The Farmers' Parliament.

Whatever doubts may have existed in the minds of the members of the Farmers' and Dairymen's Association of their annual meeting from Fredericton to separate sections of the province, and whatever fears may have been present with Mr C. L. Smith, when he extended an invitation to the society to hold its present session at Woodstock—in the citation as to the policy of changing first instance the doubts have been proved needless and, in the latter the fears without cause.

The session just closed has been one of the most successful yet held by the association. The attendance was large, the speakers, were experts in their various lines, the addresses delivered were of a high standard; the topics discussed of the most important and practical nature, while the farmers testified their interest and intelligence by the many questions asked by them, the answers to which afforded them much valuable information on points in their profession, and satisfied them on matters on which they had doubt.

We give in this issue as full a synopsis of proceedings as possible, and will have to supplement next week.

The visiting gentlemen with whom we conversed were unqualified in their expressions of satisfaction at the warm reception given them and of the general courtesy extended by Woodstock people generally. "We would like to come to Woodstock again," was the outspoken feeling.

DEATH OF JOHN DARKIS.

The death of John Darkis, one of the oldest residents of Florenceville, occurred at his home about five o'clock on Saturday, Jan. 24, after a brief illness. On Saturday, six weeks previous, he worked in his blacksmith shop, shoeing seven horses and doing some iron work for Florenceville bridge. The deceased was born in Londonderry, Ireland, April 18, 1835. His father, Samuel Darkis, who died about fifteen years ago, came to this country when John was about four years old, and settled at Florenceville. At an early age he learned the blacksmith trade from his father and has followed it ever since with the exception of about nine months he followed the sea. About thirty years ago he spent a year at his trade in California. He was first married to Lydia Gregg of Centreville on Nov 3, 1859, who preceded him in death about three years. He married as a second wife the widow of Alex Hamilton, Oct 23, 1902. She survives him. He also leaves one brother, Samuel, of East Florenceville, two sisters, Mrs Asa Bell of Foreston and Mrs Weeks of California, and one son Henry, of Fort Fairfield, who was very attentive to his father during his illness. The deceased was a charter member of the Florenceville Baptist church to which he was a regular attendant and liberal contributor. From what this one says and that one has to say it must be true to say, "A kinder hearted man never lived in Florenceville." He had a wide circle of friends as was evidenced by the large gathering of people which crowded the Baptist church of Florenceville, as Pastor Smith preached from "The Lord is my Shepherd, etc.," this text being chosen by Mr Darkis before he died. We thought it a mark of esteem and taste to see four brother blacksmiths bear the pall. Edward West of Centreville, Benjamin McIsaac and Stanley Carl of East Florenceville and Stephen Ross of Florenceville.

Deanery of Woodstock S. S. Association.

The Sunday School Association of The Deanery of Woodstock, held its annual meeting in St Luke's school Room on Tuesday evening. Encouraging reports were received of Sunday school work in Andover, Centreville, Richmond, Woodstock and other places. Officers of the Association were elected for the ensuing year, as follows: Rev A W Teed, president; Rev F M Bedell, C L S Raymond, vice-presidents; David Hipwell secretaries.

Then followed an interesting discussion upon various matters in connection with Sunday school work. A resolution was unanimously adopted, requesting Archdeacon Neales to allow his sermon upon the guiding of child-life, delivered in St Luke's Church on Sunday morning last, to be published in one of the local papers.

At the request of the committee the SENTINEL will published the Archdeacon's sermon, next issue.

The funeral of Miss Lizzie Ryan, who died on Wednesday at the residence of Mr and Mrs Thos. Dunphy, took place on Thursday morning, from the house, to St Gertrude's church, thence to the Catholic cemetery for interment. Miss Ryan was a bright child of 14 years, and many friends mourn her death.

Noble & Trafton are striving to keep up their reputation for supplying the public with choice groceries, canned goods, pickles, sauces, and the thousand other etceteras, that go to make up a full grocery stock. That they are succeeding is best shown by the generous patronage bestowed upon them. Thanks, call some more.

Both the Fredericton papers, the *Gleaner* and *Herald*, speak in complimentary terms of Mr H F Grosvenor, the newly elected Warden of York County. Mr Grosvenor will no doubt creditably fill the position, and will bring to the discharge of its functions, not only mental power but good sound sense and practical business ability.

A Young People's Association has been formed in connection with St Luke's church, with the following officers: Mrs R V Dimock, president; Miss Lou Smith, vice-president; R N Loane, treasurer. Meetings are held weekly on each Monday evening. The organization is for literary and social purposes, and the first meeting was of a specially pleasing character.

The following challenge has been handed the *SENTINEL*: A picked team from the junior hockey team hereby challenges the allied druggists and bards were seven for a match, the date to be decided on by both teams. The junior players are: Wallace, goal; Corkery, point; McRae, cover point; W Lister, A McLean, A Smith, G Payson, forwards; C Hull, spare man.

The three boys charged with pilfering from the post office boxes were tried on Friday of last week, before Judge Stevens, under the Speedy Trials Act. They plead guilty. His Honor gave them some wholesome talk, telling them that while he could send them to the penitentiary for three years, taking into consideration their youthfulness and previous good character, he would suspend sentence, upon their giving bonds to appear for sentence when called upon. Bonds were readily furnished and the boys discharged from custody.

