WHOLE No. 2944.

OBITUARIES.

REV. JOHN C. MURRAY.

Rev. John C. Murray, parish priest of Johnville, this county, died on Monday morning, at his home, in the 67th year of his age, and the 40th year of his sacred ministry. On Saturday evening of last week, Rev. Wm. F. Chapman, of this town, received word that Rev. Fr. Murray was ill, and required his attendance. Fr. Chapman, finding by telephone that the call was urgent, drove the 35 miles to Johnville that evening. The deceased had been afflicted with rheumatism for 25 years but was able to pursue his priestly duties and this summer, his health was particularly good. He had as an assistant, last winter, Rev. Fr. Poirier of St. John.

Rev. Fr. Murray was born at St. John, November 11, 1834, received his early education at St. John, then studied in Quebec Seminary, and was ordained at St. John. He had been pastor of Churches in several parts of the province, including Richibucto, Moncton and Bathurst before he came to Woodstock in the fall of 1876. He was the beloved pastor of St. Gertrude's Church here until the Easter of 1891, when he was transferred by the late Bishop Sweeney to Johnville, where he remained until his death, and where his body was interred on Wednesday morning. His parents and brother, Rev. Joseph Murray, (who resided with Father John in this town for a few years, since deceased) are interred in St. John.

The deceased was a man of many parts. He had many friends, who will learn of his death with regret and consider it a personal loss. The writer, probably, was as intimate with the deceased as anyone of his many friends, and had many opportunities to witness his noble qualities. In the priest's library, in the room when he was ill for many weeks with acute rheumatism, in the sanctuary, before the altar, on his many parish visits and sick calls, the writer was his companion, learned to love the man, and the good advice received, including his strong advocacy of temperance, will never be effaced from memory. The life work of deceased has been of inestimable service to his religion and country. He always showed himself thoroughly in sympathy with the needs of his flock, and was prompt to remedy those needs as far as lay in his power. Through his conversation, generally, a vein of Celtic humor was in evidence.

Dignified always and reserved in disposition, his mind was broadened by considerable travel and acquaintance with the best that has been thought and written. If tactful means deceit, he was not possessed of tact; he was honest and straightforward in all his utterances. Few clergymen in the province were better theologians than he was. The deceased was an orator of rare power, and his sermons and addresses were masterful efforts. His charity was limited only by the amount of money he possessed. During his long residence in Woodstock, not even a tramp was turned from his doors, although occasionally his generosity was not appreciated by that class for his property has been stolen by them, but the culprit could secure a dinner the next day. The only use he had for money was to give it away in charity. After a long stewardship, God, whom he had served so well, has called him unto everlasting life to enjoy the beatific vision prepared for those who love Him.—Com.

REV. HERMAN SHAW.

The late Rev. Herman Shaw was born in Wakefield and at time of his death was 59 years of age. His death was sudden, no prolonged illness, on the 7th of June he gave no indication of aches or pain was around as usual and retired to his room in the house where he was entertained in Monticello, Me., before laying down to rest he had fallen upon his knees to no doubt, thank his Heavenly Father for the blessings of the day and implore His kind care and protection through the night, this was his last prayer on earth. In this attitude at the side of his bed he was discovered upon the following morning in cold death's embrace.

His remains were brought to his home near Rockland thence to burial place in Hartland. Funeral service was held in Baptist Church, service conducted and sermon by Rev. J. D. Wetmore assisted by Rev. Mr. Perry F. B. Rev. Geo. McDonald R. B. M. P. Orsel, P. B.; a large gathering. Mr. Shaw made a profession of religion at quite an early age and exhibited evangelistic ability, and while laboring in United States was, upwards of twenty years ago, ordained to the ministry of the Baptist Church. He

labored much in Maine and received the sympathy, encouragement and support of those among whom he visited, and during his career it is recorded that he was successful in leading many to a better life. Mr. Shaw's early advantages and opportunities were meager, the Parish School was his College and not able to attend it but a few months of the year and for very few years, beyond this what there was of Rev. Herman was self obtained. He has gone to his eternal reward and leaves behind a widow, 5 sons and 2 daughters. The hope of the righteous is blessed.—Com.

REV. ALDRICH CLINTON SHAW.

A letter from Tuskett, N. S., June 24th, says: The death of the Rev. Aldrich Clinton Shaw, pastor of the Baptist church, on Friday afternoon, though not unexpected, came as a shock to the village. He had been confined to the house for about three weeks, suffering from tubercular meningitis, and from the first very little hope was entertained for his recovery.

