### Royalton.

Some of our farmers still have a large amount of hay unharvested, and the continuous rain makes it seem rather discouraging.

A short time since Mr. Harry Weade took the measles and afterwards began bleeding at the nose. Dr. White was called, but failed to stop the flow of blood, and immediately sent for Dr. Brown. They operated on him by plugging his nose. The last heard it was still leaking and the doctor said he was not able to stand another operation. Harry is a great favourite and all are anxious concerning his health.

Mr. and Mrs. O. L. Smith, who have been visiting here the last two months, have again returned to Lowell.

It seems rather dull on Sundays without any peaching.

Our school which was reopened two weeks ago is progressing favourably under the direction of Mr. Huggard of Queens County, who seems to be master of the situation, and is making a very favourable impression with both parents and scholars.

A good substantial wood house has been erected, and other improvements have been made on the school ground, and yet more is needed to bring appearances up to a standard worthy of a district such as this.

Deputy Inspector Whitaker passed through here one day last week on an inspection tour of the various post offices.

A change bringing in some weather more favourable for our maturing and gathering in of the various crops would be a great boon to farmers and the country in general.

So far as growth and fruitage is concerned the prospect is very good.

W. S. Tompkins intends to leave next Monday for Lewiston, where he goes as a judge of stock etc. at the Maine state fair.

Nearly all from this part of the town attended the Soldiers' Reunion last week which was held at Mars Hill. A large crowd from all over the county were assembled there. One of the most interesting and instructive features of the programme was the lecture given Thursday morning by an educated negro from Missouri. To reach the Reunion grounds, many went in carriages while others availed themselves of train privileges, getting a return ticket from here for twenty cents. ## Gray Hair

"I have used Ayer's Hair Vigor for over thirty years. It has kept my scalp free from dandruff and has prevented my hair from turning gray."—Mrs. F. A. Soule, Billings, Mont.

There is this peculiar thing about Ayer's Hair Vigor—it is a hair food, not a dye. Your hair does not suddenly turn black, look dead and lifeless. But gradually the old color comes back,—all the rich, dark color it used to have. The hair stops falling, too.
