The Carleton Sentinel.

FRIDAY, AUGUST 1, 1902.

Published by THE CARLETON SENTINEL PUBLISHING CO., at their Office, in VANWART'S BRICK BUILDING, King Street, Woodstock, upstairs.

THE CELEBRATION.

The prospects for the coming coronation celebration are of the most hopeful character, and should the clerk favor us with fair weather, no doubt, Woodstock will witness the grandest and best "thing of the kind," she has ever experienced.

Of course it means hard work and plenty of it, supplemented by the almighty dollar, but those having the affair in charge are not afraid of a little work or a little expense; our citizens are "pooling" in hand-somely, and something is going to happen, "and don't you forget it." The lithographs will be here in a day or two, and will be liberally distributed throughout the county, so that the friends generally will know what to expect when they come to the "Great Carnival" on the 13th and 14th August.

Let our agricultural friends take a rest after haying, come to the celebration, and go home with greater zest to attend their farm duties, and better prepared by the rest for the preparation for the coming Exhibition. The women and children also will enjoy the rest and recreation.

The 13th and 14th August should be set aside especially for the purpose of taking in the celebration. The sports will be so diversified as to suit any and every taste.

The races will prove to many the most attractive feature of the sports, and these will be of a character to eclipse in interest and keenness of contest anything of the kind ever before seen in Woodstock.

The canoe races will be as follows: Squaw Race, Indian Tandem Race, White Men's Tandem, White Men's Single or Pairs, Tub Race, Log Race, Greasy Pole Walk. Illuminated Water Parade in connection with fireworks and bands; the residents on either side of the river will light bonfires. There are 13 or 14 canoes owned in the town, and everyone owning a canoe or boat of any description must have it at the river, even if the owner cannot man it. Races held under the auspices of the Woodstock Boating and Canoe Club, and entries can be made with E. K. Connell, secretary of sports committee.

THE CROPS.

The past two weeks have wrought a marvellous change in the growing crops; farmers were becoming discouraged over the cold, wet weather and were mourning over the prospect of a poor harvest. But now they bear a smile on their countenances and declare the coming harvest, with the exception perhaps of corn, will be a bountiful one. Grain and potatoes are looking fine and their growth is fairly booming. Hay is acknowledged now to be more than an average crop, and should the weather continue during haying of the character that has prevailed the past week, the barns will be filled with an excellent quality of hay.

Jamaica Will Exhibit at St. John.

W. W. Hubbard, secretary of the Exhibition Association, has received a letter from John Barclay, secretary of the Jamaica Agricultural Society, stating that he had been instructed to prepare and forward a Jamaica exhibit to the St. John exhibition. Mr. Barclay expresses regret that the time is too short to collect as large an exhibit as he would like to send. There is no doubt, however, that Jamaica will send an exhibition in every way representative of that thriving island British possession.—Sun

Albert McGillicuddy aged 18 years, came to his death by drowning, at Skiff Lake, on Sunday afternoon. He with a number of companions rode to the Lake on bicycles Sunday, and while there went in bathing. After wading out for quite a distance he was seen suddenly to stagger and fall, going under water, and appearing at the surface several times before finally sinking to rise no more. The body was recovered in about half an hour but all the efforts of J. T. Allan Dibblee, John Stewart, Ed London and J. T. Garden, who were at the Lake, to resuscitate, were useless, although they labored over him for over an hour. Deceased was the son of John McGillicuddy, a respected farmer living about four miles from the lake.

All Sunday School Workers, Attention!

We beg to remind all S. S. workers, of the county, that the Carleton Co. Convention will meet at East Florenceville, August 21st and 22nd.—There will be four sessions, beginning Aug. 21st, at 7.30 p. m., and morning, afternoon and evening of the 22nd. The county officers are anxious that this shall be the most useful convention held in many years. To make it such, a good program, full of helpful, stirring addresses and papers will be given. We want pastors of churches, parish officers, superintendents, teachers, and delegates to be present. We earnestly desire every school in the county represented. No school can be helped by the County Convention unless that school is represented at the convention. We desire a large attendance and wish all to come, filled with a desire to help and be helped. Will all schools and officers accept this as a notice to have their school well represented. Trusting that each school will act on the suggestions in this letter and send a delegation to the county meeting, we remain, on behalf of the executive—

Yours in the work,
JAMES K. FLEMING,
President.
JOHN L. FAWCETT,
Sec.-Treas.

