

Do You

Intend Building this Summer?

IF SO, GIVE

The Woodstock Manufacturing Co.

A CALL AND SEE THEIR STOCK OF
Doors, Mouldings, Sashes, Flooring, School Desks,
AND HOUSE FINISH OF ALL KINDS.

Come in and examine. No trouble to show you around.
You will find us at the old
Drysdale Factory, - - Near the old Railway Station.
THE WOODSTOCK MANUFACTURING CO.
Woodstock, N. B., April 2, 1902.

A . . . TUXEDO SUIT

Is a necessity in the Wardrobe of every well dressed man.
To have the CORRECT STYLE AND FIT it must be made
to order. We make them very reasonable. Our work is cor-
rect in every way.

W. B. NICHOLSON

For pure blood, a bright eye, a clear
complexion, a keen appetite, a good
digestion and refreshing sleep, TAKE

BRISTOL'S Sarsaparilla

It arouses the Liver, quickens the
circulation, brightens the spirits and
generally improves the health.

Sixty-eight years trial have proved it to be, the most reliable BLOOD purifier known.

All druggists sell "BRISTOL'S"

OUR HIGHEST GRADE STOVE—THE ROYAL GRANDE.

THE "ROYAL GRANDE" is undoubtedly the best Wood Burning Range on the
market, as the fire box and feed door are unusually large, with an extra large extension
fire box, and an improved bottom gate; a combination seldom found in other Ranges.

THE EXTENSION ON THE BACK, contains a large Copper Reservoir, which is
very durable, and easily removed for cleaning purposes, and by means of which an abun-
dant supply of hot water is always at hand without the use of any additional fuel.

IN EXAMINING THIS RANGE, and comparing it with others, note the large
square Oven, as large at the top as at the bottom.

THE OVEN THERMOMETER, which measures the heat of the oven, as a clock
measures time. No trying the oven by hand. No constant opening of oven door to
watch the baking. Just a glance at the oven thermometer, regulate the fire according to
the amount of heat required for Biscuit, Bread, Meat, &c., and you can be absolutely sure
the cooking will be perfectly done.

THE SIZE is unusually large, which means a large top cooking surface. Has cap-
acity for a very large family, yet can be conveniently used for a family of two or three.

THE SHAPE, bold and handsome, with hearth and top gracefully curved. No
sharp corners nor angles to run against. This makes it easier to work around.

DURABILITY. The Royal Grande is made to wear, being thoroughly constructed
of the very best materials, in the most careful manner. The main top is made in four
parts, thus allowing for contraction and expansion, and all parts exposed to the fire are
made strong and heavy.

These Stoves are on exhibition at our Stores at Centerville and Woodstock.

W. F. DIBBLEE & SON.

There are no others "Just as Good" as

UNION BLEND TEA.

HARRY W. DE FOREST, - - ST. JOHN, N. B.

Among the 140 smallpox patients
treated in Montreal since last May
there was not one person who had
been vaccinated. Moreover, a staff of
eighteen persons, medical men and
nurses, have been in daily and hour-

ly contact with these smallpox pa-
tients, and not one of them has con-
tracted the disease.

The best advertising medium in
the Northern Counties is SENTINEL.

LOCAL AND OTHERWISE.

Victoria County News: Miss Annie
Tweedale, Arthurette, has accepted a
position as stenographer with the
Herald Publishing Co., of Frederic-
ton. Miss Tweedale in her examina-
tion at the Fredericton Business Col-
lege, after a five months' course,
made the highest percentage of
marks yet made at that institution,
passing with an average of sixty
points over what was required to
pass on all subjects.

The Camp Meetings at Brown's
Flats will begin this year on June 25.
Rev Messrs Wiggins and Coy are
now at the camp grounds making
arrangements for these meetings, and
a crew of men is working on the
grounds under the direction of Mr
John P Bullock, making a number of
improvements.

The decision made by a District
Court Judge at Denver, Col., that
women have the same right as men
have to enter wineries or saloons,
has been reversed by a Judge of the
Supreme Court.

In the last statistical year 321,000-
000 bushels of grain were received at
Chicago.

