News from the Country.

Upper Woodstock.

Not having seen any news from this place for a long time I thought it would not be a bad idea to let the people know that Upper Woodstock

is not dead, although some of the friends, think it should be fenced in. I have come to the conclusion that the outside of the fence would be the best place for the friends in question.

We are glad to learn that Mrs. S. Perle, who has been seriously ill, is slowly recovering.

Is it true that some of the people from the lower end of the village are coming up to be our neighbours?

Mr. Henry Brewer had one of his toes amputated Monday. Dr. Sprague & Keirstead performed the operation.

We feel sorry for the horse that stands out in the storms during the greater part of the evening.

There are rumors of another party in the near future.

Was it solely for the purpose of going to church that we saw those young ladies from silverdale pass through the village Sunday.

Mr. Herbert Carr of Canterbury spent Sunday with relatives here.

Mrs. Brown and daughter of Stillwater Minn., who have been spending the winter at Boiestown, are now visiting her sister Mrs. J. Foren.

We are glad to see so many of our young folks attending church so regularly.

Miss Bessie Nevers returned last week, from a visit at Windsor.

Who is it that is attracted to the house under the Hill?

Some people prolong their evening calls:

PAT & MIKE.

Newburg Junction.

March 25th, 1902.

The snow has all gone here and waggons are going on the roads again.

Our boys are getting ready to go on the drive, a few are gone.

Bruce Gallagher and his brother Frank killed a large bear the other day. They were chopping cordwood when Bruin appeared from out of a lot of brush; Bruce was the first to reach him and struck him several times with the axe and Frank getting to him the two plucky boys fought the bear till he was killed, and brought him to the house on the sled. He was the largest bear killed in Newburg for a number of years.

Peter Gallagher reached home last week, he hauled one horse 200 miles as it got its hip knocked out up on the Tobique.

Robert Robinson has a crew of men chopping cordwood.

Mr. John Gallagher is laid up with a lame leg, Dr. Hand in attendance.

David McLaughlin is very low with appendicitis, Dr. Saunders in attendance. Mr. Jones Tromby is able to be at work again, after being confined to the house for a few days, and Charles Culbert's ankle is so he can walk on it again.

SILVESTER.

Upper Kent.

The Auxiliary of the W. M. S. was favoured with quite a large attendance at their pie social, at the residence of Mr. Albert Hawthorne, on Wednesday evening of last week. There was an interesting musical and literary programme. The members of the Auxiliary presented their president, Mrs. G. F. Miles, with a very nice hand satchel. Every one present seemed to enjoy the evening's entertainment, and pronounced it a grand success. The proceeds, amounting to twenty-two dollars, goes to foreign missions.

S. C. Salmon, who has for several days, been confined to his bed with a severe attack of acute rheumatism, is slowly recovering.

Leo Miller, while working at River-de-Chute mill, had one of his legs badly jammed with logs.

The weather is very spring like.

MORE ANON.

Ashland.

The recent thaw has reminded us that gentle spring has arrived, and that house cleaning with all its ills and pains has come hand and hand with it.

Much interest is being taken in the meetings held in the F. B. Church at Rockland. It seems too bad that we have no Sunday School here. Can't an effort be made and one organized?

Miss Annie Gillis spent Sunday at home. Mr. Saunders went on a few miles farther.

Miss Marian Waters is at home on a visit to her parents.

Was it really on account of the mud that our Williamstown friends gave up their proposed social. You see Tuesday night was beautiful after all. You need grit to push ahead in this world. The writer has often thought the African battlefield would be almost tame to some of the home christian warfare.

Miss Rhoda Corbett and Mr. Harry Carvell are both expected home for their Easter holidays.

Mr. Handford Tracey's mare Maud, which has been very ill, is improving.

The saw mill has got to work again. It sounds good to hear its joyous ring once more.

Andover.

March 26th, 1902.

The very sudden change of weather from our cold winter to the spring like weather we are having at this date is something unprecedented in the memory of the oldest inhabitants. Imagine if you can the 17th day of March, no snow and the ice running out of the streams and, in some places, frost out of the ground and roads dry. And still more surprising, your correspondent was informed that plowing was done last week in this vicinity, and was said to be all right. While early Springs are welcomed, still a big loss is sustained by so early a break up of the hauling on snow, as lots of lumber, wood and bark that were to have reached the railway will have to remain in the woods. The lumbermen are gathering their crews for stream driving and a hustle is prominent among that class of labor.

The ice ran out of the Tobique River last week; it did no damage this year as some expected it might so the railway on that branch has had no mishaps in way of ice jams or washouts, as we read in most every other section of the Province of serious losses occurring. The ice jam at Caribou went out on Sunday and left it over the track above the dam, and a large crew of men are working at it. The trains have not reached Presque Isle for nearly a week.

Senator Baird started for Ottawa on Thursday, but owing to the delay in the train, caused by the big ice jams and washouts, was forced to return till after Easter.

Jas Dorsey of Fort Fairfield loaded a car of potatoes at Pokio siding last week for which a good price was paid; they are quoted at Fort Fairfield, \$2.20 and \$2.25 per bbl, and some large lots are being held.

Mrs. James Tibbitts returned home on Saturday after a three months visit to Milwaukee, Neidland City, Boston and other towns.

The recital in Trinity Church on Saturday evening; (the occasion being the opening of the new pipe organ) under the management of Thos Rogers, (organist of St Paul's Church Fort Fairfield), was a decided success. The programme consisted of several instrumental solos by Mr. Rogers; anthems and hymns by the choir; a solo by Mrs. Frank Sadler "The Holy Hills of God"; two selections from Mendelssohn's "Me ssiah" by Miss Winnie Rogers; an address on music by Rev Mr Hartt, Rector of St Paul's Fort Fairfield. After the Recital refreshments were served to the choir at Mrs. Reed Bedell's. The organ is a very fine one and much credit is due to the Rector, Mr. Hillock for getting it. Mr. Hillock has about finished his pastoral year and a great effort is being made by his many friends to keep him longer; he is a man of more than ordinary ability and if he goes he will be much missed.

Arthur MacKenzie spent Sunday at the Court House.

Sheriff Tibbitts returned last Saturday from a trip to Houlton and Woodstock.

The Band boys are to give a concert and dance in Beveridge's Hall on Easter Monday evening.

I Coughed

"I had a most stubborn cough for many years. It deprived me of sleep and I grew very thin. I then tried Ayer's Cherry Pectoral, and was quickly cured."
R. N. Mann, Fall Mills, Tenn.

Sixty years of cures and such testimony as the above have taught us what Ayer's Cherry Pectoral will do.

We know it's the greatest cough remedy ever made. And you will say so, too, after you try it. There's cure in every drop.
