Canada's Achievements.

Canada has made progress, progress of which all true Canadians may well feel proud. Our canal system is easily the best in the world, beside such trick lets as our neighbors are but a collection of insignificent ditches. The two earliest steamship lines to cross the Atlantic originated in Canada, and our neighbors have yet to duplicate them. Our banking and mercantile houses are such as any country might well be proud of. To-day we have bank agencies in THE REID HOUSE, on Countil Street.—
Will be sold at a great sacrifice. Possession given 1st October. Or will rent at a reasonable rate.

B. B. MANZER.
Woodstock, Sept. 11, 1902.—16-37.

To tay we have take agencies in the great centres of the adjoining country, and are lending money to our neighbors.—Montreal Star.

SHOT THREE OF THEM.

Cleveland, Oct 15 .- In a secluded farm house, on a country road two miles from the village of Rochester in Lorain county, last night, three aged men named Meach were attacked by six desperate robbers. As a result two of the robbers were shot to death, one probably fatally wounded and two of the Meach Bros are badly beaten. There are three of the Meach Bros, Loren, aged nearly 80 years; John, about 70, and Jarvis, aged 65. The old men are said to be rich. About eight o'clock ed to St Stephen. while John was in the barn, he was surrounded by three robbers and spent Sunday, the 5th inst in Debec. bound. 136 .- Sun. The Unlucky Tories.

\$1,550 of the total amount voted \$8,-

The Tories are very unlucky fellows. They created the West, created the commerce of Canada, and created all the industries of Canada. But, strange to say, all these prosper more under Liberal rule than under Conservative rule. No sooner do the Tories go out than the West begins to fill up, factories are enlarged and work day and night, and Canadian exports increase at the rate of \$14,500,000 a year.