Charles E Royal of Lewiston and Miss Cora E Cluff of Auburn were united in marriage by Rev. W H Osmond, pastor of the Heavenly Rest Episcopal church, Auburn, Wednesday afternoon.

The ceremony was performed at the home of the bride's parents, 289 Turner street, at 2 p. m. The single ring Episcopal service was used. The bride was gown in becoming blue venetian cloth with hat to match. The maid of honor's suit was of green broad cloth.

Miss Annia B Cluff, a sister of the bride, acted as bride's maid. The best man was Percy C Royal, a cousin of the groom. Mr Percy Royal's home is in Manchester, N. H. He is a student at Bates college.

The Cluff home was beautifully decorated with potted plants and flowers. Only the immediate friends and relatives of the contracting parties were present at the wedding.

A reception followed the wedding. About 75 invitations were issued. Mr and Mrs Royal received until it was time for them to go to the 4.30 train on which they left for Boston to be gone several days. They received many presents.

HOCKEY MATCH.

The first hockey match played in the Century ice rink, this winter, was witnessed by a large crowd on Monday evening when the bankers of the town met and were vanquished by the allied hardware and drug representatives. A D Holyoke refereed the game, which was an exciting one. In the first half, the contest was even, each side making a goal; for the Bankers, C. Johnson succeeded in putting the puck through the posts, and this was the only goal made by the Bankers; in the second half, the victors added three more goals, making the score 4-1. The following was the line-up:—

| Bankers | Druggist |
|-----------------------|-----------|
| Murray goal | Carr |
| McLeod point | Long |
| W Johnson cover point | Dibblee |
| Wallace forwards | Stevens |

This will add nearly 1,000 to The Advocate's circulation, and will materially benefit those interested in the fancy. Sample copies mailed for the asking.

Better light: C. M. Sherwood is selling the best American Kerosene at 22cts per gallon. He buys it all from the old reliable house, The Sun Oil Refining Co., Limited, St John, with whom he has been dealing for years, and who have always treated him in a most honorable manner. Is it wise to buy trash at 16 to 20cts, smoking your lungs, your eyesight and your good nature?

Samuel Hineine, a wealthy truck farmer residing at Roxburg, N. J., had his fortune told by a woman at Easton, Pa., Monday. She predicted that Hineine would die before nine o'clock the same night. He went home and told his wife what the palmist had said. They had a good laugh over the matter and thought no more about it. At 8.40 o'clock, while Hineine was unlacing his shoes preparatory to going to bed, he fell over dead. Then the awful prediction of the fortune teller came back to the widow.

STROOK IT RICH.

The Daily Herald, Calgary, Alberta, contains a flattering description of a rich oil strike, which promises to be of vast profit to the Rocky Mountain Development Company, of which, we notice, that our former townsman, I S G Van Wart, is a member. The Herald says:—

John Lineham came in yesterday from the Rocky Mountain Development company's oil property west of the Blood reserve. Mr. Lineham brought back with him a barrel of the oil which had been tapped at a depth of 1,020 feet. The oil is at Van Wart & company's lumber office, and yesterday a Herald representative had an opportunity of proving that it was the real thing. The oil has a strong petroleum smell; it is dark in color, but not thick or heavy. A stick dipped into the barrel can be lit immediately like a lamp wick, and the oil burns with a bright, clear flame, emitting, however, a black smoke like refined coal oil when the wick is turned up too high.

Some time ago a sample was sent to a gentleman in the east, who is an expert on petroleum. He wrote back saying that he had tried it in an ordinary coal oil lamp, and it burned almost as well as refined Canadian oil.

An analysis made by a private party shows that the oil is 15 per cent, stronger than the best oil in Petrolea, Ont. As to the flow of oil, the company has affidavits from its men, one of whom is an expert weller from Petrolea, to the effect that the flow of oil when the well was struck was from 100 to 300 barrels per day.

All the facts seem to indicate that the gentlemen composing the Rocky Mountain Development company have, in mining parlance, "struck it rich." The company is composed of John Lineham, George K Leeson, I S G Van Wart, William Gillies, (of Carleton Place, Ont.) and A P Patrick. These gentlemen have the hearty congratulations of *The Herald* upon their good fortune, which is certainly deserved, for they have displayed good staying powers in connection with the oil proposition.

Where other companies have spent many thousands of dollars and failed, these gentlemen have struck oil and made a success of it, and we are glad to say that they are in a fair way to make big fortunes out of their enterprise. It is a good thing to see out citizens making money, and *The Herald* for one will always hail with delight the news that local men have been able to become wealthy, especially when at the same time they are developing our natural resources.

From the point of view of the country, the announcement that oil has been struck in paying quantities in Southern Alberta will draw additional attention to the district from all parts of the world. There will in all probability in the near future be a flourishing town on Oil Creek, railways will make their way to the spot and capital will flow in, in such a way that nothing can keep it back.

The company has so far completed but one well. It is four and five-eighths inches in diameter, and 1020 feet deep. The oil at this depth is much finer than that found on the surface, this latter being more of a lubricating oil. The amount of land owned by the company is 640 acres, extending two and a half miles along the creek, and half a mile wide. The elevation is about 4,900 feet, or nearly 2000 feet higher than Macleod. The land is the choice of the valley, and contains an excellent town site also good water power. The company is sending in another boring plant, and will continue sinking wells.
