WOODSTOCK, N. B., FRIDAY, NOVEMBER 13, 1903.

WHOLE No. 2964.

TOWN COUNCIL.

On Friday evening of last week, the first meeting of the council, in its new quarters, was held and His Worship Mayor Belyea presided over a full board.

Mayor Belyea addressed the board pointing out the many advantages secured by meeting in the new quarters. For a number of years there has been a strong demand upon the council for better facilities for the fire department; the premises hitherto used by the firemen were insufficient for they could not properly take care of the hose without encroaching on the street. The town hall became unsanitary and the doctors recommended, for the protection of the health of the driver, that changes should be made in the building. The council room was inadequate for the transaction of town business. In a wooden town like ours it is liable to be swept away by fire, and it was absolutely necessary to have a good fire department, which the town now possessed; by giving the firemen a good meeting place, it would encourage other active young men to join the firemen. A radical change was made in the town hall, and the firemen and council now have commodious rooms suitable for the purposes. No town building anywhere was ever put in such a good condition for the amount of money expended, as is the present building. He congratulated the town, the firemen and the contractor Gideon Fields, on the successful result of the work.

Coun Sheagreen spoke along the same line and was satisfied that the people of the town at large were in favor of the expenditure of the money and pleased at the work done.

Alex. Dunbar, Sr., was heard before the board in explanation of his bill for repairing the water works pumps and foundations. He pointed out that at the installation of the water works, over 20 years ago, by Burrill-Johnson Iron Co., he was inspector of the work, as a servant of the town, and that he refused at the time to sign the bill stating that the work was satisfactory, but the council accepted the system from the firm without his approval. When he resigned as engineer ten years ago, the water works needed repairs, but it continued going from bad to worse and when his firm by instructions from the council, undertook to repair it this summer, the water works system was a complete failure, for there was not a pump that had a good valve and the foundation was in a deplorable condition. He would not like to put the blame on anybody, but he would say that there has not been a practical engineer at the station since he left, one qualified to make the repairs needed as they presented themselves. He did not ask the town for the job of repairing the pumps, and he was surprised that it did not pay the bill. The customary charge for services of mechanics is 40c per hour. The work had to be done under unfavorable circumstances, while the pumps were running, and he had to suspend work in the foundry at times so that all the men could work to better advantage at the pumping station. A large quantity of cement was forced under the foundation and he would say right here that the cement purchased from Coun Dibblee was better than the imported cement, for it hardened quicker. The foundation and pumps were in better condition now than ever before. His parting advice was: "Keep your pumps in repair, and you will not have as large a bill to pay next time."

Coun Gärden said he had waited upon Mr. Dalling and found that the town's representative had signed for two telephones, and the town would have to pay for them until August next. He asked for the free use of four in future and, as he expected an early answer, the committee merely reported progress.

Coun McManus said he saw the engineer, W. P. Hayden, and that gentleman told him he would not run the lights until 12 o'clock, unless he received an increase in salary.

On motion the water and electric light committees will wait upon Mr. Hayden for a final answer.

On motion the fire committee was empowered to procure furnishings for the room of the driver of fire department.

On motion Gideon Fields was paid \$300 on account, leaving a balance due him of \$175 for repairs to the town hall.

Mayor Belyea read a letter from F. B. Garvell, counsel for Hugh Hay, in which the latter gentleman claimed redress for the payment of \$75 taxes, under protest.

Coun Gärden said as chairman of the finance committee, he was ap-

proached by Mr. Hay with the grievance, and he (Gärden) told him that the matter would be considered. The council shortly afterward decided not to interfere with the work of the assessors.

On motion Coun Gärden, seconded Coun Sheagreen, the letter was referred to the finance committee to ascertain if Mr. Hay had complied with the requirements of the act governing the assessment and collection of taxes.

On motion the police committee was authorized to make changes in a room for marshal and treasurer.

On motion A. Dunbar was ordered paid the balance due him.

On motion Coun Dibblee, seconded Coun Sheagreen, and carried by a standing vote, Mayor Belyea was requested to furnish for the decoration of the walls of the new council room, an oil painting or crayon picture of himself.

The meeting then adjourned.

Annual Meeting of Carleton County Agricultural Society.

Although the roads in the county were almost impassable a large number of gentlemen came to town on Tuesday for the purpose of attending the annual meeting of the society, which was held in the Record office. Those present included Pres. C. H. L. Perkins, Sec. C. L. Smith, Robert Brown, Coun. H. B. Smith, C. P. Bull, Coun. F. Byron Bull, Chas. F. Rogers, A. Henderson, R. E. Holyoke, G. W. Sharp, J. Rankin Brown, W. W. Hubbard, Ernest Hale, Warren Bull, James Good, John A. Lindsay, C. W. Connell, Hamilton Emery, Stephen Peabody, George R. Smith, Judson Briggs, H. E. Gallagher, Thomas Strong, I. E. Sheagreen, T. Y. Monahan and several others.

