## The Carleton Sentinel.

FRIDAY, JANUARY 10, 1902.

Published by THE CARLETON SENTINEL PUBLISHING CO., at their Office, in VASWANT'S BRICK BUILDING, King Street, Woodstock, N. B., up stairs.

MAYOR HOWLAND was re-elected in Toronto, Monday by a majority of 4,652 over Wm. F. McLean, M. P.

JUSTICE GYNNIE of the Supreme Court of Canada died on the 7th inst., in the 88th year of his age. Justice Gynnie had occupied a seat on the bench for 33 years. Deceased was in good health until a few days before his death.

THURSDAY of last week was declaration day in York Co. The attendance was not very large, and the proceedings were of a quiet character. Mr. Gibson was officially declared elected, with a majority of 824. Both Mr. Gibson and Dr. McLeod made brief addresses.

TRURO Searchlight (Con): No minister of railways will ever manage the I. C. R. faultlessly, not any more than a minister ever has, but this much must be said for the Hon. Mr. Blair's management of the road: He has given it a splendid passenger car service. There are indeed some excellent passenger cars on the I. C. R., and they are greatly appreciated by the travelling public.

THE Telegram, Toronto, (Conservative), offers the following valuable advice to the Conservative party generally: Conservatism must either disown the tactics of F. D. Monk, M. P., in Quebec, or else drop its line of attack on Sir Wilfrid Laurier in the other provinces. \* \* \* They have no right to prosecute Sir Wilfrid Laurier as an anti-Imperialist in Ontario, while they are prosecuting the same Wilfrid Laurier as a pro-Imperialist in Quebec.

## Town and County Boards of Health.

## UNITING IN ACTION RE SMALL POX.

As we intimated last week, the Town and County boards of health, working in unison, have ordered all mail and express matter, coming to this county from the west, to be fumigated. For this purpose they have secured a box car and placed it at Queen Street station, placing Mr. Jacques in charge of the fumigating process. It takes nearly five hours for thorough fumigation, and in consequence the mail for Woodstock, by the Express, will not be distributed till about 6 o'clock, p. m.

The boards of health have appointed Drs. Sprague and Saunders, to attend all passenger trains running from McAdam to Woodstock, and prevent anyone from entering the limits of the county, who cannot show evidence of successful vaccination, or who might be supposed to bring the small pox here. One of the doctors will go down on the early train, returning by the Express; the other will go down on the afternoon Express, returning by the night train.

This action of the Health authorities will commend itself to the good sense of the people of the town and county. It will, of course, involve expense, but now is not the time to discuss who is to assume the financial responsibility; our authorities, impelled by a sense of the fact that the welfare of the people is imperilled, have very properly undertaken the work of prevention and later, it will be determined where the responsibility rests, and upon whose shoulders the financial burden will fall.

## ACCIDENTALLY KILLED.

Harry Chapman, 13 years of age, met with accidental death Wednesday afternoon, at the foundry of Small & Fisher, where he had been employed about a year. It is not known exactly how the accident occurred but supposition is that the lad was engaged in putting resin on the belt of the main shaft to prevent it from slipping, and when the lacing of the belt came around it struck the stick he held in his hand, causing him to lose his balance and throwing him on to the belt, which broke and wrapped around the body of the unfortunate boy. With each rapid revolution of the belt, the boys body struck the ceiling, and before the engine could be stopped it is supposed he came in contact with the ceiling some 40 times. Both legs and his left arm were broken and skull crushed; his socks and boots were thrown from his feet. When removed from the belting the boy was conscious and could talk, and remained so up till about the last moment before his death. He was carried on a stretcher to his home, but died shortly after reaching there. Drs. Hand and Rankin were called, but their services were useless.

## Woodstock Hockey League.

The second regular meeting of the Woodstock Hockey League was held on Monday evening, in the office of the president. Those present were President Balmain, Secretary Sheasgreen and Messrs Wilbur, Manzer, Dibblee, Holyoke, Harrison, Monahan, Dr. Saunders and members of the various teams.