Mr. Shaw was a native of Mount Pleasant, Carleton county, N. B., and was married a few years ago to Miss Sommerville, of Springfield, Kings county, N. B. They had two children, and much sympathy is expressed for the young widow in her deep affliction. Mr. Shaw also leaves a father, brothers and two sisters, one of whom is here at present, and to all are extended the warmest sympathy. Mr. Shaw was highly esteemed throughout the pastorate and his early death is a great loss, not only to the Baptist denomination but to the community at large. Mrs. Shaw, accompanied by her sister, left on Monday morning with the remains, for their home in Springfield, N. B., where the body will be buried. A very impressive funeral service was held in the Baptist church, Sunday afternoon. The church was beautifully draped in black and white, while purple and white flowers were on the pulpit and in other parts of the church. Court Tuskett, of the Canadian Order of Foresters, of which Mr. Shaw was a member and the dearly loved chaplain, formed in procession and marched to the church, while four of the members acted as pall bearers. The following reverend gentlemen occupied seats on the platform: Grant, Parker, Price, Brown and McPhee. Rev. Mr. Grant, of Arcadia, spoke briefly and eloquently from the text: "In the day of prosperity, be joyful, but in the day of adversity consider." Short speeches were also made by all the ministers and Mr. E. C. Simonson, each one testifying to the high esteem in which Mr. Shaw was held, the loss the denomination had sustained, and their sincere sympathy for the sorrowing widow and family. Beautiful music was rendered by the choir and notwithstanding the heavy rain the church was crowded by those who went to pay their last respects to their pastor and friend. Among the floral offerings were the following: A broken chain, C. O. F.; wreath, St. Stephen's church; bouquet, Pleasant Lake Baptist church; pillow, Mrs. Gillman, Miss Mary Gillman; bouquet, Mr. and Mrs. McPhee; bouquet, Mr. and Mrs. E. C. Simonson; bouquet, Mrs. T. McGrath; bouquet, Mrs. P. L. Hatfield; cut flowers, Mrs. Floyd; bouquet, Mrs. R. H. Harding; bouquet, Mrs. Lydia Hatfield; cut flowers, Mrs. Blakeney; bouquet, Mrs. Lloyd Hatfield.

"HOME NURSING."

We have before us a copy of a new publication, entitled "Home Nursing." The object of the book is to give practical instructions to take care of the sick by the inexperienced. In training schools for nurses, instructions are of course given in all matters of this kind, but let any woman ask herself, "Could I give a bath to a person in bed without wetting the clothing, or change the undersheet while the bed was occupied?" and she will smile at the seemingly impossibility; yet when she is shown, she will wonder why she did not discover the right way herself.

In this little book practical instructions are given for the performance of all necessary offices pertaining to the sick. The knowledge of any of them is not taken for granted, and the writer has tried to do it in such a plain, simple manner that no one need mistake the easiest way.

A sample copy of this valuable book can be had upon application to the publishers, Davis & Lawrence Co., 64 Grand St., New York City, by enclosing to them 5c. in stamps or coin to pay the expense of mailing and stating the name of this paper.

Sir Frederick Trever, who operated on the King, lost a daughter by appendicitis a few days ago.

TOWN COUNCIL.

The monthly meeting of the Town Council was held on Monday evening, Mayor Belyea in the chair and the following councillors present: A. E. Jones, R. B. Jones, Balmmain, Lindsay and Dibblee.

The treasurer, H. W. Bourne, reported as follows: Receipts for past month, \$1258.42; expenditures, \$4,388.55; expenditures for six months, \$11,143; receipts, \$4,000.38; debit bank balance, \$11,711.19; since received, \$285.53. Report referred to usual committee.

Marshal Gibson reported having received for past month, taxes \$366.19, licenses, \$7.50. The usual commission on licenses was ordered paid the marshal and his report referred to usual committee.

Police Magistrate Dibblee reported for June: fines, including \$50 in Scott Act case, \$55; unpaid fines, \$16; cost, \$8.25. Referred to usual committee.

Conn. Balmmain said the fire department was never in better shape than at present; the fire boxes have been re-cut, and the indicator works perfectly; the latter, he had no doubt, would pay for itself many times over. He did not profess to have any knowledge of such things as the indicator was, but it was entirely satisfactory to Supt. Munro and Chief Tattersall and he had every confidence in their judgment.

