Where Medical Science Fails

To cure rheumatism, and all the time you suffer dreadfully, why don't you get a bottle of Polson's Nerviline and try that? Rub it into your stiff joints, sore arms, lame back, bent shoulders—wherever the pain is. Nerviline has cured plenty of people in this way, and that ought to be proof enough that it will cure you too. It is an unusually strong liniment that cures rheumatism in unusually quick time. Best household liniment known. 25 cents.

AN IMPORTANT BABY.

Saturday Post: Most Americans would be astonished if told that the birth of an heir to any European throne was of any great importance to this country; and yet the future of the United States, the future of the Monroe doctrine, and the future of South America may be very seriously affected by the failure of the young Queen of Holland to have issue.

The heir to the throne of Holland, in the eventuality of the Queen dying without issue, would be a German Prince, who, though he would be obliged to swear allegiance to the Dutch Constitution and must promise to protect the independence of the Netherlands, would nevertheless be strongly German in sympathy, and therefore could hardly be expected to make a very sturdy battle against any attempt of the German Emperor to possess himself of a little Kingdom.

That Germany wants Holland every one knows, and that the other powers would hardly be likely to interfere very seriously if Berlin found some excuse for gobbling her up is also very near a certainty. If France protested she might be allowed to annex Belgium. Russia and Austria, of course, would not take a hand in the matter as it is too remote from their spheres of influence and interests, and England alone is hardly likely to undertake a war over Holland with Germany.

If Holland should pass to Germany of course her colonies would go with the Mother Country, and the German Emperor would have acquired by means that it would be impossible to prevent, or even to protest against, the much desired territory in this hemisphere. Dutch Guiana is an immense territory in itself, but of more importance yet are the Dutch islands in the Caribbean Sea, especially Curacao.

It cannot be doubted that, with that island and its two or three Dutch neighbors in his possession, the German Emperor of his successors would at once fortify them strongly, and would make them the headquarters for a West Indian fleet which would be a continual menace to the Inter-Oceanic Canal, and a constant cause of irritation to the United States. Troops could be landed not only on the island, but on the Dutch mainland as well, and the independence of Brazil would be continually menaced. If the Germans, who now number 400,000 in Brazil, should start a revolt against the Brazilian Government, the German troops would be at hand to help them, and would have both a nearer and a better base of supplies than the United States.

It is clear, therefore, that it is a matter of no little concern to Americans that there should be a Dutch heir to the Dutch throne so that all danger of the Dutch-American colonies passing to German control may disappear.

TRIED TO HIDE IT.

A Charitable Deed of the Sovereign Recently Made Public.

A good story of King Edward's interest in the Salvation Army is told in a recent issue of *The Social Gazette* by Walsh Dawson, a supporter of the army's social work.

Two years ago Mr Dawson, who had interested himself in obtaining donations for social work, was on his way one afternoon to call on a certain benevolent peer, when he lost his way in a thick fog. Suddenly he ran against a man near Buckingham Palace. Apologizing he asked the stranger if he could direct him to the house he was looking for. The reply was:

'Certainly. I am going there myself. I'll show you the house.'

'We chatted away merrily,' Mr Dawson continues. 'I told him all about my work and the labors of the Salvation Army. He seemed deeply interested, and when I reached the house he said: "It is dreadful to think that so much suffering exists in this city. I want you to accept a little gift for the poor suffering ones," and he placed in my hands 10 sovereigns.'

'I was astonished and asked the unknown donor what name I should put down in the book. He replied hurriedly: "No name at all, please. Simply anonymous." Suddenly I saw his face distinctly for the first time; it was the Prince of Wales, now the King.'

How to Turn Immigration This Way.

Bobcaygeon Independent: As an advertisement of Canada, and effective inducement to immigrants, nothing better could have been done than the speech delivered by Hon. Mr. Sifton at the Canada Club meeting last week. The great attraction the States have had for the people of the old countries has been that it was a Republic. The great repelling influence that has deterred the flow of emigrants to Canada has been the fact that it is under the monarchical system of Britain. When the Old Countryman understands that Canada is a self governing country, he will book his passage to this great new country of wonderful opportunities. Mr. Sifton's utterances may seem bold to snivelling sycophants, but they are nothing more than the real spirit of Canada, the spirit that needs only to be proclaimed in the old lands to turn the tide of emigration to our vast territories of dormant wealth.

Typhoid Scourging the Whole Country.

HOSPITALS EVERYWHERE ARE CROWDED TO THE LIMIT.

Doctors and Nurses Busy.

Why this Fever is so Prevalent and the Best Means of Prevention.

