

A Cure For Rose Hay Fever and ASTHMA

A prominent New York lawyer in an unsolicited testimonial says: "HIMROD'S ASTHMA CURE cured me when all other remedies failed. Physicians' prescriptions did not even relieve. For years I have been a sufferer of Rose Cold with all of its annoying symptoms, such as constant sneezing and itching watery eyes. Himrod's Asthma Cure is the only remedy I have used and it has cured me of Rose Cold of years standing. The words can express my appreciation of its effectiveness."

The late (Dr.) Oliver Wendell Holmes in his book "One Hundred Days in Europe" says: "I have used all remedies—Himrod's Cure is the best. It never failed."

'Why is a river the greatest freak of nature?'
'Didn't know it was. Why is it?'
'A river has a head but no feet. Its mouth is where its feet ought to be.'
'Pretty good. A mountain is somewhat freakish, also. We have all seen the foot of a mountain, but we never heard of a mountain head.'
'That's so. Still, it must have a head, for it has ears.'
'Has ears? How's that?'
'Certainly. Did you never see a mountaineer?'

'Let me take the blamed thing home,' said the patient, as the dentist relieved him of his aching molar; 'I want to take it home and poke sugar in it to see it ache!'

Landlady—You did not wear glasses when you first came here. Why do you wear them now?

Boarder—I want to make the food look as large as possible.

Catarrhal Poisons and Their Remedy.

The poisonous secretions from Catarrh are dangerous because they affect the stomach and bowels, giving rise to an unhealthy condition of these organs. Catarrh is the source of much ill health and was considered practically incurable until it was demonstrated to the satisfaction of the medical profession that by the use of Catarrhazone any case of nasal or throat trouble can be permanently and quickly cured. Catarrhazone by its unusual merit has enlisted the support and endorsement of the most prominent medical authorities, who freely state that anyone giving it a trial is sure to receive permanent benefit. Sold for \$1. Small size 25c. At Druggists or Polson & Co, Kingston, Ont.

'This hash,' said the star boarder, reminds me of the three graces.'

'Oh,' replied the delighted landlady, in what way?

'One is foolish to tackle it without faith, hope and charity.'

Reserve Force.

The healthy body has a certain amount of strength reserved in case of emergency, attack by disease or unusual physical exhaustion, without this power of resistance a person is an easy prey to every ill that comes along. By enriching the blood and creating new nerve cells, Dr. Chase's Nerve Food keeps the health at high water mark and fills the body with the vigor and vitality that overcomes and defies disease.

The one lost sheep may greatly interest the shepherd, but the ninety and nine are worth more when marketed.

The Hot Weather Test.

Makes people better acquainted with their resources of strength and endurance. Many find that they are not so well off as they thought and that they are easily enervated and depressed by the heat.

What they need is the tonic effect of Hood's Sarsaparilla which strengthens the blood, promotes refreshing sleep, overcomes that tired feeling, creates appetite.

Many of the men we calmly set down as failures may have been doing as much as those who have made ten times as much noise in the world. A great deal of the best work in the world is anonymous, if we do not confine the term to writing.

The Renewal of a Strain.

Vacation is over. Again the school bell rings at morning and at noon, again with tens of thousands the hardest kind of work has begun, the renewal of which is a mental and physical strain to all except the most rugged. The little girl that a few days ago had roses in her cheeks, and the little boy whose lips were then so red you would have insisted that they had been 'kissed by strawberries,' have already lost something of the appearance of health. Now is the time when many children should be given a tonic, which may avert much serious trouble, and we know of no other so highly to be recommended as Hood's Sarsaparilla, which strengthens the nerves, perfects digestion and assimilation, and aids mental development by building up the whole system.

When a great man dies, for years the light he leaves behind him shines on the paths of men.

Frank—Were you actually surprised, as you said, when I proposed?

May—Yes, indeed; I really had all but given you up.

Hippe—I do admire a man who says the right thing at the right time.

Phipps—So do I—particularly when I'm thirsty.

When a man complains that he has not a friend on earth you can make up your mind that he has been trying to borrow money.

She—Well, what did papa say about your proposal? Was he pleased?

He—I really don't know; he gave me one of his cigars.

'Are the mosquitoes very bad around here?' 'Bad!' echoed the native, derisively. 'Mister, did you ever hear of a mosquito being converted?'

A yellow rose is generally looked on as a decrease of love; a moss rosebud as a confession of love; ivy, friendship; and water willow, freedom.

'Elsie says there was only one drawback to her wedding.' 'What was that?' 'She says her father looked too cheerful when he gave her away.'

Husband—I wish I knew where I could find a buried treasure.

Wife—Never mind, dear; I'm your treasure.

Husband—Yes, but you're not buried!

Mike—it does seem terrible to hear so often of the death of old friends.

Pat—Yes, and we never hear of the birth of one at all, at all.

A True Nerve Tonic

Acts not so much upon the nerves themselves, as upon the digestive functions, and the abundant formation of rich, red blood. The nerves cannot be fed on medicine. They can be fed and strengthened by digested and assimilated food. Ferrozone's marvellous action arises from its power over the digestive and assimilative functions of the body. You take it, the blood grows richer, redder. You feel strength and vigor; digestion ceases to be noticed, for it has become good. Work is easier, for you have the strength to do it. In a short time you have health. Use Ferrozone.

'Is he a hard drinker?' Why, no. He always impressed me as being a remarkably easy one.'

Can the sardine box?

No; but the tomato can.

Minard's Liniment Lumberman's Friend.

Might Not—You don't tell me they're married? 'Why, yes. The Rev Dr. Talkins performed the marriage service.' 'Well, I hope they'll always consider it a service.'

'Yes, Johnnie, all big ships have machinery for making ice.' 'Well, mother, when they're afraid of being wrecked why don't they freeze the water and walk ashore on the ice?'

Newitt—Yes, old Goodman's three boys are a bad lot. Two of them, at least ought to be in jail.

Brown—Some redeeming quality about the third one, eh?

Newitt—Yes, he's already there.

Barber—This new soap is very nice. It is made largely of cream, with just a dash of alcohol in it.

Bloobs—Well, remember, I'm a temperance man, so don't put any more of it in my mouth than you can help.

October Number New Idea Woman's Magazine.

The subject of bees and their treatment is such a picturesque theme that the article entitled 'The Apiary' in the series of 'Profitable Industries for Women,' by Sarah E. Slater in the October issue, cannot fail to command the widest attention from agriculturists and everyone interested in the community that inhabits a hive. This is only one article, however, from a table of contents including forty four items, covering every phase of a woman's varied interests. The fashions, rules for cookery, newest fads and current events, are all up-to-date and most reliable, and the New Idea patterns, as exploited in the large fashion plates, are immensely attractive. Every woman needs it every month.

Reports from all Pacific coast districts, including Alaska, show that the salmon pack of this year will be 1,000,000 cases smaller than that of last year, and 1,750,000 cases smaller than the pack of the previous year.

When the Lamp of Life Burns Low

the strain on all the delicate organs of the body is very great. The stomach and bowels are weaker—the liver more sluggish. Constipation paves the way for dreaded kidney and liver diseases.

Abbey's Effervescent Salt

Nature's own aperient, is extracted from the pure juices of fresh fruit. It is not a purgative but a gently effective and insistent laxative. It relieves the system of all impurities and acts upon the most sensitive organs without discomfort. Abbey's cleanses and purifies the blood, regulates the bowels and brings sound refreshing sleep. It cures constipation by removing the cause, and brings the entire system back to healthful vigor. Directions on the bottle. At all druggists 25c. and 60c.
