The Carleton Sentinel.

FRIDAY, MARCH 28, 1902.

Published by THE CARLETON SENTINEL PUBLISHING CO., at their Office, in VANWART'S BRICK BUILDING, King Street, Woodstock, upstair.

THE Dominion Government has offered a fourth contingent for South Africa.

JOHN E. PORTER has been elected valedictorian for the class of 1902, at the University of New Brunswick.

OWING to the obstruction for a short time on the C. P. R. route last week, some correspondence intended for last issue did not reach this office in time—it appears this issue.

SUNDAY will be "Hospital Sunday" in several of the churches, of the town, when sermons will be preached bearing on the hospital question, and pledges asked for in aid of the movement.

REV. LEBARON FOWLER died at Exeter, Me., the other day. The deceased, it will be remembered, was it on time curate at this town where he made many friends. His wife survives him.

THE by-election at Beauharnois, on Wednesday, was a keenly contested one, and resulted in a victory for the liberal candidate, Mr. Loy, over his opponent, Mr. J. G. Bergeron. The exact majority is not known as we go to press, but it is quite handsome.

THE DOMINION BUDGET.

In this issue we present our readers with the budget speech of Finance Minister Fielding, Mr. Borden's reply, and the exhaustive speech of Sir Richard Cartwright. The best compliment yet paid the Finance Minister's speech, is in the very weak reply that the leader of the opposition was able to make thereto. Truly the lines of the Dominion government have fallen in pleasant places! While we would not for a moment claim for the government entire credit for the unusual tide of prosperity now passing over the Dominion, yet they are, certainly, entitled to very great credit for their wise administration of public affairs, in such a manner as to have largely contributed to the happy and prosperous condition of things at present existing. The speeches are worthy of close reading, and the facts stated are such as should gladden the heart of every true Canadian.

THE HOSPITAL.

The hospital movement grows apace and the present signs are so bright as almost to warrant the statement that the success of the venture is an absolute certainty. The Provisional Directors, and a number of the ladies of the town had a conference on the subject, when Dr. Hand made the statement that pledges to the amount of \$1600 had been made; that the sale of a house and lot would realize \$800, and that the Local Legislature would give \$500, and other sources considered reliable. A Woman's Auxiliary committee was formed with Mrs. F. H. J. Diblee, chairman; Mrs. W. B. Bel-yea, secretary; Mrs. (Dr.) Kierstead, treasurer. The ladies intend making a house to house canvass for contributions to this worthy object.

Drs. Hand, Rankin and Saunders were appointed a committee to select a suitable building to rent for a hospital.

Another Interesting Debate.

The Debating Society on Thursday evening of last week had before it the question "Resolved that voting should be compulsory," and it was debated in a highly interesting and capable manner; in fact it was certainly a wonder the ease and ability displayed by the young men who were so little accustomed to public speaking. It goes to prove the importance of such an institution in developing latent talent. The affirmative of the question was opened by H. Saunders; E. K. Connell opened in the negative. The other speakers in the affirmative were N. F. Thorne, H. McLauchlan, A. W. Young, H. Paxton Baird, R. E. Holyoke, H. D. Stevens; negative, W. Carey Hay, D. Campbell, W. Balmann, J. Balloch, W. Saunders, D. Nicholson. President Holyoke acted as critic and decided in favor of the negative.

Bicycles have made their appearance on the streets.

WEDDING BELLS.

A very pretty double wedding took place at Lakeside, at the residence of Charles F. M. Carpenter, Esq., March 19th, 1902. When two daughters of the late Edward Beacom Esq., were united in holy wedlock. Miss Laura Ruth to Robert H. Gillies, of Lakeville, and Miss Ida Victoria to Wilbur E. Williams, of Long Settlement, by Rev. Wm. H. Spargo. At 3 o'clock in the afternoon, Miss Alice Williams rendered the wedding march in fine style; and the happy couples walked under an arch of evergreens, presenting a most attractive appearance; where before a large gathering of friends and relatives, the impressive ceremony was celebrated, and the young people joined together in the sacred bonds of holy matrimony. The bride's were attired alike with dresses of White Organdy, bridal veil and trimmings to match; each carried a bouquet of white roses and maiden-hair fern. The grooms were fittingly attired in black suits. The whole affair presented a very novel sight, not often witnessed. After the ceremony 70 guests sat down to a sumptuous repast. The young people received a large number of costly and beautiful presents, and the hearty congratulations bespoke the high esteem in which they were held by all their many friends. We all wish them "Bon Voyage over the ocean of life."

MERRITHEW—ANDERSON.

The home of Samuel and Margaret Anderson, Upper Bloomfield, was the scene of a very happy event on Wednesday, March 19th, it being the occasion of the marriage of their only daughter, Eliza, to Mr. Wilmot B. Merrithew. Despite the almost impassable state of the roads a large number of invited guests were present. Rev. E. W. Simonson officiated. The bride was given away by her father. She was very handsomely and becomingly dressed in blue with white satin trimmings. The groom is one of the popular young men of the upper part of the county and resides at Goods Corner. The bride was the recipient of many useful and beautiful presents. Both parties have a host of friends who wish them abundant and unbroken happiness.

