

Pandora Range

Entirely New

Has been under construction for more than a year—six months were spent in testing and perfecting the range before it was offered for sale.

Is built on entirely new and modern principles from entirely new designs—no old patterns were used to hamper the good working qualities of the new features.

Possesses labor and fuel-saving devices which are entirely new—triple, triangular grates, enameled steel reservoir and special flue construction, are not used in any other make of range.

The fire-box, hot-air flues, body and oven linings, dampers, etc., are improved over old styles and all combine to make a perfect baking oven.

Bold, rich carving extra highly-polished nickeling, heavy leg base and sheet-steel warming closet give the "Pandora" a rich, elegant appearance not seen in old style ranges.

Sold by all enterprising dealers. Booklet free to any address.

News from the Country.

Westfield, Me.

Mrs Perry Smith is very sick with typhoid fever. Dr Fulton of Blaine is in attendance.

Cyrus Chase has purchased a farm of Kingman Taylor.

Fred Allen went to Boston a short time ago and had an operation performed for appendicitis. He will be able to come home in a short time, it is hoped. He was accompanied by his brother Lincoln.

Elder Cox has purchased a farm of Walter Smith.

Owing to sickness Mrs Perry Day was unable to keep school three days of last week.

Aubrey Gartley of North Richmond accompanied by his cousin Miss Daisy Hillman of Littleton, visited their cousin Mrs Pitt Cook last Friday.

Willie Bell is moving his family from the southern part of the town to the boarding house on the Burleigh road.

Enoch Briggs and John Adams are on a hunting trip and have already shot two deer.

Little Dana, son of Arthur Whitcomb is recovering from injuries received when scalded two weeks ago.

Miss Hazel Beals of Blaine is stopping in this place for a while.

Gillespie.

The weather has been very fine since the snow storm but it has been snowing and raining all the afternoon and evening.

This has been a beautiful fall for the farmers to get their ploughing and other fall work done and I think by the look of the fields most of the farmers have been improving the time.

Theodore Giggie made a dance for the people of Rose Bud and California before he went to the lumber woods and they reported a fine time.

Ottie Brooks has moved his family to Salmon River Mills. He started with a crew of men last Monday for the lumber woods on Salmon River. George Parks and crew have also gone to the lumber woods at Cedar Brook on Salmon River for the winter operation.

There was a surprise party held last Friday night at Zoada Giggie's. The party was given in honour of Miss Louisa Parks it being her birth-

day she received quite a number of very nice and useful presents. After lunch was served and a very enjoyable evening spent in amusements all returned home reporting a good time.

Mr Weatherhead's sons have put up a fine new house on their farm on the Limestone road which adds greatly to the appearance of the place. Charles Williams Jr has built a fine new house in place of the one that was burnt last summer by forest fires and moved into it last Monday. Marvin Donovan built a new kitchen and veranda; and it makes a very fine appearance with its dormer window.

Mrs George O'Neil from Caribou, Me, is visiting at Mrs Donovan's this week.

Riley Brook.

Dear Editor, it has been some time since this place has been heard from through your valuable paper, through tardiness of your correspondent, however, time goes on just the same. At present business is quite brisk. Buildings going up, plowing, threshing, sawing wood, pressing hay, lumbering operators, men going, coming to and from the woods, are the orders of the day.

Beautiful weather this fall for all kinds of work except boating. However Captain H Day is not discouraged as he comes once a week from Plaster Rock to Nictau with his boat well laden with provisions. We are always glad to see his happy face as he drops in occasionally to stay all night or get dinner.

The sporting season is about over yet there are a few sports in the forest yet.

Earl Gaunce, who has been on the sick list for some time we are glad to say, is recovering.

B Doohan has bought a new store across the street from the Harmony, and has it well filled, especially some nights.

Mr S R Hayden has made numerous improvements on his estate this fall. It is fully prepared to accommodate the public.

Mr J J Hale has a well filled store across the street from S R Hayden. Captain G D Perkins has taken charge for the winter.

Last but not least is a fine blacksmith shop put up by D Frazer on the River Side near Hayden's.

We are sorry to say that we are at loss for a school this fall. It seemed impossible to get a teacher.

Mrs C Vincent of Long Island who has been giving music lessons, through the summer and fall, made her last trip to this place on the 29th. What we never expected to see years ago, has come to pass, the telephone at Riley Brook. It makes one think that we are not isolated if we do live in the woods.

H G Howard and his adopted daughter, has gone to Florenceville for a two weeks vacation.

