TOWN COUNCIL.

A special meeting of the Town Council was held in the Council Chamber of Wednesday evening, His Worship Mayor Belyea and Couns Garden, McManus, Dibblee and Jones being present.

Mayor Belyea read the resignation of Banford Colpitts as Scott Act Inspector for the Town of Woodstock. On motion Coun Dibblee, seconded Coun Jones, the resignation was accepted.

A communication was read from G. H. Clark, Ottawa, explaining the proposed seed show which will be held here shortly.

Mayor Belyea asked the Councilors to assist the proposed show in every possible way.

Coun Jones said he had waited upon the Salvation Army and that organization agreed to give the use of the Town Hall for the seed show, for three days and nights, for the sum of \$5.

On motion of Coun Jones, seconded Coun Garden, the hall committee was instructed to secure the hall at that figure.

Coun Jones introduced the motion again, made by him at last session, reducing the qualification for Mayor and Councilors from \$1000 to \$400, and requesting the clerk to give notice of the intention of the Council in that matter.

This motion was seconded by Coun McManus and unanimously carried, after Mayor Belyea and Coun Dibblee spoke of the subject, in which they stated that they were not opposed to the motion, but regretted the fact that a full board was not present at the meeting.

It was decided that the motion was in order for the clerk to give notice for the change, and, if the absent Councilors had any objection to make, it could be made at a subsequent meeting.

Coun Dibblee said it had always been his opinion that the proper person to enforce the Scott Act was the Marshal, and he still entertained that opinion. He was satisfied that the present marshal would diligently enforce the Act. He (Dibblee) was honest in this matter, and believed the Act should be respected, in the town; if the present marshal did not prove satisfactory, then he should be changed, after having been given a fair trial.

On motion Coun Dibblee, seconded Coun Garden, John C. Gibson was appointed Scott Act Inspector at a salary of \$100 per year.

Coun McManus reported that the estimated cost of printing 500 copies of the town accounts was \$25, which would be given to the lowest tenderer.

The Council then went into committee of the whole on the estimates, and the committee reported as follows to the Council, which report was approved, and a warrant ordered issued for the amount of \$24,781.65.

News from the Country.

Upper Woodstock.

Another link in the chain of social events, which is gradually encircling the village, was forged on the night of Thursday, the 10th, in the shape of a driving party to the home of Mr. Randolph Grasse, at Waterville. Our crowd consisted of two large buckboard loads, including the usual number of those harmless necessities, chaperons. Whenever these enemies of mankind have the good fortune to be invited for a whirl with the young folks, they should have brains

enough to restrain all superfluous remarks and exert themselves merely to keep the crowd straight. Nothing could exceed the hospitality of Mr. Grass and his family, who put the entire house and barn at our disposal and also had invited some of the bright lights of Waterville to meet us. After the usual routine of playing games and talking about the weather had been gone through the party broke up. Innumerable handshakes and promises for the future marked the parting of newly made friends, and finally with three hearty cheers for the Government, the big time was all over. Everyone arrived home in good health and in time for an early breakfast.

Miss B. Pauline Watson is spending a few days in Woodstock, the guest of Mrs. Carl Ketchum.

Miss Annie Carr recently returned from Red Bridge, where she has been visiting friends at her old home.

The annual bulletin of the Hiji club shows the following election of officers for the coming year: Joseph Gans, president; Ernest Devoe, secretary; Chas. McCormac, treasurer; J. Cochran, art com.; M. H. Craig, band master; R. Craig, chief forager; G. L. Cronkite, fire warden; A. M. Brown, chaplain; T. C. Brewer, dea. Under the management of such an efficient staff, Hiji affairs should flourish. A literary club has been formed in connection, which promises to do good work. Many original manuscripts are to be found in the Hiji library, which are well worth reading.

We are glad to see that the village is making marked advances in theological matters. The latest is a Bible class consisting of 47 members, which under the leadership of Todd C. Brewer, will, no doubt, be a great aid in the study of the Scriptures. The topic for next week will be "The Queen of Sheba's Influence on Present Day Gossippers," to be debated with special reference to this town.

We omitted to mention last week a small and select candy party which was held at the residence of Thomas Carr. The all absorbing subject of the evening seemed to be bridge building, and, if party forecasts are to be believed, Carleton coun. should not hereafter lack for bridges.

Upper Kent.

Rain still continues to fall, which is bad for the hay men, as they cannot haul their hay in the rain, and the crossing is liable to break up soon, if the weather keeps warm. All the barns around are packed full of hay, which speaks well for the farmers.