Correspondence was read from the Sackville and St. Stephen teams, in which they dwelt on the friendly visits made last winter to this town, and expressed their willingness to come again.

On motion the secretary was instructed to further correspond with those teams, looking to an early game with the local team.

Remarks were made by the president, which were well received.

The composition of the junior teams has not been made as yet.

The senior teams have not yet selected their names, but the final slate of players follow:—  
 S. Pickel, goal; A. D. Holyoke, point; K. Connell, cover point; N. Loane, F. Saunders, W. Nicholson, G. Mercer, forwards; S. Carr, spare man.

H. McKinley, goal; W. Walker, point; D. Connell, cover point; H. Drysdale, J. Dibblee, F. Fisher, F. Drysdale, forwards; L. Hull, L. Millmore, spare men.  
 C. McKinney, goal; F. McLean, point; D. Nicholson, cover point; G. Connell, W. Drysdale, D. Stevens, C. Dalling, forwards; J. Balloch, M. Tapley, spare men.

## Rev. W. O. Raymond's Noble Work.

The many friends of Rev. W. O. Raymond in this County, will be gratified to read the following complimentary notice, taken from the St. John Globe of the 4th inst:—

Rev. W. O. Raymond will resume his pulpit duties a week from Sunday. Tomorrow (Sunday) Rev. J. A. Richardson and Rev. Mr. Craig, of Trinity church, will conduct the service in St. Mary's. Mr. Raymond has been more than a month engaged in a noble work among the smallpox infected homes, and for two weeks and over has been practically isolated. He and Rev. Howard Roach, in working together have officiated at the death beds and graves of nearly all the victims of the dread disease, observing the very strict orders of the board of health afterwards. Talking with a Globe reporter, the philanthropic rector of St. Mary's said the time had been replete with harrowing incidents and most pathetic little occurrences, known only to those in immediate touch with the infected and quarantined houses. Speaking of the nurses, Mr. Raymond said on the whole their work was heroic. None shirked the most dangerous duties, it being a common sight to see a child in the worst stages of the disease being lifted and carried in the arms of these brave young women.

## HOME. AT REST.

The remains of E. B. Bailey, whose death, at Montana, we chronicled last week, reached here on Monday and were met at the station, and followed to his mother's residence by a number of friends. The funeral took place on Tuesday afternoon, Rev. J. C. Berrie conducting the service. A handsome pillow of cream roses, &c., bearing the word "Brothers" in large purple letters was placed on the casket, the plate on which bore the words "At Rest." The pall bearers, members of Woodstock Lodge of Free Masons, whose members, in regalia, walked in a body, were C. J. Tabor, James Gibson, J. H. Wilbur, Dr. Manzer. Interment took place at the Methodist graveyard. The impressive Masonic funeral service at the grave was conducted by Past Master John McLaughlan.

## Death of Mrs. Neales.

Our obituary column, last week, contained notice of the death of Mrs. G. Finnis Neales. The death of this lady occurred at her home, Somerville, on New Year's eve. Although having been an invalid for some length of time, her death came as a great shock to her family and friends. Deceased was 28 years of age, and leaves a husband and four small children. The remains were brought to the Rectory, Woodstock, on Wednesday whence the funeral took place on Thursday. Archdeacon Neales and Rev. Scovil Neales officiated at the Parish church, the burial being in the graveyard adjoining.

## Officers Elected.

The officers elected for Ivanhoe Lodge, No. 7, K. of P., at a late meeting, are as follows:

A. D. Holyoke, past chancellor;  
 Dr. Sprague, C. C.;  
 F. L. Mooers, V. C.;  
 H. P. Baird, prelate;  
 H. V. Mooers, M. W.;  
 J. A. Wilbur, M. of A.;  
 H. D. Stevens, K. of R. & S. and M. of F.;  
 W. R. Snow, M. V.

