

TOWN COUNCIL.

At the meeting of the town council on Friday evening of last week, Mayor Lindsay was in the chair and all the councillors present but Coun Gallagher.

Treasurer Bourne reported for the month of July: receipts, \$1183.52; expenditures, \$4897.39; overdraft at the bank, \$294.75.

The mayor read a letter from F B Carvell stating that he had been retained as counsel by W P Hayden, former engineer at the pumping station who claimed he had been unjustly discharged, to enter a suit against the town for \$343.75, which amount Mr Hayden claimed was owed him by the town. The mayor said on the receipt of the letter he consulted the town solicitor and on his advice he answered the letter saying the town did not acknowledge any debt due Mr Hayden.

Coun Dibblee did not think Mr Hayden had any claim against the town; if the solicitor said Hayden had a claim, then the matter must be fought out before the courts; if the claim, on the contrary, was a just one it should be paid.

On motion the letter was referred to the water committee which will consult the town solicitor and report to the board.

The mayor said he and the clerk had considered the letter of Peter Clinch, St John, secretary of the board of fire underwriters, received some time ago, and after looking over the act the clerk was of the opinion that the council had authority to pass a building act defining the fire limit.

The mayor read a by-law prepared by the clerk defining a fire limit on the lines laid down by Mr Clinch, which on motion of Coun Stevens, seconded by Coun Burt, was laid on the table until the first meeting in October.

RE Holyoke was heard before the board. He said that he and C L Smith were appointed a committee by Carleton County Agricultural Society to look after the lighting of the exhibition buildings on the nights of the fall exhibition, Sept 26, 27, 28th.

An exhibition was admitted to be an advantage to the town, and the greater success of the exhibition the greater benefits to the town. The finances of the town would be benefited by the collection of license fees from several contemplated special amusements. The committee had consulted the two electric light companies in town and neither of

them was prepared to undertake the lighting of the buildings. The town had wire extended out to the Houlton road and 2500 feet more of wire would place the lights in the buildings; this wire would cost about \$42.50. The town light is the only one available for the purpose and he trusted the board would see its way clear to supply seven or eight enclosed arc lamps, the assistance of the board being much needed, as no help would be received from the government for the coming exhibition.

Coun Dibblee thought the agricultural society deserved credit for undertaking the exhibition this year. If it were moonlight nights during the exhibition the town lamps could be loaned quite easily. A special grant might be secured from the town for stringing the wire.

Coun Jones was willing to help the society in its laudable purpose. He believed that we would have moonlight nights during the exhibition and the lamps would not be needed by the town.

Coun Fisher—The whole thing will cost about \$100. The wire will have to be ordered at once as there is not any in hand. The wire will cost \$50; making ready, and other expenses will amount to \$50.

Coun Burt was in favor of helping the exhibition.

Coun Stevens would like to know where a special grant could come in. He was in favor of helping the movement, but there was no grant for the purpose, and they were committed to economy for this year. Assistance might be given and have the amount assessed on the town next year. He would be willing to contribute the proposed license fee for special amusements, held during the exhibition, to the purpose of lighting the building.

On motion the matter was referred to the electric light committee.

In answer to Coun Jones' question how the town was progressing in collecting the Woolen Mills taxes, the mayor said the matter was before the courts and could not be spoken of just now.

Coun Stevens brought up the question of collecting licenses from non-residents doing work in town; he was told that several men were working without paying a license. The argument was made that these men spent the money earned with the town merchants, but all resident laboring men do likewise and pay their taxes as well. A law now protects merchants and traders, why

not have a law to protect professional, mechanics and laboring men?

Coun Burt said a similar law had been tried and failed. The people in Grafton and Upper Woodstock spent their money in town. There are six men going from town to country getting employment at certain seasons for one man coming into the town to work.

On motion Coun Stevens, seconded Coun Dibblee, the town marshal was instructed to enforce the clause in the license law against professional, mechanics and laboring men not residents of the town. Coun Burt voted nay.

The council adjourned until this evening at 8 o'clock.

WHEN SICKNESS COMES.

Dr Williams' Pink Pills Should be Used to Bring Back Health.

