The Carleton Sentinel.

FRIDAY, MAY 15, 1903.

Published by THE CARLETON SENTINEL PUBLISHING CO. at their Office, in VANWART'S BRICK BUILDING, King Street, Woodstock, upstairs.

No. 14, Vol. 1, of *The Suburban News* has reached our sanctum. It is a weekly paper published at Rockingham, N. S. It is handsomely printed, and is well filled with timely and interesting matter, editorial and selected. Its entire appearance is greatly in its favor and it must become popular with the general reading public.

THE SENTINEL's correspondent from Arthurette, last week, referring to the school system of New Brunswick, suggested that THE SENTINEL would be doing the public a meritorious service by inviting discussion in its columns from those interested in Education. THE SENTINEL will cheerfully and willingly lend its columns to teachers or any others who may desire to give their views on this very important subject. We thank our correspondent for calling our attention to the matter. Who will be the first to respond?

Terribly Burned—Death Ensued.

E. Fraser, the 3 years old child of Wendell P. Jones, M. P. P., while left alone in a room for a brief time on Tuesday forenoon, managed to reach a box of matches lying on the mantel shelf, and while handling them they were ignited and set fire to his clothing. His screams at once brought his alarmed mother to discover the cause of his loud cries, who of course was terribly shocked on finding the child's clothing in a brisk blaze. With frantic haste she tore the burning clothing from the poor boy's body, but not before the little fellow's hands, face and head were terribly burned. In her wild fears for her child's safety Mrs. Jones, not mindful of herself, was severely burned on the arms and hands. Drs. Sprague, Pr. Scott and Baker were in immediate attendance, and the hope was indulged that the child's injuries would not prove fatal.

On Tuesday night he appeared quite cheerful and asked for a favorite food, but on Wednesday morning at 4 o'clock a chill passed over his little frame and he peacefully expired.

Universal and genuine sympathy is extended to the agonized parents in this their sudden and awful bereavement.

The funeral took place on Thursday afternoon, at 2 o'clock, and was in charge of Undertaker Henderson. Ven. Archdeacon Neales held the burial services in St. Luke's church, and the interment was in the cemetery of Christ church.

OBITUARIES.

MRS. JOHN PIKE.

An estimable lady, Mrs. Pike, wife of John Pike, formerly connected with the brickyard, Grafton, died on Monday night, from the effects of typhoid fever, in the 29th year of her age. Two of her children were afflicted with typhoid fever, but are now recovering. The deceased was Miss Lena Clark, Grafton, and leaves many friends to mourn her early death. The funeral took place at 1:30, Wednesday afternoon; services were conducted at the house and grave by Rev. G. A. Ross, of Woodstock, and the interment was made in the Grafton cemetery, Undertaker Henderson being in charge.

HENRY BOHORN.

Henry Bohorn, son of the late Chas Bohorn, who has been afflicted with jaundice for several years, which developed into hasty consumption, died at his home, Woodstock, Monday forenoon, aged 37 years and 5 months. The deceased was survived by his mother, two brothers and two sisters. Mr. Bohorn, who was a most exemplary young man, was able to pursue his usual avocation until a few days before his death. The funeral, under the charge of Undertaker Henderson, took place Wednesday afternoon at 3 o'clock. Services were conducted at the house and grave by Rev. G. A. Ross, and the interment was made in the Methodist cemetery.

The following is told of a prominent farmer of this County: He was persuaded by the glib tongue of an agent, to procure a Range, said to be the "best thing ever invented." After the first fire placed therein, the owner found the thing had warped, and he notified the agent of the fact; the answer came back promptly, "Turn the Range upside down and it will warp back."

JOTTINGS.

The iceman has begun his yearly visitations.

When you want the best superphosphate go to Carr's, Hartland. Don't let a dollar or two induce you to buy an inferior article—"It don't pay."

The weather has been ideal for the work of the farmer in ploughing and putting in the crop. But now a warm rain is greatly needed to give the grass and vegetation generally a start.

If the person who lost a sum of money in W. F. Dibble & Son's store, Wednesday afternoon, will call on the finder, Mrs. William Glew, and identify the same, the money will be returned.

John Morrissey, M. P. P. for Northumberland, while in town last week, purchased the fast horse, Baby Boy, 2:12, from Ed. Manzer, and the horse has been sent to Newcastle; the price paid is said to be \$200.

The usual prayer service in the various churches of the town, gave way on Wednesday evening, to a union meeting in the Albert street Baptist church, which was addressed by Mr. McKelvie, agent of the British & Foreign Bible society, and other gentlemen.

Coles Dugan has bought the half interest held by James W. Gallagher in the horse, Joe Hal, so well and favorably known on the local turf, and thus becomes the sole owner. The horse is being fitted for the summer races, and will make the fastest of them hustle to beat him out this summer.

At a meeting of the water committee, Monday night, W. P. Hayden, who has had 25 years experience, was engaged for a month as engineer of the pumping and electric light station in succession to the late J. B. Ganter, and if the services prove satisfactory Mr. Hayden will be employed permanently.

