

Jim Dumps on Independence Day,
Said: "Force freed us from Eng-
land's sway.
Now independence let's declare
From indignation's tyrant snare.
Good friends, shake off this despot
grim.
'Twas 'Force' that freed your
'Sunny Jim.'"

Force

The Ready-to-Serve Cereal

always on duty.

A Food for Fighters.

"It may interest you to learn that 'Force' is being served at breakfast several times each week to the members of the Second Regiment, N. G. P., now on duty at this place."
"HARRY W. BROWN."

Mt. Allison Ladies' College.

Owen's Art Institution
AND
Conservatory of Music.

THE FALL TERM OF THE 50th YEAR BEGINS SEPTEMBER 10, 1903.

Courses of study are provided, extending from the primary branches through the whole University curriculum to the degree of B. A. The staff consists of 22 teachers in addition to the University Professoriate. Physical Culture, Shorthand, Typewriting, Book-keeping and Commercial courses are all taught after the latest and most improved methods.

THE OWEN'S ART INSTITUTION with its magnificent gallery is in charge of Professor Hammond, R. F. A., an exhibitor in the Paris Salon, the Royal Academy, London, etc.

THE CONSERVATORY OF MUSIC employs an able staff of instructors, all of whom have received their musical education in Europe.

A NEW ADDITION, costing \$40,000, and giving room for DOMESTIC SCIENCE School and 45 more students, will be ready in September.

A WORD TO TEACHERS.

Hopewell Hill, N. B., Aug 12th, 1903.

Dear Friend:—It is generally conceded that you are engaged in one of the noblest callings open to men and women; in fact, many consider it the noblest. It is equally well known that the members of our profession are shamefully illpaid for the services rendered. So small is the remuneration of Teachers that most of them, finding it impossible to live and meet the demands made upon them, are driven out of the profession. It is high time that we take steps to remedy this state of affairs.

The N. B. Teachers' Union was formed a few months ago, and has met with great success. It already includes nearly every Teacher in Al-

bert, the county of its birth; a goodly number in Sunbury (none that have been canvassed in that County refusing to join); and has secured a footing in York, Westmorland, Queens, Kings and St. John Counties.

We now appeal to the Teachers in general to fall into line with us in an effort to give our profession the standing it deserves. We would urge them to make this a live question at their Institutes, and that the members of each Institute at its next session elect a delegate to meet our executive at some central point, within the next twelve months, to arrange a salary schedule for the whole province or the counties represented, and to transact such other business as will be found necessary to complete the organization.

"TORNADO" THRESHING MACHINE, With "Direct Gear" Horse Power.

TESTIMONIALS:

MESSRS. CONNELL BROS., WOODSTOCK, N. B.:

GENTLEMEN,—I suppose you are anxious to hear from the Threshing Machine. She has been tried and came out with the following results:—In 32 minutes, 34 bushels by measure; by weight 64 bushels; this is an accurate statement. Threshing capacity 60 bushels per hour; this Mr. Curtis and myself have decided as correct. She was not forced to run beyond the ordinary rate of speed, cleaned the grain very nice, no clogging, none thrown over, none carried out in the straw. Now, gentlemen, there is something more that I will tell you: it would be impossible for one crew of men to tend this machine, they could not stand it at that rate of threshing. Give her grain that has been reaped with a Reaper, and put in the barn in good shape, and she will thresh 600 bushels in ten actual hours, and do her work with ease, and clean in good shape.

Yours truly,
EDWIN PHILLIPS.

BRISTOL, N. B., January 14th, 1903.

SPRINGFIELD, KING'S CO., OCTOBER 11, 1902.

MESSRS. CONNELL BROS., WOODSTOCK, N. B.:

DEAR SIR,—I suppose you are anxious to hear from the Machine. To tell you the truth, I think her the most perfect I have ever seen—runs smooth and does her work complete; will not waste a grain, no matter how fast you thresh; can take care of a bushel per minute with all ease. I am running her with a very light team, and every day I use, she seems to run faster.

Yours truly,
JAMES H. PICKLE.

Messrs. Cross & Gillis, Lakeville, N. B., Threshed 610 Bushels Grain in one day.

CONNELL BROS., Limited,

WOODSTOCK, N. B.

We respectfully request that notice of the action of the Institutes and the names of the delegates elected be forwarded to our Secretary-Treasurer.

