THE FISH RIVER BRANCH

OF THE B. & A. RAILROAD WILL OPEN UP A RICH SECTION OF COUNTRY.

Bangor, Me., July 29—The Fish River railroad, as the new branch of the Bangor & Aroostook, extending from Ashland to Fort Kent, is known, has been completed from Ashland to Portage Lake, 10 miles, and this week trains will begin running over that section. The entire branch will be completed by December 1, and ready for operation. This railroad extends up the Fish River valley, which is one of the richest sections of Maine in natural resources. At present the region is an almost unbroken forest of the most valuable lumber, spruce, cedar and pine. The railroad will furnish a new and direct outlet to American markets, and the country will be rapidly developed. Many mills will be built along the line, and their product, together with large quantities of logs for pulp mills, will be brought to Bangor, Millinocket and other points along the Penobscot, instead of to New Brunswick, as at present.

The biggest balloon ever made was by a German named Ganswedt, about 20 years ago. Its capacity was 20,000 cubic yards. It weighed 21 1-2 tons and would raise 3 1-2 tons into the air.

News from the Country.

Lower Woodstock.

On Tuesday evening a pleasing entertainment was given in the Opera house, in future to be known as Claud Campbell's new barn.

Robert Hay, the seven-year-old son of A W Hay, fired with a desire to help swell the Carleton Co Hospital fund, conceived the idea of a literary and musical entertainment and a magic lantern show. Tickets had been on sale for several days, and as the price was only one cent, they were readily sold. By the time the programme commenced, both the audience room and the gallery was crowded. Hannah Deakin played the harmonica, and Violet and Kate Winchester, Beatrice Green, Arthur Deakin and Murray McLaren Hay recited. Then followed the magic lantern show, conducted by Robert Hay. Florence Ferguson took the tickets at the door. Ice cream and cake were served, and the sum of two dollars (\$2.00) was realized from the evening's entertainment. And thus another mite is added to the hospital fund.

Messrs A W and A R Hay have returned from a trip through Quebec and Ontario.

Miss Grace Ingraham, of Temple, gave a Bible reading in the church here last Sunday evening. The people of this place will give Miss Ingraham a warm welcome at any time. They feel very grateful to her for the services rendered on two occasions.

Bristol.

M R Wakem has sold his house to Samuel Giberson, of Wicklow, who will soon move into the village. Mr Giberson has recently sold his farm, and will retire from active business.

A W Phillips, John Mead and E Dyer, have gone on a fishing trip to the Miramichi.

Chalmers Darrach, of Glassville, who went to South Africa in February of last year, returned on Saturday, and spent Sunday in Bristol. He was in the battle at Hart's River, where he was wounded in the leg, and spent some weeks in the hospital, after that he rejoined his corps, and remained till the close of the war.

On Sunday afternoon, Rev A H Hayward baptized two young ladies, Miss Maud and Violet Jones, who, in the evening, were received into membership in the Baptist Church.

Robert Scott, the Glassville mail driver, died on Monday afternoon of heart disease, just as he was entering the yard of Mr E Brooks, postmaster at Gordonsville. He had driven out from Bristol as usual, and had a passenger, Mr Chalmers Derrah, who was in the wagon with him when he expired. He was about 70 years of age, and was well known in Aberdeen where he had lived for many years. He leaves a wife and family, in Glassville, and also three brothers and a large number of other relatives.

South Wakefield.

As the former correspondents have failed to do their duty in the past few weeks I thought it too bad to let the other localities step over us. So here goes the news.

Miss Inez DeWare of Waterville was the guest of the Misses Maud and Lulu Britton last week.

Mr Harry Shaw is recovering from a severe cold which threatened pneumonia.

A very pleasant evening was spent at Miss Lena Kearney's on the 18th inst. The crowd was made up of people from Woodstock, Jackson-town, Waterville, St John, Boston, St Stephen, Victoria, Rosedale, Lower Wakefield, Upper Woodstock and South Wakefield.

Miss Elsie Orchard of Fredericton is visiting friends in this place.

Mr and Mrs Wallace Whyeth returned to their home in Boston on Saturday, July 19th.

One of our young ladies prefers the C P R route between Fredericton and St John, because her luggage goes by express.

Again we are called to listen to the wedding bells, which are not far off. Miss Lena Kearney with her friend Miss Patterson of Woodstock, are visiting at Tracey Mills.

Mr and Mrs Arthur Phillips and son of Boston, are visiting his mother, Mrs William Kearney.

Miss Lulu Britton entertained a number of her friends last Thursday. Mr Walter Shaw, accompanied his family from Plaster Rock to this place at which they are spending a few weeks.

Mrs George Baine and children of St Stephen, are visiting her parents, Mr and Mrs Kearney.

A tall "Hat" was found in the Field near the skimming station, by a young lady not long ago. I hope the owner will soon call.

Miss Clara Kearney, St John, has been staying with her cousin, Bessie Kearney, for a few weeks.

July 28th 1902.

