The Primitive Baptists hold a series of meetings at Hartland on last two days of this week and over Sunday. The church at Hartland is preparing to entertain a large number and as they are noted for hospitality none need go unfed.

From some of Hartland's most prominent citizens, who attended the Methodist conference at Fredericton, we learn that the session was one of very great interest, and in attendance were some of the brightest men of the age.

Dreadful! On Friday night last the dwelling house belonging to John Hill, Cloverdale, took fire it is claimed from a fire kindled in the dooryard to smoke mosquitoes. Mr Hill was away from home. The occupants of the house were his mother and his three children; with much difficulty Mrs Hill escaped while the children who were upstairs were burned to death, the house and contents totally destroyed.

ADDON.

FRETTING CHILDREN.

When a child frets and cries almost continuously the root of the trouble in nine cases out of ten lies with the stomach or bowels. Fermentation and decomposition of the food means colic, bloating and diarrhoea—the latter is especially dangerous and often fatal during the hot weather months. Baby's Own Tablets are just what every mother needs to keep her little ones healthy. These Tablets gently regulate the bowels, cure constipation, prevent diarrhoea, cleanse and cool the stomach, and promote sound, natural sleep. The Tablets can be given with safety to a new born babe. Mrs J Mick, Echo Bay, Ont, says: 'I think Baby's Own Tablets the best medicine in the world for the ailments of little ones. No mother should be without them.' Sold by all druggists or sent by mail at 25 cents a box by writing The Dr Williams Medicine Co, Brockville, Ont.

WAR NEWS.

London, June 27—The Central News has received the following despatch from its Tokio correspondent, dated June 26: The account of naval battle at Port Arthur has just been published here:—

"The Russian battleships Peresviet, Poltava and Sevastopol, and the cruisers Bayan, Askold and Novik attempted to emerge from the harbor at dawn on June 23, led by steamers used for clearing the mines. At 11 a. m. the battleships Czarvitch, Retvizan and Pobieda joined the others.

All the ships then advanced, endeavoring to dispose of mines laid by the Japanese, but they were hindered by two Japanese torpedo boat destroyers, which had been guarding the mouth of the harbor.

At 3 p. m. the Japanese torpedo boats exchanged shots with seven Russian destroyers which were covering the clearing operations. One of the Russian destroyers was set on fire and retired inside the harbor.

Subsequently the Japanese decoyed the Russians out to sea and awaited an opportunity to begin a general action, but between 8 and 9 p. m. the Russian ships made for the harbor. The Japanese torpedo boat destroyers and torpedo boats chased the Russians, and at 9.30 delivered the first attack, in consequence of which the enemy was thrown into disorder.

During the night eight separate attacks were delivered, lasting until dawn at Friday.

In one of these assaults the Chirata twice torpedoed a battleship of the Peresviet type and sank her. A battleship of the Sevastopol type and a cruiser of Diana type were disabled and towed away.

The Russian vessels re-entered the harbor during Friday night.

The newspapers publish eulogistic articles upon Vice Admiral Togo's prompt action."