Near Scarborough a farm exists for
rearing moths and butterflies. Half
an acre of land has been planted
with trees and shrubs for the pur-
pose. In this season the stock of
caterpillars is 20,000. From 30,000 to
40,000 preserved insects are kept in
reserve, so that butterflies and moths
can be supplied irrespective of the
time of year.

During the preparation of West-
minster Abbey for the coronation
there are a large number of men em-
ployed, and these Archdeacon Wil-
berforce has invited to attend a daily
service during the noon hour and
bring their pipes with them. The
service lasts twenty minutes, and
consists of prayer, a hymn and a
short address from the Archdeacon.

Vryhead, Southeastern Transvaal,
May 10.—Natives whose kraals were
recently burned by burghers attack-
ed a Boer laager in the vicinity of
Scheepers Nek May 5 and killed
thirty-two Boers.

Shortly prior to his death Arch
bishop Corrigan sent the Pope a
check for \$50,000 as a personal gift
in connection with the Pontiff's
jubilee.

Montreal, May 10.—Reports from
all parts of Quebec province, eastern
Ontario and northern New York
show fruit trees and all early grain
and vegetation suffered severe dam-
age from frost last night. From five
to twenty degrees of frost is report-
ed from different sections and in a
few places considerable snow fell.
It was the severest cold wave known
in many years. Ice formed in pools,
and in city parks ice formed around
the fountains, giving everything a
late fall appearance.

BABY'S BIRTHRIGHT

IS HEALTH AND HAPPINESS—HOW
MOTHERS CAN KEEP THEIR LIT-
TLE ONES WELL.

Health is the birthright of all little
ones. It is a mother's duty to see
that her baby enjoys it. Mother's
greatest aid in guarding children's
health is Baby's Own Tablets—a
medicine which can be given with
perfect safety to the youngest baby.
Among the many mothers who have
proved the value of this medicine is
Mrs J W Booth, Bar River, Ont.
She says:—"My baby suffered great-
ly from sore mouth and bad stomach.
Several doctors prescribed for her,
but nothing seemed to benefit her in
the least till I began giving her
Baby's Own Tablets, and then in a
short time my little one was fully
restored to health. I would not be
without the Tablets in the house and
would advise all mothers to use them
when their children are ailing."

Baby's Own Tablets are used in
thousands of homes in Canada and
always with beneficial results. They
contain absolutely no opiate or other
harmful drug; are mild, but sure in
their action and pleasant to take.
The very best medicine for all trou-
bles of the stomach and bowels, cur-
ing colic, indigestion, constipation,
diarrhea and simple fever. They
give relief in teething troubles, dis-
pel worms, promote healthful sleep
and cure all the minor ailments of
children. Price 25 cents a box at all
druggists or sent by mail post paid
by writing direct to The Dr. Wil-
liams' Medicine Co., Brockville, Ont.,
or Schenectady, N. Y.

AN INCREASING REVENUE.

The statement by the Dominion fi-
nance department shows the revenue
for the ten months, ending April 30th,
to be \$46,600,728 an increase of \$4,611-
425 over the same time last year. The
excess of revenue over expenditure
on ordinary account is \$12,683,000, and
over ordinary and capital account
\$3,300,000, but there are always a large
number of outstanding accounts at
the end of the year. The expendi-
ture on ordinary account is \$33,917,025
or \$2,300,000 more than for the ten
months last year. The expenditure
on capital account increased during
the ten months by about \$1,300,000.
This increase was on account of pub-
lic works. For the month of April
there was an increase in the revenue
of \$1,200,000. There was a very slight
increase in the expenditure for the
month.

PREMIER TWEEDIE.

AN OUTSIDER'S VIEW.

The session of the New Brunswick
Legislature, just closed, has been
marked by brilliant leadership on
the part of the Premier, Hon. L. J.
Tweedie. At the time he was called
to the head of affairs, upon the re-
signation of Hon. H. R. Emmerson,
his political opponents in the House
and throughout the province
thought the time had come when the
government would change hands, as
they concluded that Tweedie could
never lead a party with success.
But they were doomed to disappoint-
ment. No sooner did he assume the
reins of office, than he developed
qualities of leadership which de-
lighted his friends and confounded
his enemies, and has ever since given
proof of political resourcefulness
and statesmanship which has placed
him in the front rank of provincial
premiers since confederation.

