## THE COUNTY COUNCIL.

(Continued from last week.)

June 21st.  
Coun Bell (Wakefield) may have been through Mr Scott's neglect that he was assessed on that property this year, however as he had sold the property, it was not right that he should pay the taxes, and I move that the amount be refunded and assessed to the parish of Wakefield. Motion seconded by Coun McDonald and carried.

Coun Smith called attention to the condition of the county lot in the town and expressed the wish that the building committee would have it fixed up. He also spoke of the bandstand thereon, and said that the Agricultural Society wished the permission of the council to move it to their grounds over by the Park. They wished to use it for a judging stand, and for the band during the exhibition week. Coun Bailey moved seconded by Coun Fewer that the necessary permission be given.

Coun Bailey explained that the band stand was erected by subscription of the merchants of Woodstock all the society wanted was the permission to go on the lot and take the stand. Motion carried.

Council adjourned for dinner, a motion having first been passed that they go into committee at one o'clock with Coun Bailey in the chair, and deal with the accounts.

Council resumed at one o'clock, and went into committee with Coun Bailey in the chair.

The following accounts were dealt with:

Albion R. Foster, \$410.50.

Coun Connolly asked as a charge of \$80.00, for horse hire in connection with a certain search made by the sheriff, and also in connection with a trip that the sheriff made to Little River. The deputy sheriff, being heard said that this trip to Little River was made under three warrants he had for a man who gave his name as Albright. He committed forgery three times in the town of Woodstock. It was reported he was in Little River in Queens County. He went to Fredericton, got two constables and went to Little River. He had charged for five days from the time he left this country till he got back, he found the man had got over the lines, he had charged \$2.50 a day and expenses, he got the property that was stolen and brought it back. The crime of forgery was committed in this county. The property he recovered was a horse stolen from a man in Houlton. As to the other charge, where he had three warrants he charged no horse hire, if there was only one all he was allowed was mileage, and in such a case where he drove he could not get enough to pay his horse hire. In that case he had to hire a horse and charge the county for it.

Coun McDonald moved, seconded by Coun Fewer that the bill be paid. Coun Williams said he noticed that in taking lunatics to the asylum Mr. Foster charged so much per day, and for his meals. He moved seconded by Coun Bull that all items in the bill charged for the deputy's meals be struck out.

Coun McDonald said Mr Foster had been a very successful officer. He was respected all over the county and the county should show their appreciation of such good services as he rendered. He thought the sheriff should be allowed his square meal per day. Coun Phillips (Peel) thought it a very small matter to strike out the amount charged for meals. Coun Fewer spoke of the statement of Gee who said he would give himself up to Foster and no other man, as showing the worth of the officer. Coun Gallagher thought the remuneration was fair and would go for paying the bill.

Amendment lost and bill ordered paid.

Coun Gallagher moved, seconded by Coun McDonald that the bill be paid.

Coun Williams moved, seconded by Coun Brown that it be paid less three items of \$10, \$30 and \$24. It was claimed there was a question as to the legality of these items. If the council was satisfied as to them in January they could be paid then.

Amendment carried.

The following items were then ordered paid:

Estate S B Appleby, \$31 40  
James S McManus, 2 00

Committee reported, and report was received and adopted.

Coun Williams for the committee on the secretaries' bonds so far and ask leave to be continued in office so that a bond may be furnished and filed by the secretaries with sureties satisfactory to the committee as soon as possible.

On motion request of committee seconded.

Coun Connolly moved the following resolution seconded by Coun Bradley: Whereas at the present time the reporting of the proceedings of this

council is very expensive and could be lessened by giving some one of the papers the contract of reporting and printing the proceedings, therefore resolved that this council ask for tenders from the papers in the county for the reporting and printing of the proceedings of the council of 1905.

Coun Carvell said no one person, or very few indeed took all the papers, and it was advisable that the report should be circulated so that all could read it. While it might be cheaper to do as the resolution proposed it would not work. We now have an official report, and he thought it the best way.

Coun Connolly believed in the official report being in one paper. The other papers would have to get the news of the council for their readers. He believed the present system was too expensive, it cost \$150 a year. Coun Carvell again expressed himself in favor of the present system. On another occasion it was decided to ask for tenders and the newspapers put their heads together, and it cost only ten dollars less than the present system.