Sickness comes sooner or later in the life of everyone. Many who for years have enjoyed the best of health are suddenly seized with some one of the numerous ills of life. Most of the ills result from an impoverished condition of the blood; thus if the blood is enriched the trouble will disappear. That is why Dr Williams' Pink Pills have had a greater success than any other medicine in the world in curing sick and ailing people. These pills actually make new, rich, red blood, strengthen every nerve in the body and in this way make people well and strong.

Mr Alphonse Lacoussiere, a well known young farmer of St Leon, Que., proves the truth of these statements. He says: "About a year ago my blood gradually became impoverished. I was weak, nervous, and generally run down. Then suddenly my trouble was aggravated by pains in my kidneys and bladder, and day by day I grew so much worse that finally I was unable to rise without aid. I consulted doctors but any relief I obtained from their medicine was only temporary and I began to despair of ever being well again. One day I read an article in a newspaper praising Dr Williams' Pink Pills and I decided to try them. I got six boxes and before they were all gone my condition was so greatly improved that I knew I had at last found a medicine to cure me. I continued the use of the pills for a while longer, and every symptom of my trouble was gone and I have since enjoyed the best of health. I think so much of Dr Williams' Pink Pills that I am never without them in the house."

It is because Dr Williams' Pink Pills make new blood that they cure such diseases as anemia, rheumatism, kidney and liver troubles, neuralgia, indigestion and all other ailments due to poor blood. But you must get the genuine bearing the full name "Dr Williams' Pink Pills for Pale People" on the wrapper around every box. Sold by medi-

cine dealers everywhere or sent by mail at 50 cents a box or six boxes for \$2.50 by addressing the Dr Williams' Medicine Co, Brockville, Ont.

News from the Country.

Rockland.

Aug 8th.
Weather changeable, occasional showers and hot days; haymakers improving every opportunity and with the close of this week all will be through.

From the large number who go to Cloverdale for blueberries and return with well filled pails and baskets, it is no exaggeration to say the yield will represent tons. This has been an uncommonly good year for all native berries; everybody will have preserves.

Some of the heirs of the late Wm Swim, of York, living in this section, are attending Equity Court in Fredericton.

A very annoying habit exists in some places that to some extent destroys the good influence of a sermon—it is blocking the passage from the church doors when service is closed. The mass will get through the door and there stand until huddled so compact that one, wishing to get away, finds it difficult. No harm for speaker to advise.

From the Gleaner: There will be no circus in Fredericton this season. If a suit already entered is allowed to proceed, there will be a circus in the court house, Woodstock, at the fall session, without fail.

How absurd and silly, yet amusing, to onlookers, the attempt to establish class distinctions in country places, sparsely populated, all in similar vocations and about equal in rank and birth. It is true, there are some here and there, outcasts with whom we need not associate unless to reform them.

Rev A H Hayward and Frank Rideout have been holding meetings at and near Windsor and have baptized some.

The general expression of those whose opinion and judgment has force, is favorable toward Representative Jones for a place in the Local Executive, and contend that it is Carleton county's right to hold such seat.

Constable Myers was out here and in places adjacent, a few days since, serving delinquents with documents calling for immediate payment.

Commercial men, horse hunters, sheep buyers, peddlers, berry and fishermen on the road daily.

A few teachers' Bibles, with all helps, well bound and in every way superior in style and finish, at Rockland Com. Agency. Prices right.

A Miss Belyea of St John will teach the Rockland school next term.

A very friendly call from Rev B O Hartman as on his way to Beaufort and other preaching stations on Friday last.

More prompt, careful and competent mail carriers never existed between Rockland and other stations or offices than at present.

Sheriff Hayward passed through here on Wednesday of last week en route to Miramichi on a fishing expedition.

Baptist sewing circle at R Stephenson's on Friday last.

Revs Bonnell and Wetmore were in their respective pulpits on Sunday last.

Several fields of ripe oats already cut, showing a fair yield.

Spurgeon Nevers, native of Hartland, son of the late Israel, and family have returned from their many years home in the western states. Mrs Nevers is a sister of J R Stephenson of Rockland; it is reported that Spurgeon will buy a farm and locate in Maine.

