EMERSON HAGERMAN,

JOHN DONNELLY.

NOTICE.

NOTICE is hereby given that application will be made to the Legislative Assembly of New Brunswick at its present Session for an Act to continue the several Acts relating to "The Saint John Valley and Riviere du Loup Railway," and to amend the same by extending the periods for commencing and completing the construction of said Railway, three and five years respectively from the passing of such Act.

Dated this 14th day of April, A.D. 1903.

ARTHUR L. TRUENAN,

Solicitor for Applicants.

GRAND Clearance Sale

At LAKEVILLE,
Commencing Wednesday,
April 15th.

The undersigned having decided to go out of business on account of ill health of one of the partners, will sell their entire stock, consisting of DRY GOODS, GROCERIES, SHOES and CROCKERYWARE, at a bargain, and unless so disposed of before the 15th inst. will retail everything at cost until the entire stock is disposed of.

CARVELL BROS.

April 8, 1903.—41-15.

NOTICE TO FARMERS!

WE expect to resume our business of slaughtering Lambs this season as usual. We shall buy our lambs by the pound, weighing when taken away, which has proved very satisfactory. We shall continue to pay one cent per pound more for ewes and weathers than we do for buck lambs.

We advise weighing all lambs before selling by the head, to see if we are not offering more by the pound for good lambs than they will bring by the head.

New England Dressed Meat & Wool Co.

HOULTON, MAINE. 81-15

The Woodstock Civilian Rifle Club met in Dr Kirkpatrick's office Wednesday night to transact some final business. F. A. Good acted as chairman. Dr Kirkpatrick was chosen to act as captain, Fred McLean a sec.; Duncan Johnson and Tim Fields additional members of the executive. Messrs Dimock, Creighton and Comben were chosen to give bonds for the preservation and return of the rifles. The membership roll, which is closed for the present, numbers 90.

CERTIFICATION.

This certifies that a Spavin Cure, purchased from Mr Everett, "Rockland Commission Agency," effectually cured two spavins on a mare of mine which was entirely useless and laid down most of the time; now travels without a limp and can break roads through heavy drifts with the best horses on the road. I shall keep the remedy constantly, as it will perform cure of Ringbone, Swellings, etc., etc. I have pleasure in recommending it to others.

BURNHAM NEVENS,

Rockland, Car Co, N. B.

March 2, 1903.
Constantly on hand, 75c large and only size bottle.
Pratt's regulator kept. It tones horse system.

News from the Country.

Ashland.

April 13.
Not seeing any items from this place I thought a few would not come amiss. Snow, rain, mud is all you can see at present.

Quite a number of young folks from Hartland and this place gathered at the home of Guy McColloms Saturday night, to help celebrate Jack's birthday; the evening was spent in games and music. The company left at a late hour, all voting it a bang up good time.

Frank Graham reached home last week, after spending six months in the lumber camps in Quebec; we judge by his looks that his own cooking must agree with him.

Miss Cora Clark is visiting at her Grandmother's this week.

Jarvis Belyea, who cut his knee quite badly a short time ago, is able to be around again.

H A Belyea our veteran post master is visiting at his son Hanford's at Coldstream.

Mrs Clara Clark returned on Friday, from a two weeks visit at her daughter's Mrs Maceys at Presque Isle.

Bird Macey paid this place a flying visit last week.

Our teacher, Miss Flanders, is spending the Easter holidays at her home in Victoria Co., she was accompanied by her friend, Miss McCollum of Hartland.

Miss Mabel Belyea spent part of last week with friends at Lower Windsor.

We hear that C Haydon Clark has sold his bay mare, Lady, for a handsome figure; she goes down river on the steamer this week.

Wellington Craig's family have moved to Middle Simonds and closed their house for the present.

Miss Lottie Morgan having spent the winter in Ashland left on Tuesday last to visit her sister at Mount Pleasant.

J H Elliott, Wm Seely, Geo and Ernest Seely, all left here on Friday for Ashland, Me., to drive for Woodford Craig. Mrs Elliott will visit her mother in the absence of her husband.

Orrin Hayward of Ashland, Me., is visiting at his brother's this week. C H Clark is selling off his stock and farm machinery intending to join his brother Colin in Butte, Mont, the last of the month.

Where, oh! where is our Poetess gone? Is it true she has gone to Cuba or has she been mistaken for a deer, a mistake that could be easily made.

Well Mr Editor if this comes out in print we may try again after house-cleaning is over.

Yours for good looks,

NANCY HANKS.

NEURALGIA.

This Distressing Complaint is Due to Impoverished Blood.