Coun Connolly said there were a good many things in the report of the January session that were quite incorrect. He quoted an instance of where the amount of money paid to a certain party was wrong.

Coun Smith said he was reported as speaking of the small-post as the itch, he had spoken of it as the rash, and not the itch. His remarks being misquoted caused considerable bad feeling, and he wished now to set himself right.

Coun Smith said he had called the reporter's attention to the names of a committee which was left out in the report.

The reporter being heard said that it was difficult to get correctly always every thing that was said and done, as much of the work was done so quickly, especially in the appointment of officers, and in many cases it was difficult to hear some of the councillors. It might be that a mistake was the fault of the newspaper and not the reporter.

Coun Lamont said that in one instance he had found some thing incorrectly reported in one paper. In another paper it was all right, which bore out what the reporter had said.

Coun Gallagher moved seconded by Coun Bell in amendment that this resolution lay over till January session. Carried.

On motion of Coun A Bell seconded by Coun Hay \$5.00 was ordered refunded to Franklin Cunliffe and charged to parish of Richmond.

Coun Bradley for the committee to whom was referred the petition against the return of Coun Ambers (Gibson) reported that the petitioner had withdrawn his petition and asked that no further proceedings be taken.

The committee to draw up a by-law as to licenses, composed of Couns Smith, Brown and Fewer reported the following by-law.

A by-law to fix the scale of fees to be charged for licence under the provisions of the Municipalities Act, Section 45, subsection 4. Whereas by the said Municipalities Act the council of the Municipality of Carleton is authorized by by-law to fix a scale of fees to be charged to persons not residents of the county of Carleton, or proprietors therein, to use any art trade, business or occupation, or to carry on or engage in any profession, or mercantile or other business, or employment within such county. Be it therefore enacted by the council of the said municipality of Carleton that the following be the scale of fees to be charged for licence under the provisions of the said Act, namely: For license to Architects, Contractors, Master Builders, or Mechanics, employing workmen, \$20.00 per year.

For license to journeymen mechanics in any trade, \$1 per week, \$3 per month, and \$10 per year.

For license to physicians, lawyers or other professional persons, \$2 per week, \$5 per month, \$30 per year.

For license to storekeepers, shopkeepers or persons carrying on any kind of business in any building, \$5 per day, \$10 per week, \$15 per month, and \$60 per year.

For license to any person to purchase in the county farm products of the following kinds, oats, potatoes, butter, pork, hay, poultry, or grain of any kind, \$1 per week, \$2 per month, \$10 per year.

For license to any person to vend or canvass for the sale of any kind of goods or chattels to take orders for the same, or to take orders for work to be done and performed in any place or places the limits of the county of Carleton \$5 per day, \$10 per week, \$20 per month, \$40 per year.

For license to persons to vend small wares or merchandise, or to hold gift or other shows or entertainments on the highways (not to ensure against interference of authorities for obstructing the highways, or being a nuisance) \$1 per day, \$2 per week, \$5 per month, \$20 per year.

For license to persons to vend or canvass for the sale of any other articles not otherwise enumerated in this law \$1 per day \$2 per week \$6 per month \$30 per year.

The report was adopted with the exception of sec. 5. Coun Williams asked who issued the licenses.

Secretary The councillors for the parishes, they exact the fee and return it to the sec-treasurer.

On motion of Coun Williams seconded by Coun Lamont, the secy was instructed to get up a form and send a copy to each councillor.

Coun Connolly wanted to know if this was binding. Was it that the councillors "shall" do this.

Coun Williams: My intention is that they "shall".

To Coun Jamieson the secretary explained that this would not effect sales at church picnics and the like, it was only for outsiders. It was also pointed out that it did not affect commercial travellers.

Coun Jamieson said that many people in his parish thought the county should not have paid a certificate as to the insanity of a Mrs Smith made out by Dr Peppers.

The secretary pointed out that in such cases the county must pay if the patient's friends do not.

Reverting to the license by-law Coun Wiley asked if it could apply to people selling apple trees and the like of that.