In the meantime we would further urge that all Teachers who believe in the principles of our Union sign our present agreement, as below, and forward their names and membership fee of twenty five cents to the Sec. Treas. You will notice that the first section of the agreement applies to the whole province, and that the second refers to Albert County only. The salary schedule (which we recognize as temporary and very imperfect) has been based on the lowest possible figures, so that it might not prove an obstacle to any in joining. What we desire most is to get the profession, as a whole, united in a demand for better remuneration. The demand needs only to be general to be granted.

Teachers, outside of Albert County, wishing to bind themselves to the below salary schedule, will please cross out the words 'in Albert County' and place their initials in the margin opposite.

In 'Poor' Districts, the extra Government grant is considered a part of salary from Trustees.

Yours fraternally,

R. Ernest Estabrooks, President,
Harvey, A. Co., N. B.
Henry Harvey Stuart, Sec. Treas.,
Hopewell Hill, N. B.

MAKE BABY FEEL GOOD.

A baby's temper depends upon how he feels. If ailing he will be cross, worry the mother and annoy everybody in the house; if feeling well he will be bright, active and happy. It is easy to keep your baby feeling good by profiting by the experience of mothers who give their little ones Baby's Own Tablets. One of these mothers, Mrs. C. W. Shore, Castleton, Ont., says: "Our child, eight months old, has always been troubled with indigestion. We had medicine from two doctors and tried other remedies without benefit. I then sent for a box of Baby's Own Tablets and found them just what was required. The child is now all right and is doing well."

Indigestion, colic, constipation, diarrhoea, simple fevers, in fact all the minor ailments of little ones are cured by Baby's Own Tablets. They always do good and cannot possibly do harm, and may be given to the youngest infant with perfect safety. Sold by druggists or direct by mail, at 25c a box, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

There is now in operation in Ireland a railway on the mono-rail system. It is about fifteen miles in length, and is operated by steam. The engines and carriages are slung across a single rail, elevated about three feet from the ground. It is proposed to build an electric railway from Manchester to Liverpool of the same type; and the light carriages to be run upon it are expected to have a speed of one hundred miles an hour.

Be a SENTINEL advertiser if you wish the very best results from the money you intend investing.

Females of All Ages

Find these Pills simply invaluable, as a few doses will restore free and regular conditions and effectually remove the causes of much suffering to the sex.

Beecham's Pills.

Sold Everywhere. In boxes, 25 cents.

COLONEL TUCKER, M. P.

A statesman of whom little is known in Ontario is Colonel John Joseph Tucker, who sits for St. John, N. B. Colonel Tucker and Mr. Blair represent the city, and it was thought at one time that the Colonel would follow the former Minister of Railways in his opposition to the Grand Trunk Pacific Bill. But Mr. Blair was not strong enough to shake the Colonel's conviction that the plan is in the country's interests and he voted for the Government's proposal. For many years the Colonel was Lloyd's agent at Shanghai, and it was there in China that he picked up the tale that laid the foundation of the fortune of a million or so that he possesses. Not so long ago the Colonel, who is noted for his extreme, perhaps extravagant generosity, invited two or three of St. John constituents to visit Ottawa for a few days, and to be his guests at the Russell House. The invitations were accepted, and for three days Colonel Tucker had to play the part of cicerone to gentlemen who are expected to return value in securing votes for the Col. when the next election comes on. One of the St. John men proceeded to spend too liberally the small amount of money he brought with him. After some agitation he decided that it would be necessary to "touch" the Colonel, who, it should be mentioned, is rather hard of hearing.

The constituent approached the Colonel, and in rather a loud tone of voice remarked:

"Colonel, I regret to say that I have run short of money. I have to ask you to lend me ten dollars."

"What?" answered the Colonel in stentorian tones, with hand cupped to ear.

"I want you to lend me fifteen dollars," repeated the constituent, whose courage and need had suddenly increased.

"Oh, you do," returned Col. Tucker, "Well, I wish I had heard you the first time!"

However, the gentleman got his fifteen. It is not recorded that Col. Tucker ever refused a loan in his life. His liberality has become so proverbial at Ottawa that some members cease buying cigars during the session. Colonel Tucker smokes the very finest brands, and in his locker in Room Sixteen, the Liberal headquarters, he always keeps a couple of boxes which he passes around daily. It must cost Colonel Tucker a good many thousand a year to be an M. P., but he can afford it, and as he wisely says, "Money was made to spend on oneself and one's friends."

