The Carleton Sentinel.

FRIDAY, APRIL 11, 1902.

Published by THE CARLETON SENTINEL PUBLISHING CO., at their Office, in VANWART'S BRICK BUILDING, King Street, Woodstock, up stairs.

The discussion on the budget in the Dominion Parliament was brought to a close on Wednesday morning, when the house divided on the Amendment moved by the leader of the opposition. The amendment was lost, by a vote of 61 to 117; government majority, 56. Calvin, Con. voted with the government.

FIVE hundred and eighty troops representing all branches of our militia will be Canada's contingent at the Coronation Ceremonies. The contingent will be selected from all parts of the Dominion and will consist of 300 mounted men and the balance from the infantry. The contingent will sail from Quebec on June 7th.

The report of the Halifax school for the Blind, Halifax, 1901, is interesting reading as showing the completeness of its appliances for, and the valuable results following, its important mission. During the year the enrolment of pupils was 65 boys, 47 girls, 5 adults—total 117. Of these, two were from this county. The receipts for the year were \$22,426.30; expenditure \$22,376.04.

HEROIC CANADIANS.

The fight at Hart's River, on the 31st March, was much more serious and attended with more casualties than at first reported. There is one thing evident that the Canadian troops exhibited remarkable bravery and steadfastness, especially when it is remembered that they were raw recruits but recently arrived at Cape Town and hurried to the front. Notices at the game of war but "every man a brick." Regrets for the dead and wounded, sympathy for sorrowing parents and friends, and huzzahs loud and long continued for our Canadian heroes who saved the day and covered themselves with glory. Among the seriously wounded was one of Carleton county's sons, Chalmers Derrah, of Hartland. When the last contingent started for S. A., he was among the number and proved himself a true and bold soldier he was honorably wounded in the battle under reference.

The correspondent of the London Standard at Klerksdorp, Transvaal Colony, has cabled a graphic account of the battle of Doornkop farm March 31. A small force of Canadians and mounted infantry, says the correspondent, was opposed by sevenfold their number. Six hundred Boers charged confidently, calling upon them to surrender. Lieut. Carruthers, of the Canadians, sprang to his feet, and exclaiming that he would not surrender, shot the foremost Boer with his revolver at a distance of 15 paces.

The Canadians had no cover except the short grass. Lying prone upon the ground, they fired steadily and forced the Boers to seek the shelter of a screen of trees and fired down on the Canadians. Many of the Boers climbed these trees and fired down on the Canadians. The latter kept the enemy at bay for two hours. When all but 15 of the British troops were killed or wounded, the Boers ventured another rush and captured the handful of survivors. Left. Carruthers was the only British officer who was not seriously wounded. He had several flesh wounds, but refused to go to the hospital. Some of the Boers wanted to shoot him when he was taken prisoner, but they ultimately thought better of this, saying "He is too brave a man to die that way."

TORONTO, April 7.—The Telegram's special cable from London says: Most of the recent advices from the front says that at Hart's River engagement the British troops were arranged in the form of a semi-circle, the Canadian Rifles holding a point somewhat in advance and across the front of the semi-circle. The Boers were following up a bold attack on the 28th Mounted Infantry when they were met with a heavy fire from the Canadians, who poured volleys into them at a distance of two hundred yards. Private Evans, although mortally wounded, kept in the thick of the fight, and having fired all the ammunition in his bandolier, broke his rifle.

OBITUARY.

Mrs. Ephraim Hallett of Gordonsville died on Saturday from paralysis. She had been in fairly good health until Wednesday when she was prostrated, and did not recover consciousness until her death. She was about 60 years old and leaves a husband, son and three daughters. The funeral was held on Monday.

FLAMES AND SMOKE.

A serious fire occurred in the hardware store of W. F. Dibblee & Son, Main street, on Tuesday afternoon, by which the large and expensive stock of goods was either entirely destroyed or greatly damaged. The fire occurred as follows: A clerk was drawing off some asphaltum in the cellar, when some of the liquid came into contact with the lighted lantern and at once burst into flames; the clerk rushed upstairs carrying the flaming vessel as far as his burning hands would permit. The flames immediately spread, and the store was full of fire and smoke. The hose companies, 1 and 2, speedily responded to the alarm and soon a perfect deluge of water was being poured into the premises which finally conquered the flames. The loss to Messrs. Dibblee's is a very heavy one, almost a total one. The insurance amounts to some \$15,000.

B. B. Manzer suffered considerable loss from the smoke which worked through on to the goods in the upper flat of his store; the furnishings in the Masonic Hall suffered also from the smoke.

BASE BALL.

Saturday afternoon the Grammar School and Business College teams played a close and exciting game at the park.

The result was in favor of the Business College, 9 to 7.
Batteries:—B. C. Nicholson and Mercer; G. S. McLauchlan and Milmore.

There were many fast plays made, the sharp fielding of the Grammar School boys being the principle feature. Nicholson and McLauchlan pitched very effectively.

On Saturday the same teams meet again, when the Grammar School team will no doubt make a great effort to down the hitherto invincible Collegians.

There is considerable talk of a local league being formed to embrace the above teams and the African Giants. There is every reason for thinking that base ball will boom this year as it has not done for many years.

CARD OF THANKS.

We wish to extend our sincere thanks to all the Foresters, Odd Fellows, neighbors and friends for their kindness in the illness and death of our beloved son and brother W. A. Sherwood.

Millinery Opening!

The Misses GALLAGHER

Millinery Opening of this week was a decided success. Their efforts to please the public was evidently appreciated by the throng of ladies who visited their store and pronounced their style in Hats and Trimmings to be the most up-to-date ever shown in Woodstock. The Windows—one displayed White Gossamer, a violet and ivory combination, the other showed the New Linen and the Coronation Shades. The Tie Corner Shape had a Persian Madal-lion brim crown of Irish Point Lace and Pink Rose Points, finished with Velvet Ribbon Loops. A very old Turban Shape, made of horse hair and linen shade braid, trimmed in primrose and metallic ribbon. A very effective design was made of white chrysanthemum straw, trimmed in pearls, white roses, fern foliage, a lace scarf, finished with a beautiful cabochon. BOYS CLOTHING.

From the way the mothers come here for their boys' clothes, means that both price and quality must be "All Right." Never in the history of Woodstock have so many Suits been sold so early in the season.
One woman says my boys insist on having where Papa buys.
The Clothing of Boys is as a rule the hardest part of a retailer's business, he's got to suit both boy and mother and patch up the difference between them, as they seldom agree on clothes.
The lively, ambitious boy will do more to convince you of the wisdom of buying good, sturdy, wear-resisting clothing than a whole column of talk.

NOTICE TO FARMERS!

We expect to buy Lambs this season as usual for our Houlton Slaughter House. After our experience of last season buying Lambs by the pound, we feel convinced that is the proper way to buy them, and shall continue to buy this way this season, paying one cent per pound more for Ewes and Wethers than we do for Bucks. Farmers having good stock will realize more by selling them by the pound than they can any other way. Why not castrate your Bucks and receive the highest price for all? We recommend farmers weighing their Lambs to see if they are receiving the highest price.
