

THE TWO BIG STORES!

49th Year.

And now Fall has really arrived; how soon it seems. Only a few days ago, leaves then so green, now changing to that beautiful color which we so much admire. Do you know We furnish everything from the Cradle up. Our constant study for 49 years has been to make *Others Happy*. We hardly know where to begin to tell you about our Bargains—Life seems too Short—We have so much to say. We could enlarge upon our ability to give you more worth for the \$ than others and justly so, *but we refrain*.