Apple crop promises to be large—trees well loaded and far advanced.

Kidney Disease and Rheumatism

These terribly painful ailments are thoroughly cured by Dr. Chase's Kidney-Liver Pills.

Since rheumatism arises from derangements of the kidneys it can never be cured until these organs are restored to health. By acting directly on the kidneys Dr. Chase's Kidney-Liver Pills cure both kidney disease and rheumatism.

Mrs. MOLLAR, Newmarket, Ont., states:—"I have used Dr. Chase's Kidney-Liver Pills for kidney trouble, and would not be without them for a great deal. They have certainly done me a world of good, and I would not think of using any other medicine for an ailment of this kind."

"My husband is troubled with sciatic rheumatism and is using Dr. Chase's Kidney-Liver Pills. They are doing him more good than any medicine he ever used, and we both heartily recommend them as an excellent medicine."

Dr. Chase's Kidney-Liver Pills, the comfort of old age, one pill a dose, 25 cents a box, at all dealers. Portrait and signature of Dr. A. W. Chase on every box.

Pain cannot exist where Dr. Chase's Backache Plaster is applied.

Sheriff's Sale.

Notice is hereby given that there will be sold at Public Auction, in front of the Post Office, in the Town of Woodstock, in the County of Carleton, on Tuesday, the Thirtieth day of August, next, at the hour of two o'clock in the afternoon, all the right, title, interest, property, claim and demand whatsoever, either at Law or in Equity, of The Britton Mining Company of New Brunswick, of, in, to, out of, or upon the following described lands and premises, namely: All that certain piece or parcel of land situate in the Parish of Wakefield in the County of Carleton, being a part of lot Number Two C in the Wakefield grant to William P. Turner, Esquire, and others, and bounded as follows: Beginning at the centre of the road leading from Woodstock to Florenceville, two rods along said road eastward from the north line of land owned by Robert Melvin; thence by the magnet of the year 1880, North forty two degrees and fifty minutes west six chains and fifty links; thence North eighty three degrees and forty minutes West four chains and twenty eight links to a point in two rods of two sapling white maple trees; thence north one degree West five chains and two links to a marked cedar post; thence North forty one degrees and twenty minutes West six chains and seventy four links to a hemlock stump; thence South eighty five degrees and fifteen minutes East six chains and forty one links to a brook; thence South easterly down said brook to the highway road first above mentioned; thence Southerly along said road to the place of beginning. Containing seven and one tenth acres, and being same land deeded to the said "The Britton Mining Company of New Brunswick" by John Fisher and Sarah W. his wife, by deed dated twentieth day of October, 1880, and registered in Book O, Number three of Carleton County Records, on pages 665 and 666, the ninth day of February, 1882. And also, "That Tract of Land Situate in the Parish of Wakefield, County of Carleton, and bounded as follows, to wit: On the North by lands owned or occupied (in 1880) by Newman Shaw and the widow Clark; on the South by lands owned or occupied by M. L. Shaw, John Britton and Robert Melvin, on the East by a small brook, being the Southwesterly bounds of Charles Birmingham's land, on the West by lands owned or occupied by Saml. E. Freeman, containing in the whole one hundred acres more or less, near Lane's Creek, and more particularly described on the annexed plan, shaded blue." The last mentioned and described piece of land having been leased under above description to the said The Britton Mining Company of New Brunswick by the Crown, by lease dated the fifth day of September, A. D. 1880, and registered in the office of the Provincial Secretary on the sixth day of September, A. D. 1880, as Number Seventy five, with the right to dig and raise Coal and other minerals from said Lease, together with all the rights of the said Company in the said lease. The same having been seized and taken under by virtue of an execution issued out of the Carleton County Court, at the suit of the Executrix and Executors of John Fisher, deceased, against the said The Britton Mining Company of New Brunswick, on a judgment obtained by the said John Fisher in his lifetime, against the said The Britton Mining Company of New Brunswick.

Dated at the Town of Woodstock, in the County of Carleton, this sixteenth day of May, A. D. 1904. Wm. A. HAYWARD, Sheriff of Carleton County.