Mayor Belyea said it was a pleasure for him to announce that Woodstock was rid of smallpox. The Stair's house would be released from quarantine to-morrow and thoroughly fumigated. The entire cost of the two late outbreaks would be in the neighborhood of \$3,000. There were at the present time, in the adjoining parish of Grafton, seven houses under quarantine. Nearly all the adults in town had been vaccinated and all the children, and we will have a race of vaccinated people in town which will render the town safe from all danger of a smallpox epidemic in the future; at the worst, but few have dodged the vaccination doctor, and, of course, those are liable to contract the disease.

Coun. Lindsay said that W. S. Saunders claimed that an overflow of water had damaged his furnace and he wanted to know if the town would make good the injury done.

Coun. A. E. Jones said Mr. Saunders had spoken to him on the subject, claiming damages from the town; he (Saunders) had no attention paid, to his grievance, which he laid before several councillors. The damage done this spring was considerable.

On motion Coun. A. E. Jones, seconded Coun. Balmmain, the street committee was instructed to consult with Mr. Saunders on the subject.

On motion Coun. Lindsay, seconded Coun. Balmmain, R. J. Lindsay and William S. Saunders were appointed town revisors for the current year.

Coun. A. E. Jones—I wish to call the attention of the street committee to the bad condition of the sidewalk on Main street. A gentleman had the heel of his shoe torn off by the broken planks, and he was lucky that he did not break his leg.

Coun. Lindsay—The street committee will attend to the sidewalk, just as soon as the parties, who are building and using the sidewalk for piling lumber, will remove the encumbrances.

Coun. R. B. Jones called the attention of the Electric Light committee to the darkness which prevailed in several parts of the town by reason of a want of lamps. He had been promised lamps by the committee, some time ago, but the lamps were not forthcoming.

Coun. Lindsay—The chairman is absent to-night, and I do not profess to speak officially, but the lamps will likely be placed shortly, and I have also heard that the dynamo is "out of business" at present.

Mayor Belyea read a letter from Supt. D. W. Newcomb in which he was pleased to advise the board that the C. P. R. had no charge against the town for the use of the engine and car which conveyed the firemen to the Houlton fire.

On motion Coun. Lindsay, seconded Coun. Balmmain, a vote of thanks was given the C. P. R., through Supt. D. W. Newcomb, to be conveyed by His Worship Mayor Belyea, for its generosity in the matter.

Coun. Lindsay said he was informed on good authority that the government intended spending some money on the road near the Kelly hill on Connell street. He also announced that \$867 of his \$1000 appropriation was already expended on the streets; all the bills had been presented.

A large number of bills was presented, read, referred to audit committee, and the meeting adjourned till Friday evening.

THE TOBIQUE INDIANS.

On Friday of last week, at Perley's Hotel, Andover, a SENTINEL reporter had an interesting chat with Chief Frank Francis, and his able lieutenant Thomas Bear. The election for chief will take place Thursday of this week at Indian Village. The Indian Commissioner, James Farrell, of Fredericton, will be returning officer, and Rev. Fr. O'Keefe, of Grand Falls, has received an invitation to be present. There are 42 voters on the list. Frank Francis, who has been the able chief for three years, who has ruled wisely and well, is a candidate for re-election, and, while there was no opposition candidate in sight last week, it was rumored that Frank Lockhart would be in the field. Tom Bear, who is the principal stump speaker for Chief Francis, intended opening the campaign at the hall in Indian Village, on the evening of July 4th. Mr. Bear, who is well known by many sports in Woodstock as a fluent speaker and who has acted as guide for several gentlemen in this town, has recently returned from the Miramichie, after an absence of a year, and is receiving the "glad hand" from his many friends; he will act as guide for Dr. Bryant, of Boston, this season.

Indian Village has a population of 350; the inhabitants are sober and industrious; many well tilled farms are owned by the Indians, who also act as guides for tourists. They have accumulated considerable property, including a chapel and hall; both buildings contain an organ; the hall cost \$1100. The chapel, which cost \$2,000, is a cosy place of worship, the interior beautified by several expensive pictures. Fr. O'Keefe has spiritual charge of the Indians, and he has an Indian choir and acolytes; Mrs. James Deboe, whose husband is a Woodstocker, is organist. An Indian policeman, whose duties are nominal, has been appointed for the village.

BLIND.

Who can imagine the condition of those who are deprived of sight, shut in from the beauties of nature and the glorious sunlight; was it any wonder, then, that the Blind men asked the Son of David to have pity on them.

