

When the system is tired and run down, a course of **BRISTOL'S SARSAPARILLA** will restore it to prime condition. It acts as a great bracer.

If the children have swollen glands or eruptions on the skin, **BRISTOL'S SARSAPARILLA**, given according to the directions on the bottle will prove a valuable medicine.

BRISTOL'S SARSAPARILLA purifies and enriches the blood, invigorates the system and restores health. It is valuable in many complaints, but in Rheumatism especially it has effected wonderful cures.

For dyspepsia and biliousness **BRISTOL'S PILLS** are a ready and certain cure. They are the ideal household purgative.

Just a Word
About
Mixed Paints.

Our **ANCHOR BRAND** of MIXED PAINTS are manufactured from BRANDRAM'S GENUINE WHITE LEAD and BRANDRAM'S PURE LINED OIL. Every Painter will tell you that Brandram's White Lead is the best brand of White Lead manufactured. We have sold several brands of Mixed Paints, but have never sold any that has given our customers the satisfaction that the Anchor Brand Mixed Paints will give. A gallon of the Anchor Brand Mixed Paints will weigh from three to five pounds more than other brands, therefore it is the cheapest paint to use. It will cover more surface per gallon than any other mixed paint. Remember it is manufactured from Brandram's Genuine White Lead and Brandram's Pure Lined Oil. Give it a trial and you will never want to use any other brand.

Mr. Jones' Able Speech on the Budget.

(Continued from sixth page.)

Mrs. Bell and turned her out. This Bristol store was at that time her home, and as I have stated the commissioners did not take it, but it was taken by one of Mr. Carter's political friends. The president of the Conservative association also foreclosed a mortgage which he had upon the Bell homestead and sold it. I reported this matter to the Hon. Mr. Tweedie and also that there were other creditors. I also reported as to the nature of the real estate remaining unsold. I was then instructed by Hon. Mr. Tweedie to seize and sell the real estate for the protection of the asylum and the protection of Mrs. Bell, so that the creditors would not take the full estate. The commissioners have the right to do this under the law and it is their duty to do it. If a man goes to the asylum and leaves property, the commissioners would not be doing their duty if they did not seize the property for the purpose of his support, because the lunatic might live for many years in the asylum and the municipality would be liable to pay for his maintenance. The properties I seized were some nine or ten isolated pieces of land without any house on them, scattered through the country, most of them unimproved. The lands were sold in a proper manner and were advertised and sold at public auction after ample notice, and before any of the lots were put up for sale I made careful inquiry about them, and I put up no lot for sale until I had ascertained myself that there were parties ready to buy it. Not only that, but I took the precaution of seeing that the lots were not sold too cheap. I made the statement at nomination that there was not one piece of that property sold too cheap and that statement had not been contradicted. What good were these lands to Mrs. Bell? She could not sell them. The creditors would have got them. She had only her dower in them and we did not sell her dower. There are claims of creditors still outstanding against the estate of Daniel Bell. With reference to my bill I wish to explain something about the work I did. I had to examine carefully 171 conveyances, to and from Mr. Bell, nearly all of them drawn by country magistrates, with in many cases inadequate descriptions, in order to ascertain what lands there were left. There were also 56 bills of sale. This search extended over a period of some months and was carefully made. I sent the bill to the Premier and in justice to him I wish to say also that the commissioners of the asylum are absolutely blameless in connection with this Bell matter. If any blame attaches to any person I am the person and I am prepared to defend myself in connection with it. I wrote the Premier I was perfectly willing that the bill should be taxed, and it was taxed afterwards by the Hon. Attorney General, who, after I had explained to him the work I had done and had shown him the search I had made, allowed the bill. I did all the work charged for. I paid all the money charged as paid out and have vouchers. I accounted for all the money received. Mr. Carter knew that the bill was correct, otherwise he would have the judge tax it. It cannot be supposed for a moment that Mr. Carter for the sake of \$100 costs he received would neglect his duty to his client and allow an improper bill to remain untaxed. That Mr. Carter was satisfied appears from the following letter:

Andover, N. B., Dec. 20th, 1901.
A. I. Trueman, K. C., Barrister, etc.
St. John, N. B.

Dear Sir,—Yours of the 26th inst. received and contents noted. Replying to the same I may say that you are doubtless correct about the items in my bill of costs which you mentioned as not taxable. My experience with equity suits is limited. Send me cheque for amount you named, \$134.02, being balance of \$134.02 in hands of Commissioners, and costs of suit \$100, together with form of release of suit, which you want executed, and I will have same returned by next mail. I am very glad to have this matter closed without further trouble. Wishing you a happy and prosperous New Year, I remain,
Yours very truly,
(Sgd.) T. J. CARTER.

