U. S. ELECTIONS.

The elections in the United States have resulted, so far as may be judged from present returns, in favor of the Republicans, but with a reduced majority. In the present House of Representatives, with a membership of 357, the Republicans have a majority of 41. Under the new apportionment the 58th House will consist of 386 members, a majority of which is 194.

The thirteen southern states, not counting West Virginia, but including Missouri, have 125 representatives. The democrats have carried 116 of these districts and the republicans probably five, two in Tennessee, one in Kentucky and two in Missouri, with two in North Carolina, one in Virginia and one in Alabama doubtful according to latest returns.

To obtain a majority in the next house it was necessary therefore for the democrats to secure 78 votes in the north and west. In this territory they have at present 52 representatives. The latest returns indicate that this strength has been held, with the exception of one seat each from Idaho, Montana and Nevada, as to which the returns at this hour are inconclusive. Adding 49 to 116 gives the democrats 165. The returns show that they have made a gain of three in Pennsylvania, one in Nebraska, one in Delaware, one in Wisconsin, two in Maryland, one in Colorado, and probably four in New York, swelling the total to 178. This leaves them sixteen short of a majority, with the result in five doubtful southern districts to be heard from, and doubtful districts in the north and west from which the returns are as yet inadequate, as follows: West Virginia, 2; Ohio, 1; Indiana, 2; Illinois, 2; Iowa, 1; Nebraska, 1; Kansas, 1; Minnesota, 2; Michigan, 1; California, 2; and Utah, 1; a total of 21.

The next U. S. senate will be republican by at least 16 majority against the present majority of 20.

A NEW INDUSTRY.

Our readers will remember that, during the past summer, a Mr Craddock, from somewhere in Ontario, was here prospecting for a site for a wood manufacturing establishment for the purpose of making broom, shovel and axe handles, and all that sort of thing for the English market. While here Mr Craddock was shown about by the Mayor, ex-councillor James Carr, and others, and after a good deal of investigation he appeared favorably impressed with the prospect. It would appear that Upper Woodstock is the place selected as the site for the mill. Land along the river front just above the bridge, has been purchased from Albert Brewer, and a contract for the erection of the mill has been entered into with Colby Henderson. Machinery for the factory is on the way and the prospect is that this industry will be an important one.

Social by the Members of L. O. L. No. 38.

The hall was well filled by an interested audience. The chair was ably filled by Rev J C Bleakney. The meeting opened with the doxology, after which the following interesting programme was well sustained throughout its entirety: Remarks by the chairman; a trio by Dr Baker, H Lockwood and F L Moorer; reading, Miss Annie Rolston; Kinney; quartette, Dr Baker, Mr and solo, F L Moorer; reading Mrs Mc Mrs Lockwood, F L Moorer; addresses, J A Lindsay, D Gen; trio, Dr Baker, Lockwood and Moorer; recitation, Master Jack Hipwell; address, A P Lockhart, P C M; dialogue by Theo. McKinney and Mrs Hagerman; address, George S Wiggins, P C M; trio, Dr Baker, Lockwood and Moorer; address, D Hipwell, P C M. All present were served with ice cream and cake.

A vote of thanks was tendered to those who had assisted in the musical portion of the programme, and to the lady members of the True Blue, for the refreshments furnished. The rendering of the sacred song, "Let the lower lights be burning," by Messrs Baker, Lockwood and Moorer was especially fine and received loud applause. The enjoyable entertainment closed by singing God Save the King.

MR. WILLIAMS' RECITAL.

Mr George B Williams, the distinguished Shakesperian reader, who has been touring the larger centres of the Maritime Provinces, will conclude his eminently successful season in the East by giving a Humorous and Dramatic Recital in Woodstock, Monday, Nov 10th. ON THE GRIDIRON.

On Saturday afternoon last, the Colored Terrors engaged the Rustlers in a hard fought contest for football honors. The game was marked by the brilliant passing of the halves of both teams, making the struggle very interesting to the spectators present. The ball fell to the Rustlers for the kick-off, after which the Terrors rushed it far into the territory of the Rustlers, so that the latter were compelled to touch for safety. After this the white boys took the offensive, so that at the end of the first half the game stood, Rustlers 6, Terrors 0. In the last half the Rustlers secured another touch-down, but failed to kick goal, thus winning the game by a score of 9 to 0. Lewis Milmore refereed the game in a satisfactory manner. To-morrow (Saturday) another game will be played between these teams on the College grounds.

POST OFFICE REPORT.

A GRAND SHOWING—A GRATIFYING SURPLUS.

The annual report of the Postmaster-General for the year ending 30th June last was issued Tuesday. Sir Wm Mulock is able to show surplus of \$5,109. The Post-Office Department is not supposed to be revenue producing, and the deficit for the year has generally been little short of half a million dollars. When the Postmaster-General reduced the domestic postal rate from three to two cents and the Imperial postage from five to two cents, the predictions of the Opposition were that the taxpayers would be called upon to make up all the reductions, and that those who indulged in letter-writing would alone get the benefit. The Postmaster-General held otherwise, and his views have been more than upheld.

The total revenue of the department was \$3,883,126, and the expenditure was \$3,883,016, leaving a surplus of \$5,109. In 1888, when the present Government took office, the deficit was \$781,152. This was reduced in 1898 to \$47,602. Then came the adoption of penny postage, and consequently a reduction in the revenue. The revenue, however, grew annually and last year shows the highest on record. Excluding the Yukon and Atlin, the total revenue was \$507,585 more than in the previous year. The expenditure of the year was \$45,640 more than for 1901. It should be remembered that the service was not in any way impaired for the purpose of having a surplus. There was an increase of 124 in the number of post-offices and of 21,978,000 in the number of letters carried during the year; the increase in letters was 11 1-2 per cent.

There were 848 contracts let by tender for services previously in operation and 12 for new services. The mileage travelled on stage routes was increased during the year by 129,170. The railway mileage over which mails were carried was 17,267. The postal note business and the money order transactions are increasing greatly, and the post-office savings' bank shows an increase to the balance of depositors of \$2,369,397 over last year.

The number of letters carried during the year was 213,628,000. Divided by provinces this shows 105,600,000 for Ontario, 46,200,000 for Quebec, 15,200,000 for Nova Scotia, 10,100,000 for New Brunswick, 2,035,000 for Prince Edward Island, 13,231,000 for British Columbia, and 21,172,000 for Manitoba and the Northwest Territories. This, of course, does not include postcard and other classes of mail matter. Of the letters mailed during the year one in every 4,749 was sent to the Dead Letter Office. This is the lowest percentage on record except 1897.

The Independent, Presque Isle; J Boobar, Florenceville, N B, has purchased J C Graham's farm and village property, the price being \$5,000.