Mrs Isaac Gaunce continues very ill.

Miss Annie McDougall is again at her old place, S R Hayden's, ONE INTERESTED.

Consumption

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy. SCOTT & BOWNE, CHEMISTS, Toronto, Ontario. 50c and \$1; all druggists.

The Professional Politician.

It is becoming more and more evident that Canadian business men must lay aside their partizanship and study politics from the business standpoint only. The present long session at Ottawa was designed by professional politicians and grafters to scare business men out of Parliament. These wily individuals desire to keep the business men and independents at home so that the professionals will have entire control of the country's revenues. They know that there are few business men who can afford to spend eight months of the year in Ottawa and that a few eight month sessions will drive the business men out of Parliament. The attempt should be frustrated. This can only be done by business men using their influence with the newspapers and the electors to frown down this contemptible trickery. The majority of the next House should be business men pledged to shorter sessions—business men of both Conservative and Liberal leanings. The battle must begin in the conventions. These will soon be held all over Canada, and now is the time to plan the reform. The professional politicians, men with no special calling, no visible means of support, should be beaten in the conventions. Only thus can the House of Commons be kept wholesome and efficient. It is a duty which lies upon every merchant and manufacturer in the country.—November Canadian Magazine.

FOR A BAD COLD.

If you have a bad cold you need a good reliable medicine like Chamberlain's Cough Remedy to loosen and relieve it, and to allay the irritation and inflammation of the throat and lungs. The soothing and healing properties of this remedy and the quick cures which it effects make it a favorite everywhere. For sale by all druggists.

GREAT PAINS IN THE CHEST

Mr. John Clark, coachman, Port Hope, Ont., states:

"Last winter I was so bad with a cold that I could not speak above a whisper and had great pains in the chest. At last I feared it would develop into consumption. A friend advised me to use Dr. Chase's Syrup of Linseed and Turpentine, and one bottle cured my cold which I believe would have proven very serious if I had not used this medicine."

DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE.

25 cents a bottle, family size (three times as much) 60 cents, at all dealers, or Edmondson, Bates & Co., Toronto.

To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every bottle.

Dooley On Lacrosse.

"I hear ye've been to the lacrosse game," said Hennessy.

"O' was that," replied Mr. Dooley "and 'tis a gra-ate game, Hinne say. Me friend Hogan tells me 'twas invented by an Injun named Swat-him-in-the-neck in the year iv oor Larrod 1766. This faymous chafe was engaged in war wid a naboring tribe and was gittin' the shart ind iv t in large choonks. So he sez to himself, sez he, if I ca'an't lick them la-ads wid bow and arrow and the tommy-hock, I will resort to strategy! So he called off the dogs iv war and invited laycross an' taught it t' his inimies got playn' the ga-ame a-moongst themselves, 'twas only a short time till there was no inimies left and Swat-him-in-the-neck was tryoomfant."

"Whin the palefaces wint after him this astchoot warryor tuk ma-ay captives and aich wan was given the choice iv the scalping knife, boorning at the stake or the laycrossse field. In the case iv death be scalping the fun was over too soon. Boorning at the stake was some improvement, but in laycrossse the victims frequently surr-vived for days, to the gr-rate delight iv the blood-thirsty chafe."

"An' that was how the white min l'arned to play laycrossse, Hinne say; they couldn't help thimselves."

"It seems to be popular," said Hennessy.

"'Twould be a gr-and game for competition 'twixt England and 'Oirland," says Mr. Dooley.

Spent \$2,000 Doctoring.

Mr Joseph Pominville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man to-day. For sale by all druggists.

THROAT REST

You can cough yourself into bronchitis, pneumonia, and consumption.

Bandaging and bundling your throat will do no good.

You must give your throat and lungs rest and allow the cough wounds to heal.

There is nothing so bad for a cough as coughing. Stop it by using

Ayer's Cherry Pectoral

Even the cough of early consumption is cured. And, later on, when the disease is firmly fixed, you can bring rest and comfort in every case.

A 25 cent bottle will cure new coughs and colds; the 50 cent size is better for settled coughs of bronchitis and weak lungs; the one dollar size is more economical for chronic cases and consumption. It's the size you should keep on hand.

"All families ought to be on the watch for sudden attacks of croup or acute lung troubles. Every country home in the land should keep Ayer's Cherry Pectoral constantly on hand to provide against an emergency." J. C. Ayer & Co., Lowell, Mass., Dec. 14, 1888.