Before the equity suit was commenced the Premier told Mr. Carter that if Mrs. Bell needed money he was authorized by the commissioners to make a deduction from the amount charged for maintenance, whenever Mr. Carter should so request. But Mr. Carter never notified the Premier that Mrs. Bell needed money and it was not until the Legislature opened and the Premier made the statement in the House, that the members for Carleton knew that the commissioners were prepared to do this. The three members for Carleton recommended that this deduction be made. It was made, and the sum of \$320 has been paid to Mrs. Bell, not as administratrix to be subject to her personal use.

I have made this statement carefully only with a view of having

placed on the records of this House the facts with reference to a matter that was made the subject of a campaign cry in the last election.
The House adjourned at midnight.

HERE'S THE TRUTH.
Alphonse Caron Investigates Dodd's Dyspepsia Tablets and Gives the Public the Result in Plain, Straightforward Language.

Alphonse Caron, editor of the Echo, published at Montmagny, Que., has earned the reputation of going to the root of things, getting the whole truth concerning the matter in hand and then setting it forth in plain language no matter who it helps or hurts.

The statements of such men are always worth reading and none more so than the following. It appeared in the Echo a short time ago.
Do you know Dodd's Dyspepsia Tablets?
I (the undersigned) know them as the best thing for Dyspepsia. Every person suffering from this terrible malady ought to use them as I have and I am sure he would be satisfied.

Mr. Caron's experience should benefit a large number of people. No disease is more prevalent in Canada than Dyspepsia, none more dangerous, disconcerting and dispiriting, none that saps the energy and vigor of people to such an extent. Mr. Caron tells of a sure cure.

VETERAN SENATOR WARK.

A humorous incident in connection with the adjournment of the Senate is told at Ottawa. Senator David Wark, who is in his hundredth year, was communicated with before Parliament met. He was asked if he would be able to attend. Senator Wark replied that he certainly would be able to attend, but he had no time to throw away on sitting of only a few days, which would be followed by a long adjournment. This was chirpy language from the father of the Senate, but it correctly conveys the spirit of the veteran New Brunswicker. Last year when Senator Wark came up to Ottawa, the kind heart of Senator William Gibson prompted him to send a carriage to the station to meet his venerable colleague. Senator Wark sent back the carriage and his hearty thanks with the simple explanation that he preferred to walk.

A wonderful specimen of preserved manhood is this same David Wark. His face has the healthy color of youth, his shoulders have only a slight stoop and he writes as firm a hand as any of the younger Senators.

"Porridge" said Senator Wark briefly, when a friend asked him how he accounted for his healthy old age. Senator Wark will not leave Ottawa this year without a hearty acknowledgement of the extraordinary service he has given the Canadian Senate. His friends are arranging a little demonstration in his honor and no Canadian legislator is more worthy of it. Senator Wark is one of the remaining three who have been in the Canadian Senate since its formation.—Toronto World.

Called to settle whether a man was sober, a doctor at King's Heath, Birmingham, asked him to say "Our British Constitution." "Our brittle constitution" was the best the man could do; so he was fined.

The Healing Properties of Witch Hazel.

Humphreys' Witch Hazel Oil or Pile Ointment has no equal, and is the triumph of Scientific Medicine. Nothing has been produced to compare with it, as a curative and Healing application. The efficacy of Witch Hazel has been long known as a healer and pain curer, and when applied in the form of an oil, its curative effects are marvelous for Piles, Ulceration, Eruption, Itching and Bleeding of the Rectum, Burns, Scalds, Cancers, Malignant, Painful or Corroding Ulcers.

For Piles, one application gives relief—continued use permanently cures. Sample mailed free. Three sizes, 25c., 50c. and \$1.00. Sold by Druggists, or sent prepaid on receipt of price. Humphreys' Medicine Co., Cor. William and John Sts., New York.

The American consul at Montreal says the industrial outlook in Canada was never as bright as to-day, and that American capital is pouring in at a great rate to establish new and enlarge old enterprises.

The Delineator for June.

The June Delineator is especially strong in fiction and presents the usual charming display of fashions. It contains a group of four college stories, each of which is a fine specimen. They are: The Taking of Isabel, by Catherine Young Glen; Professor Ashur's Tutor, by Alice Louise Lee; By Grace of Linneus, by Kate Milner Rabb; and A Delayed Proposal, by Kate Whiting Patch. They are illustrated by E. M. Ashe, George Gibbs, C. M. Relyea and Karl Anderson, respectively. In the second installment of Mrs. Catherine Wood's serial story, The Bois-Brules, the plot develops along highly dramatic lines. An intimate friend of Augusta Holmes, who died recently, contributes an article on the famous composer; it is strikingly illustrated. A Chafing-Dish Supper, by Miles Bradford, is of especial interest to epicures, although it is also a good story. Minnie Madden Fiske, the actress, is shown in a page of very fine photographs. An attractive dwelling, suitable for occupation the entire year and moderate in cost, is presented with excellent illustrations. Clara E. Laughlin has a serious paper on the domestic relations of woman, and Mrs. Birney contributes a helpful article on Childhood. Dr. Grace Peckham Murray discusses plumbing and the water supply, in their relation to health. For the children, Grace MacGowan Cook gives the last of the charming "What Happened Then" stories—Beauty's Little Dumb Son, and Lina Beard adds another number to the engaging Pastimes. A squirrel story by Charles McIlvaine is also a feature. Almost every phase of the home is treated in the other Department.