Upper Kent, usually so quiet, has been bustling this winter. Meetings, Young People's Club, lecture by Rev. Mr. Berrie, surprise parties and choir practice, which altogether makes times very lively. Choir practice once per week at Mr. Bloodworth's and Mrs. Shaw's.

A pie sociable will be held at the Free Baptist Church, Monday evening, the 16th, for Rev. Mr. Fenwick. One of our traders at Clear View has sold out and gone to Boston, thinking the change might do him good.

Mr. C. Milbury, who is trading at the old Phillips stand, Clear View, is doing a flourishing business; we wish him success.

Mr. C. Demerchant has returned from the woods and is stopping a few days at his mother's, Mrs. Norman Demerchant.

March 10 1903.

Mr. Howard Burt is in the Village. Rev. Joseph Cahill is calling upon his many friends here. G. D. Perkins was home for Election. Mr. Banks travelled for Emmerson and Fisher was here last evening. Mr. James Crone is home returning a few days previous to Election day.

Mrs. F. P. McKenzie has been very poorly, but glad to report that she is improving slowly.

Lagrippe has had many victims lately. Miss Bertie West has been very sick.

Rev. Mr. Ives preached for Rev. E. C. Turner Sunday.

Rev. E. S. Parker has commenced special meetings.

Mr. C. M. Sherwood turned on the electric current a few days ago and it gives good satisfaction.

Miss Maud McDonald we hear intends to take a trip to the southern states; we wish her a pleasant trip.

Mr. F. G. Burt is steadily improving, he hopes soon to be as well as ever.

Mr. Charles Belyea of Rockland is visiting at the home of Mrs. F. V. West his sister.

D. W. Perkins V. S. reports his business good and work for the spring excellent.

Joseph Vandine left here some six weeks ago for Bangor Hospital to have an operation performed; we learn that he is very poorly, his family expect him here in a few days.

Riley Brook.

March 2nd, 1903.

Sheriff Tibbitts of Andover was here Friday evening and Saturday, guest at the Harmony.

Election is past, it was very quiet here; poll opened 28th, 8 o'clock a.m. and closed 4 o'clock p.m.; quite a number at the poll and a number that could not get there owing to the weather and other circumstances. However everyone had their man and voted for him; no bribery with money or whiskey. The sheriff had a very bad storm to return in; he was so interested in the cause that no urging would tempt him to stay over a moment after the poll closed.

All are anxious to learn who lost their vote.

A downpour of rain all day Saturday; snow rapidly going, fences peeping out that had been so long covered. Soon changed—the wind came round in the evening and blew February out and March in and still it blows.

Camps breaking up, men going home, order of the day.

Some of the leading lumber operators are absent to election in Car Co.

Arthur Inman, blacksmith, still keeps busy working the iron and the steel.

Mrs. Jessie Vanderbeck continues very ill. Earl Gaunce has been very low with congestion of the lungs, but glad to say he is improving.

Captain H. Day still busy portaging from P. R. to Riley Brook.

Mrs. J. W. Tapley returned to her home in this place on the 27th, after an absence of 3 months; she has a fine new baby girl to present to her husband.

Our school closed here 10 days on account of vaccination, reopened this morning. Mr. Jewett, teacher here has proven himself quite efficient for his vocation; he is liked very much by his scholars and people. He has our best wishes for his future.

Adopted son of Mr. and Mrs. G. H. Howard has left them and gone to parts unknown. Perhaps he has made a mistake.

The school in District No. 2, closed last Friday. Special exercises were held Friday afternoon. A large number of visitors were present including twelve or fourteen pupils from the school in District No. 1.

Last Thursday evening, in acceptance of a kind invitation extended by Mrs. C. E. Sprague; the members of our singing school spent a very pleasant evening at her home in Spragueville.

The other evening two of our young ladies went to a neighbor's to spend an hour or two. On starting for home they were very much frightened by the fierce cries of a wild animal, not deeming it safe to proceed alone they returned to report their trouble and to get the man of the house to accompany them to their home. After some few minutes he decided to go providing his wife would go too, to see that he returned safely. Many opinions were given as to what kind of an animal it could be, but finally it has been decided that it was a fox barking.

Asthma

"One of my daughters had a terrible case of asthma. We tried almost everything, but without relief. We then tried Ayer's Cherry Pectoral and three and one-half bottles cured her." Emma Jane Entsminger, Langsville, O.

Ayer's Cherry Pectoral certainly cures many cases of asthma.

And it cures bronchitis, hoarseness, weak lungs, whooping-cough, croup, winter coughs, night coughs, and hard colds.

Three sizes: 25c, enough for an ordinary cold; 50c, just right for bronchitis, hoarseness, hard colds, etc.; \$1, most economical for chronic cases and to keep on hand.
