CURED OF ASTHMA.

The Remarkable Experience of a Nova Scotia Man.

He Had Suffered for Years and often Had to Sit Night after Night at an Open Window Gasping for Breath.

Mr Thomas Johnson is well known in the vicinity of Hemford, N. S. He has taught school in Lunenburg county for more than thirteen years, and his reputation as a teacher is deservedly high. It is known that Mr Johnson has been a severe sufferer from asthma, and as he has found a cure for the trouble, a reporter thought the facts of his case would prove interesting to similar sufferers.

"One evening," said Mr Johnson, "while lighting my pipe I inhaled the sulphur from the match. The fumes appeared to penetrate every portion of my lungs and nearly strangled me. It was more than an hour before I recovered from the effects of this mishap, and I believe that that was the starting point of the trouble that has made my life so frequently miserable since. At all events a few days later I had my first attack of asthma. Following this the attacks became more and more frequent, sometimes continuing for a week or more at a time. When these attacks came on I dare not lie down, and many a long, cold winter night I have passed at an open window gasping for breath. I was treated by two of the best doctors in the county, but derived no benefit. Then I began trying the remedies usually advertised as a cure for this trouble, but with no better results. I was continually growing worse and life was becoming a burden. About a year ago my wife was using Dr Williams' Pink Pills, and was deriving so much benefit from them that one day she said to me, 'Why don't you try these pills, they might do you good, and they certainly can't do you harm.' To please my wife I began taking the pills, but only occasionally at first, but inside of a few weeks I felt that I was improving in many ways. Then I began to use the pills in earnest, and soon found that breathing was becoming easier, the spasms came less frequently and I could go about out of doors without danger of bringing the trouble on as was formerly the case. I took twelve boxes of Dr Williams' Pink Pills in all, and after the improvement began, every box added to it until all signs of the trouble had disappeared, and I have not since had any recurrence of it. Dr Williams' Pink Pills have saved me from a life of misery, and I am glad to make this public acknowledgement."

The above strong evidence proves that Dr Williams' Pink Pills are not an ordinary medicine and that they cure when other medicines fail. Every pill makes new, rich, red blood, and thus enables the system to resist the inroads of disease and works a cure. Only the genuine pills can do this, however, and the purchaser should see that the full name, "Dr Williams' Pink Pills for Pale People," is printed on the wrapper around every box. Sold by all medicine dealers or sent post paid at 50 cents a box or six boxes for \$2.50, by writing direct to the Dr Williams' Medicine Co., Brockville, Ont.

The social, which was to have been held at the residence of Rev. Z. L. Fash on Monday evening next will be held at Sheriff Hayward's. There will be an orchestra in attendance. Mr. J. Lee will also have his splendid gramophone there. A good program is being prepared. There will be an admission fee of ten cents. Ice cream and home made candy will be on sale. Everybody is invited, and a pleasant evening is expected.

Among the visitors in town this week was the veteran ex-warden of the county, Mr. Geo. L. Cronkhite of Royalton. Although now past the allotted span of years Mr. Cronkhite retains in a marked degree the characteristic of youth. His many friends were delighted to see him.

A serious thought.—In what condition do I leave my wife and family providing death came? J. W. Donald M. Campbell, the hustling local agent of the New York Life, gave a supper to a number of his friends at the Royal Cafe on Monday evening. An excellent repast was served, after which speech-making and music were indulged in. During the evening the host was the recipient of a flattering address, accompanied by a beautiful pipe, handsomely carved and with gold mountings.

ings. Mr. Campbell made a touching reply to the presentation. Among those present was Mr. Strassburg of Chicago, whose music and eloquence rendered delightful entertainment.
