

HIMROD'S CURE ASTHMA

A RELIABLE REMEDY.

It instantly relieves the most obstinate chronic cases and speedily and permanently cures. Rev. Reginald C. Wynne, says: I am certain of opinion that no word can be found that will sufficiently express the true value of this excellent remedy. There are many remedies in the market but I know of none to equal Himrod's Asthma Cure. It cures.

Ask your chemist for a free sample. A trial will convince you of its remarkable efficacy.

The Bachelor—I don't suppose a man's name ever changes when he gets married.

The Benedict—Oh, yes, it does. Before we were married my wife called me 'Dearest,' and now she she says, 'Here you!'

Oh, Alfred! Isn't it too bad? Just as we had everything so nicely arranged for our elopement, father has gone and sanctioned the match.

She (time 11 p. m.)—Are you aware of the fact that I am a mind reader?
He—No, indeed. But to put you to the test, tell me what I'm thinking of.

She—You are thinking of starting for home immediately.

Willie Driggles—Pa, what does 'hugging a delusion,' mean?

Pa, Driggles—That, my son, applies to young Mr. Spoogs. He thinks your sister Cora is only 22.

I have a surprise in store for you, dear, he said, seating himself at the supper table.

Well, darling, I hope it's a millinery store, she responded quickly.

My! I think your mother would be worried if she saw you!

Well, it's pretty hard for a boy to get along without worrying his mother!

Minnie—Evidently Sally thinks herself one of the 400.

Kittie—One of them? She thinks she's the four, and all the rest are the two ciphers.

Mr Dearone—Fancy! I put my hat on that wet towel. I wonder on what ridiculous thing I shall place it next. Mrs Dearone—On your head, I suppose, love.

Little Bobby was inspecting the new baby for the first time, and his dictum was as follows: 'I s'pose it's nice enough, what there is of it—but I'm sorry it ain't a parrot.'

Book Canvasser—Don't you want to buy an encyclopaedia to-day?
No! What do I want with such a thing? I'd break my neck the first time I rode it.

Consumption

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request.
Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Pimples, Blisters and Skin Eruptions.
How unsightly, sometimes even disgusting, and certainly very mortifying to the sufferer. They are merely an evidence of impure, poisoned blood, and lowered vitality of the elementary organs, which can be quickly changed by taking Ferrozone after meals. Ferrozone cleanses the blood of all poisons and eruptions, makes it rich in red corpuscles that manifest themselves in a healthy ruddy complexion. To have a pure, soft skin and good complexion simply use Ferrozone regularly. Price 50c per box, or six boxes for \$2.50, at Druggists, or N C Polson & Co., Kingston, Ont.

Fear of the Future.
Most people who dread the future are victims of some terrible disease. Mrs W Francis, 204 Colborne St, Kingston, was in a bad state with kidney disease. She had severe pains in back and legs, was gradually losing flesh and felt a dread of the future. A friend recommended Dr Chase's Kidney-Liver Pills and the result was a complete cure. There is no medicine more reliable, none so certain to produce a thorough cure. One pill a dose, 25 cents a box.

An English Author Wrote:
"No shade, no shine, no fruit, no flowers, no leaves,—November!" Many Americans would add no freedom from CATARRH, which is so aggravated during this month that it becomes constantly troublesome. There is abundant proof that catarrh is a constitutional disease. It is related to scrofula and consumption, being one of the wasting diseases. Hood's Sarsaparilla has shown that what is capable of eradicating scrofula, completely cures catarrh and taken in time prevents consumption. We cannot see how any sufferer can put off taking this medicine, in view of the widely published record of its radical and permanent cures. It is undoubtedly America's Greatest Medicine for America's Greatest Disease—Catarrh.

ADULTERATION IN CANADA.

Some objections may be made to legislation in Canada to require all imitations of woollen goods to be marked so as to show the constituent fibres and other materials and the relative proportions of each. As an epitome of the Grosvenor Bill, introduced into the United States House of Representatives, the following extract may be quoted: "All manufacturers of goods or fabrics of any kind whatsoever made in imitation of woollen goods or fabrics, or goods which when so made are calculated or intended to be sold as woollens or woollen goods, not made wholly of new or unused sheep's wool, shall so mark, label or tag such goods, as that they may be readily distinguished from genuine wools, or woollens, as defined in the first section of this Act. That such mark label or tag shall be so attached, as that it cannot be detached except by design, and such label shall accurately state in plain printed letters and figures the constituent fibres or other materials or substances of which it is composed, or the relative proportion per cent of each."