## MILITARY DINNER.

The annual dinner of the 67th Regiment Carleton Light Infantry, Brighton Engineers and Woodstock Field Battery was held on Wednesday evening at the Carlisle Hotel.

Long before the hour fixed for the function a most unusual military aspect was given to the place by the large number of officers present in regimentals. Shortly before nine o'clock the officers and their guests betook themselves to the spacious dining room of the hotel, which was prettily decorated with pictures, potted plants and bunting, and sat down to a bounteous repast served in the most acceptable manner by the able corps of waiters.

The menu which was prettily gotten up and makes an excellent souvenir of the occasion was as follows:

Bisque of Oysters Aux Crevilles.  
 Michigan Celery.  
 Boiled St. John Harbor Salmon.  
 AUX Petits Pors.  
 Olives.  
 Roast Domestic Turkey, Cranberry Sauce.  
 Mashed Potatoes, French Green Peas.  
 Lobster Salad, Escalloped Tomatoes.  
 Chicken En Mayonnaise.  
 Boiled Lilly Brand Ham. Boiled Ox Tongue.  
 Roast Prime Rib of Chicago Beef au Jus.  
 English Plum Pudding. Hard Sauce.  
 Cognac Sauce.

Apple Pie. Lemon Pie.  
 Pistachio Ice Cream. Coconut Cake. Coffee.  
 Those who gathered round the tables were as follows:—Lt. Col. Boyer, Baird, Vince, Hartley; Majors Good, Harding and Kirkpatrick; Captains F. B. Carvell, Raymond, Kennedy, Ross, Bull, Harry Carvell, Margison; Lts. Kirkpatrick, Ross, Fields, Good, Carr, McLean, Rideout, Wetmore, Stevenson, Gray, Melville, Adams; Mr. Aiken of the First Contingent; His Worship Mayor Belyea and Warden Cronkhite, Mr. Ketchum of the Press, Mr. Appleby of the Dispatch and a SENTINEL representative.

After full justice had been done to the many good things displayed, the chairman, Col. Boyer, arose and asked all present to drink to the health of His Majesty the King. A stirring rendering of the National Anthem followed.

A telegram from Major Tompkins and letters from Lt. Col. Dunbar, D. O. C., Lt. Col. Dibblee, Major Baker, James Watts of the SENTINEL and Fred Stevens of the Advertiser, were read, expressing inability to be present, also a telegram from Col. Dysart.

Col. Hartley proposed the next toast which was to the Town, County and the town of Woodstock, coupled with the name of Mayor Belyea.

This toast was drunk most enthusiastically, and was accompanied with the singing of "For He's a Jolly Good Fellow."

His Worship, in responding, made a vigorous and eloquent effort which was loudly applauded.

Capt. F. B. Carvell, in a neat speech, proposed the health of the warden and municipality of the County of Carleton, referring in complimentary terms to the honorable career both in political as well as military life led by the esteemed warden.

Warden Cronkhite in his response was most happy, complimenting the several regiments on their efficiency and declaring his services still, if need be, at his country's call ready to take the field.

Capt. Raymond proposed the toast to "The Reserve List of Officers," which elicited able replies from Lieut. Col. Baird and Vince.

Mr. T. C. L. Ketchum proposed the health of "Our Returned Heroes," coupled with the names of Major Good and Mr. Aiken.

These gentlemen made very pleasing addresses in responding, and instanced many little interesting accounts of events during their campaign in South Africa.

Mayor Belyea proposed a toast to "The 67th Regiment," which called forth eloquent responses from Col. Boyer and Hartley.

A toast to the Brighton Engineers was ably responded to by Lieut. Melville and Carr.

A toast to 10th Field Battery, responded to by Major Good and Capt. F. B. Carvell, was proposed by Col. Vince.