The Rates to Manitoba.

Advices state that fully 20,000 Farm Laborers will be required to gather the tremendous wheat crop in Manitoba and Assiniboia.

The Canadian Pacific have made arrangements where oneway second-class tickets to Winnipeg will be issued from all stations in the Maritime Provinces on Monday, August 18th at rate of \$10.00.

At Winnipeg the Manitoba and Territorial Governments are arranging for a committee of Representative Farmers from every district to meet the laborers and engage the required number of men for each section and the Canadian Pacific will furnish Free Transportation from Winnipeg to points on the Main Line as far as Moosejaw and to Branch Line points South-west and North-west of Winnipeg in Manitoba and Assiniboia. It is hoped in this way to avoid the overcrowding in certain sections and the scarcity in other sections which occurred last year when the laborers before purchasing their tickets decided to what section they would go.

Each Laborer will be furnished with a Farm Laborer's Certificate which, when filled out by the farmer with whom he works and presented to Canadian Pacific Ticket Agent at that point at the close of the harvest season, will entitle him to return ticket to starting point at \$18.00 any time prior to November 30, 1902.

On this excursion 150 lbs of baggage, wearing apparel, will be checked free on each ticket. Half tickets will not be issued for children but tickets will be sold to women as well as men as there is a very large demand for female help throughout the entire west, especially at this season of the year.

Special Farm Laborers will of course not be honored on the "Imperial Limited." The business will probably be handled on passenger extra trains the entire distance. Tickets will be issued only via the Main Line going and returning.

Artisans and clerks, unless strong and accustomed to manual labor and able to work hard as Farm Laborers, are not wanted on the Farm Laborers Excursions. Anybody who is unable or unwilling to work at least one month as a Farm Laborer should not go on these excursions.

If any further information is required parties thinking of making the trip should communicate with C. B. Foster, D. P. A., C. P. Ry., St. John, N. B.

The King's Coronation.

New York, July 29.—The Commercial Advertiser publishes an interview with Capt. P. Hughes, aide-de-camp to Lord Minto, who did not accompany His Excellency to Canada on Saturday, but remained over Sunday at the Manhattan Hotel.

Capt. Hughes, referring to the postponement of the coronation and Lord Minto's return, said: The Governor General intended to remain in London until August 9th, but the uncertainty as to whether the coronation would really take place then, decided him not to wait. The physicians attending the King could give no positive information as to the King's condition. Besides, most of the leading representatives of the empire have returned home and if the coronation does take place it will be very quiet and with as little formality as possible. From what I have been able to learn from statements made to me personally by the King's physicians, I am doubtful if the coronation can take place even quietly on August 9. One of the reasons assigned by the physicians is the extreme heat which prevails in London that month, and they are inclined to advise that September be the date for the ceremony.

The Colonial Conference.

London, July 26.—The whole session of the colonial conference yesterday was devoted to the discussion of the imperial defence. An interesting proposal was submitted by Richard J. Seddon, premier of New Zealand, looking to the establishment in each colony of a militia reserve selected from the local forces of the colonies. The matter was thoroughly canvassed, but no action was taken.

The war secretary, Mr. Brodrick, it is understood, submitted certain plans of his own, which will be separately considered by the delegates, who will thereafter acquaint the military authorities with the requirements and requirements of their respective colonies.

The representatives of the war office are said to have been disappointed at the lack of enthusiasm shown for the scheme of imperial defence. Mr. Seddon's support of the idea was nullified by Canada and Australia standing aloof, Sir Wilfrid Laurier and Edmund Barton making it clear that they had no intention to ask their parliaments to sanction any military expenditures beyond what were required by their own defence. They were ready, they said, voluntarily to render service in any future war, as they had done in the war in South Africa and with this intention, to reorganize their local forces so as to fall into line with the imperial army in the way of employing standard patterns of arms, ammunition, etc.

The conference concludes its session August 1st.