The most important matter for discussion was the report on the late exhibition. Owing to a variety of causes, there is a total indebtedness amounting to about \$1300. Part of this is in notes given in payment for the new buildings.

It is expected that at least \$300 will be advanced by the government as an offset. There is also considerable due the society on seed sales, so that when everything is considered, the finances are in a fairly good condition. The report of the auditor, H. D. Stevens, was read. It showed that the accounts of Secretary Brown were accurately kept.

On motion Mr. Brown was granted \$15 extra remuneration as a mark of the appreciation of his valuable services.

Some discussion ensued upon the proposal to amalgamate the Jacksonville Society with the local organization. It was thought best, however, that the Jacksonville people continue to elect their own officers, although to all intents and purposes forming a part of the Carleton County Society.

A hearty vote of thanks was tendered John S. Leighton, Jr., for his kindness during the session in supplying a large amount of valuable reading matter to the members of the society.

The election of officers passed off harmoniously, with the following result:— President—Judson Briggs. Vice-presidents—J. E. Holyoke, J. Rankin Brown. Secretary—Charles F. Rogers. Treasurer—C. L. Smith.

All members present at the meeting were chosen as directors, as were also Isaac Slipp, Frank Slipp, Joseph McCreedy, John N. Harper and Albert Simonson.

The new officials are wide awake and successful members. The society deserves congratulation for the wise selection evidenced in the personnel for the coming year.

OBITUARY.

MRS. CHARLES H. BAIRD.

Died on Oct. 30th, at her home in Carleton, Me., Joan G., wife of Chas. H. Baird. The deceased was in her 29th year. She will be remembered by friends in Bairdville and vicinity, as her husband and she held their wedding reception there, nine years ago. She leaves one child an infant daughter four days old, a husband, one brother, four sisters, and a host of relatives and friends, to mourn the loss of one whom to know was to love. She was not a member of any church, but openly confessed her faith in Christ. Funeral services were held in the church three miles from her home, where words of comfort were spoken by Rev. T. Ramsdell and she lies peacefully asleep in Carleton Cemetery, where her parents and three little brothers also rest.

MAXIM & GAY CO.

\$50 WON \$201.75.

EVERY WEEK A WINNER IN OCTOBER.

Average Profit Earned Weekly on \$50 in Oct., \$50.44. Total Profits Earned on \$50 in Oct., \$201.75.

YOUR MONEY WORKS WHILE YOU SLEEP.

Our Famous Corps of Track Sharps are Up at Break of Day, "clocking the Horses in their Morning Tryouts and while you sleep they spot the Winners that bring you steady income.—Our Method Puts you on a Level with the Most Successful Plungers of the American Turf.—We Operate for you for 25 per cent. of Weekly Earnings.—We Win Only when You Win.—Results Obtained really "beyond Dreams of Avarice."

Again we scored heavily for all of our clients last month. Again we landed the money and landed it in chunks. Three years of organization, with the best facilities that money and brains can procure to make our service of picking and backing winners at the horse races the most accurate and profitable in the land, has had its natural sequence, and each week our showing demonstrates a good profit for every client.

How \$50 Netted \$201.75 in Less than a Month.

Here is a complete statement, showing the result of a \$10 play on each horse given in our "Discretionary Series" during October. (Note: A capital to begin with of \$50 is required by us, as a matter of conservatism, to make a \$10 play on each horse that is considered by us a good betting proposition.)

6—Outcome, 9 to 10, won; Tepee, 3 to 5, won.....	15		
	\$122 \$43		

The above showing is no improvement over that of September, and is not remarkable, since we have excelled it time and again during the past three years of our uninterrupted operations. Good as it is, however, we are confident we will make it "look sick" by comparison with the showing we are going to make at the meeting of 100 days which begins at New Orleans this month.

WE PICK THE WINNERS.

The system we employ to locate winners is identical with that used by "Pittsburg Phil," John A. Drake, John Gates, W. Langdon, Joe Yeager, and other famous plungers who win hundreds of thousands on the turf every year, and it proves just as successful.

We gather our information of prospective winners through a force of expert horsemen who hold a watch on the horses in their early morning trials, and in that way learn when they are ready to win. The money that is played into the game by persistent losers, such as the large mass of uninformed players are bound to be, goes into the pockets of the big operators, of which the Maxim & Gay Co., representing a large clientele, stands at the head. The work of the Maxim & Gay Co. is to place the general public upon a level with the winning plungers, and our success in this accomplishment has made us famous on two continents. We do business only on the great racetracks of the U. S. We number among our clients some of the best known sportsmen, financiers and merchants in the country. Investment on the turf is now deemed as legitimate as any other high-class form of speculation. The present high standard to which racing has been brought, and the absolutely good faith in which turf affairs are conducted under the auspices of the Jockey Club

Our Clients Won a Million Dollars.

