Sunday night there was a heavy
fall of rain, which left the roads in a
dangerously icy condition; fortu-
nately we have no accidents to re-
cord. Since then the weather has
been colder; but the thaw interfered
materially with the Christmas busi-
ness; up to Tuesday there were but
few persons, comparatively, in town
from the country districts.

A perusal of the large "ad." of
Carr & Gibson, in this issue, will en-
able Christmas buyers to make a se-
lection from a choice assortment of
jewelry, sterling silver, cut glass,
etc. James Gibson, the proprietor,
will be pleased to show intending
customers his rich wares.

Owing to the absence of W P Jones

brother of the late Miss Sarah Bar-
rows, arrived in Woodstock, Mon-
day, and, the same evening, accom-
panied the remains of his sister to
Portland, Me., where the burial took
place.

In addition to our usual stock, we
would call especial attention to some
of the new goods arriving nearly
every day, such as Cleaned Currants,
Seeded and Muscatel Raisins, Citron,
Lemon and Orange Peels, pure spices,
essences, nuts of various kinds, fruits,
chocolates and confectionery of all
kinds, with prices right. Don't for-

All with whom we have conversed
on the matter, declare the Amherst
fat stock show a fine one; the very
wet weather which prevailed pre-
vented the attendance from being so
large as otherwise would have been
the case, but with this exception, it
was a grand success. The informa-
tion imparted, must prove of great
value to the farmers present. Some
valuable stock, we are told, was
purchased by Carleton County far-
mers, among them John F Harper of
Jacksonville and C. F. Rogers of
Northampton.

Bronchitis

"I have kept Ayer's Cherry Pec-
toral in my house for a great many
years. It is the best medicine in
the world for coughs and colds."
J. C. Williams, Atica, N. Y.

All serious lung
troubles begin with a
tickling in the throat.
You can stop this at first
in a single night with
Ayer's Cherry Pectoral.
Use it also for bronchitis,
consumption, hard colds,
and for coughs of all kinds.

Three sizes: 25c, enough for an ordinary
cold; 50c, just right for bronchitis, hoarse-
ness, hard colds, etc.; \$1, most economical
for chronic cases and to keep on hand.

Extraordinary Storm.

A good deal of interest has been
created in scientific circles by the
despatches from Australia, telling of
an extraordinary red dust storm that
broke over Melbourne on November
12, and which afterwards became
general over New South Wales.

One phenomenon in connection
with the storm was the falling of fire
balls, which set fire to several build-
ings in Melbourne. At Midday on
November 12 the city was in dark-
ness, people traversing the streets
with lanterns. The superstitious
thought that the end of the world
was about to come, and scenes of
panic are described in some of the
despatches.

At the same time comes the news
that the Savaii volcano in Samoa is
in a violent state of eruption, and
that the villages in the neighborhood
are covered with ashes to a depth of
two inches. Sir Norman Lockyer,
the astronomer, in an interview
printed in the Daily Mail, stated that
fireballs were constantly seen at the
time of the recent eruptions in the
West Indies, so that it is possible
that the phenomena in Australia may
have been connected with the vol-
canic activity in Samoa.

The fireballs are generally describ-
ed as globular lightning. There are
records of much damage having been
caused by them. In 1899 the Warren
Hastings, a British warship, was
struck on the masts by three fire-
balls, in quick succession. In 1891 an
electric ball entered a wooden
dwelling in a village of Auvergne.
It exploded and set fire to the house,
with the result that a child was
burned to death.

Ontario By-Elections.

TORONTO, Dec 20.—The Globe says
to-day that it is understood that the
by-elections to fill the seats recently
vacated by the courts for North
Perth, North Norfolk and North
Grey will be held Wednesday, Janu-
ary 7th; nomination December 31st.
Two of these seats, North Perth and
North Norfolk, were carried in the
general elections by Conservative
candidates—Monteith having a ma-
jority of two in North Perth, and
Snider a majority of 23 in North Nor-
folk. In the previous legislature
both these seats were held by sup-
porters of the government. In North
Grey, which was held by the Con-
servatives in the last legislature, the
government candidate was returned
in May last by a majority of 5.

Mother And Children Lost.

Sydney, Dec. 20.—Two boys, aged
between eight and 11, fell through
the ice at Benecadie pond, near
Grand Narrows, Thursday morning,
and were drowned. In trying to re-
scue them, their mother met a simi-
lar fate.

The boys, who were children of
Stephen McNeil, lived near the pond,
and on Thursday morning went out
on the ice. Their mother, from the
house window, saw them break
through and ran to the rescue. The
frail ice would not bear her weight,
however, and before she reached
them she too, broke through.

Several who saw the occurrence
rushed to the assistance of the
drowning ones, but help did not ar-
rive in time. Search was at once
made for the bodies, but they have
not been found. It is thought the
strong current carried them away.

SIR WILFRID.

A late Ottawa dispatch says:—A
letter received in the city to-day
from a visitor to Hot Springs, Virgi-
nia, says: "You have no idea how
well I found Sir Wilfrid. He has im-
proved wonderfully since he arrived
here. It is marvellous to see how
quickly he recovers. He will return
at the end of the month, and I am
sure everybody will be surprised to
find him so different from what he
was before leaving Ottawa. He is
happy over the results of his cure,
and I never saw him in better spir-
its."