Hon. L. J. Tweedie was born on
the 30th November, 1849, in the town
of Chatham, Northumberland Co., N.
B. He was educated at the County
Grammar School and Presbyterian
Academy, after which he entered
the office of Hon. John M. John-
stone, one of the most distinguished
lawyers and statesmen that New
Brunswick has ever produced, on
the 10th October, 1866, and was ad-
mitted to the bar of New Brunswick
in 1881 and began the practice of law
in Chatham, his native town, and
soon became prominent as a lawyer.

He was first returned as a member
from Northumberland in 1874—was
defeated in 1878. Returned again in
1886 and 1890, after which he took
office in the Blair Government with
portfolio of Surveyor General, the
duties of which he discharged with
marked ability. Upon the recon-
struction of the New Brunswick ex-
ecutive, after the retirement of Hon.
A. G. Blair, by Hon. James Mitchell,
he was offered and accepted the
portfolio of Provincial Secretary,
which he still holds.

Hon. H. R. Emmerson resigned the
Premiership to accept the nomina-
tion of the Liberals of Westmorland
county in 1900, and Mr. Tweedie was
called upon to form a government,
which he succeeded in doing, retain-
ing the position of Provincial Secre-
tary. The policy of the Tweedie
Government is to develop the re-
sources of the province, so as to
create new sources of revenue; to
stimulate the agricultural industry;
to facilitate, in every way possible,
the operation of all legitimate indus-
tries and to enlarge the scope of the
local institutions to meet the ad-
vancing requirements of the people.

That such a policy is appreciated
is seen in the large majority the
executive has in the House and in its
growing strength throughout the
province.

Mr. Tweedie, as Provincial Secre-
tary, has charge of the finances, and
so well has he managed that he has
been able to provide liberally for all
the public services, and at the end of
the last fiscal year had a large sur-
plus to his credit. As the Attorney
General said in his speech on the
budget: "The Premier holds the
purse strings tight." The Premier's
financial speeches have been among
the best ever delivered in the New
Brunswick Legislature, where have
been heard such men as Sir Leonard
Tilley, Hon W W Wedderburn, Hon
James Mitchell, whose speeches on
the finances of the provinces were of
the highest order. As leader of the
House, Mr. Tweedie is courteous yet
firm and always treats an opponent
fairly. If he floors a member of the
Opposition with a heavy blow, he
will soothe his discomfiture with a
story, which he seems always to
have at hand ready for use. While
the House is in session he is always
in his place and nothing escapes
him.

As a speaker on general subjects
he takes front rank. Mr. Tweedie is
small and rotund in stature, with
Napoleonic cast of features, and has
an eye which seems to say "That re-
minds me." Soon the colonial Pre-
miers of the British Empire will meet
in London to attend the ceremonies
of the coronation of King Edward
VII. and the people of New Brun-
swick feel assured that they will be
fittingly represented by the Hon. L.
J. Tweedie.—Montreal Daily Herald.

WEDDED IN THE WEST.

SHAW—LUGRIN.

(Victoria Colonist, May 2)

At St James' church last night Rev
J H S Street, rector of that church,
celebrated the marriage of Elijah
Brunswick Shaw, of Victoria and
Dawson, formerly of New Brunswick,
son of E M Shaw, a prominent agri-
culturist and politician of the Mari-
time province, and Miss Annie de
Bertrand Lugin, second daughter of
Charles H and Mrs Lugin, of this
city. The church, which was throng-
ed with guests, had been prettily
decorated by friends. Lilies, hya-
cinths and other flowers had been
garlanded and intertwined in every
vantage place, and at the chancel a
large bell of pink and white flowers
was suspended, beneath which stood

the principals, while the rector read
the wedding service. It was a pink
and white wedding, and the decora-
tions were thoroughly in keeping.—
Miss Nellie Lugin, sister of the
bride, acted as maid of honor, and I
G Cornwall was the best man. The
Misses Louise and Winnifrid Lugin,
sisters of the bride, were brides-
maids, and the Misses Genevieve
Irving and Nora Lugin also attend-
ed the bride, carrying pink and white
bouquets. The ushers were F G
Cummings, J E Cornwall, J B Cor-
bett and J H Sweet. E H Russell
presided at the organ, and played
special music. The choir—a special
one—was made up of the following:
Mrs H Young, Miss Lombard, Miss C
Spencer, Miss Russell and Miss Trim-
men, and Messrs Allan, Kent, Woot-
ton and W Spencer. Miss Spencer
sang during the ceremony, her clear
voice being heard to advantage in
the solo, "Beloved, it is Morn." The
bride, who was given away by her
father, wore a charming creation of
creme silk, and the bride's attend-
ants were prettily gowned.