Why should not legislation along the above lines be enacted in Canada? There is surely good precedent for such action. Take for instance the various laws already on the statute book in reference to dairy products. Let me quote: (a) No oleomargarine, butterine, or other substance for butter shall be manufactured in Canada or sold therein, and every person who contravenes the provisions of this Act in any manner whatsoever, shall incur a penalty not exceeding four hundred dollars and not less than two hundred dollars, and in default of payment shall be liable to imprisonment for a term not exceeding twelve months and not less than three months. (b) No person shall sell, supply or send to any cheese or butter or condemned milk factory, or to the owner or manager thereof, or to the maker of butter, cheese or condensed milk, to be manufactured, milk diluted with water, or in any way adulterated, or milk from which any cream has been taken, or milk commonly known as skim milk. (c) No person shall manufacture, or shall knowingly buy, sell, offer or expose for sale, or have in his possession for sale any cheese manufactured from or by the use of skim milk, to which there has been added any fat which is foreign to such milk. (d) No person shall sell, offer, expose or have in his possession for sale any cheese manufactured from or by the use of milk commonly known as skimmed milk, or milk from which cream has been removed or milk to which skim milk has been added, unless the words "skim milk cheese," are branded, marked or stamped in a legible manner upon the side of every cheese, or package which contains the same, in letters not less than three quarters of an inch wide. (e) No person shall sell, offer, expose or have in his possession for sale any butter or cheese made in Canada and destined for export therefrom, unless the word, "Canadian," "Canadien," or "Canada" is printed, stamped or marked in a legible and indelible manner, in letters not less than three eighths of an inch high, and one quarter of an inch wide upon (1) The box or package containing the butter or cheese; and (2) moreover in the case of cheese, upon the cheese itself, before it is taken from the factory where it was made. (f) No person shall knowingly sell, offer, expose or have in his possession for sale, any cheese or butter upon which, or upon any box or package containing which, is printed, stamped or marked any month other than the month in which such butter or cheese was made; and no person shall knowingly, with intent to misrepresent, sell, offer, expose or have in his possession for sale, any cheese or butter represented in any manner as having been made in any month other than the month in which it was actually made."

In the United States, where the business of manufacturing oleomargarine, butterine and other imitations of butter has grown to immense proportions, legislative action has recently been taken to prevent such imitations being sold as butter. It required a long and determined fight on the part of the American farmers to secure the passage through Congress of the so-called "Grout Bill," as every influence was brought to bear by the powerful corporations interested in the manufacture of adulterated dairy products. The chief provisions of this Act is "That upon oleomargarine which shall be manufactured or sold or removed for consumption or use, there shall be assessed or collected a tax of ten cents per pound, to be paid by the manufacturer thereof; and any fractional part of a pound in a package shall be taxed as a pound; Provided when oleomargarine is free from artificial coloration that causes it to look like butter of any shade of yellow, said tax shall be one fourth of one per cent per pound."

Manufacturers of and dealers in renovated butter are required to pay special yearly taxes, and each pound of the former is subject to the tax of one fourth of one per cent, and each pound of the latter to the tax of ten cents per pound. Stringent regulations are in force for the purpose of compelling dealers and manufacturers to sell these adulterated goods for just what they are.

Why should not adulterated woollen goods be sold on their merits just as imitation or adulterated dairy products are? Some people may consider such legislation harassing, but as John Bright once said, there are people in the world who think the ten commandments the most harassing legislation that was ever enacted, because they seem to run counter to their own peculiarities so often.

HAIR NEEDS EXERCISE.

One reason why so many men are bald, according to a foreign medical journal is because they allow their hair to die through want of exercise. Under the skin which covers the head are several muscles, it explains, and these are never stirred into activity the result being that they do not perform their proper function, and consequently the skin is insufficiently nourished and the hair gradually dies.

"Women," it continues, "do not become bald, and the reason is because they spend much more time combing and arranging their hair than men do. During this operation the skin on the head is stirred into activity, and as a result the muscles remain active and the hair flourishes."

"It is evident, therefore, that the best way to prevent baldness is to rub the skin frequently and vigorously, for unless this is done the muscles will be unable to supply it with the proper amount of nourishment."

IT MAKES PRIZE BUTTER WHEREVER USED.

The best, most thorough and most successful buttermakers in the world score their victories and triumphs when they use Wells, Richardson & Co's Improved Butter Color which always give the true golden tint of June. Eczema's Itch Is Torture

Mrs. Ann McDonald, Kingsville, Ont., writes:—"For about three years I was a dreadful sufferer from eczema. At times the patches of raw, flaming flesh would extend from my waist to my neck and from the knees to the ankles. The intense itching almost drove me crazy and though I tried all the local physicians, they could not even relieve the suffering. The flesh would crack open, and I don't believe anyone ever suffered more than I did."

"I was told of Dr. Chase's Ointment but did not believe that it could help me. After the fifth application of this preparation, I began to feel the benefit of its soothing, healing effects, and now attribute a cure to the persistent use of this wonderful remedy. It is truly worth its weight in gold and I never tire of recommending it to other sufferers."

Besides being a thorough cure for eczema and salt rheum, Dr. Chase's Ointment comes useful in a hundred ways in every home for every form of skin irritation and eruption, chapped skin and chilblains. 50 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.
