### All Stuffed Up

That's the condition of many sufferers from catarrh, especially in the morning. Great difficulty is experienced in clearing the head and throat.

No wonder catarrh causes headache, impairs the taste, smell and hearing, pollutes the breath, deranges the stomach and affects the appetite.

To cure catarrh, treatment must be constitutional—alterative and tonic.

"I was ill for four months with catarrh in the head and throat. Had a bad cough and raised blood. I had become discouraged when my husband bought a bottle of Hood's Sarsaparilla and persuaded me to try it. I advise all to take it. It has cured and built me up." Mrs. HUGH ROBERTS, West Lacombe, N. B.

Lord Rothschild, head of the greatest financial house in the world, was 61 on the 8th ult. Estimates of the wealth of the great industrial and landed plutocrat are common, but no one ventures to estimate the wealth of the Rothschilds. Their ideas of what constitutes wealth are well represented in the story of one of the family who, on hearing that a deceased friend had only left a million, plaintively observed: "Dear me! and I always thought he was well off."

Don't take a cathartic dose and then stop. Better take a laxative dose each night, just enough to cause one good free movement the day following.