The health of The Ladies was ably proposed by Lieut. Melville and gallantly responded to by Capt. Bull, Lieut. Carr, and most eloquently by Warden Cronkhite.

Capt. Carvell proposed The Press, which was replied to by Messrs Ketchum, Appleby and the SENTINEL representative.

The health of Our Host was duly proposed and honored, after which the company arose, joined hands amid the singing of Auld Lang Syne, followed by the National Anthem, which brought to a close one of the most successful military gatherings ever held in the County of Carleton.

A most enjoyable evening was spent by all present. Too much praise cannot be given the efficient committee having the matter in charge, which was unanimously voted a success in every particular. It is safe to say that every officer will look forward with keen anticipation until another such annual gathering takes place.

The best advertising medium in the Northern Counties is SENTINEL.

## Vanceboro Railway Station Destroyed.

The Maine Central railway station at Vanceboro was totally destroyed by fire on Tuesday morning at an early hour. The building included ticket office, baggage room, telegraph office, waiting and sleeping rooms, also large dining room, which, however, has not been in use since last October, as passengers now get there meals at McAdam Junction. The origin of the fire is unknown. With proper water supply the building could have been saved as there was no wind.

The Vanceboro station was used jointly by the Maine Central and Canadian Pacific railways, and until the building of the new McAdam station was the most important stop on the line between St. John and Montreal or the States, as meals were served there and baggage examined there.

## Steamboat Service Between Fredericton and Woodstock.

The Fredericton Gleaner: "The Council of the Board of Trade held an informal meeting, last evening, and discussed certain matters in connection with the steamboat service between this city and Woodstock. During the past three or four years the trade formerly had by Fredericton merchants with points along the river, Prince William, Hawkeshaw, Southampton and other places, has been slipping away and going to Woodstock, St. John and St. Stephen, the merchants of which places can ship goods by rail to better advantage than can the traders of this city. It is a fact, however, that if an all summer steamer service was maintained on the up-river route that a large part of the trade could be done by Fredericton wholesale merchants, who are enterprising and as well prepared to do trade, when terms are equal, as are the traders of any part of Canada. The Board of Trade will, probably, make some recommendations upon the matter when it meets in annual session in a few days.

The annual meeting of the Fredericton and Woodstock Steamboat Co., Ltd., will be held at Middle Southampton, on Tuesday next. This is the company which is acquiring the steamer Aberdeen and building another lighter draught steamboat and which expects to do a large freight business, maintaining a continuous tri-weekly service from the opening of navigation until the river freezes up in the fall. The new steamboat is expected to draw from 12 to 15 inches of water when loaded, and with the dredging of two or three of the sand bars will be able to continue upon the route all summer. The benefits which will accrue to Fredericton and the advantages which the residents along the river will have by such a continuous freight and passenger service can scarcely be overestimated. The enterprise of the Fredericton and Woodstock Steamboat Co. is being backed up by the merchants of this city and men all along the river. Mr. James S. Neil is the President of the company, which is a guarantee that it is to be conducted prudently and energetically. It is understood that the stock list of the company is yet open to any desiring to invest in the enterprise.

January Canadian Magazine.

Professor Goldwin Smith discusses "The Public School Question" in the January Canadian Magazine, characterizing our present system as mechanical and inflexible. He thinks voluntary schools might be grafted on our present system with some advantage. The Hon. L. G. Power, Speaker of the Senate, discusses our Military system, and advocates the enrolment of all citizens in the volunteer force, with a shorter, unpaid drill season. He bases his suggestions on the experience of Nova Scotia before Confederation. Arthur H. U. Colquhoun discusses the Reciprocity situation and intimates that Canada has nothing to expect from the United States. Arnold Haultain gives a beautiful word picture of the Sea. Welford W. Beaton describes a new Canadian Glacier, his article being well illustrated. W. G. Ross gives a History of Street Railways in Canada, and Jean Blewett contributes a story. The number is exceedingly valuable.
