News from the Country.

Lakeville.

The County President has thoughtfully arranged, we understand, a plan whereby Wilnot Parish is to have the services of the Field Secretary for June 13, 14 and 15. Our boys have always been marked in the past for their reverence for God's house, and we have every confidence that they won't lose their reputation. While the servant of God last Sunday made no reference to the continued noise, it does not follow but that he found it very trying. With all due respect to both parties, the writer, who has a keen sense of justice, humbly suggests that ministers limit their remarks to thirty minutes. We teachers and preachers becoming intensely interested in our subjects, too often forget that young shoulders are seldom found carrying old heads. God bless the boys and guide us. Boys are the

The driftwood business has been pushed to its utmost extent during the past week or two.

Mr. Charles McCormack, one of our most popular citizens, while working with Chapman's C. P. R. bridge crew, cut his foot quite badly with an axe. We are sure we voice the sentiment of the people at large when we wish him a speedy recovery, with no evil effects from his hurt.

He is considerably over one hundred years of age and is a fine example of the hardihood and endurance of the Indian race.

The children of the place enjoyed themselves wonderfully hanging baskets the first of May. Persons who received baskets displeasing to them, should not show their ignorance by laying the blame on the wrong parties.

Tired Out

"I was very poorly and could hardly get about the house. I was tired out all the time. Then I tried Ayer's Sarsaparilla, and it only took two bottles to make me feel perfectly well."—Mrs. N. S. Swinney, Princeton, Mo.

Tired when you go to bed, tired when you get up, tired all the time. Why? Your blood is impure, that's the reason. You are living on the border line of nerve exhaustion. Take Ayer's Sarsaparilla and be quickly cured.

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows all about this grand old family medicine. Follow his advice and we will be satisfied.

DOLLY.

Jacksontown.

Ever since February an early Spring has been predicted, but April has not followed the directions and consequently, cold winds and rain have prostrated all expectations.

House cleaning is the most popular topic at present, and while it seems necessary to adopt the fashion, it is truly distressing to the male members of each family. They are only welcomed in the house when there is some furniture to move or carpet to clean, and if a fellow wants to call on his best girl he has to begin preparation the day before, for his collar will be moved to one end of the house and necktie to the other.

Road making took an early start this year and when the mud dries again we hope to have quite comfortable travelling.
