

ASTHMA

Of all diseases that afflict humanity, none is so distressing and trying as Asthma.

If you are a discouraged Asthmatic and have tried many remedies without result, let us send you a generous free sample of Himmrod's Asthma Cure and prove to you the wonderful efficacy of this remedy. Used as an inhalant, it instantly relieves the oppressive sense of impending suffocation enabling the patient to breathe freely at once and by a soothing medication of the bronchial passages, quickly lessens the severity and frequency of attacks until a cure is attained.

Asthmatics are generally dyspeptic and should avoid internal remedies liable to impair the digestion. For over a quarter of a century Himmrod's Cure has been prescribed by eminent physicians throughout the world. It is a remedy in which you can place entire confidence. If your case is a chronic one, or, only of a few months standing, send for a free sample at once and try it. It will not disappoint you.

HIMMROD MFG CO.,
14-19 Vesey St., New York.

Your druggist may not carry Himmrod's Asthma Cure in stock. A conscientious druggist will let you get it at once and will not try to sell you something "just as good." A fair warning, insist on having Himmrod's.

'What a beautiful luncheon!' said the guest.

'Yes,' answered Mr. Cumrox, 'mother and the girls say it is all right.'

'But you aren't enjoying it.' No, I'm a little embarrassed. I've been standing over here trying to figure out which are the edibles and which are the decorations.

'Young man,' said the professor, as he grabbed a frisky junior by the shoulder, 'I believe Satan has got hold of you.'

'I believe he has,' was the reply.

Mark Twain was once standing in a crowded street car clinging to a strap. As the car swung around a corner the strap broke, dumping him into the lap of a well dressed woman. Mark arose and bowed. 'Madam,' said he, 'this is the first time the street car company ever conferred a favour on me.'

'Arry, Awkins (just over)—'Ow is the sky is so much clearer in New York than it is in Lunnon? Night Hawk—Oh! We have sky scrapers in New York.

MINARD'S LINIMENT is the only Liniment asked for at my store and the only one we keep for sale.

All the people use it.

HARLIN FULTON.

Pleasant Bay, C. B.

Curate—You're looking very well to-day, Mrs. Giles.

Chronic Grumbler—Ah but you ain't a, seen my inside, sir!

Perfect Cure for Bronchitis.

This disease can be treated only by a remedy carried to the affected parts along with the air breathed, for nature intended these organs for the passage of air alone, and sprays, atomizers and internal medicines utterly fail. But Catarrhoxone doesn't fail, for it goes wherever the air breathed goes, and its healing antiseptic vapor is sure to reach every affected part. Catarrhoxone is inhaled at the mouth and after passing through every air cell of the breathing organs is slowly exhaled through the nostrils. Catarrhoxone protects and heals the inflamed surfaces, relieves congestion, allays inflammation, and perfectly cures all bronchial affections. Price \$1. Small size 25c. Druggists or Polson & Co., Kingston, Ont.

A.—Did Smith's father leave him anything?

B.—Only his debts.

A.—How is Smith getting along?

B.—Well, he has greatly increased his inheritance.

One in Four Persons.

One person in every four suffers more or less from itching piles. Some do not know the nature of their ailment, and others have not heard of Dr. Chase's Ointment as the only absolute and guaranteed cure for this distressing disease. If you are a sufferer ask your neighbors about this great preparation. It has grown popular as a result of the news of its merits being passed from friend to friend.

'I think your wife dresses very quietly, Brown.' 'That's because you've never been present at the operation.'

WANTED—SEVERAL INDUSTRIOUS PERSONS in each state to travel for house established eleven years and with a large capital, to call upon merchants and agents for successful and profitable line. Permanent engagement and weekly cash salary of \$18 and all travelling expenses and hotel bills advanced for each week. Experience not essential. Mention reference and enclose self-addressed envelope. THE NATIONAL, 331 Dearborn St., Chicago.—161-20.

'Have you heard why the English dude is not wanted in America?'

'No; why?'

'Because the Yankee doodle do.'

