Chunks of Wisdom.

A girl never feels her engagement is ideal unless she is sure she is not good enough for him.

No woman who has a child of her own can ever be entirely just to some other woman's child.

The more ways a man thinks over to get a girl to let him kiss her the surer he is to find that the best way is just to go and do it.

A husband wouldn't be of any use to a woman unless she could brag about how she taught him to like to go to church.

Those who take the most pride in doing a thing by sheer instinct pay the penalty for it in cold judgment.

A woman can get to love most any man if he will only be careful to keep telling her he hopes some day to be worthy to lay down his life for her.

You can't always tell by a woman's cold exterior that she hasn't got a spark like lead champagne.

Girls know a heap more before they are married than they are willing to let on they know after.

There is terrible bad luck in thirteen children.

A fool and his automobile are soon arrested.

Dear Sirs,—I was for seven years a sufferer from Bronchial trouble and would be so hoarse at times that I could scarcely speak above a whisper. I got no relief from anything till I tried your MINARD'S HONEY BALSAM. Two bottles gave relief and six bottles made a complete cure. I would heartily recommend it to anyone suffering from throat or lung trouble.

J. F. VANBUSKIRK, Fredericton.

'No,' the boy sadly said; 'she refused me. She told me she could never be more than a sister to me.'

'Pooh!' the other woman replied. 'Why didn't she propose to be your grandmother?'

Poor Girl, Pity Her.

Growing! Yes, into weakness, but not strength. Studies—plenty of them. Tired, of course she is, and weak too. Does not eat enough, and digests far less than enough.

This condition is so frequent, but how seldom noticed even by fond parents. Give her Ferrozone, then watch her appetite improve, her cheeks and lips grow ruddy, her step elastic, her spirits buoyant. All this simply the result of eating and digesting enough, making blood, and thereby strengthening the nerve and brain power. Ferrozone gives a woman's strength to weak girls. Your daughter or wife needs Ferrozone. Get it to-day.

'Hateful thing!' she cried in the midst of their spat, 'I was a silly goose when I married you.'

'Perhaps so,' replied the great brute. 'at any rate, you were no chicken.'

The Fires of Eczeema.

So keen is the suffering of many people who endure the stinging, itching sensations of Eczeema that they speak of the skin as being on fire. By its soothing, healing, antiseptic influence Dr. Chase's Ointment positively cures Eczeema, Salt Rheum, and every form of itching skin disease. It is of inestimable value in every home and when once introduced becomes a household necessity. Dr. Chase's Ointment is the standard of the world over, and has no worthy rival.

'Their divorce was rather unusual and unexpected, wasn't it?'

'Yes, indeed. I do not believe either of them had any notion whom they would marry next.'

Why Catarrh Cures Catarrh.

It goes to every affected part and kills the germs that keep up the diseased condition. Catarrh Cures never irritates, but stimulates the mucous lining of the nose, throat and lungs to normal action, and keeps the nasal passages from offensive discharges. Catarrh Cures contains no dangerous drugs or opiates, and is delightfully pleasant and simple to use. Catarrh Cures is an absolutely certain cure for any form of Catarrh and sells for dollars at druggists, small size 25c. By mail from Polson & Co., Kingston, Ont.

December Number New Idea Woman's Magazine.

Have you ever asked yourself, in your quieter moments, 'What was the happiest day of my life?' A group of clever and celebrated women have formed a symposium for the December number of the New Idea Woman's Magazine and have given their several experiences during the one happiest day of their lives, and the result is exceedingly interesting. This issue is the Christmas number, and the spirit of the holiday season prevails in its pages. Valuable suggestions for gifts, for feasting and for house decoration are in evidence, and many new ideas are advanced. The number is also exceedingly rich in good fiction and verse, and is entertaining from cover to cover.

Put new life into you! A strong statement but it is borne out by facts by those who have taken 'The D & L' Emulsion; write Miss Black, Suite, Grace Hospital, Toronto, and ask her what she thinks of it.

Mrs O'Rourke (to charitable old Mr Hartwell, who is giving away poultry to the needy): 'Long life be to yer honor; sure I'll never see a goose again but I'll think of yer.'