The forlorn condition of the Blind in Nova Scotia came under the notice Mr. Wm. Murdoch in 1867 and when he died he left 5000 to endow a school for them in Halifax and other kind friends came to the rescue.

The School was opened in 1871 with four pupils under the care of Dr. C. F. Fraser, who had himself been deprived of sight, under whose energetic superintendence it grew and flourished until at the present the pupils number more than 100, in 1892 an act was passed by the New Brunswick Legislature for the admission of blind children to the Halifax School and those who have attended have shown their ability, while being one third of the pupils in attendance they have at the last closing, in June 1902 taken eleven out of twenty three prizes. The school is open to all regardless of color or creed, and is highly endorsed by the R. C. Archbishop of Nova Scotia and the Episcopal Bishop, as well as Methodist and Presbyterian clergy, Lieut Governor of Nova Scotia has added his commendation to others.

In consequence of the increase of pupils, the management have found it necessary to build another addition to the establishment at a cost of \$40,000 to which the Province of Nova Scotia have contributed \$20,000 leaving the balance to be raised by other means. In May last Dr. Fraser with a class of pupils gave a series of concerts through Nova Scotia, in aid of the building fund, and was generously patronized. In the new building will be the Assembly Hall, Music rooms, Library, printing office, gymnasium for boys and girls, as well as additional school rooms. The people of Carleton County surely will not be behind in assisting in this most deserving school, which the management have done so much to make second to none for the education of the Blind.—Cem.

The French post office department has excluded mourning envelopes from the mails for the reason that they can be opened without much chance of detection.

Despatches state that cholera has appeared both in Tokio and Pekin.

News From The Country.

Hawksshaw.

(Too late for last issue.)

July 7th, 1902.

We are enjoying the best of weather to-day.

Mr. Hiram Manuel made a flying trip to Magaguadavic last week.

Mr. and Mrs. Shaw with their little daughter Inna, are visiting at Mr. Shaw's parents, Boston, also Master Ralph, who joined them from Rotheray, they intend to take in the principal cities in Upper Canada before they return.

Our smallpox patients are all doing well under the skilful care of Dr. Bull. One little girl seems to echo the sentiment of the people here, by asking her mother, when is Mr. Smallpox going to return to Woodstock.

The wireless telephone between the quarantined houses seems a grand success.

Mr. Charles Pickard has completed his contract at Pokiook and has again engaged with Shaw Cassils & Co.

The wedding of Miss Ella Gilman took place at her father's residence, Pokiook, last Thursday. Her many friends wish her a long and happy life.

Mr. Charlie Pickard in exercising his horse generally goes down the road, as everyone up the road seems afraid of Hawkshaws, but he must go oftener to keep up with Berry.

ONE QUARANTINED.

Rockland.

July 8, 1902.

Mr. and Mrs. Nehemiah Estey, of Keswick Ridge, parents of Dr. Estey of Hartland, visited their son and family, friends and relatives in Rockland and returned to their home on Friday last. We very much enjoyed meeting and conversing with our good old uncle and aunt, not having met them before in 40 years; they attended the Association.

Mrs. Sheriff Hayward and a buckboard load of young people were here from your city on Association Sabbath; Miss Nellie Snow was along this time.

Rev. J. D. Wetmore baptized three young converts, on Sunday last, in Coldstream, below the bridge.

One cause of skimming plant here not being operated this year, so informed, is that certain parties in Hartland interested and having stock in the business, concluded that to shut down here, the farmers in this locality would take their milk to Hartland, and said place would capture more or less of their trade, but this scheme did not work worth a cent. Our folk became disgusted and the consequences proved that Hartland did not get sufficient supply and was compelled to close up, some 10 days ago. It will be difficult to interest people here in the future; they will fall back upon the system of making their butter and packing it and feed the surplus of milk and buttermilk to their stock. Farmers now do not require to do as in the past, make a roll of butter and run to corner store and exchange it for soda, molasses, etc.; they can get all the accommodation they require, pack their butter and keep it until such time as best prices are reached, then they have something to sell be it 10 or 30 tubs, and will have money in their pocket, pay the store bill if any, and go on again. Country store keepers, especially during warm weather, taking in roll butter and packing different persons make and colors, and but few of them with ice or cold storage, cannot succeed in furnishing a thoroughly merchantable article, therefore when placed upon the market it is at a depreciated value, and actually reduces this production of the farm from 10 to 40 per cent. It is argued that the farmers' wives and daughters have more work to do than if they sold their milk; this may be true, but they are amply repaid in gross proceeds and profits, and a man from the farm does not require to loose from one to three hours every morning in getting the milk to the station and returning with an article from which all has been extracted in form of nutriment, and which, if fed to a hog without other food, it would become a skeleton and die in about say four days. There is more of this item than I intended, but I presume it is correct and worth considering. You may wager your best boots that this Creamery Association or combine is not out to make money for the farmer, but to make a profit out of him in the shipment of hundreds of tons of butter to Europe and elsewhere annually.

