OBITUARIES.

REV. GEO. A. HARTLEY.

Rev. Dr. G. A. Hartley, the widely known and as widely esteemed and respected F. B. clergyman, died at his home, Carleton, St. John, on Sunday afternoon, suddenly, of heart failure. Deceased was born in Woodstock in 1831, where, after clerking for some time, during which period he made frequent visits to neighboring lumber camps, preaching to the men, he was ordained at the age of 27. He was pastor of the Woodstock F. B. church one year. In 1858 he went to Carleton, St. John, where he shortly organized a church and remained pastor of the same till his death—45 years. He was a gentleman of ability, was a good man, beloved of all, lived a life of great usefulness and died lamented by friends all over the Province. He leaves a wife, three sons and two daughters.

OLIVER SPEER.

Oliver Speer, a well known farmer of Northampton, died at his home, Tuesday, of pneumonia, in the 59th year of his age. Mr. Speer has not been enjoying the best of health this winter. He was held in respect and esteem by a large circle of acquaintances and was highly respected and characterized by a man of integrity and character. A widow survives; Joseph Speer, Speersville, is a brother of deceased. He was a member of the F. & A. M., and a delegation from the Lodge will attend the funeral, on Friday afternoon, in charge of undertaker Vanwart. After a service by Ven. Archdeacon Neales, the interment will take place in the Parish cemetery.

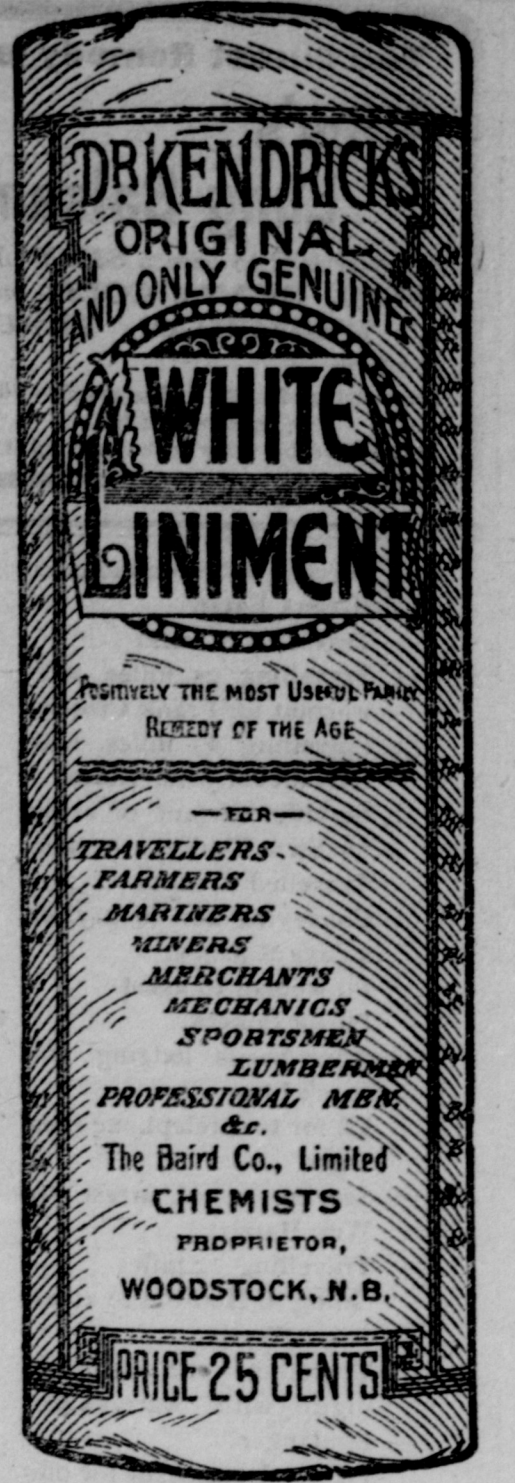

MRS. JOHN GURRIER.