When the blood becomes thin and watery, as a matter of course you become weak, vitality gets down low and there is but little power in the system to ward off disease and pain.

Neuralgia hunts out a weak spot and makes a home there, so secure that it is hard to drive it out. But, by using the proper remedies, it can be driven from the system, never to return. To obtain immediate relief, first apply to the painful parts, a good quantity of Poison's Nerviline and then bind on a hot flannel cloth.

This local treatment will be found very efficacious, but must be followed by a course of Ferrozone treatment. Ferrozone is a blood food and a blood purifier, and quickly strengthens the system so that further attacks may never be feared. It makes the rich red kind of blood, that gives strength and vigor to weak constitutions and puts them in good shape to resist neuralgia attacks.

This combined treatment of Nerviline and Ferrozone in Neuralgia, Sciatica and Rheumatism, is marvellously effective, and cures after all else has failed. Because of the unique success of these remedies we have no hesitancy in endorsing their use to our readers. All druggists sell them.

Grand View.

April 13.
Although the snow went off so early, the weather continues raw and cold, and according to appearances it will not be a very early spring. Farmers can do but little as yet; vegetation is slow, and it is looking dreary.

The rafting of lumber is just about beginning. There has been no raft running from here yet.

The steamer Aberdeen has made

The Baird Company's

Wine of Tar, Honey and Wild Cherry.

This is an ideal preparation for Coughs, Colds, Throat and Lung Troubles, Irritation and Hoarseness, Bronchial and Asthmatic Coughs, and for Public Speakers and Singers. "It clears the throat."

Large six ounce bottle 35 cts.

At all Dealers and Wholesale Druggists.

THE BAIRD COMPANY, Limited,
Woodstock, N. B.

two round trips, and is behind last year's record a few days.

Charles Grant has sold his farm at Upper Southampton, and rumor says he has purchased a property at Upper Woodstock, and intends removing there in the near future.

Mr and Mrs Abram Cronkwhite are receiving congratulations on the arrival of a baby boy, No. 2.

A very sad event occurred at Lower Southampton on Wednesday of last week, by which Charles McFarlan was instantly killed. He was engaged with two others in making preparations for rafting, and while the others were attending to other things a short distance away, he was rolling a log a short distance down over a ledge to the water's edge, and by some mishap his pery fouled and he was thrown down upon the ledge and the log passed over him; he was literally crushed to death. Charlie, as he was familiarly called, was a young man of excellent moral character, very industrious and highly respected, and will be very much missed and mourned by the community as well as the family. The family, of which he was the chief support, by this sudden bereavement, are plunged into the deepest sorrow. The heartfelt sympathy of the entire community goes out to them in their affliction.

St. Andrews.

At last we are enjoying the first fine day for several weeks; and we do enjoy it.

Bicycles are appearing on the streets, and the singing and the merry voices of the children are heard in every direction.

The topic most freely discussed at present is, incorporation, and a vote of the ratepayers is to be taken on the 14th of the present month, to decide the matter. The prospect is, that the measure will be carried by a large majority. We hope it will. We believe the people of St. Andrews are as capable of governing themselves as are those of St. Stephen or any other town in the Province. Hitherto the business of the town has been transacted by the County Council which has not been wholly satisfactory to the citizens. St. Andrews has no waterworks, no efficient sewerage system, no electric light, not even a gas lamp, and on stormy nights the streets are tunnels of darkness. With incorporation it is to be hoped that this antiquated condition of civic affairs will soon be a thing of the past.

Another question quite freely discussed is, the prospect that the O P R Co., will make St. Andrews one of its Winter Ports. The fact that Sir Wm. Vanhorne and Sir Thomas Shaughnessy have built large and costly residences near the town, is taken as an indication in this direction.

A word about our schools. There are three in the place. The Primary, Intermediate and Grammar. Miss Lottie Worrell has charge of the Primary school giving full satisfaction to the school board and parents. Mr Charles Richardson is the efficient and painstaking principal of the Intermediate and Mr Aubrey Allen, son of Rev G S Allen, Methodist minister of the town, is principal of the Grammar school. These excellent schools are doing much for the intellectual growth of the community. In them young men and women can prepare for entrance into either the Normal school or University.

At another time a few items concerning the business, and industrial institutions of the place will be sent in.

Kirkland.

April 13.
Spring advances slowly. The bare fields are still brown. The trees refuse to put forth their leaf buds in this wet, chilly April weather. But soon a change—a wondrous change—shall appear. Under the warmth of the sun's rays, while the south zephyr blows, and the birds warble among the trees, the face of nature shall again be clothed in her mantle of living green.