After the ceremony the bridal
party and guests were driven to the
residence of the bride's parents, on
Michigan street, where a reception
was held. The residence was pretti-
ly decorated, the floral effect being,
as at the church, in pink and white
throughout. An orchestra discoursed
during the evening. After the
reception the bridal couple were
driven to the steamer Charnier, and
took passage for Vancouver, whence
they will start on their wedding tour
itinerary of which had not been de-
cided when they left. They will re-
turn to Victoria and will probably
leave for Dawson, where the bride-
groom is engaged in business in the
firm of N P Shaw & Co., during the
summer.

There was a large array of pres-
ents, tokens of the well wishes of the
friends of the couple, and their num-
ber and value attested the popular-
ity of bride and groom. The bride
and her bridesmaids all wore rings,
which were the gift of the groom,
and the flower girls were each the
recipients of brooches from the
groom, who gave a scarf pin to the
best man.

The bride, who is one of Victoria's
popular young ladies, is not only a
talented vocalist, but has won much
credit with her literary work, hav-
ing published a number of essays
and magazine articles, poems, short
stories, etc, which have attracted
considerable note.

Death of Dr. Grant.

KINGSTON, May 10.—Rev Geo M
Grant died this morning.

Dr Grant's end came this morning.
He was conscious to within an hour
of his end, recognizing those at his
side. These were W L Grant, M A,
his son; Mrs Field, his sister-in-law,
and Miss Field his niece, and his
medical men.

Death was due to ordema of lungs.
Funeral fixed for Tuesday, May 13.

Rev Geo Munro Grant was born at
Albion Mines, N S, Dec 22, 1835. He
was educated at Pictou Academy,
and in 1853 received a bursary that
entitled him to a course at the Uni-
versity of Glasgow. His career there
was an exceedingly brilliant one.—
Ordained to the Presbyterian minis-
try in 1860, he was appointed a mis-
sionary in Pictou County and later
he was sent to Georgetown, P E I.
Shortly after that he received a call
to the pastorate of St Matthews
church, Halifax, where he remained
for fourteen years. While there he
was a director of Dalhousie College,
and a member of various committees
of the presbytery and synod. In 1872
he accompanied Sir Sanford Flem-
ing in his journey across the contin-
ent and as a result published
"Ocean to Ocean," which has passed
through several editions. In 1877 he
became principal of Queen's college,
Kingston, receiving in the same year
the degree of D D, from Glasgow.—
During the principalship he has suc-
ceeded in raising for college pur-
poses almost half a million dollars.

Dr Grant belonged to the liberal
school of thought in the Presbyterian
church. He has in politics support-
ed every movement looking to the
cultivation of Canadian sentiment
and the extension of trade in British
lines, and the promotion of closer re-
lations between the colonies and the
mother land.

In 1889 Dr Grant was elected mod-
erator of the general assembly of the
Presbyterian church; in 1891, presi-
dent of the Royal Society of Canada,
and in 1894 president of the St An-
drew's Society of Kingston. He has
published the following works: New
Year's Sermons, Reformers of the
19th Century, Advantages of Imper-
ial Federation, Our National Objects
and Aims, The Religions of the World
in Relation to Christianity, and for a
time edited Picturesque Canada. In
1872 he married Jessie, daughter of
William Lawson, of Halifax.

Francis Bret Harte, the famous Am-
erican author and writer of "The
Heavenly Chinese," died at London on
Monday last.

Faithful Dog Guards Dead Mistress.