The dry room at the Woodstock Woodworking Factory caught fire about 9:30 a. m. on Wednesday. An alarm was quickly sent in and the firemen were soon at the scene. The men from Small & Fisher Co. at once hurried over and had the fire under control by the time the hose cart arrived. Little damage was done.

Patronize Home manufacturers. Don't invest in imported stoves of any description, when you can buy from our local foundries, two stoves for the price you would pay for one of the imported. Besides being equal, if not superior, in all respects to the imported one, any part can be secured at once and at home, and repairs, if necessary, can at once be made.

C. M. Sherwood, Centreville, has the most extensive line of Furniture, and is selling it at the lowest prices ever heard of in this section of the Province. Buying in large quantities, direct from the manufacturers, for spot cash, is the lever. Pictures and Picture Framing of every description, in connection. He is always at your service, in all kinds of goods, and satisfaction guaranteed in every way.

A good audience in the vestry of the Methodist church, Friday evening of last week listened with pleasure to the pleasing and instructive address of Mr. F. B. Carvell on "The Constitution and Government of Canada." He emphasized the thought that the love of representative government was an inherent principle in the breast of the Anglo-Saxon race; briefly traced the growth of the representative principle, from the time of the patriarchs, down to the securing of what is known in Canada as Responsible Government; gave it as his opinion that our government was the freest, as the country was, by natural endowments, the best in the world. Mr. Carvell's remarks, complimentary words were spoken by Dr. E. S. Kirkpatrick, Rev. Geo. A. Ross and the chairman, and a vote of thanks was tendered the lecturer. Guy Payson gave a piano solo; Miss Tompkins a vocal solo, and selections were rendered by a male quartette. The evening was thus spent in a most enjoyable and profitable manner, and it is to be hoped the Epworth League, under whose auspices the meeting was held, may favor the public with many more such pleasant entertainments.

The Educational Review.

The Educational Review, whose editor and manager is Dr. G. U. Hay, St. John, N. B., has just completed its sixteenth year. It has been published continuously since the first of June, 1887, under one management and in this respect is the oldest educational journal in Canada. The secret of its success has been its energetic management, its wholesome tone and the excellent influence it has exercised in stimulating teachers to greater individuality in teaching. During the coming year the Review will be enlarged and new features added to make it still more useful. Such a journal should receive the earnest support of every teacher.

New Brunswick Agriculture.

To the Editor of Carleton Sentinel: DEAR SIR,—Will you kindly allow me to call the attention of your readers to the very valuable publication just issued by the New Brunswick Department of Agriculture.

Under the title of the Report on Agriculture, the Commissioner of Agriculture and his energetic deputy has presented us with a compilation of useful information, in addition to the usual statistical and formal reports that make the book of great interest and value.

During the past year a number of the leading stockmen, farmers and fruit-growers of Canada have visited the Province, and from each of them as well as from some of our own farmers Mr. Peters has secured expert testimony. These articles with the reports of the Maritime Winter Fair, the Farmers' and Dairymen's Association, and from the Dairy Superintendents, make a summing up of up-to-date agricultural knowledge that should not be overlooked by any one who is farming in New Brunswick.

The discussion on soils and cultivation by such authorities as Mr. C. A. Zavitz of Guelph, Ont., probably the most experienced agricultural experimentalist in America, J. H. Grisdale of the Dominion Experimental Farms, and others, contains information of the most vital importance.

Live Stock Husbandry, Seed Selection, Dairying and Fruit Growing are all fully treated and deserve close attention. To particularize or quote would require too much space. The object of this letter is simply to suggest to your readers that by writing to the Commissioner of Agriculture, Fredericton, this book may be obtained free of cost. An early application is desirable, as the demand is sure to exceed the supply.

W. W. HUBBARD,
Agel. Agent C. P. Ry.
St. John, N. B.

BASE BALL.

A junior base ball club, the Independents, of this town, met the Little Giants, of Houlton, on the diamond, in the park, last Saturday afternoon, and, in the language of a noted general, the local boys can exclaim, "We have met the enemy and they are ours." It was a pretty game, the score was low, 9-4, and general satisfaction reigned. George Mercer, of this town, made a capable and satisfactory umpire. The following are the players:—

Woodstock—Guy Payson, Wilmot Lister, Johnnie Brown, Wendell Holmes, Roy Brewer, Roy McLauchlan, Clarence Sprague, Harold Trafton, Walter Sprague.

Houlton—Frank Clayton, Fred Larabee, Don McLeod, Albert Miller, Dick Rogers, Jim Palmer, Burpee Alexander, Charlie Carpenter, Archie Dill.

GERMANY EXASPERATED.

BOUND TO RETALIATE.

The London Times has the following from its correspondent at Berlin:—The campaign against the surtax placed by Canada on certain goods of German origin has not abated, and there are signs that Germany will not delay much longer before giving her reply the practical form of fresh reprisals. The semi-official North-German Gazette declared last night that Canada's action is greatly to the prejudice of Germany, which is now worse off by 33 per cent. than all other States, and by 66 per cent. worse off than England. It is stated this morning on what appears to be good authority, that the German Government has now decided to impose a surtax upon the chief articles of import from Canada. This surtax will be equivalent to that placed by Canada on exports from Germany. The German Government is represented as being actuated by a desire to deter other British colonies from following the example of Canada.

