The Carleton Sentinel.

FRIDAY, JULY 4, 1902.

Published by THE CARLETON SENTINEL PUBLISHING CO., at their Office, in VANWART'S BUILDING, King Street, Woodstock, N. B.

LES DEBATS, Montreal, makes the statement "on Authority" that Sir Wilfred Laurier refused a baronetcy and a peerage and that both Hon. Messrs Fielding and Tarte declined the K. C. M. G., believing that it would be better to follow in the footsteps of Alexander McKenzie and Edward Blake as simple citizens.

THE KING.

The King's health continues to improve in a way satisfactory to his attending physicians, and eminently gratifying to his loyal subjects everywhere. He has had no serious set backs; is gradually recovering his strength, his appetite is improved, and the dressing of his wound is growing less and less painful. He is enjoying natural sleep and although still easily fatigued by the least exertion the indications are all most favorable for the indulgence of the hope that the danger line has been passed, and that complete restoration will speedily follow.

Provincial Teacher's Institute.

The annual meeting of the teachers' parliament which met at Fredericton, last week, closing on Saturday was, perhaps, on the whole the most successful session this most influential body has ever held. It was important from the fact that it had the largest attendance in its history, some four hundred and fifty being present; it was important on account of the high character of the subjects discussed and the papers read, and of the practical lines followed in all the questions considered. Such an interchange of views and opinions of matter and methods relating to their profession, considered in so wise and intelligent a manner must be productive of good, and lead the teachers to have the responsibility attending their calling as well as the dignity of their profession, more strongly impressed upon them, and better fit them for their important work.

THE BATTERY.

The Woodstock Field Battery have been unfortunate in that the weather has been of the most unpleasant and unfitting character for camping out or for outdoor drill. So far they have had but a few days in which the rain did not fall heavily, with the nights cold as winter. Notwithstanding these serious drawbacks good progress has been made in the drill. The members of this Battery are nearly all of them highly intelligent young men, ambitious and quick to learn, and under all the adverse circumstances, have made remarkable progress in their discipline and drill, more especially when the fact is taken into account that they are nearly all "raw recruits." The inspection officer is expected here so that the inspection of the Battery will take place probably on Saturday.

On Monday afternoon the camp presented a most attractive appearance when a large body of the lady and gentlemen citizens, armed with capacious hamper of good things, took the camp by storm, and subdued the officer in command, Capt. F. B. Carvell, down through the entire staff, to become their captives at will, and do their bidding. The picnic proved a most pleasant and enjoyable occasion, and the ladies especially, declared the military chaps "sweet good fellows."

The Battery will break camp on Saturday.

A large detachment of the Battery marched to the Methodist church on Sunday morning, when an able and appropriate sermon was delivered by the pastor, Rev. J. C. Berrie. A pleasing feature of the service was a solo, "Lead Kindly Light" rendered in a charming manner by Miss Maggie Ross.

A good many years ago a man named McDonald died at Hartland and was buried. He was a peddler, and was looked upon as almost a pauper. He was buried at the parish expense and his pack was interred with him. Recently the rumor spread that McDonald had a good deal of money when he died, which had been buried with him. The feeling became so strong that it was determined to disinter his remains.

When proceeding to the burial ground for the purpose it was found that the body had already been disintered, and if there had been money it was carried away; the remains were only partly re-covered, showing that the resurrectionists had left the work in a hurry. A good deal of excitement over the event has been aroused at Hartland and vicinity.

The marriage service was performed by Rev. J. D. Wetmore, of Coldstream, Carleton County. Bride's dress white organdie with extensive trail, was beautifully veiled, carried a bouquet of orange blossoms with other appropriate flowers. Gifts were rich, handsome and too numerous to mention.