One of the most beautiful sights ever seen in California, according to the papers of that State, was observed at Corona this month, when a vast cloud of butterflies passed over the place. They flew about five feet from the earth, and the mass was half a mile wide and several miles long.

WOMANLY TROUBLES

Should Not be Allowed to Undermine Health and Beauty, but Should Be Treated at Once by Ferrozone.

It is impossible to go into details on this subject, but the experience of many a poor woman who is crippled for life, just because she didn't take a good remedy in time, should be a warning to others.

When the first stages of womanhood appear in a young girl, a great deal depends upon getting her over this critical stage, so that in years to come she will not develop green sickness or consumption.

As soon as she complains of flushed face, headache, bearing down feelings, give her at once a course of Ferrozone treatment, which will carry her past the crisis.

In the adult woman, if any irregularities occur, Ferrozone will be found a remedy of remarkable potency and power.

Ferrozone is the ideal regulator for the monthly period and causes all the organs of the body to perform their work properly, and at just the expected time.

It purifies the blood, tones up the nerves and vital energies. The stomach is strengthened, and digestive and assimilative processes are improved by the good work of Ferrozone. It regulates the bowels, cures constipation and piles, and replaces disease and decay by health and strength.

There is nothing better for the complexion than Ferrozone. It removes the dark circles from under the eyes, removes and cures all manner of skin eruptions, gives brightness and brilliancy to the eyes, a rosy tint to the cheeks, whitens the teeth and develops a well rounded, plump and handsome form.

Ferrozone is the ladies' favorite, and should find a place in every household. It is prepared in the form of a chocolate-coated tablet, convenient and pleasant to take. Price per box 50c. or three boxes for \$1.25. Sold by all druggists, or by mail from N. O. Polson & Co., Kingston, Ont.

June Number of New Idea Woman's Magazine.

Brides, graduates, and flowers are the dominant features of the first month of Summer, and the June number of the New Idea Woman's Magazine treats of them all. "June, the Month of Roses," is a practical floral paper, by Benjamin B. Keech, charmingly illustrated. Sarah Slater contributes a noteworthy article on "June Brides;" Agnes Warren describes "June Fetes;" and Kate Marston writes of "A Woman and her Pin Money." In addition to these distinctly timely themes, the several departments of Society Fads, Good Housekeeping, Embroidery, and Home Dressmaking receive novel treatment, characteristic of the season. The short stories and verse are of exceptional excellence.

The divorces in Canada have averaged less than 10 a year; in the United States the yearly average is from 25,000 to 30,000. In no country in the world is the sanctity of the marriage tie revered as much as in our own Dominion.

BACKACHE.

Backache is a forerunner and one of the most common symptoms of kidney trouble and womb displacement.

READ MISS BOLLMAN'S EXPERIENCE.
"Some time ago I was in a very weak condition, my work made me nervous and my back ached frightfully all the time, and I had terrible headaches."

"My mother got a bottle of Lydia E. Pinkham's Vegetable Compound for me, and it seemed to strengthen my back and help me at once, and I did not get so tired as before. I continued to take it, and it brought health and strength to me, and I want to thank you for the good it has done me."—Miss KATE BOLLMAN, 142nd St. & Wales Ave., New York City. —\$5000 forfeit if original of above letter proving genuineness cannot be produced.

Lydia E. Pinkham's Vegetable Compound cures because it is the greatest known remedy for kidney and womb troubles.

Every woman who is puzzled about her condition should write to Mrs. Pinkham at Lynn, Mass., and tell her all.

**A NEW MARKET FOR
CARLETON COUNTY PORK.**

TALKING to the manager of the proposed Sussex Pork Factory, he informed me that they would likely be ready to handle Pork the coming season; that they would pay for Pork according to quality, stating that 3 cts. per lb. more or less, will be paid extra for the bacon type (dressed weight). So as supply the factory with the kind of hogs they require to produce the high priced bacon, I am offering breeders the coming season improved Yorkshire Pigs, bred from stock I procured from the herds of the following breeders:

J. E. BROTHERS, Burford, Ontario;
J. C. COLE, Bowmanville;
J. W. CALDER, P. E. I.;
M. H. FARLEE, Sussex.
Some of these are prize winning stock, one sow taking first prize and sweepstakes at Amherst Winter Fair, in competition with 20 others.
Pigs will be ready for shipment any time after 1st April. Pedigree can be furnished—Pairs not a kin.