On Tuesday morning of last week, Mrs. John Gurrier died at her home in Simonds, from an attack of typhoid fever. Deceased was eighteen years of age; she was the daughter of Ezekiel Walton, of Carleton. Husband and parents have the sympathy of a large circle of friends. The funeral took place on Wednesday afternoon in the Baptist church at St. John, the services being conducted by Rev. L. A. Lockhart. The remains were interred in the cemetery at Carleton.

Feb. 16th, 1903.

At a meeting of the Kirkland and Bel River sections of the Presbyterian congregation held on Friday at Kirkland, it was agreed to make extensive repairs on the present church building at Kirkland, enlarge it, and erect a spire.

Owing to the state of the roads the attendance at the monthly meeting of the Mission Band, was not as large as usual.

On Tuesday afternoon, the monthly meeting of the Auxiliary of the W. F. M. Society, Kirkland, was held at the residence of David Kennedy.

Grand View.

Feb. 16th.
Since February came in the weather has been, for most part on rough side, snow and blow with a lull, and then snow and blow, and then a little rain, and then cold.

This being the rough and hard month of the winter, business is not as brisk as in general, but still the lumbering goes steadily on; the most of the men in this section are interested engaged in that business in winter.

W. S. Tompkins has fattened and disposed of twenty one head of beef cattle, through the fall and winter, so far.

Ezra Grant, who was stricken down with typhoid fever some four months or more ago, is still confined to his room.

The roof of the saw mill recently purchased by J. M. Scott, collapsed under the weight of snow that came upon it.

Wilmot Grant spent yesterday (Sabbath) with his family, and returned this morning to Deer Lake, where he is assisting his father in the lumber woods.

Huldah Miller, who is teaching a school near Wilmot Hay's, Lower Woodstock, made a flying visit to her parents, Saturday and Sunday.

J. M. Scott passed through here to-day enroute to the scene of his operations on the Hay place.

Wooster Cronkhite keeps busy moving around among the various lumbering operations, of which he has the oversight in the interest of Mr. Scott.

W. S. Tompkins, who is travelling in the interest of the provincial Fertilizing Company, spent Saturday and yesterday at home with his family.

We are sorry to have to record the death of Mrs. Wm. Oldham, who died the first day of February of congestion of the brain, leaving a sorrowing husband, together with father, mother, sisters, brothers and many friends to mourn her early departure from this life. A large concourse of people from both sides of the river attended the funeral service.

We also regret to chronicle the quite sudden death of Pearl Billings at the age of eighteen years leaving a sorrowing family of parents, brothers and sisters, to mourn her loss.

This is a fair day with wind from the west and looking some like snow. The heat of the political strife has not reached here yet, but it may be looked for any day now.

Upper Woodstock.

We were sitting in our sanctum the other day meditating on last Sunday's sermon and scheming as to how we would get our next cut of chewing tobacco, when one of our many friends walked in and openly accused us of being the *Sentinel* correspondent. Of course we declined the honor, but when he declared that we alone of all the sons of Hardscrabble as capable of such flights as sometimes appeared in print, we gracefully yielded to the evident truth of his statements and offered him our services. Whereupon, after filling his pipe from our box of fine-cut, he gave us a learned discourse on politics including a brief history of Canada from Confederation to the present day, finishing his arguments by dictating a message to the voters of this district and others. We pretended to understand his remarks, and agreed to do as he wished, and after stripping it of its flourishes, which we neglected to write down, the message appears thus: Vote for the Government. Of course a few of our citizens will not heed this advice, but then there are black sheep in every fold.

Albert Brewer, who not long ago sold his house and property to Wm. McCloskey, has purchased the Winslow Farm and will move in at no distant day.

J. Grant of Canterbury, lately married to Mrs. Francis Kearney of this place, contemplates buying the Drake property on the Jacksontown Road.

Miss Polly Watson is taking lessons in the gentle art of waltzing with the object, no doubt, of establishing a school in our village.

Mrs. H. E. Brown, who has been very sick with congestion is almost completely recovered.

Lewis Brewer is gaining in health, but is at present suffering from a sore leg.

It seems a pity that from all the young men who attend Sunday School, none could be found, who would volunteer to make the fires for a couple of months. If we belonged to the Sunday School we would not hesitate to offer our services.

