### News from the Country.

Newburg.

Feb. 10th, 1902.

We have had one of the heaviest snows and blows we ever witnessed in this vicinity; considerable damage was done to buildings; Hugh Johnston had the roof blown off one of his barns. James Regan had the roof blown off his also.

Miss Phoebe McGuire, who has been sick for some time with the fever, is visiting her people in this place.

The roads have been blocked, but they are opening up now.

Charlie Sparrow has spent a few days home after spending eight months in Uncle Sam's domains. Tom came, too!

The wind in its flight blew Aratus Cummings well house away and Joseph McGaughy's granary also.

ONLY ME.

### Riley Brook.

Feb. 10.

Stormy period continues; the beautiful sun has hid its smiling face for nine days. Makes business dull in this small hamlet.

Mr. S. Hayden has been quite ill the past week; not any better to-day.

Mr. J. J. Hale and Mr. E. McCollum left here on Friday for their respective homes.

Thomas Everitt's jolly crowd returned from the woods on the 5th to this place, en route for P. Rock and other places.

R. H. Ross is home from the woods.

Rev. Campbell, Presbyterian of Andover, arrived here on the 5th, 8.30 p.m., put up at the Harmony for the night, continued his journey the following morning to Mr. Pringle Kelly's camp, where he arrived at 4 o'clock p.m. After two nights in the bushman's camp, and an enjoyable day on the lumber roads, notwithstanding the stormy weather, he returned to the Harmony Saturday at 7 p.m., looking more like a snow man than a minister. He was in buoyant spirits (his own words), that he had a splendid trip. After a warm tea and good night's rest he was himself again. Being Sabbath he held service morning and evening in the Presbyterian church, which was quite a treat to the people here as the church is seldom opened through the winter months. Rev. Campbell gave a beautiful and edifying address in the morning from the 3rd chapter of Colossians, and in the evening from the 8th of Romans, 28th verse. Monday morning found him wending his way homeward with many good wishes from his new made friends in this place for a safe journey through the lingering snow and heavy travelling. This was his first visit, but we hope it may not be his last.

Fred and James Watters, Dow Flat, at the Harmony to-day, en route for Clark's camp, meaning to get in two routes this winter.

Pringle Kelly here to-night, en route for P. Rock, looking for more teams, as the increasing snow makes hard hauling.

The high wind and snow of the 2nd and 3rd has done lots of damage to the several portage roads; on one road going to Manakieki there were nine teams belated by the fallen trees. The men worked from 10 p.m. till 4 a.m. to get six miles without light, except from torches made from bark, which two men kept on hand, for the others to clear the track of fallen timber, and when they reached the camp the roof had blown off and the hotel was full of snow; there were nine tired and hungry men and 18 horses.

Mrs. Jessie Vanderbeck, guest at the Harmony Saturday and Sunday, looking fine.

Capt. Perkins and Chas. Love from Deep Camp, made a short call at the Harmony on Sabbath.

Miss Annie McDougall, of the Hayden House, is visiting her sister Mrs. Miller at Nictau.

Mrs. John Howard, of this place, is spending the winter with her mother Mrs. J. Stevenson, D. Point.

If G. Howard, with some men, will start in the morning for Serpentine, to put up ice for the summer tourists. ONE INTERESTED.

Lorne, (Vic Co.)

Feb. 11.

Candlemas day was all that could be desired, if a dark day is better for the shortness of the winter, as the old adage says, "If Candlemas day be dark and dour half the winter is gone and more"; it snowed and blew a hurricane, unroofing barns, one for E. Knowlton and one for Caleb Hatheway.

Miss Ida Everett has returned to Boston.

Mr. E. Baker is on from Boston on a visit to his mother, Mrs. Wm. Everett.

Mrs. Wm. E. Everett has returned home from a visit to her father Isaac Gaunce, at Riley Brook. Though looking some older, he is, as he says, still among the boys.

The snow is deep, teams are leaving the woods and returning to their homes; not much is done but hauling from the yards, after this time of the winter.

The lumber business is the main stay of Tobique at present.

TOBIQUE.

### Andover.

(From an occasional correspondent.)

Feb. 11.

Miss Pearl Campbell, of Plaster Rock, is visiting Miss Eva Cameron.

Mrs. Thomas Cameron is visiting friends in Centreville.

Mrs. Straton is very ill at the home of her daughter, Mrs. A. Kuppey.

Rev. S. B. Hillock returned to-day from St. Mary's. He was attending the funeral of his mother.

The many friends of Mr. and Mrs. Newton Dow welcome their return. Mr. Dow will be in charge of Andover creamery.

The interior of the Presbyterian church has been improved of late. The ceiling has been nicely sheathed.

Mrs. Dr. Wyley entertained a number of her friends at her home.

### Andover N. B.

Feb. 12th, 1902.

If the old adage of "Candlemas day fine and clear, two winters in one year" is true, we will have only one winter as the second of February was dark and stormy as well as the two or three days following for it snowed nearly all the time; it is claimed now to be over three feet of solid snow. The lumber operators are all done their yarding and most of them are putting on all the force they can get to clear the yards, expecting an early break up.

Contractor Brewer is putting his bridge work along with all possible speed; he has now a large crew of men all working at different kinds of work, some laying the granite, others working at the coffer dam, which is a big job to place in position; pier No. 4, on the Perth side is nearly completed. Mr. Brewer has No. 2 to top and then the channel pier is the only one left for construction. We hope the weather may favor Mr. Brewer so he can complete the full construction before the ice leaves.

The youthful population of our village have been indulging in lots of surprise, whist, and dancing parties of late, but on Tuesday last being the last evening before Lent a very pleasant little social dance was indulged in by the village and quite a number from Perth.

Last Thursday evening the young folks went to Aroostook Junction and surprised Mr. and Mrs. Turner.

On Friday evening Dr. and Mrs. Wiley entertained a large number of their friends, Monday evening, Mr. and Mrs. W. E. Spike gave a small progressive whist party.

Mr. Allan Murphy has returned from Grand Falls, where he has been for some time; his return will be pleasing to the villagers, as Allan is always willing to play the violin, of which he is an artist; with the assistance of George Wade, we are always supplied with an orchestra.

Mr. Hillock went to Fredericton last Friday in response to a telegram that his mother was dying. She was buried on Monday and Rev. Mr. Hillock returned on Tuesday.

Senator and Mrs. Baird left for Ottawa on Tuesday; the House opens Thursday, 13th.

P. P. Brennan spent two days here last week in the interest of his firm.

J. H. Scribner went to Grand Falls on Saturday last returning on Monday to go up the Tobique same day.

F. Whitehead went up to St. Leonards on Saturday to remain a few days.

We learned yesterday of the death of Mr. Jerry Hacker, a wealthy and prominent citizen of Port Fairfield. He died of paralysis of the brain; he was ill only a short time; he leaves a wife and three children; his wealth is estimated at \$150,000.

A MacKenzie spent Sunday at the Court House.

Judge Stevens is the guest of Mr. and Mrs. L. P. Waite.

Mr. and Mrs. L. P. Waite entertained a few friends yesterday.

On Thursday evening a surprise party was given to Mr. and Mrs. Havelock Kelly.

Yours X. Y. Z.