—Toronto News.

WORLD'S FAIR.

World's Fair Grounds,
Sept 17, 1903.

The contract for the erection of Canada's pavilion was awarded to John J. Dunnivant & Co., the contract price being \$28,000. The building will be 100 feet square and surrounded by porticos. It will have two stories. The architect is L. Fennings Taylor, of Ottawa, Can.

The building must be completed by Dec. 1. A permit for the erection of the structure has been issued by Director-of-works Taylor, and Mr. Dunnivant says he will commence work next week.

The Canadian Reservation is about half way between the Agricultural building and the Forestry, Fish and Game building. The handsome pavilion which is to be Commissioner

General Hutchinson's official home on the World's Fair grounds next year and which will serve as a club house for Canadian visitors to the Exposition, will stand southwest of and close to the big floral clock on the northern slope of Agriculture Hill. The building will face the avenue which runs north and south in front of the Administration building and extends to the Agricultural building.

John J. Dunnivant & Co. have built two of the Exposition's big exhibit palaces—Education and Manufactures—and they also put up the Press building. On the Pike they are now erecting 'Cairo' and 'Jerusalem.'

As the Canadian building is to be such a near neighbor to the Palace of Agriculture, my Canadian readers will be interested in knowing something about this giant structure. The Palace of Agriculture at the Louisiana Purchase Exposition at St. Louis, is the largest structure ever built for the reception of a single department, and is 15 per cent larger than any other building at the Exposition.

It is 500 x 1600 feet thus containing a floor space of almost 20 acres. This building and the Horticultural building are the only ones in the Exposition bearing color on the outer walls. The Agriculture building will have used upon it green with points of brighter color.

Garlands, wreaths and festoons of fruits and flowers figure in the color scheme. The architectural members, such as cornices and the piers between the mouldings, are left white.

The plans for this building have been prepared under the immediate supervision of Mr. Isaac Taylor, Director of Works of the Exposition, by Mr. E. L. Masqueray, Chief of Design. The cost of construction is \$523,940.

The building is probably the best lighted of any on the grounds. Its fronts are practically successive series of windows each 75 feet long and 27 feet high. These windows are placed 14 feet from the floor so as to allow the use of wall space inside for exhibits. Triangular monitor windows supply sky light, while they cut off the direct sun light, which would quickly spoil many of the exhibits this building will contain.

The grand nave 106 feet wide, which runs through the 1600-foot length of the building, rises to a height of 60 feet and supplies the grandest vista of installation space of any building ever designed for Exposition uses.

The entrances to the building are distributed to serve the visitors. A

Relieve those Inflamed Eyes!

Pond's Extract

Reduced one-half with pure soft water, applied frequently with dropper of eye cup, the congestion will be removed and the pain and inflammation instantly relieved.

CAUTION!—Avoid dangerous, irritating Witch Hazel preparations represented to be "the same as" Pond's Extract which easily sear and generally contain "wood alcohol," a deadly poison.

great rising approach leads up from the northwest where is located the main picture of the Fair. The beautiful slopes of the hill around the building have been assigned to the Department of Agriculture and Horticulture, and here during the Fair there will be maintained a fine display of flowering shrubbery and of indigenous and exotic plants. Hydrants to supply water to these exhibits at all times have been planned.

On its south side it has a gallery 500 feet long and 25 feet wide. Here are the offices for Chief of Agriculture, F. W. Taylor, and his staff; reading rooms and large committee room. There is also on this gallery an assembly hall for the meeting of agriculture and other societies. This hall is 106 by 50 feet and has a seating capacity of nearly 1000.

It is readily seen by the foregoing that the Canadian building site is one of the most advantageous on the grounds and Exposition commissioner Hutchinson deserves great praise for the shrewdness he has displayed in selecting it for Canada.

LOUIS LARIVE.

Horse vs. Auto.

Dick and his girl just left us; that's them, high out of sight. I wish him luck, for it's surely a royal sparkin' night.

From our double gate to the Court House is fourteen miles, exact—A two-hour drive, we call it, when roads are good and packed; But that auto rig contraction of his scoots up and down, And he says it cuts the distance in half 'twixt here and town! Well, maybe it does; but seems like he's goin' at things wrong—On a night like this he ought to contrive at twice as long!

