

Something New in Perfumes.

A fine Perfume correctly used is the hall mark of refinement; the perfume taste is the taste that tells. You can't be too particular about such things. YOLANDE is an exquisite perfume, sweet and delicate without a suspicion of "loudness." We invite you to test it at our store, its quality will delight you.

Simville's production of "Romeo and Juliet" will be adequate. While preserving the nobleness and grandeur of the play, modern innovation asserts itself and gorgeous scenery and special electric effects have been generously added. Every act and scene will be specially staged and the revival of the most noted and popular play ever written will be magnificent. Graham's Opera House one night only Saturday Sept 5th.

One of the notable events of the season will be the Simville revival of Shakespeare's beautiful love story, "Romeo and Juliet" at Graham's Opera House one night only Sept 5th. "Romeo and Juliet" is the immortal story of youth and love. Taking incidents which really happened in Verona, Shakespeare constructed a drama which will last as long as the race endures. Without affectation, without artificiality, it is as natural as Nature itself. That is the reason of its endurance.

An important news item for Woodstock, announcing the appearance here of the Colonial Moving Picture company, of Boston an entertainment that comes with a splendid reputation for superior excellence. For the past four years this entertainment has been travelling in the far east, through Australia, New Zealand, India, Java, Siam, China and Japan, where they have met with the greatest success; and they will undoubtedly repeat it in this country, as it is precisely the kind of an entertainment the people want. At the Opera House, Saturday evening Sept 19th.

WOODSTOCK, N.B.

An Oriental Evening.

Occupies a considerable part of the program of the Colonial Moving Pictures company, which appear at the Opera House, under the auspices of the A. O. H., Sept 19th. There is mystery, magic and fun at every scene. The spirit of the times seethes in every picture displayed. It thaws the flinty, melts the misanthropic; children are enraptured; the world is merrier for participating in an evening's entertainment so crowded with curiosity and geniality. The management have made this business the exponent of all that is brilliant and masterful; their pride centres in pleasing their patrons, who are the vital elements that either sustain or discredit the work of years. There is a fine indication of a good house to greet this company. It is worth your while to realize the importance of making an early selection of seats, which can be procured now at Graham's, for 35c, 25c and 15c.

News from the Country.

Bristol.

A number of young men left on Monday for the Tobique lumber woods. Others have gone to Aroostook County for potato digging.

Miss Alice Giberson went to Normal School, Fredericton, on Saturday.

Miss Hope Crandall has again taken charge of the Egypt school.

Scott Act Inspector Colpitts was in Bristol on Tuesday, and went up river.

Miss Maud Dawson, who has been visiting friends in Bristol, returned to Fredericton to-day.

Miss Ruth Brooks went to Lowell on Friday, and will be gone some months.

Mrs Dr Somerville has returned from spending a few weeks at her former home in Queen's County.

Rev Stephen Miller, of Lowell, preached in the Baptist church on Sunday morning.

Mr and Mrs James Carr and their daughter Miss Eska Carr, Fort Fairfield, are visiting friends in Bristol.

A public meeting was held in the hall on Tuesday evening, for the purpose of considering the advisability of building a lock-up, and Mr C W Brittain was called to the chair. It was decided to proceed with the matter, and it was thought that a building 16x26 feet would be sufficient, giving room for two cells and a larger room that might be used as an examination or court room. Committees were appointed to locate the site, draw up plans and specifications and also memorialize the County for a grant in this behalf.

Lakeville.

Rev E C Turner exchanged pulpits with Rev J C Berrie, Jacksonville, on Sunday last; the latter gentleman preached to a large audience in Lakeville Sunday evening.

Miss Annie Turney, Union Corner, has charge of the primary department of our school, instead of Miss Lena Kearney, as previously stated.

Miss Nettie Bearsto taught a few days last week for Miss McLeod, who was summoned home by the illness of her brother Kerr.

Myrtle Anderson went to Fredericton Monday, where she will enter the Normal School.

Mr Harmon Carvell purchased a very fine piano last week, and presented the same to his daughter Lulu.

Mrs Tays, Boston, and Stanley Barker, Bath, were guests at J R Fowler's, Sunday. Mrs Fowler is at present visiting friends in Waterville.

Wm Wilson, Jr, Burns Wilson and Wilmot Annett started for Menominee, Mich, last week. The two latter boys are making their first western trip. They will all engage in the lumber business. Success to them.

The duck season has begun. It was amusing to see every marksman in the vicinity as well as those who couldn't shoot a moose at 50 yards, making such extensive preparations for this season's sport. Ducks are reported very plentiful.