CROP FAILURE IN FINLAND.

St Petersburg, Dec 21.—The aver-
age grain crop gathered in Finland
is valued at \$30,000,000. The estimat-
ed value of the 1902 crop is \$20,000,-
000. While this loss is generally dis-
tributed throughout Finland, it is al-
most total in the northern third of
the country, where are the provinces
of Uleaborg, Kuopio, Wasa, St
Michael, and a portion of Vigour.

Peas and beans generally have
failed and the potato crop has not
been gathered. The hay has rotted
or been swept away by floods. The
disaster is due to the late spring, the
nearly continuous chilly rains and
the early frost, which was recorded
Aug 10. In the north there have
been only half a dozen days when it
did not rain. The rains also spoiled
the fishing.

So complete was the failure of
vegetation that dead birds by the
hundred have been found in the for-
ests. The present crop failure is the
worst that has been experienced for
the last 50 years. It is hoped, how-
ever, that better methods of com-
munication will facilitate the work
of relief and avoid wholesale deaths
by hunger and typhus.

The Rhodes Scholarship.

Sackville, N. B., Dec. 18.—Doctor
Parkin, who is here arranging for the
Rhodes scholarships, met represen-
tatives from various institutions of
learning throughout the Maritime
Provinces in Dr. Allison's office in
the residence, this afternoon and
evening.

Doctor Parkin presided and among
those present were Father Guertin of
St. Joseph; Doctor Willett of King's
College, Windsor; Doctor Kierstead
of Acadia; Doctor Forrest of Dal-
housie; Doctor Scott of the U. N. B.,
and Doctors Inch, McKay and An-
derson, superintendents of education
for New Brunswick, Nova Scotia and
Prince Edward Island, respectively.

The conference was a long one as
the questions were of importance.
Many points touched on were left
for settlement until to-morrow,
when the conference will conclude.

Doctor Parkin said to a *Telegraph*
representative last night: "Practi-
cally the only points that we actually
decided on were that those trying
for the prizes must be students of at
least two years' standing in one of
the universities. We also decided
that the scholarships should be
awarded not by population but by
provinces, which will mean that each
province will have a scholarship of
its own. The delegates were almost
unanimous on these points. We ex-
pect to complete arrangements here
to-morrow, and then of course I have
to deal with the institutions of On-
tario and Quebec."

Kirkland.

Dec 22nd, 1902.

Last night's rain has left the fields
quite bare and the roads icy.

On Friday, Miss Mills, teacher in
the Kirkland school, left for her
home in Northumberland Co, to
spend the Christmas holidays.

William Nicholson is recovering
from a hurt in the side.

Miss Myrtle Carter leaves home
to-day to visit her sister in Lawrence,
Mass. Her sister, Miss B. Carter, who
has been teaching school near St
George expects to accompany her.

To the Editor of the SENTINEL and
Staff we extend Xmas greetings.

Lower Woodstock.

(Too late for last issue.)

The weather has been very cold
for some days; some of our old set-
tlers, think it has not been so cold
for many years, though it is not
cheering to the hearts of the people
to see it raining this afternoon.

We regret to say that Jerome Por-
ter, who has so faithfully taught our
school for a great number of terms,
handed in his resignation.

S C Wiggins has had his grist mill
running for a few weeks and has saw-
ed a few lots of lumber. He intends
as soon as hauling to run his rotary,
shingle and lath machine.

It is reported that James Scott will
have his new mill running the 20th of
this month, and is also repairing the
old mill which was formerly run by
A W Hay.

C M Marsten, who stepped on a
rusty nail a few weeks ago, is rapid-
ly recovering under the treatment of
Dr Hand.

We are sorry to learn that C L
Lewin is quite sick.

There is talk of a new election soon,
but nothing showing how the people
will vote. In 1896 we had a polling
place here, but now we are taken to
Woodstock to vote. We had our
mail to start in the morning from
Meductic, which was, then carried
in the day time; now it appears it is
to be carried in the night.

The friends and acquaintances of
John D Porter will be glad to know
that he is enjoying good health, in
the 85th year of his age.

Debec.

Dec. 23.

W Ferguson Hemphill, who has
been in California for nearly five
years, arrived home on the 20th, to
spend the winter with his parents,
Mr and Mrs W W Hemphill.

Chas G Crawford, and Jennie
Hemphill, who are attending the
Provincial Normal School are home
for the Xmas vacation.

The schools in this vicinity closed
on Wednesday on account of the
Teacher's Institute, in Woodstock.
Mrs Wm Benn and Miss Ava O'Don-
nell are much improved in health.

Misses May and Maud Audert are
home for Christmas.

Aubrey Henderson made a short
visit to his home here last week.

Mrs Robt Kirkpatrick is in Wood-
stock, visiting her son Dr E S Kirk-
patrick.

There was a Basket sale in the
Forresters Hall on the 12th in the in-
terest of the Richmond Cornor band.
About \$29.01 was realized.

The death is announced of the
Rev. Arthur H Male, widely known
amongst Wesleyans as "the fighting
parson."