What might have been a serious accident happened last week at Widow McDougall's: Mrs. R. H. Ross was removing a cartridge from her rifle, when it went off, the contents nearly entering her stomach; nothing but the hand of Providence saved her.

Dr. Churchill arrived here on the 24th, and registered at the Harmony, till Aug 1st. He has a fine supply of medicines; some to make sick and some to cure. His trip here will not be a success in medicine, as all in this hamlet are enjoying the best of health at present.

Mrs. J. Tapley was taken to P. R. on Wednesday by her son, in charge of Mrs. Jessie Vanderberk, who will see her safely to the Hospital in F'ton. Mrs. Tapley was very ill at time of leaving. She was taken on a bed.

Rev. Campbell, pastor of Tobique River, held service here on the 27th, in the Pres. church, also attended the Sabbath school in the above named church.

Rev. Fenwick, Baptist, held service in the evening at the B. Church; quite a large attendance.

Mr. and Mrs. Wm. Johnson, Foster Cove, and Mrs. Johnson's two sisters, were guests of Mrs. Wilson Tapley on the 22nd and 23rd inst.

Some of the farmers here have commenced haying, judging from the way the mowing machine has been singing to-day.

Sports keep coming and going; they will soon be done with the salmon for this season.

B. Doohan has a new man on the road; and he has his store fitted up in fine shape, expects a new supply coming Aug. 1st.

Miss M. McAskel is keeping house for Mrs. V. in her absence.

There is talk of a basket social here on the 6th of August; proceeds for church purposes.

ONE INTERESTED.

Robinson, Me.

July 28.

Mrs. P. Nickerson of Blaine is the guest of Mrs. Bethia Tapley.

A Holiness Convention was held on the Riverside camp ground July 24th.

Fred Tompkins Sr. is recovering from a severe attack of illness and is again able to perform light work.

The farmers here are reaping a bountiful harvest of hay. It is a much better crop this year than for many past seasons.

Last Saturday, Burrill Stackhouse in four hours sprayed with Paris green ten acres of potatoes for Norman Tapley, using Watson's Spray-sold by Gilman Bros. at Robinson.

The road known as the Johnnie Corey road leading through to Royall has now become public so far as the line.

Hair Splits

"I have used Ayer's Hair Vigor for thirty years. It is elegant for a hair dressing and for keeping the hair from splitting at the ends."—J. A. Gruenfelder, Grantfork, Ill.

Hair-splitting splits friendships. If the hair-splitting is done on your own head, it loses friends for you, for every hair of your head is a friend.

Ayer's Hair Vigor in advance will prevent the splitting. If the splitting has begun, it will stop it.

Glassville.

July 30.

On Saturday, the 28th inst, Preparatory service was held in the Auld Kirk. Rev J K Bearisto was assisted by W Benton Forgan (Catechist of Hartland). The service on Sabbath was largely attended, being the semi-annual communion. In the early part of the service the minister admitted a large number of young men and women to the church in full communion. Afterward the sermon was preached by Mr Morgan, from Psalm 11—1, 2, "Why do the heathen rage and the people imagine a vain thing? The Kings of the earth," etc. A large number partook of the communion, including many from other churches.

The new Kirk is progressing rapidly, under the management of Mr L E McFarland, contractor of Hartland. It is to be entirely modern, having the "embossed metal ceiling." Behind the pulpit three large memorial windows are being put in. A 900 pound bell has been ordered from Chicago; and the church, when finished, will be one of the finest in this vicinity. It will cost upward of \$3,000. A festival is to be held in the latter part of August, at which Presbyterians are expected from all over the County.

One of our young men seems to enjoy raking hay! Matters little whether it be done for his employer or for one of the neighbors.

Mr. George Monroe who was reported some time ago as being seriously ill, has gone to his last resting place. He lived to be seventy-two years old. More than fifty years of his life was spent on his farm in this town.

Camp meeting opens Friday Aug. 1st, with the annual Sunday school rally. Elder Stacey as usual will

take charge of the services during the camp meeting session.

Many temperance advocates from a number of our towns met in a convention at Presque Isle, July 24th, where they proceeded to nominate a sheriff and other officers whom they trust will be more persistent in enforcing the liquor law of Maine than those now in power seem to be.

A runaway is quite a frequent occurrence in this village. The most recent one occurred last Friday. Almon Robinson was horse-hoing potatoes, the horse evidently thought, a little past mid-day that he had done his share of work so decided to leave the field. He ran a distance of about half a mile. Fortunately the machine was not injured but the horse cut himself so badly that it was necessary to call W. Perkins V. S., of Centerville who skillfully dressed the wounds.

A neighbor in Bridgewater who was fortunate enough to have some old potatoes and wishing to dispose of some of them took a few barrels to Houlton one day last week. He was readily offered a dollar and seventy-five cents per bbl. and considering it a fair price he accepted it. But imagine he felt "left" when before leaving town he saw the same potatoes sold for three dollars per barrel.