Pat and Mike came to America and landed at New York. Having a few dollars to spend they took rooms at the hotel Hackensack and were duly assigned to No. 813 on the fifth floor. In the middle of the night Pat awoke and heard the fire company dashing down the street. Pat had never witnessed such a sight. In terror he awoke the slumbering Mike. 'What's the matter?' says Mike. 'Matter enough,' replied Pat. 'They're movin' hell; two loads has just gone by.'

Father—So young Robinson wants to marry you, eh? Such impudence! Daughter—Why, papa! I think he shows very good taste.

'What do you want to go across the ocean again for?'

'Oh, nothing; only I'm tired of being on this side of it—that's all.'

The following ludicrous advertisement appeared in the Hereford Journal: Dairymaid wanted, able to wash and iron (4 cows).

A shoemaker had this card in his window by way of an advertisement: 'Any respectable man, woman or child can have a fit in this shop.'

Clergyman's wife (who takes great interest in her industrial school): 'Jane Brown, I'm sorry to hear from your mistress that you are not diligent at your needlework. Now you know who it is that finds work for idle hands to do.' Jane Brown (artfully thinking to prostitute): 'If you please, 'm, you do, 'm.'

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by all druggists.

'Herbie, it says here that another octogenarian's dead.'

'What's an octogenarian?'

'Well, I don't know what they are, but they must be very sickly creatures. You never hear of them but they're dying.'

THE MASTER MECHANIC'S PURE TAR SOAP heals and softens the skin, while promptly cleansing it of grease, oil, rust, etc. Invaluable for mechanics, farmers, sportsmen. Free sample on receipt of 2c for postage. Albert Toilet Soap Co., Mrs. Montreal.

'You go into the ocean every day?'

'Yes.'

'But aren't you afraid?'

'Not at all. I'm safe. I don't know how to swim.'

Sneeze and Blow.

That is what you must do when you have catarrh in the head. The way to cure this disease is to purify the blood with Hood's Sarsaparilla. This medicine soothes and heals the inflamed surfaces, rebuilds the delicate tissues and permanently cures catarrh by expelling from the blood the scrofulous taint upon which it depends. Be sure and get Hood's.

(Liquozone was formerly known in Canada as Powley's Liquide Ozone.)

Liquozone Cost \$100,000

Yet We Will Buy a 50c. Bottle and Give it to You.

This company, composed of business, professional and medical men of ability, paid \$100,000 for the right to make Liquozone. That is the highest price ever paid for the rights in one country on any scientific discovery. It was paid by us, after years of experiment with it, because Liquozone alone can kill inside germs without killing the tissues, too. Nothing else can destroy the cause of any germ disease.

Liquid Oxygen.

Liquozone is simply liquid oxygen—no drugs, no alcohol in it. It is the discovery of Paul, the great German chemist, who spent 20 years on it. His object was to get such an excess of oxygen in staple form into the blood that no germ could live in any membrane or tissue. Liquozone does that. We spend 14 days in making each bottle of it, but the result is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill.

Kills All Germs.

Any drug that kills germs is a poison to you and it cannot be taken internally. Medicine never destroys inside germs. Liquozone kills them with oxygen—a tonic to you—the very source of vitality. It kills them because germs are vegetables.

The six-year-old daughter of a certain naval officer was unconsciously ludicrous the other day. The child was sewing, when her older sister asked: 'Why don't you use a pattern?' The little miss replied with a dignity greater than her knowledge: 'I don't need a pattern. I sew by ear.'

Dinner tables are now made with plate-glass tops, beneath which are colored electric lights.

BETTER THAN A PLASTER.

A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected parts is superior to any plaster. When troubled with lame back, or pains in the side or chest, give it a trial and you are certain to be more than pleased with the prompt relief which it affords. For sale by all druggists.

All vegetables intended for boiling should be well washed, but not soaked in water. A little vinegar in the water will be more effectual in removing insects than salt.

Dress has a good deal to do with the prospects in life of young people, and it is much better that they should cultivate a love of being well dressed than that they should go untidy and shabby.