Carvell Bros are unable to saw until the water rises. They have spent their spare time in repairing the dams.

Four Falls.

The grain crop is especially good in this section of the country.

Mr Ebbett, agent for the Fredericton Telephone Company, took dinner at the Four Falls House on Wednesday.

W E Spike and Titus Carter of Andover were here on business Wednesday.

Freddie the eldest son of W H Wright has been ill for the past week with diphtheria.

A large crowd attended the Church of England picnic at Aroostook Junction on Saturday afternoon.

May Green of Perth and L W Cox of Ware, Mass, were the guests of Miss Ethelyn Barker on Saturday.

The report of a last factory being started here has aroused the long dormant interest of the natives of this place. Mr Haley, superintendent of factory at Glassville encouraged the idea.

Four Falls is certainly expected to be the coming town. It is to be hoped that the interest so suddenly awakened will not die out as rapidly. But at the present there is a note of triumph in the noise of the Falls and it is believed that the little stream has not run in vain.

Gillespie.

At last the long spell of wet weather has given place to beautiful sunshine and we have had several days of uninterrupted fine weather and the farmers are hustling in the harvest fields where the grain bids fair to be being above the average. Potatoes are very good and many of the farmers are digging their tubers for the Boston market, where they command good prices.

The many friends of old Mr Gillespie will be sorry to hear that he still remains quite poorly.

Mrs Hardy and Mrs Foster of Monticello are the guests of their sister, Mrs Gee.

Mr McHugh has built a new house this summer. Francis Shorey has built a new barn. Charles Williams, Sr has built a barn to replace the one burned by forest fires this summer.

Mr Rideout and Mr Underwood have each built a kitchen and woodshed.

The trustees of Gillespie District have been putting extensive repairs on the school house and school opened on the 24th inst.

The infant son of Mr and Mrs George West died very suddenly yesterday.

Mrs Gee, Mrs Hardy, Mrs Davenport and Mrs Foster visited Grand Falls Friday and report a very good time.

Mr McNally, the photographer at Limestone, seems to be the centre of attraction at present.

Mr Gee, who died on the 14th inst, will be much missed in the community, as he had made many friends here.

Mr and Mrs G Davenport and Mr and Mrs Henry Giggy took a trip to Bristol last week.

James Bradley, game warden, started up the Tobique this week.

George Parks started this morning with a crew for the lumber woods on Salmon River.

Elder Doody preached last evening in the California school house. His discourse was both instructive and interesting and earnestly presented. The audience seemed deeply interested and several manifested a desire to become Christians, which ought to encourage the workers in the Master's vineyard.

On Sunday Mr and Mrs Murphy, Mr Griffin, Miss Mahaffy and Miss Gee all of Andover were visiting friends here.

Mrs Gee has just completed a patch work quilt containing 2,016 pieces.

Lorne, (Vic Co).

The hay makers are having a hard time to make hay as the rain falls every day or almost every day.

A very heavy storm passed over Saturday afternoon unroofing barns on the lower part of river. Another heavy shower passed over between two and three Sunday, upsetting the kitchen of Jean Phillippen, and destroying contents, stove, a new set of dishes, flour, and meal, all was completely destroyed. Mr Phillippen and wife were away from home at the time.

The blueberries are a scarce article on the Blue Mountains this year.

Mr Jacob Downy of Bellisle, is visiting his niece Mrs Fred Chapman of Burnt Land Brook.

The new railroad is now the topic of the day as Lorne lies on the centre route. The papers are eagerly scanned every week to see how the route will be settled on.

The mail comes three times a week. Really Tobique has much improved. 40 years ago there were no mail, no roads and no settlers either.

Now there are some fine houses, (and log houses are almost a thing of the past) villages, and quite a town at Plaster Rock. I speak from Three Brooks up. What a change is the present to the past!

Ayer's

You know the medicine that makes pure, rich blood—Ayer's Sarsaparilla. Your mother, grandmother, all your folks, used it. They trusted

Sarsaparilla

it. Their doctors trusted it. Your doctor trusts it. Then trust it yourself. There is health and strength in it.

"I suffered terribly from indigestion and bile blood. I found no relief until I took Ayer's Sarsaparilla. Four bottles permanently cured me."
—Mrs. F. R. HART, Mt. Rice, N. Y.

Prepared by J. C. AYER & CO., Lowell, Mass.

It is a better medicine for Rich Blood

Ayer's Pills are gently laxative. They greatly aid the Sarsaparilla.