'Tis part of the age, however, an age of rush and run, When unless you're fairly jumpin' you can't be havin' fun.

PASSING

YEARS

Look in your mirror today. Take a fast look at your gray hair. Its surety may be the last if you want it so; you needn't keep your gray hair a week longer than you wish. There's no guesswork about this; it's sure every time.

To restore color to gray hair use—

Ayer's Hair Vigor

After using it for two or three weeks notice how much younger you appear, ten years younger at least.

Ayer's Hair Vigor also cures dandruff, prevents falling of the hair, makes hair grow, and is a splendid hair dressing.

It cannot help but do these things, for it's a hair-food. When the hair is well fed, it cannot help but grow.

It makes the scalp healthy and this cures the disease that causes dandruff.

\$1.00 a bottle. All druggists. "My hair was coming out badly, but Ayer's Hair Vigor stopped the falling and has made my hair very thick and much darker than before. I think there is nothing like it for the hair." CORA M. LEE, April 25, 1900. Yarrow, I. T.

Write the Doctor. If you do not obtain all the benefits you desire from the use of the Vigor, write the doctor about it. Address, Dr. J. C. Ayer, Lowell, Mass.

When a couple must take their ridin' at gallop speed or more, With a choo! choo! choo! behind them, an' nothin' at all before, In a rig that can't be trusted to mind a crooked road,

And right in the midst of matters is liable to explode; I reckon that one feels clever to make the doin' whirl, But days when I was a-sparkin' the main point was the girl!

When I was a-courtin' Marthy I hitched up old white Pete, And the only thing I asked him was that he'd keep his feet. I wasn't obliged to guide him; he did the turnin' slow.

And he rounded all the corners at a mile an' hour, about. When Marthy was snug beside me that old horse seemed to know The likeliest shaded stretches where he had best go slow.

Why, grass and the trees and bushes along the way he cropped! Slow! Well, on a few occasions we warn't aware he'd stopped!

That was the style of ridin' when I was courtin'—see? Nothin' to watch but Marthy, and both hands, bless you, free, With old Pete joggin', grazin', and cockin' at times an' eyes. Back at the seat, but sayin', "Don't mind; it's just a fly."

I spicied there's fun in courtin' at even breakneck pace; And Dick is the boy to do it—I've read it in her face.

But courtin' by rapid transit don't 'pear to me so sweet 'pear to me so sweet As the ramblin', amblin' courtin' of Marthy and me and Pete.

—Edwin L. Sabin in September Lippincott's.

Menelik, Emperor of Abyssinia, is growing old and feeble. His death may be followed by civil war and European interference, for there is no recognized successor.

Sick Stomach is working-- Sick Owner is idle

If you will give your digestion a rest, it will get a going. You can do this by means of

DR. VON STAN'S PINEAPPLE TABLETS

which digest your food and rest your stomach. You want relief and cure.

Pineapple relieves at once and cures quickly. No stomach can be cured except it can rest while digestion goes on safely. The patient eats heartily while taking his cure. It strengthens the weakest stomach.

Pineapple is nature's simplest and quickest cure—Price, 35c.

In five minutes after using Dr. Agnew's Catarrhal Powder the healing has begun, and it continues till the work is quickly complete. New health, comfort in breathing, new vigor, and removal of danger of consumption or pulmonary trouble.

STANTON'S PAIN RELIEF

An INTERNAL and EXTERNAL Remedy for the Immediate Relief and Cure of

Rheumatism, Cramps, Colic, Sore Throat, Diarrhoea, Fozache, Toothache, Sprains, Bruises, Neuralgia, Lumbago, etc., etc.

This is an internal and external Family Remedy, carefully calculated for general use, and should be kept in every household and in every traveller's pouch—do not overlook the fact that immediate attention to any ailment will save serious trouble, worry and expense. When a medical man is not at hand STANTON will do the work.

Soothe you and give you instant relief. For sale everywhere. Price, 25c per bottle.

McGILL'S Sufferment PILLS. Cures Rheumatism, Colic, Toothache, Sprains, Bruises, Neuralgia, Lumbago, etc., etc.

For sale everywhere, 50c per box or by mail on receipt of price.

Sole Proprietors, THE WINDMILL COMPANY, Ltd., Limited, Montreal, Canada.