It is pointed out that Canada, while imposing a surtax on duty-bearing goods from Germany, has not placed any import on German goods which enter the Dominion duty-free. German chemicals and metals to a large extent pass the Canadian customs without paying duty. During the financial year which terminated on June 30, 1902, metal and mineral goods were exported from Germany to Canada to the value of \$2,065,798. Of this amount \$807,712 worth entered Canada duty free. The proportion is even greater in the case of drugs, colors and chemicals. Out of a total of \$390,484 worth of these materials no duty was paid on goods to the value of \$257,054. The existing German tariff law, on the other hand, empowers the authorities to impose a duty not exceeding 20 per cent. ad valorem on duty-free goods, and the new tariff law extends this limit to half the value of the article imported. Canada, it is said, exports a considerable quantity of duty-free goods to Germany.

PERSONALS.

Albert Smith was able to drive out Wednesday.

Mrs. Wilmot Hay of Meductic, was in town Tuesday.

Herbert Harper of Jacksonstown, was in town on Tuesday.

M. McDade, St. John, spent several days in town this week.

Mrs. W. W. Hay is suffering from a severe attack of pneumonia.

Chas. W. Stokes is home from McGill, spending his vacation here.

Rev. W. H. Smith, Bristol, was a caller at the SENTINEL office Tuesday.

Harry Dwyer, who has been absent for several months, has returned home.

Arthur B. Campbell, Perth, formerly of Woodstock, is visiting friends here.

Mr. T. V. Monahan went to Nova Scotia to bring his sister home, who has been very ill.

John Bloodworth, Esq., Upper Kent, made a pleasant call on the SENTINEL Tuesday.

Mr. McLeod, representing Messrs. Levy Bros. of Hamilton, Ont., was in town Tuesday.

Mrs. Geo. Turton and Mable Vanwart returned from their trip to Grand Falls on Saturday last.

Miss Atta Adams, who has been visiting for some time in town, returned to her home in Fredericton this week.

Mr. Charlie Boulier, accompanied by his wife and little daughter, Madeline, of Houlton, were the guests of Mrs. M. Ryan, Sunday.

Mrs. W. P. Jones is suffering severely from the burns received in the effort to save her little son's life, in the terrible accident of Tuesday.

Mr. T. R. Blaine has severed his connection with the Esqui Co., and has accepted the position of traveling salesman for the McDiarmid Drug Co. Ltd., of St. John.

Mrs. J. Sullivan of McAdam, accompanied by her little grand-daughter, Marguerite Boulier of Houlton, were the guests of Mrs. Margaret Boulier, Wednesday and Thursday.

Geo. Shea is very sick at his home in Houlton with pneumonia.

Carlisle Registers:—D. Stearns, New York; B. Shorten, St. Stephen; W. D. Keith, Hartland; I. R. Sprague, Boston; Dr. and Mrs. Sumner, Bristol; M. McDade, J. Reid, W. W. Hubbard, Hilyard P. Masters, Geo. Robertson, J. N. Sutherland, St. John; W. Brown, C. Cook, Toronto; M. C. Clark, Providence, R. I.; T. T. Hamilton, R. J. Hawks, E. Bess, Houlton; Del. McDonald, J. R. Reid, Geo. Turton, M. A. Reid, Montreal; E. K. Connell, Woodstock; Geo. T. Baird, Andover; A. W. Hay, Lower Woodstock; J. T. G. Carr, Hartland; J. Mills, Hamilton; G. H. Murchie, Calais; A. Q. Scammon, New York; A. H. Harris, Montreal; J. A. Gregory, Fredericton; C. S. McLeod, Amherst.

Aberdeen Registers:—J. C. Marfariand, J. A. Dawson, Montreal; A. B. Campbell, Perth; A. M. Sharkey and wife, Littleton; Moses Taylor, Boston; G. E. McCollum, Upper Brighton; A. W. Estabrooks, Rockland; George F. Burden, Pokok; Henry Post, Grafton; D. W. Oils, W. O. Porter, Mrs. Hattie Deakin, Meductic; Zella Lounsbury, Robert Scott, Dumfries; J. B. Gardiner, Lynn; W. A. Connolly, Jacksonstown; George P. Thibault, Rothesay; T. R. Blaine, Fredericton; W. E. Mallory, St. Andrews; Allen Yersa, Lower Woodstock; D. Tapley, McAdam; H. G. Enslow, Percy P. Gunn, St. John; T. M. McKelvie, Rockland, Westmorland county; Louis A. Carvell, G. H. Corbett, Lakesville; John G. Green, Galt, and Fred A. Kaiser, Toronto, Ont.

Messrs. George Saunders, Guy Saunders, E. R. Teed, M. McManus and George McKinley went to Skiff Lake, Tuesday, for a few days' fishing.

Strikes are by no means modern institutions. Three hundred years ago the workmen at Dover, England, struck for a minimum wage of 12 cents a day.

For the fiscal year ending June 30th, 1892, the Government collected duty on tobacco amounting to \$4,442,232.

CARR & GIBSON,