As it is well known that our clients have collectively won as much as a million dollars at a single race meeting, it is sometimes asked: "Why do Maxim & Gay simply sit down and back their own selections instead of running a considerable clerical force and spending large sums in advertising in newspapers throughout the country?" The answer is simple enough if one stops to consider the situation. Maxim & Gay, by dint of ability, energy, organization, capital and astuteness, have secured an enormous clientele, which means the command of immense capital. If we can pick winners for this immense number of investors, our profits are larger than if we played our own money only, for on a basis of 25 per cent. of winnings, which we charge for information and commission, one man out of every four of our customers is practically betting for us. The proof that this plan works for the benefit of the public as well as that they win three weeks out of four and our books show that no customer who stuck to us for two months ever failed to get well ahead of the game, while not a few of those who now own winning stables

A Few of Hundreds of Recent Endorsements of the Press:

(Cincinnati Commercial-Tribune, March 1, 1903.) Maxim & Gay, who have been so successful in selecting winners at the New Orleans races, are in a class by themselves and have no relation to their system of operation to the "get-rich-quick" schemes that have recently gone to pieces disastrously to those who patronized them. Maxim & Gay do not guarantee their clients profits nor against losses, but merely they play the money of their subscribers and deduct a fixed percentage from winnings for placing the commissions. This point is made clear in all their announcements. What they guarantee is to do is to confidentially handle all money forwarded them and place it on the races just as if it were their own. They have in their employ "clockers" the most expert judges of track work in the country, and there is not a horse at the New Orleans meeting that they have not a record of. The information collected in this way is used to the benefit of their subscribers, and its reliable character is attested by the numerous winners they have picked in the past two weeks.

(St. Paul Dispatch, February 24, 1903.) An investigation of the methods of the Maxim & Gay Co. shows them to be conducting their business on straight-forward business lines. They have been established nearly three years. They do not guarantee clients profits or against loss, but merely place subscribers' money on judgment of experts, charging a fee for information and deduct a fixed percentage from winnings for placing the commissions. They are the pioneers in this line of investment or speculation.

(N. Y. Morning Telegraph, February 23, 1902.) Since the incorporation of the Maxim & Gay Co., the casual racer can possess himself of as much information of the comparative merits of the horses, and their chances of success, as the "regular" who burns the midnight oil studying from charts. He can secure through this company, which is incorporated under the laws of New York State, the expert knowledge and expert judgment of an experienced combination of horsemen daily it is to find out for him such things concerning the horses as he could not possibly find out for himself, unless he devoted his entire time and attention to the business. Even then, to do as well as Maxim & Gay would have to possess a peculiar talent and to specially fitted by experience and natural ability.

(Cincinnati Times-Star, March 2, 1903.) The Maxim & Gay Company will know purveyors of turf information, should not be confounded with "get-rich-quick" turf investment or concerns of similar character. They have been established nearly three years. They place subscribers' money on judgment of their experts, and deduct a fixed percentage from winnings for placing the commissions. They are the Napoleons in this line of investment or speculation.

(Memphis Evening Scimitar, March 2, 1903.) The advertisements that appear from time to time in the columns of various newspapers with reference to the turf plan of Maxim & Gay Company tell a story entirely different from the exploits of the defunct "get-rich-quick" concerns. The Maxim & Gay Company transact business thoroughly and solely on business principles.

JOIN OUR WINNING ARMY.

which we play daily those and only those horses we think at betting propositions, with the privilege of not playing any horses at all on days when we consider conditions unpropitious, fill out the following blank and forward your remittance to us at New Orleans as soon as you can. Play will be begun on the first day of the meeting, if your money reaches us in time; otherwise, we will begin play the first day it reaches us after the meeting has begun. Money should be sent by bank draft, express money order, or currency in registered letter. Uncertified checks are not accepted.

To MAXIM & GAY Co. (Incorp.), 928 Canal St., New Orleans, La.

In accordance with the terms of your ad. in the Woodstock (N. B.) Carleton Sentinel,

I enclose.....Dollars. Please bet for me daily.....Dollars on each selection of your Discretionary Series at the New Orleans races. You agree to send me every day, in a letter postmarked before the races are run, the names of the horses which will be played for my account that afternoon and to send me statement and check weekly for profits, less 25 per cent. of winnings. Post odds are guaranteed as published in the New Orleans Morning Newspapers. My account is subject to withdrawal in full on demand.