Typhoid fever is holding the attention of health officers in every part of Canada just now. It is epidemic. Many causes are attributed to the present outbreak, bad milk and impure water. The most common symptoms of this dreaded malady are headache, dizziness, specks before the eyes, weakness of the back, gone feeling in the limbs, and nausea and vomiting in the stomach. A startling fact is that a person who is quite healthy to outward appearance may unconsciously have the disease working inwardly for a long time.

The surest preventive is to increase your vitality. Endeavor to get strong. Keep the blood pure and untainted. Try and build up a reserve of energy that will enable you to repel the onslaught of the typhoid germ. In the opinion of many noted specialists, the best remedy in such a crisis is Ferrozone, which has a specific action on all impurities in the blood, and can be relied upon as a protection to those in health. A course of Ferrozone puts the system in perfect condition, and insures you against the many diseases one is liable to contract when vitality is low. Nothing so quickly builds up weak constitutions, making muscle and fibre where formerly there was flabbiness and weakness. Ferrozone is a blood maker, a strengthener, a rebuilding tonic that gives unbounded satisfaction, and can be depended upon to bring happiness and health to those who need it. Very few are so perfectly healthy that they don't need a bracing tonic occasionally. There is none better, and not one half so good as Ferrozone. It is sold by all reliable druggists at 50c per box, or six boxes for \$2.50. Sent to any address by mail by the Ferrozone Co., Kingston, Ont.

FERROZONE ASSURES HEALTH.

ST. JOHN LETTER.

Victoria day was a monotonous one in St John, as all holidays are, but it was a hilarious one in the country, for St John people know how to enjoy themselves when they have shaken the dust of the City from their feet, which they always do when opportunity offers.

Last Monday some went to Grand Manan, more went to Digby, more flocked to the villages that lie along the C P R and Intercolonial, and still more went away by the river and lake steamers. The Clifton had not swung away from her wharf at Chapel Grove on the Kennebecasis before quite a conflagration had been started in the woods near by, by her excursionists, but fortunately it occasioned but little damage. It was fun for the holiday makers to fight the fire they had kindled. It was no holiday, however, for the denizens of our trout streams and lakes, thousands of whom found themselves in the frying pan before they were much older. The meadows were scorched for violets, and other wild flowers, but fortunately for the farmers their apple trees were not yet in blossom; had they been they would have wished their visitors in Jericho, for few city women are able to resist the temptation of a spray of apple blossoms any more than Mother Eve was able to withstand the allurements of the apple which carried within it the seeds of all our woes. The weather was fine all through the day, and not one of the thousands who went away came home with a dislocated limb or neck, which is an especially pleasing feature of the occasion.

Edward Brown, mate of the schooner W H Waters, was murderously assaulted by George Hurder, an interloper on his vessel, last Monday night. Brown was seriously wounded. Hurder has not been arrested.

A St John piano agent has been arrested in Albert Co, for obtaining a note under false pretences. John McLean, of the Roses, a bass ball club, is under arrest, charged

Among St John's new institutions is the Commercial Travelers' Club, which has its headquarters at A H Bell's mansion, corner of Union and Prince William Streets. It is provided with a library, music room, gymnasium, billiards, etc., and has fifty members with accommodations for a hundred more. F S Hutchinson, traveler for Ganong Bros of St Stephen is its first president.

The writer has been invited to attend the annual dinner of the Academy of Immortals at East Aurora, N Y, July 4th. The Immortals are the Roycrofters and their friends. The Roycrofters make beautiful books, ironworks and furniture by hand and publish "The Philistine" and "Little Journeys," edited by Elbert Hubbard, who is the most widely read author in America. The principal speakers at the dinner will be Elbert Hubbard, Pastor of the Philistines, John Hay, James Whitcomb Riley and Edwin Markham.

WELL-EARNED POPULARITY.

J. J. Burns says Dodd's Kidney Pills Saved His Life.

Could Scarcely Sit, Sleep or Walk when He Started to Use Them—His Trouble Gone for Good.

DARNLEY, P. E. I., June 1. (Special)—The popularity of Dodd's Kidney Pills in Prince Edward Island has been earned by cures complete and permanent. John J Burns, Lot 18, Darnley, is one of the cured, and his story is a splendid example of the work Dodd's Kidney Pills are doing.

'For over eight years,' says Mr Burns, 'I suffered from what the doctors pronounced Chronic Inflammation of the Loins and Kidneys. In the year 1899 it got so bad that I could scarcely walk, sit or sleep. I was about to give up when an advertisement led me to try Dodd's Kidney Pills and they did a wonderful work for me.'

'Dodd's Kidney Pills saved my life and though years have elapsed since my cure I have had no trouble since I used them.'

'I belong to the I. O. F., and any member can vouch for my condition and that Dodd's Kidney Pills cured me.'

Dodd's Kidney Pills never fail to cure any form of Kidney Disease once and for all.