Charleston.

The coming election is the talk of the day.

Lanson Crouse has returned from the woods.

Bessie Crouse has returned from a visit at her uncle's, Thomas Robinson of Waterville.

There was a young fellow missing from this place Sunday. We suppose he has mistaken the north road for the south.

Mrs. Francis Travis is visiting Mrs. John Rice.

We are glad to hear Miss Maggie Rice is improving.

Miss Rose White has returned from Johnville, where she was dressmaking.

Mrs. Daniel Rice spent last week with her mother, Mrs. Philip Bradley.

The school is vacant here this term the parties who applied for it could not attend to two places.

Henry Perkins met with a heavy loss. The other day while taking his horse out to water, it slipped on the ice and broke its leg.

The Rev. Simeon Dewitt passed through here Saturday.

Miss Nellie White is spending a few weeks with her aunt, Mrs. Stephen McLaughlin of Lindsay.

A funeral procession passed through this vicinity Saturday.

Miss Annie Rice is visiting her sister, Mrs. John Hourihan, Newburg.

The bay horse does not make its appearance, of course "Bird" needs a rest.

CROSS BABIES.

HOW TO MAKE THEM BRIGHT, GOOD NATURED AND WELL.

A crying baby is an unwell baby. The little chap is not cross for the fun of it. He cries because that is the only way he has of expressing the fact that he is either in pain or discomfort. Most of his little troubles are due to some disorder of the stomach or bowels and if Baby's Own Tablets are given both the trouble and resulting crossness will disappear. You can take a mother's word for it, and Mrs. John T. Sutherland, of Blissfield, N. B., says: "I think Baby's Own Tablets the best medicine in the world for little ones. My baby was very cross and used to keep me awake half the night before I got the Tablets. Now she sleeps soundly, is good natured and is growing splendidly." You can give these Tablets with perfect safety to a new born babe. They are guaranteed to contain no opiate or poisonous sleepy stuff, and are a sure cure for all the minor ailments from which little ones suffer. Sold by medicine dealers or sent post paid at 25 cents a box by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont.

When you want Job Printing of any kind, call at the *Sentinel* office.

Tilley, Little River (Vic. Co.)

My Hair

"I had a very severe sickness that took off all my hair. I purchased a bottle of Ayer's Hair Vigor and it brought all my hair back again."

W. D. Quinn, Marselles, Ill.

One thing is certain,—Ayer's Hair Vigor makes the hair grow. This is because it is a hair food. It feeds the hair and the hair grows, that's all there is to it. It stops falling of the hair, too, and always restores color to gray hair.

vacation. Miss Lilley McAllister is visiting her this week.

Miss M. McLaughlin was the guest of Mr. B. Demerchant and wife of Lerwick, last Sunday.

The worst storm of the season passed over this place Sunday night and Monday, completely blockading the roads.

Pugilism seems to be in the air in this place. Anyone desirous of following that calling may be instructed in the same by calling at the "old Jerow residence."

J. A. Larlee, mail carrier, spent Thursday night in this place.

A. H. Grant has a singing class this winter. The members are improving rapidly.

Mrs. W. Morrell gave an oyster stew to a few of her friends viz: Messrs. Dave Plant, Rob and James Leslie and Misses B. Brayall and Lilley McAllister.

WALL PAPER!

The Finest Set of Samples Ever Exhibited is to arrive in a few days.

The name of Alfred Peats & Co. need no introduction to anyone who has ever bought or sold Wall Paper. For years it has been recognized as the leading and most progressive Sample Book house in the world. It is probable that more than four million people see their samples every year. Everyone who has purchased wall paper from local stores know from experience that the line shown them to select from rarely consists of not more than forty patterns, some of which are decidedly "back numbers." We create each year a line absolutely new in design and coloring, covering all grades, thus enabling us to show a strictly up-to-date variety of patterns, which represent an investment of about one million dollars. Another feature—and an important one—you buy Wall Paper from this magnificent variety at precisely the same price you would pay for it in Boston. It will pay you to see these samples of Wall Paper, Ceiling Decorations, Moulding and Borders.