Use Lever's Dry Soap (a powder) to wash woollens and flannels,—you'll like it.

'Like father, like son,' says the old saw. But a girl may like the son without having any use for the old man.

Lumbago and Pains in the Back

Totally disabled this Merchant-Physician failed, but Dr. Chase's Kidney-Liver Pills cured.

MR. THOMAS A. EMBREE, general merchant, Springfield, N.S., writes:—

'As the result of a severe cold settling on the kidneys, I contracted kidney disease, which lingered for years, causing me much suffering from terrible pains in the back. For some time I was entirely unable to work, and though I tried several physicians I could only obtain slight temporary relief.

'Having heard of the merits of Dr. Chase's Kidney-Liver Pills in many similar cases, I began to use them, and after using seven boxes was completely cured. The cure was due entirely to the use of this grand medicine, which has since cured several persons to whom I recommended them.'

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers, or Edmanson, Bates and Co., Toronto.

To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box of his remedies.

Painkiller

(PERRY DAVIS)

has cured more cases of sickness than any other medicine. It's the best remedy in the world for Cramps, Colic, Diarrhoea, Etc. A household remedy.

'Mary,' said the sick man to his wife, when the doctor pronounced it a case of smallpox, 'if any of my creditors call, tell them I am at last in a condition to give them something.'

Minard's Liniment Cures Colds, etc.

'You are twins, are you, Dickey? How can you call yourself 'twins?'

'Cause the other one died, ma'am. Everything that was his'n is mine, an' of course I'm both of us now.'

57-62 The Critical Age.

Height of vigor past—nature's power slowing down, vitality less, recuperative power less, endurance less. Stop the progress of decay, tone up the weakened nerve centres, impart vigor to the tiring brain, prepare for the crisis. A means of remarkable potency in the renewal of decreasing vigor is found in Ferrozone. It brightens up the whole being, imparts a sense of power and strength. By the use of Ferrozone, old age is pushed back twenty years. Ferrozone gives strength, vigor, endurance, vim. Your druggist has it. Get a box to-day.

She—You never hear of women cashiers embezzling or running off with their employers' money.

He—Not often; for when it does happen they take the employer, too.

Asset Nature.

You have been told to "hitch your wagon to a star"—that Nature will assist you. That's all right. There are times, however, when you should assist nature, and the spring is one of these times.

Nature is now undertaking to cleanse your system—if you take Hood's Sarsaparilla the undertaking will be successful, and your complexion bright and clear.

Husband—Are you aware, my dear, that it takes three-fourths of my salary to meet your dressmaker's bills?

Wife—Goodness gracious! what do you do with all the rest of your money?

Minard's Liniment cures Diphtheria.

'Of course you can't take a hint,' she said, looking at him thoughtfully. He couldn't, and she knew it, and that's why she said it. It wouldn't have been necessary otherwise.

'Of course,' he replied. 'Have you been hinting at anything?'

'Oh, dear, no,' she answered, with suspicious haste. 'I was just thinking you know.'

'Thinking of what?'

'Why, suppose—you suppose, you know—that I was a hint.'

After pondering the matter deeply for several minutes he decided to take her.

A lady of great beauty and attraction, who was an ardent admirer of Ireland, crowned her praises of it at a party by saying, 'I think I was meant for an Irishwoman.'

'Cross the Channel, madam,' a wit replied, 'and hundreds will say you were meant for an Irishman!'

Jones asked his wife: Why is a husband like dough?

He expected she would give it up, and was going to tell her it was because a woman needs him; but she said because it was hard to get off her hands.

Oh, merchant, in thine hour of eee, if on this paper you should see, Take our advice and now be yyy, And in this journal advertiii, You'll find the project of some uuu; Neglect can offer no exqqq; Beware at once—prolong your daaa, A silent business soon dkkk.

Wantanno—Does your wife talk as much as she used to?

Dunno—As much? Do you s'pose no improvement comes with constant practice?

Applicant—Please, ma'am, can you help a poor man who is out of work?

Woman—I think I can find something for you to do.

