the young people are residents of St John. Mr Price is the son of Thomas Price, of Mecklenburg St, is a member of the men's clothing department staff in Manchester, Robertson & Allison. The bride is the eldest daughter of the late Rev. A R B. Shrewsbury and sister of Mrs. Walter Everett of this town. The wedding was private, none but the immediate friends of the contracting parties being present. The bride was attired in a becoming gown of white organdie with trimmings of lace and insertion and wore a coronet of orange blossoms. She was unattended. The happy couple left here for St John on the evening express. They will reside at 194 Charlotte street, and will be at home to their friends after Oct 1st.

Splendid Display of Pianos.

During Exhibition week the W H Johnston Co Ltd of St John and Halifax are making a display of high class pianos in the store nearly opposite the Carlisle hotel. The makes shown are Gerhard Heintzman, Mason & Risch, Newcombe and Mendelsohn in a variety of Styles. This is a good opportunity to see a variety of high grade pianos and of securing one at a very low price as the instruments are brought here to advertise and be closed out during Exhibition week.

FOOTBALL.

Encouraged by the good showing made by last year's team, the young men of the town intend to boom football with the utmost energy this fall. A good player has offered his services as coacher and a meeting of all interested in the game is called for this (Friday) evening, at the office of Fisher & A. B. Connell at 9 o'clock. Be sure to turn out and get in the game at the start.

CARR & GIBSON.

Watchmakers, Jewellers and Importers of Marriage Licenses, keep Wedding Rings of every size, 4 and 18 karat, guaranteed as stamped U. S. assay. Manzer's Block, 31 Main Street.

Marriages.

At the home of the bride, Belleville, Carleton Co., on Sept. 20th, by Rev. Jos. A. Cahill, John R. Martin to Miss Edith M. London.

At the Manse, Glasbury, September 17th, by Rev. J. K. Benoit, Mr. McNeill Ridout, of Mount Pleasant, to Miss Edith Irving of East Goldstream.

At the residence of Mr. James Fitzpatrick, Victoria County, Parish of Perth, on 16th inst., Mr. Atwood Fitzpatrick was united to Miss Rebecca Allan of the same place by Elder D. E. Brooks.

At St. Luke's Church, Woodstock, Sept. 24th, by Ven. Archdeacon Seales, James H. Keegan, of Newburg, Carleton County and Mrs. Barbara A. McCarron of the same place.

At the residence of Mr. George Butterfield, Bath, Sept. 23rd, by Rev. G. A. Giberson, Mr. Alexander Jensen to Lydia Cox, eldest daughter of Mr. Elias Cox, of Bath.

On the 17th inst., at the residence of Mrs. Annie Cowan, Lower Wakefield, mother of the bride, by Rev. John C. Berrie, May A. daughter of the late Mr. Harry Cowan to William A. of Hartland, son of Mr. James A. Babar of Upper Brighton.