BOSTON, May 5.—Through the pit-
eous whining of a faithful dog, the
dead body of its mistress, Mrs Bar-
bara Ketchum, was discovered, in her
apartment, in Bolton street, South
Boston, late last night. The woman,
who was about seventy years old and
a widow, occupied a little flat on the
second floor, her only companions
being the dog and a cat. When two
policemen forced the door, they
found further progress barred by the
dog, which was frantic in its efforts
to guard the body. By much coax-
ing the police finally gained the
animal's confidence and entered the
room. Mrs. Ketchum had been dead
apparently three or four days. An
undertaker who was called received
a savage greeting from the woman's
canine guardian, and it was not un-
til the animal was shut in another
room that the man could perform
his task.

The rooms indicated the most ab-
ject poverty. There was little or no
furniture in the place, no food of
any kind and no fuel. The death of
the woman was a particularly path-
etic one.

WORDS OF HOPE.

To All Who Suffer From A Run
Down System.

MRS. HARRIET A. FARR, FENWICK,
ONT., TELLS HOW SHE OBTAINED A
CURE AFTER SUFFERING FOR
TWO YEARS.

Thousands throughout this country
suffer seriously from general debility—the result of impoverished blood
and shattered nerves. To all such
the story of Mrs Harriet Farr, widow
of the late Rev Richard Farr, Fen-
wick, Ont., a lady well known
throughout the Niagara district, will
point the means of renewed health.
Mrs Farr says: "For a couple of
years prior to 1899 I was a great suf-
ferer from a run down system. My
digestion was bad; I had little or no
appetite and was in a very poor state;
I suffered from heart palpitation and
a feeling of continual exhaustion.
Doctors' treatment failed to benefit
me and I gradually grew worse until
I was finally unable to do the least
work. I then began using Dr. Wil-
liams' Pink Pills and from the very
first I noted an improvement in my
condition. The severity of my trouble
gradually lessened and by the
time I had taken eight boxes I was
again enjoying the best of health
despite my sixty years. I believe
that Dr. Williams' Pink Pills saved
my life and would strongly urge
sufferers to give them a trial, be-
lieving they will be of great benefit."

When your blood is poor and
watery, when your nerves are un-
strung, when you suffer from head-
aches and dizziness, when you are
pale, languid and completely run
down, Dr. Williams' Pink Pills will
promptly restore your health by re-
newing and enriching the blood.
They are a prompt and certain cure
for all troubles having their origin
in a poor or watery condition of
the blood. But only the genuine cure
and these bear the full name, "Dr.
Williams' Pink Pills for Pale Peo-
ple. Sold by all dealers in medicine
or sent post paid at 50 cents a box or
six boxes for \$2.50 by addressing the
Dr. Williams' Medicine Co., Brock-
ville, Ont.

More Klondike Gold This Year Than Ever.

The gold output of the Klondike
promises to eclipse all previous re-
cords this year. Latest reports from
that far northern mining camp re-
present that the dump of gravel ex-
tracted from the drifts of the paying
claims on the various creeks are
larger than those extracted during
any previous winter since the camp
was opened.

It is estimated the gravel in these
dumps is as rich as that which has
hitherto been mined. On this as-
sumption it is estimated that the out-
put will reach \$30,000,000 this year.
If so, it will exceed the output of 1901
from \$7,000,000 to \$10,000,000.

It was expected at the opening of
the spring of 1901 that the clean up
would show a total of at least \$30-
000,000 then. But it fell far short
of that figure, because the water for
washing the gravel dumps gave out
earlier than usual in the season, and
some of the pay dirt mined during
the preceding winter had to be car-
ried over.

The last winter in the north has
been unusually mild. Mining in the
Klondike creeks has been corre-
spondingly active. The spring open-
ed there early. Water for washing
pay dirt began flowing several weeks
earlier than ordinary. If it holds
out through the summer and all of
the dumps are washed, the clean up
of the year may reach the enormous
estimates which is now being placed
upon it.

Expert observers of the gold pro-
duction of the district have assumed
it has passed the high water mark,
but late estimates do not support
that theory. Unless new discoveries
are made, it may not reach the high-
est point of production for years to
come.

The Dominion government has
thrown open to entry 4000 lapsed and
abandoned claims which are being
rapidly re-empted, and many of
them may prove to be rich.