Applicant (gratefully)—Thanks, if you could give me some washing to do, I'll take it home to my wife.

Mr. Grump—The doctor said I must drink milk two hours before each meal. I've been at it for fifteen minutes already, an' I'm bläst if I kin swallow a drop more.

'Now, boys, what is the best and most appropriate time to thank the Lord?'

No answer.

'What does your father do when you sit down to meals?'

'Cusses the cook.'

'She made sure of getting a seat on the car.'

'Indeed!'

'Yes; she married the conductor.'

THE SPRAYING

OF ORCHARDS.

The Power Sprayer Does Rapid and Thorough Work in Demonstrations Conducted by the Dominion Fruit Division.

The Fruit Division of the Dominion Department of Agriculture is just now giving a series of orchard demonstrations in Ontario and Quebec to illustrate the great advantages which follow the use of the power sprayer. During the past week work has been carried on in the vicinity of Woodstock and Ingersoll, Ont., by Messrs P J Carey, Dominion Fruit Inspector, and J C Harris, West Oxford, both practical farmers who have made a success of fruit growing and who give careful attention to all the details of their spraying operations. The chief object is to show that a dozen or more farmers may profitably combine to purchase a power sprayer, place it in charge of some such man as usually does threshing, who can easily make himself thoroughly conversant with the best methods of spraying, and engage him to make regular visits to their orchards. At each farm the expert sprayer will only require the assistance of a teamster, and thus the regular work of the farm need not be interrupted. Under present methods every farmer in the fruit districts requires a spraying outfit of his own, and the spraying, if done at all, is done in a careless, half-hearted way by men who do not know just when or how the work should be performed. Farmers are very busy at the season when spraying should be done, consequently it is often neglected entirely, or postponed until too late to be effective.

Farmers have reason to feel indebted to Mr W A McKinnon, chief of the Fruit Division, for bringing to their attention the merits of the power sprayer. If the old methods of spraying were valuable, and it is generally admitted that they were, this new plan must prove infinitely better. It is thorough and rapid, and is accomplished with little or no exertion or inconvenience. The pressure is supplied by a small gasoline engine on the wagon and the spraying done while the horses are driven up and down between the rows of trees. The liquid is forced from a tank on the wagon through two lines of small rubber hose. By the use of bamboo rods with a cluster of six small nozzles at the end, it is possible to reach the topmost parts of the trees, and the spray, which is as fine as a cloud of vapor, falls lightly upon the trees and adheres much better than if applied in a coarse spray as is sometimes done. The pressure of 80 to 100 pounds to the inch ensures a spray so fine that it penetrates to all parts of the trees. This is one of the chief advantages of the new sprayer. The difficulty has been to reach the tops of trees without a waste of the preparation used, which has been the invariable result when a heavy stream was turned on. Again the appliances used by most farmers have only one nozzle while this, as has been stated, has six on each line of hose, and the force is much greater and the mist finer, which is all-important.

Under favorable conditions the operators of this machine could probably spray from 600 to 800 trees per day. Forty trees, some of them difficult to get at, were sprayed in about twenty five minutes; after making several moves a day, some of them long ones, the operators have been averaging between 400 and 500 trees a day. The trees sprayed will be given a regular course—four sprayings at least.

It is hoped by the department of agriculture that these tests will bring about the general adoption of the power sprayer. A similar spraying apparatus is being used by private owners in the Niagara district and is said to give excellent results. The efficiency of the machine will shortly be increased, as it is the intention to use either nine or twelve nozzles instead of six on each line. Mr McKinnon is this week attending a public competition of power sprayers in the famous Hitchings orchard near South Onondaga, N Y, in order to familiarize himself with the merits and demerits of the various machines now on the market.

It is contended that if farmers will only unite to carry out a systematic campaign of spraying according to the latest methods, a great deal may be done towards eradicating the enemies of fruit. Exporters who are familiar with the results of spraying and the systematic care of orchards, strongly endorse spraying, claiming that it is certain to improve the quality of the fruit, and in support of their claim they refer to orchards where the system has been carried out, the fruit of which always commands the highest price.