In the death of Frank Murchie, of Kirkland, the community has met with a heavy loss. He died suddenly at his home in Kirkland on Sabbath evening, the 5th of April, in the 39th year of his age. In his death

the Presbyterian congregation of South Richmond has lost one of its efficient, devoted and faithful workers. Several years ago he was elected to the office of the eldership. As an elder his life has been exemplary, and he has abided in the work of the Lord. As Superintendent of the Kirkland Sabbath School, and Church treasurer he has labored with great faithfulness.

In these and all other departments of the life and work of the church in which he took so prominent a part, he will be greatly missed. The widow, children and relatives of the deceased have the deep sympathy of the community.

Rockland.

April 13.
On the 13th inst, two good citizens with their families and effects passed through our village waving good byes on their way to Hartland, to take train, the one Gideon Phillips, wife and children, seven in all, for Vancouver, B C; the other William Turner, wife and children, horses, cows, entire stock, farming implements, etc, for Caribou, Me. Only a few weeks before, Stephen Bubar and entire family with team, stock, etc, for Aroostook Co, Me. Those are all New Brunswickers by birth, labored long and hard, have about reached the breaking down period and acknowledged their inability to make such a success as desirable, in fact some behind and financially embarrassed, and saw no way out while remaining upon their farms, here. This, probably, does not materially apply to Mr Phillips or to Mr Turner to any very serious extent. The point aimed at is in this mention, what can be done to assist those of the farming community, especially whose crops have been entirely cut off by a blizzard, or hail storm, or through some other casualty, out of their embarrassment and render it possible to lift securities which requires all their surplus for interest and nothing to reduce the principal. We do not like to see those men of experience and moral worth leaving the country, especially where there is no new arrivals to fill their places; we are becoming depopulated, our representation lessened, and our values depreciated, and unless there is a change made in the B. N. A. Act, every ten years our number of seats in Dominion Parliament will be made less; with Quebec as the pivot we cannot increase the same ratio, and, to any unbiased thinking mind it is not difficult to discover where this system is leading and the possible consequences. To life-time friend, G Phillips, and family, we say bon voyage.

The spiritual services in Baptist church still continue. Rev Vernon, baptized five on Sunday last, and others are showing indications of soul disturbance.

Selection. — An Awful Mystery, Sleep—Sweet, refreshing sleep! how like a gentle balm it distills through our tired nerves, and fills the senses with a soft, dreamy feeling of rest. The toils and cares of the day are over, and night broods the earth with his sable wing. All nature invites the dreary body to repose. It is then comes the awful mystery of sleep. The spirit, ever buoyant with eternal energy, sails away on the ocean of dreams, to some fair haven, it may be, in soul land, there to meet and mingle with kindred spirits, whose bodies, like its own, are at rest, some perhaps forever. How very like the sleep that knows no waking—the last sleep. Each day we die, and each morn we come forth to a new life—just as we shall come forth from the sleep of death, to live forever on another plane of being.

It was not my intention to send you a communication this week, and hope your readers will not be wearied at the frequent appearance of Rockland correspondence.

Late rains and sunshine is furnishing water for good driving and satisfactory progress is making; men are stationed all along to prevent jams and to keep the lumber moving; a large proportion of the lumber floating along is of large dimensions and sound as a rock.

Rev G W Foster is holding special meetings at Mount Pleasant and baptized two on Sunday last.

Rockland Com. Agency has increased stock daily, and requests buyers for timothy, clover, garden and field seeds of the best, perfectly fresh and as cheap as the cheapest.

We are receiving a visit from Miss Lena Hayward, of your town, whose young friends here are always delighted to see her.

Farmers are looking to their fences and cleaning up around house and barns, hauling out fertilizers and preparing for the plow. We all say and pray for the husbandman's success that the hungry may be fed and the naked clothed.

The Handford Belyea farm yet unsold and, unless immediate application is made, it will be leased.

ADDON.

Weaver's Syrup

cures them permanently
by purifying the

Blood.

Davis & Lawrence Co., Ltd.,
Montreal, Proprietors, New York.

Half-Sick

"I first used Ayer's Sarsaparilla in the fall of 1848. Since then I have taken it every spring as a blood-purifying and nerve-strengthening medicine."
S. T. Jones, Wichita, Kans.

If you feel run down, are easily tired, if your nerves are weak and your blood is thin, then begin to take the good old standard family medicine, Ayer's Sarsaparilla.

It's a regular nerve lifter, a perfect blood builder. \$1.00 a bottle. All druggists.

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows all about this grand old family medicine. Follow his advice and we will be satisfied.
J. C. Ayer Co., Lowell, Mass.