NEVERS—DENT.

At the residence of the bride, Woodstock, on Wednesday evening, 19th inst., at eight o'clock, Mrs. Elizabeth Dent was united in marriage to Mr. Ired A. Nevers of Hartland, the ceremony being performed by Rev. F. Allison Currier, M. A. Mr. and Mrs. Nevers will reside in Woodstock for the present.

GRAND LODGE, I. O. A.

The annual meeting of the Orange Grand Lodge at Fredericton last week appears from the published reports to have been a largely attended, satisfactory and interesting one. During the year four new lodges had been organized, four reinstated and a County lodge formed. Instituted 424; reinstated, 98; admitted by card, 68. The finances were reported in a healthy condition, with a balance on hand of some \$1200. The following officers were elected and installed by P. M., J. A. Armstrong:—

Senior deputy grand master, J. A. Lindsay, Carleton Co.
Junior deputy grand master, Henry Wise, Northumberland.

Deputy grand secretary, D. H. Charters, Moncton.

SAD ACCIDENT.

A very sad accident happened to James Gray, of Pembroke, on Friday afternoon, of last week. He was driving with a friend over the river bridge, on his way home, when he accidentally fell from the wagon and was badly crushed between the wheel and the body of the wagon. He was taken to Dr. Prescott's office, and his wounds dressed. The doctor found no limbs broken, but the other injuries were severe. One of his ears was torn off and the other nearly severed; the collar bone was broken; the skull fractured and laid bare for four inches; the chest was injured, and the shoulder blade dislocated. Mr. Gray, who is 87 years of age, was removed to his home on Saturday.

Mr. Gray suffered from his injuries until Tuesday, when he died. The funeral took place on Thursday.

Step into Noble & Trafton's and feast your eyes on the tempting display of canned goods, jellies, preserves, prunes, apricots, oranges, lemons, nuts, etc., and then purchase, take them home and feast your palates. The veriest epicure can find goods in the lines indicated that will meet their taste however fastidious.

Ladies costumes (tailor made suits) \$5.50 to \$10.50 at C. M. Sherwood's. Inspect these serviceable goods, now arriving, before you throw away your money to peddlers. His \$10.00 line is superior to those sold at \$16.00 to \$20.00 by hawkers. He is doing just the same thing with mens and boys clothing, furniture, and lots of goods, and invites keenest comparisons by shrewdest inspectors.

The People's Bank has been much improved in its internal appearance. The wood work has been newly varnished, the walls papered in tints, the business department in green and the manager's office in a handsome shade of cardinal with broad rich border. The work was well done by Foster and Jewell. A new office table graces the manager's room. A new handsome steel safe, of the very latest and must approved pattern has also been placed in the vault of the bank.

The Freshet.

When we went to press last week the freshet in the river looked alarmingly dangerous, and grave fears were entertained for the safety of bridges and buildings along the river side, but fortunately the damages while serious, was not so great as feared. Hartland suffered the most of any other section along the river. The breaking away of the jam which was making so much mischief and threatened the safety of the bridge, as we went to press with last issue, relieved the pressure, and allayed the fears of the villagers. A building at the ferry road was torn from its foundation and cast against the bridge, as well also as the laundry building. Keith & Plummer's cheese factory was moved, and a large stock of sugar and groceries in their cellar was about entirely spoiled; the following were also sufferers to a greater or smaller extent, Shaw & Diblee, Allan Bradley, Harry Hunter and others.

At Edmundston, on Monday, the ice started and a jam formed extending four miles and causing the water to rise 25 feet, two feet higher than ever before. A number of washouts on the Temiscouata railway occurred.

The river is now clear of ice from Grand Falls to Bear Island, but from there to Springhill an immense jam of ice, logs, etc., exists, which should the water rise enough to carry the jam off, destruction would mark its pathway. Below that point the river is free of ice to St. John.

A large number of bridges throughout the province have been swept away, and two deaths have resulted from the swollen waters.

The damage in the town consisted in the sweeping away of the slips at Hayden's mill and McElroy's mill, Grafton, and the toppling over the of smokestack at the Woodworking company, on Drysdale's flat. As we go to press the waters in the Meduxnakik and the river are on the fall.

A HANDSOME DONATION.

The many friends of the Rev. J. D. Wetmore, of the Baptist church at Hartland, lately presented him with a small token of their esteem in the form of a donation of \$32.50. This was the more unexpected to him as the regular donation took place but a few months ago. Pastor Wetmore was deeply moved by the evidence of goodwill and appreciation of his work.

For the last eight weeks special meetings have been held in the church of which Mr. Wetmore is pastor. The spirit's power has been felt among us. Sinners are coming to the Saviour and the weak are being strengthened in the way. Twenty-eight have already followed our Saviour in the ordinance of baptism and many more have publicly professed Christ, and still the good work goes on. A CHURCHMEMBER.

What is more attractive to the eye upon entering a house, than a handsome stair. The Woodstock Woodworking Co. is introducing something strictly new in this line for 1902. They employ the best turner in the Province and their work is guaranteed, and it will pay you to give them a call before purchasing elsewhere. Corner Green and Elm Streets, near Small & Fisher's Foundry.