Twenty-four years ago two South American tree shoots, set out in California by a Maine woman, bore sixteen navel or seedless oranges. Yet from the descendants of those two trees California this year raised 6,000,000 boxes of fruit.

HOW IS YOUR LIVER?

USE

BEECHAM'S PILLS

For Bilious and Nervous Disorders, such as Wind and Pain in the Stomach, Sick Headache, Dizziness, Fulness and Swelling after meals, Bizziness and Drowsiness, Cold Chills, Flushings of Heat, Loss of Appetite, Shortness of Breath, Costiveness, Blisters on the Skin, Disturbed Sleep, Frightful Dreams, and all Nervous and Trembling Sensations, etc. *The First Dose will give Relief in Twenty Minutes.* This is no fiction. Every sufferer is earnestly invited to try one Box of these Pills, and they will be acknowledged to be "WORTH A QUINIA A BOX." *BEECHAM'S PILLS*, taken as directed, will quickly restore Females to complete health. They promptly remove any obstruction or irregularity of the system. For a

Weak Stomach; Impaired Digestion; Disordered Liver

they act like magic—a few doses will work wonders upon the Vital Organs; Strengthening the muscular system; restoring the long-lost Complexion; bringing back the keen edge of appetite, and arousing with the *Rosebud of Health* the whole Physical Energy of the human frame. These are "facts" admitted by thousands, in all classes of society, and one of the best guarantees to the Nervous and Debilitated is that *Beecham's Pills* have the *Largest Sale of any Patent Medicine in the World*. Full directions with each box.

Prepared only by THOMAS BEECHAM, St. Helens, England.

JOHN T. G. CARR

HARTLAND.

In Russia many persons become intoxicated through drinking ether, and a recent incident shows that this noxious habit is spreading among all classes of the people. A farmer, whose daughter was getting married determined to prepare a splendid wedding-feast, and among other things he purchased two cans of ether. As the cans would not look well on the gaily decorated table, he decided to pour the precious liquid into glass decanters. Unfortunately, while doing the work he placed one of the cans too near a fire, and the result was a violent explosion, which killed six children and one adult, and wounded more or less seriously 14 other grown-up persons.

False teeth made of paper are certainly a novelty but such is one of the latest inventions that hail from Germany. Some of the dentists there are using them, and report them to be highly satisfactory. These paper teeth have several advantages over the ordinary ones of porcelain or mineral composition. They are very cheap, do not break or chip, are not sensitive to heat or cold, nor has the moisture of the mouth any effect upon them.

The latest invention from Paris is a slot machine to bear the names of every malady, from a cold in the head to measles and lumbago. You put your money in the slot beneath the name of the disease you wish to cure, and as it falls down out rolls a little packet with a prescription neatly type written, and a microscopic dose to be taken.

Where it not for the multitude of storks that throng to Egypt every winter, there would be no living in some parts of the country, for, after every inundation, frogs appear in devastating swarms.

ATTACKS EVERYBODY.

Dyspepsia no Respector of Persons—Proof that there is One Sure Cure—Dodd's Dyspepsia Tablets.

Dyspepsia is no respecter of persons. It attacks rich and poor alike and gradually though painfully reduces them all to the same stage of misery and despondency.

You can avoid it sometimes by regulating your diet; but only sometimes, for those foods that relieve one stomach only bring additional trouble to others. But you can avoid it always by using Dodd's Dyspepsia Tablets. They digest all foods and bring comfort to all. Of course you want proof of this. Here it is. Adenore Coderre, of St Jacques de Le'Ashigan, Quebec, writes:

'I certify to having suffered two years with Dyspepsia caused by inflammation of the stomach. I took three medicines without any relief. I became discouraged until one day seeing an account of cures performed by Dodd's Dyspepsia Tablets, I bought two boxes of them.'

By the time I had finished taking them I was cured and I have had no Dyspepsia since.'

Thousands of others tell the same story. Dodd's Dyspepsia Tablets cure Dyspepsia and cure it permanently.