Miss Alvretta Estabrooks now residing at Florenceville, at the home of her aunt, Mrs. Rev. Hayward, visited here during time of Association and excited admiration, and really electrified varied audiences, with the pieces she sang; "such artistic rendering," said strangers, "we did not expect to find in the Becka-quimic valley." Miss E. is a native of this place, daughter of late Shephard Estabrooks, brother of our popular young merchant on corner of Spring and Bridge street, and niece of postmaster on opposite side of the street. Miss E. teaches instrumental and vocal music at Florenceville and vicinity, and is a graduate of the seminary at Wolfville; not only as a New Brunswicker or a Carleton Co. lady, but especially as a native of Rockland, we are all very proud of her ability and acquisitions, genial disposition and Christian life.

The Rockland Commission Agency has some of the most important and valuable remedies for man and beast; prepared by one of the best chemists, apothecary and druggists, in the Dominion, and of full strength and sold upon honor. No common catchpenny patent article; also handles an excellent laundry soap made expressly for the agency and sold at very reasonable rate. Cottage near Clark's Mill. Call—other consignments expected. Fishermen, call and get a bottle of mosquito oil.

Mr. Charlie Carr, wife and son, and Mr. and Mrs. McAllister and child, passed through here on Friday morning last with a good travelling pair and two seated carriage, en route to Millville, via Cloverdale, to enjoy a few days visiting friends.

Notices are posted soliciting tenders for erection of new bridge across the Coldstream at this place.

Owing to the large amount of lumber in mill pond, Clark Bros have decided to run their mill day and night to get it all sawed before arrival of winter.

Mrs. A. W. and Mrs. E. B. Estabrooks drove to Woodstock and back on Friday last.

ADDON.

Robinson, Me.

July 7, 1901,

The work on Sylvester Rideout's house is progressing rapidly.

Mrs. Emma Sprague spent a few days last week in Mrs. Hill with her friend Mrs. Amy Huntington.

The Relief corp contemplate holding a picnic on Wednesday, in Bridge-water, at the home of Mrs. Fred Burns.

Mr. John Ramsey's right hand was badly shattered by the explosion of a large fire cracker on July 4th.

W. E. Robinson and family, and Chas. Robinson and family have gone to Portage Lake for a season.

Howard Pierce, Senator nominee, and wife of Fort Kent are spending a few days here with his mother and brothers.

Last July Blaine had a fire which destroyed most of the buildings on Main Street. It is now being rebuilt. Dr. McCrea now occupies his new office. Stitham's block is near completion. The commodious building on the corner of Main and School Streets is to be occupied by Dr. A. J. Fulton. It is one which will add greatly to the appearance of the village.

Wonderful to note the vigor of youth retained by some of our aged friends; it was with surprise that we witnessed the suppleness of G. L. Cronkite last Friday as he boarded the train for Presque Isle, where we presume he went to help the boys to celebrate Independence Day.

Amos Anderson and family have moved into their cottage at Riverside.

Several new cottages are being erected on that camp ground. The annual campmeeting is to open on August 1st.

About ninety tickets were sold at this station, to Presque Isle, July 4th.

The public think it would not be a bad idea for more cars to be supplied for excursionists or to limit the number to correspond with present accommodations. Many accidents might then be averted.

Those from here who were unable to attend the celebration at Presque Isle, contented themselves by holding a picnic in Sanborn's hall. All enjoyed the day immensely. A number of the ladies formed themselves into a land of Antiques and Horrible and as the up train arrived marched to the station to salute trainhands and passengers. Their salutation was heartily returned after which the band marched back to the hall keeping step to the music of tin pans, horns, bells and various other instruments. Willing hands kindly carried our good friends Uncle Ben Rideout in his chair from his home to the hall. The day was enjoyed very much by him. He is an unfortunate victim of rheumatism and has not been able to leave his chair for years. He bears his infirmity with remarkable patience.

ANDON
